“Lord, thank You for the opportunity You have given all of us to serve in this great Chamber. Motions and Resolutions

Reps. Lucido, Yaroch, Calley, Leutheuser, Allor, Canfield, Chirkun, Cochran, Crawford, Elder, Ellison, Faris, Geiss, Greig, Howrylak, Kahle, Kesto, Love, Sabo, Schor, Sneller, Sowerby and Yanez offered the following resolution:

House Resolution No. 132.

A resolution to declare June 2017 as Elder Abuse Awareness Month in the state of Michigan.

Whereas, On June 15, 2006, World Elder Abuse Awareness Day was launched by the International Network for the Prevention of Elder Abuse and the World Health Organization at the United Nations; and

Whereas, The Federal Government estimates show that more than 1 in 10 persons over age 60, or 6,000,000 individuals, are victims of elder abuse each year; and

Whereas, The vast majority of the abuse, neglect, and exploitation of older adults in the United States goes unidentified, as only 1 in 44 cases of financial abuse of older adults is reported; and

Whereas, Elder abuse, neglect, and exploitation have no boundaries and cross all racial, social, class, gender, and geographic lines; and

Whereas, Older adults who are abused are 3 times more likely to die earlier than older adults of the same age who are not abused; and

Whereas, Public awareness has the potential to increase the identification and reporting of elder abuse by the public, professionals, and victims, and can act as a catalyst to promote issue-based education and long-term prevention; and

Whereas, Private individuals and public agencies must work together on the federal, state, and local levels to combat increasing occurrences of abuse, neglect, and exploitation crime and violence against vulnerable older adults and vulnerable adults, particularly in light of limited resources for vital protective services; and

Whereas, 2017 is the 12th anniversary of World Elder Abuse Awareness Day; now, therefore, be it

Resolved by the House of Representatives, That the members of this legislative body declare June 2017 as Elder Abuse Awareness Day in Michigan. The House of Representatives recognizes judges, lawyers, adult protective services professionals, law enforcement officers, long-term care ombudsmen, social workers, health care providers, professional guardians, advocates for victims, and other professionals and agencies for the efforts to advance awareness of elder abuse. We encourage members of the public and professionals who work with older adults to act as catalysts to promote awareness and long-term prevention of elder abuse by reaching out to local adult protective services agencies, long-term care ombudsman programs, and the National Center on Elder Abuse, and by learning to recognize, detect, report, and respond to elder abuse; and be it further

Resolved, That copies of this resolution shall be transmitted to the members of the Michigan congressional delegation and the Governor of the State of Michigan.

The question being on the adoption of the resolution,

Rep. Lucido moved to substitute (H-1) the resolution as follows:

Substitute for House Resolution No. 132.

Reps. Sneller, Faris, Hoadley, Moss, Ellison, LaGrand, Rabhi, Wittenberg, Pagan, Clemente, Hammoud, Sabo, Schor, Elder, Phelps, Geiss, Peterson, Love, Chirkun, Cochran, Greig, Sowerby and Yanez offered the following resolution:

House Resolution No. 133.

A resolution to declare June 2017 as Lesbian, Gay, Bisexual, and Transgender Pride Month in the state of Michigan.

Whereas, Michigan and our nation strive to promote the principles of equality and justice, and the inalienable rights of all people to life, liberty, and the pursuit of happiness; and

Whereas, Michigan is a state that is rich in diversity and community and believes in a society that values the freedom, worth, and dignity of each human being; and

Whereas, The state of Michigan is fortunate to be home to at least 300,000 lesbian, gay, bisexual, and transgender residents; and

Whereas, Lesbian, gay, bisexual, and transgender people have made important and lasting contributions to our great state and nation in every field of endeavor. These sectors include but are not limited to business, medicine, law, humanities, science, literature, politics, education, sports, arts, and culture, that enrich our life; and

Whereas, To build a stronger and better state and nation, we must continue to help advance the cause of equality for all people and eliminate prejudice everywhere it exists; and

Whereas, We must teach our children to respect one another, to appreciate our differences, and to recognize the common good in all of us in order to achieve a just and fair society; and

