I oppose special tax breaks for single powerful companies. This corporate welfare is paid for by HARD working men and women and small business. Too many Legislators vote for special tax breaks for large corporations who give amounts of money to legislative political campaigns. This special corporate tax break is coming at the expense of the school children’s education fund. I support across the board tax cuts, not tax cuts which only benefit single companies.

Every other company that uses electricity and gas must pay a sales tax. To exempt gas pipelines from the same sales tax is an unacceptable, special privilege and shameful corporate welfare.”

(For text of resolution, see House Journal No. 32, p. 599.)

(For amendments, see House Journal No. 51, p. 1119.)

The question being on the adoption of the resolution,

Rep. DeVuyst moved to substitute (H-1) the resolution as follows:

Substitute for House Resolution No. 35.

A resolution to encourage the Department of Natural Resources and the Natural Resources Commission to increase efforts to reduce deer crop damage and the number of deer/car accidents.

Whereas, Over the past several years, Michigan's large deer population has resulted in more crop damage and a growing number of accidents on the state's roads. In the fall of 1996, it was estimated that the state's deer population was between 1.8 and 2 million; and

Whereas, According to records of the Department of State Police, the number of deer/car accidents in Michigan more than doubled in the ten-year period from 1985 to 1995. This increase, from 28,968 accidents in 1985 to 62,502 in 1995, also reflects a shift in patterns of development in the state; and

Whereas, In response to the size of the deer population and the related traffic safety and crop losses, hunting was increased. The costs to safety and agriculture argue for stronger efforts; now, therefore, be it

Resolved by the House of Representatives, That we encourage the Department of Natural Resources and the Natural Resources Commission to increase efforts to reduce crop and forest damage and the number of deer/car accidents; and be it further

Resolved, That we encourage the Department of Natural Resources and the Natural Resources Commission to pinpoint the specific areas of deer overpopulation within the State, to come before the Committee on Conservation, Environment and Recreation at the request of the Chair, and report on those specific overpopulated areas and any solutions that they intend to use to control the problem; and be it further

Resolved, That copies of this resolution be transmitted to the Natural Resources Commission and the Department of Natural Resources.

The motion prevailed and the substitute (H-1) was adopted, a majority of the members serving voting therefor.

The question being on the adoption of the resolution,

The resolution was adopted, a majority of the members serving voting therefor.

Reps. Baade, Brackenridge, Cherry, Gagliardi, Gustafson, Hammerstrom, Jellema, Kelly, Kukuk, Middaugh, Perricone, Rocca, Schermesser, Scranton and Tesanovich were named co-sponsors of the resolution.