Whereas, Pride Month is currently celebrated each year in the month of June to honor the 1969 Stonewall riots in Manhattan. The Stonewall riots were a tipping point for the gay liberation movement in the United States; and

Whereas, Communities throughout Michigan and our nation will celebrate Pride Month by hosting events to celebrate the LGBT community throughout the month of June; now, therefore, be it

Resolved by the House of Representatives, That the members of this legislative body declare June 2017 as Lesbian, Gay, Bisexual, and Transgender Pride Month in the state of Michigan. We urge all residents to join in celebrating the culture, accomplishments, and contributions of lesbian, gay, bisexual, and transgender people, and encourage the people of Michigan to work to help advance the cause of equality for all.

The resolution was referred to the Committee on Families, Children, and Seniors.

Reps. Elder, Jones, Sabo, Phelps, Sneller, Ellison, Faris, Love, Howell, Hammoud, Chirkun, Cochran, Elder, Greig, Howrylak, Sowerby and Yanez offered the following resolution:

House Resolution No. 134.

A resolution to memorialize the President and Congress of the United States to maintain the U.S. Surface Transportation Board's statutory authority to encourage more competition in the rail sector and to provide a reasonable and cost-effective method that rail shippers can use to challenge unreasonable rail rates.

Whereas, Today's rail industry is exempt from U.S. antitrust laws and is characterized by a lack of competition. Many agricultural shippers are served by only one railroad and have no cost-effective transportation alternatives to ship produce to customers. Rail shipping rates have risen rapidly and repeatedly due to this railroad monopoly; and

Whereas, Access to efficient and cost-effective rail transportation is essential to not only Michigan agriculture but to the entire nation. Michigan agriculture relies on freight rail service to move products to markets throughout the nation and around the world. Increased rates are largely passed back to farmers which further depress cash prices to the detriment of Michigan farmers; and

Whereas, The independent U.S. Surface Transportation Board (STB) is the sole federal agency that has any economic regulatory oversight of the rail industry. The statutory mandate for the STB to fully review and approve major, market-shifting moves by rail companies is important to maintain a degree of fairness in the freight rail marketplace. With rising rates, failing reliability, and aging infrastructure, large rail companies must be subject to effective regulation. Competitive rail service with balanced STB oversight is a win for Michigan agriculture and all Americans; now, therefore, be it

Resolved by the House of Representatives, That we memorialize the President and Congress of the United States to maintain the U.S. Surface Transportation Board's statutory authority to encourage more competition in the rail sector and to provide a reasonable and cost-effective method that rail shippers can use to challenge unreasonable rail rates; and be it further

Resolved, That copies of this resolution be transmitted to the President of the United States, the President of the United States Senate, the Speaker of the United States House of Representatives, and the members of the Michigan congressional delegation.

The resolution was referred to the Committee on Transportation and Infrastructure.

Reps. Maturen, Canfield, Chirkun, Clemente, Cochran, Crawford, Elder, Ellison, Faris, Geiss, Greig, Howrylak, Kesto, Sabo, Sneller and Yanez offered the following resolution:

House Resolution No. 135.

A resolution to declare July 2-8, 2017, as Aquatic Invasive Species Awareness Week in the state of Michigan.

Whereas, Michigan and its economy are defined by the Great Lakes and depend on its great abundance of fresh water for manufacturing, tourism, fishing, public water supplies, agriculture, and numerous other uses; and

Whereas, Preventing the introduction of aquatic invasive species ultimately benefits Michigan. Stopping the introduction of these species would eliminate the need for the state of Michigan, business, industry, and citizens from employing costly methods to control and manage them; and

Whereas, Michigan has taken the lead in protecting the Great Lakes from aquatic invasive species from a number of pathways including ballast water, canals and waterways, organisms in trade, and recreational activities; and

Whereas, Over 180 nonindigenous aquatic species are established in the Great Lakes basin, many of which are displacing native species, disrupting habitats, and degrading natural, managed, and agricultural landscapes, resulting in millions of dollars for control efforts each year; and

Whereas, Michigan has over 900,000 registered boaters and many other recreational, commercial, and industrial users of over 11,000 inland lakes and over 36,000 miles of rivers and streams in the state, many of which are impacted by aquatic invasive species; and

Whereas, Aquatic invasive species awareness is an important first step toward behavior change, which prevents the introduction and spread of aquatic invasive species; and

Whereas, Spring marks the beginning of water-related recreational activities in Michigan; and

Whereas, Aquatic Invasive Species Awareness Week is an opportunity for government to join forces with business, industry, environmental groups, community organizations, and citizens to take action against the introduction and spread of aquatic invasive species; now, therefore, be it

Resolved by the House of Representatives, That the members of this legislative body declare July 2-8, 2017, as Aquatic Invasive Species Awareness Week in the state of Michigan; and be it further

Resolved, That all citizens must increase their understanding and awareness of aquatic invasive species and their environmental and economic impacts and take preventative measures to stop the spread and introduction of aquatic invasive species; and be it further

Resolved, That copies of this resolution be transmitted to the Michigan Department of Environmental Quality, Michigan Department of Agriculture and Rural Development, Michigan Department of Natural Resources, Michigan Department of

Transportation, Great Lakes Fishery Commission, Council of Great Lakes Governors, Michigan Congressional Delegation, and Great Lakes Commission.

The question being on the adoption of the resolution,
The resolution was adopted.

Reps. Marino, Hornberger, Farrington, Yaroch, Sowerby, Lucido, Chirkun, Yanez, Hertel and Green offered the following resolution:

House Resolution No. 136.

A resolution to commemorate the centennial of Selfridge Air National Guard Base.

Whereas, Selfridge Air National Guard Base (ANGB) was formally established on July 1, 1917, in Harrison Township, Michigan as one of the first military airfields in the nation under continuous service; and

Whereas, The ANGB was named after the first aerial military casualty, Army Lt. Thomas Selfridge, while on a demonstration flight with Orville Wright in 1908; and

Whereas, The former president of Packard Motor Company, Henry B. Joy, leased his rural airfield in 1917 to the military to train pilots and related personnel. This rural airfield would eventually become Selfridge ANGB; and

Whereas, Selfridge ANGB was previously home to the oldest air combat group in the nation, the 1st Pursuit Group, and stationed famous pilots such as Charles Lindbergh; and

Whereas, During WWII maintenance personnel of the famed Tuskegee Airmen, an all-African American unit, trained at the base and helped lead the way toward ending racial segregation in the military; and

Whereas, Following the terror attacks of September 11, 2001, the 127th Wing began flying combat air patrol missions over the great lakes region within hours of the attack; and

Whereas, Selfridge ANGB is one of the largest and most complex Air National Guard operated bases in the nation, and it is a joint-military base, home to the Army, Navy, Airforce, Marine Corps, and Coast Guard as well as U.S. Homeland Security; and

Whereas, Garrisoned at Selfridge Air National Guard Base, the 127th Wing comprises approximately 1,700 citizen-airmen and provides highly-trained personnel and aerial support to our state and the nation; and

Whereas, The 127th Wing operates KC-135T Stratotankers, providing global aerial refueling capability in support of Air Mobility Command, and the A-10C Thunderbolt II, flying the close air support mission in support of Air Combat Command; and

Whereas, The 127th Wing was the 2016 recipient of the Carl A. Spaatz Award, given to the nation's top National Guard Unit, in addition to receiving the Meritorious Unit Award for performance of both combat operations and support of those operations; and

Whereas, The Wing also supports the Air Force Special Operations Command with its 107th Weather Flight; and

Whereas, Selfridge ANGB is a fulcrum for the local and state economy and our national defense with an annual economic impact of over \$700 million while serving as a critical component of disaster response, homeland security, and global combat operations; now, therefore, be it

Resolved by the House of Representatives, That the members of this legislative body commemorate the centennial of Selfridge Air National Guard Base; and be it further

Resolved, That copies of this resolution be transmitted to the Adj. General of the Michigan National Guard, the Governor of the state of Michigan, members of the Michigan congressional delegation, the Secretary of the Air Force, and the Secretary of Defense.

The question being on the adoption of the resolution,
The resolution was adopted.

Reps. Yanez, Sabo, Cochran, Green, Camilleri, Lucido, Hertel, Elder, Chang, Sowerby, Chirkun, Ellison, Greig, Pagan and Sneller offered the following concurrent resolution:

House Concurrent Resolution No. 10.

A concurrent resolution to urge the President of the United States to immediately initiate renegotiation of the North American Free Trade Agreement, including redressing ongoing trade deficits and enforcing labor and environmental standards, and consider withdrawing the United States from the agreement if renegotiations are not satisfactorily completed within one year.

Whereas, It was predicted that the North American Free Trade Agreement (NAFTA) would create a trade surplus for the United States of between \$9 billion to \$12 billion and create 170,000 jobs per year in its first five years, but instead, NAFTA has resulted in more than two decades of growing trade deficits with Mexico and Canada and massive manufacturing job losses. According to the Economic Policy Institute, by 2013, the NAFTA trade deficit had already equated to an estimated net loss of roughly 850,000 United States jobs, and in 2016, the United States' trade deficit with other NAFTA countries was \$172,995,603; and

Whereas, The United States' economy is still struggling to recover from the Great Recession. Millions of America's workers are unemployed or underemployed. Wages and consumer demand remain suppressed, and income inequality is at historic highs; and

Whereas, Between 2000 and 2014, American manufacturing employment dropped by 4 million jobs. The growing trade deficit, exacerbated by trade agreements like NAFTA, have displaced hundreds of thousands of jobs, including 43,600 jobs in Michigan; and

Whereas, Of the 20 hardest-hit congressional districts, half of the top 20 districts are in Michigan. Since Congress approved the Permanent Normal Trade Relations for China, the growth in the United States' trade deficit with China has resulted in the net loss of more than 3.2 million jobs, including 80,100 jobs in Michigan, and 7,500 in the 11th Congressional District, specifically; and

Whereas, More than 865,000 workers have been certified by the United States government through the Trade Adjustment Assistance Program as having lost their jobs to offshoring and trade with other NAFTA countries; and

Whereas, The nearly 65 percent of American workers who do not have college degrees have been hardest hit by NAFTA job losses and wage cuts, negatively impacting entire communities; and

Whereas, According to the U.S. Bureau of Labor Statistics, two out of every five displaced manufacturing workers who were rehired in 2016 experienced a wage reduction, and one out of every four displaced manufacturing workers took a pay cut of greater than 20 percent, meaning the average manufacturing worker earning more than \$38,000 per year suffered an annual wage loss of at least \$7,600; and

Whereas, As manufacturing workers have lost their jobs to NAFTA, they have joined the glut of United States workers seeking service sector jobs, so that wages in these sectors have also been pushed downwards and income inequality has been exacerbated; and

Whereas, NAFTA has benefited large agribusiness corporations over family farmers in all three nations, failing to address the very real problems of price volatility for producers and consumers alike, while damaging livelihoods in rural communities at home and abroad; and

Whereas, By failing to condition trade benefits on countries enforcing strong labor and environmental standards, NAFTA incentivized corporations' offshoring of jobs and exploiting of workers across North America in a race to the bottom, and firms that remained in the United States faced unfair competition from imports subsidized through social dumping; and

Whereas, NAFTA's labor and environmental terms were included in unenforceable side agreements. More recent agreements' labor and environmental terms included in core texts have also failed to change actual practice because they have not been sufficiently enforced; and

Whereas, NAFTA was the first United States trade agreement to include special privileges for investors and the Investor-State Dispute Settlement (ISDS) process that make it less risky for employers to relocate jobs offshore, while simultaneously threatening democratic policymaking at home and abroad; and

Whereas, Corporations have used NAFTA's ISDS process to challenge bans on toxic chemicals, the decisions of environmental review panels, court rulings that support access to affordable medicines, and protections for the climate. Corporations have extracted more than \$370 million from governments in NAFTA ISDS cases, while pending NAFTA claims total more than \$50 million; and

Whereas, NAFTA was negotiated in an opaque process in which corporations were granted undue influence while the United States public was prevented from providing input; and

Whereas, President Donald Trump campaigned on the promise of initiating negotiations for a NAFTA replacement agreement within the first 100 days of taking office, and he pledged to withdraw the United States from NAFTA if he could not make it "much better" for working people; now, therefore, be it

Resolved by the House of Representatives (the Senate concurring), That we urge the President of the United States to initiate renegotiation of the North American Free Trade Agreement; and be it further

Resolved, That we urge that the North American Free Trade Agreement be replaced with a new trade agreement that:

1. Includes strong, binding, and enforceable labor and environmental standards in the agreement's core text with requirements that are enforced;
2. Creates a fair playing field by requiring that the agreement will take effect only upon each participating country adopting, maintaining, implementing, and enforcing domestic laws that provide the labor rights and protections that are included in the International Labor Organization's Core Conventions and policies that fulfill the Paris climate agreement and other core multilateral environmental agreements;
3. Ensures these commitments are enforceable through an independent dispute settlement process and subject to the same sanctions used to enforce the commercial provisions of NAFTA;
4. Ensures market access is conditioned on confirmation that labor and environmental commitments are enforced, which means there is sustained evidence that conditions on the ground have improved and an assurance trade benefits will be withdrawn if conditions on the ground deteriorate; and
5. Includes provisions to tax imported products that are made under highly climate-polluting conditions; and be it further

Resolved, That we believe that a new trade agreement should:

1. Guard against employer-dominated unions by requiring each participating country have laws in place that require:
 - a. Unions to provide members with timely access to union bylaws and to collective bargaining agreements and tentative collective bargaining agreements prior to ratification votes;
 - b. Collective bargaining agreements to be ratified by a free and secret ballot vote of the workers covered under the collective bargaining agreement; and
 - c. Management to permit union representation in investigatory interviews;
2. Not include protections for foreign investors, including an Investor-State Dispute Settlement process, to avoid exposure of the United States government and taxpayers to financial losses, threats to United States' and other parties' laws and sovereignty, the undermining of environmental and health protections in extra-judicial tribunals, or new incentives to offshore jobs;
3. Not include provisions that undermine Buy America, Buy Local, or any other domestic procurement preferences or labor, environmental, or other standards for procurement contracts;
4. Require all imported products and services and foreign service sector companies operating in the United States to comply with United States' environmental, land use, safety, privacy, transparency, professional qualification, and consumer access laws;
5. Not include any provisions similar to NAFTA's "Chapter Nineteen: Review and Dispute Settlement in Antidumping and Countervailing Duty Matters" or any extra-judicial review tribunal empowered to invalidate the decisions of the United States government or judicial courts relating to anti-dumping, subsidies, or countervailing duties;
6. Include binding rules that will prevent foreign governments from using currency manipulation to undercut United States exports or subsidize their exports, meaning strong, binding, and enforceable disciplines against currency manipulation that trigger automatic corrective action against currency manipulators rather than simply triggering reports or dialogue;
7. Strengthen NAFTA's "rules of origin" by:
 - a. Raising the auto rule of origin to require that 90 percent of a product's value is legitimately sourced from a country that is party to the trade agreement for the product to qualify for benefits under the agreement; and
 - b. Eliminating transshipment and other loopholes;
8. Include rules that require imported food and products to meet United States' standards for safety, inspection, and labeling requirements, including country-of-origin labeling requirements;
9. Not include intellectual property provisions or other provisions that drive up the cost of medicines and provisions that would go beyond the existing World Trade Organization's Agreement on Trade-Related Aspects of Intellectual Property Rights, which is already in effect in all NAFTA member countries;
10. Include a broad carve-out to safeguard nondiscriminatory domestic public interest policies from attack under any of the agreement's rules;
11. Not require access to United States' roads for commercial vehicles domiciled in other countries and require all foreign service providers' vehicles and drivers entering the United States to meet all highway safety and environmental standards before being granted access to and use of distribution and transportation systems; and
12. Safeguard each country's energy independence and autonomy over environmental policy by excluding terms such as those contained in NAFTA's energy chapter, which require countries to maintain proportionate shares of energy exports even at times of domestic shortages or planned production reductions while enabling challenges to widely used climate policies; and be it further

Resolved, That we call on the President to initiate renegotiation of NAFTA not later than August 18, 2017; and be it further

Resolved, That we urge that renegotiations for the new trade agreement take place in a transparent, participatory, and democratic manner, ensuring adequate congressional and stakeholder input throughout the process; and be it further

Resolved, That we believe that the President should ensure each and every one of the provisions described in these resolved clauses is included in the core text of such a new trade agreement with Canada and Mexico that is to replace NAFTA before finalizing the agreement; and be it further

Resolved, That, if each and every one of the provisions described in these resolving clauses is not included in the core text of a new trade agreement within one year of the beginning of renegotiations, we call on the President to consider withdrawing the United States from NAFTA as provided for in Article 2205; and be it further

Resolved, That copies of this resolution be transmitted to the President of the United States and the members of the Michigan congressional delegation.

The concurrent resolution was referred to the Committee on Commerce and Trade.

Reps. Yaroch, Brann, Love, Chirkun, Elder and Yanez offered the following concurrent resolution:

House Concurrent Resolution No. 11.

A concurrent resolution to urge the U.S. Drug Enforcement Administration and federal prosecutors to either enforce the federal statute criminalizing marijuana or the U.S. Congress to amend the Controlled Substances Act of 1970 to defer to the states the right to regulate marijuana within its borders under state law.

Whereas, Despite federal law criminalizing marijuana, Michigan citizens voted to enact marijuana laws that reflect the will of the people. Currently, medical marijuana is regulated under state law in half of the states, including Michigan, and the District of Columbia. The states of Washington, Colorado, Oregon, and Alaska are regulating marijuana for recreational use; and

Whereas, The federal government's lack of clarity and inconsistency have created confusion and uncertainty in the enforcement of its marijuana rules, which in turn affects law enforcement, as well as banking, taxation, and zoning laws; now, therefore, be it

Resolved By the House of Representatives (the Senate concurring), That we urge the U.S. Drug Enforcement Administration and federal prosecutors to either enforce the federal statute criminalizing marijuana or the U.S. Congress to amend the Controlled Substances Act of 1970 to defer to the states the right to regulate marijuana under state law; and be it further

Resolved, That copies of this resolution be transmitted to the Attorney General of the United States, the Administrator of the Drug Enforcement Administration, the President of the United States Senate, the Speaker of the United States House of Representatives, and the members of the Michigan congressional delegation.

The concurrent resolution was referred to the Committee on Law and Justice.

Explanation of “No” Votes

Rep. Chirkun, having reserved the right to explain his protest against the passage of **House Bill No. 4647**, made the following statement:

“Mr. Speaker and members of the House:

I voted no on House Bill 4647 because I felt it is another example of the continued assault on the teaching profession in Michigan. Our teachers and taxpayers deserve better. The current hybrid plan was fully funded and what this bill has done is increased costs to our local schools, teachers and taxpayers. This hurried plan claims to address the unfunded liabilities within the MSPERS system. After only a few hours of testimony, House Bill 4647 was amended, passed out of committee and then brought up to the House floor for a final vote without a complete debate and discussion, in less than a day. What House Bill 4637 does is increase the costs to the state and increases the risk to the system while doing nothing to fundamentally address the debt that exists within the teacher’s retirement system. Even more fundamentally, the change will drive away people from becoming educators. In addition, this bill will also result in less dollars going into our already underfunded classrooms, while kicking the can down the road so that future generations of the Michigan Legislature can revisit this later.”

I dissent to the failure of the House to recognize a record roll call vote when 1/5 of the members properly demanded it. I, along with more than 22 of my colleagues, asked for a record roll call. The Michigan Constitution requires the body to take this recorded vote and I dissent that it was not recognized.

Pursuant to Joint Rule 20, the full title of the act shall be inserted to read as follows:

“An act to provide a retirement system for the public school employees of this state; to create certain funds for this retirement system; to provide for the creation of a retirement board; to prescribe the powers and duties of the retirement board; to prescribe the powers and duties of certain state departments, agencies, officials, and employees; to authorize and make appropriations for the retirement system; to prescribe penalties and provide remedies; and to repeal acts and parts of acts.”

The House agreed to the full title.

Rep. Lauwers moved that the bill be given immediate effect.

The motion prevailed, 2/3 of the members serving voting therefor.

Rep. Yaroch, having reserved the right to explain his protest against the passage of the bill, made the following statement:
“Mr. Speaker and members of the House:

My no vote on Senate Bill 401 reflects the concerns I have with the legislation in its current form. While I appreciate that we need to take action to address the unfunded liability in the current teacher’s retirement system, I cannot support legislation that blocks a referendum measure. The bill includes a \$5 million dollar appropriation, which blocks our citizens from exercising their constitutional right to bring forth a referendum. The right of the people to challenge the decisions of our elected officials is a fundamental block to our democracy. In order to gain my support, I would like to have seen more deliberations on the issues in the bill.”

Rep. Chirkun, having reserved the right to explain his protest against the passage of the bill, made the following statement:
“Mr. Speaker and members of the House:

I voted no on Senate Bill 401 because I felt it is another example of the continued assault on the teaching profession in Michigan. Our teachers and taxpayers deserve better. The current hybrid plan was fully funded and what this bill has done is increased costs to our local schools, teachers and taxpayers. This hurried plan claims to address the unfunded liabilities within the MSPERS system. After only a few hours of testimony, Senate Bill 401 was amended, passed out of committee and then brought up to the House floor for a final vote without a complete debate and discussion, in less than a day. What Senate Bill 401 does is increase the costs to the state and increases the risk to the system while doing nothing to fundamentally address the debt that exists within the teacher’s retirement system. Even more fundamentally, the change will drive away people from becoming educators. In addition, this bill will also result in less dollars going into our already underfunded classrooms, while kicking the can down the road so that future generations of the Michigan Legislature can revisit this later.”

Rep. Garrett entered the House Chambers.

By unanimous consent the House returned to the order of

Sec. 812. (1) The department shall provide the department of health and human services with a monthly list of prisoners newly committed to the department of corrections. The department and the department of health and human services shall enter into an interagency agreement under which the department of health and human services provides the department of corrections with monthly lists of newly committed prisoners who are eligible for Medicaid benefits in order to maintain the process by which Medicaid benefits are suspended rather than terminated. The department shall

assist prisoners who may be eligible for Medicaid benefits after release from prison with the Medicaid enrollment process prior to release from prison.

(2) The department shall provide the senate and house appropriations subcommittees on corrections, the legislative corrections ombudsman, the senate and house fiscal agencies, and the state budget office with quarterly updates on the utilization of Medicaid benefits for prisoners.

Sec. 816. By April 1, the department shall provide the members of the senate and house appropriations subcommittees on corrections, the senate and house fiscal agencies, the state budget office, and the legislative corrections ombudsman with a report on pharmaceutical expenditures and prescribing practices. In particular, the report shall provide the following information:

- (a) A detailed accounting of expenditures on antipsychotic medications.
- (b) Any changes that have been made to the prescription drug formularies.

CORRECTIONAL FACILITIES ADMINISTRATION

Sec. 902. From the funds appropriated in part 1 for future facility and staff transition costs, \$1,000,000.00 shall be used for staff transition costs.

Sec. 904. The department shall calculate the per prisoner/per day cost for each prisoner security custody level. This calculation shall include all actual direct and indirect costs for the previous fiscal year, including, but not limited to, the value of services provided to the department by other state agencies and the allocation of statewide legacy costs. To calculate the per prisoner/per day costs, the department shall divide these direct and indirect costs by the average daily population for each custody level. For multilevel facilities, the indirect costs that cannot be accurately allocated to each custody level can be included in the calculation on a per-prisoner basis for each facility. A report summarizing these calculations and the direct and indirect costs included in them shall be submitted to the senate and house appropriations subcommittees on corrections, the legislative corrections ombudsman, the senate and house fiscal agencies, and the state budget office not later than December 15.

Sec. 905. (1) From the funds appropriated in part 1 for leased beds and alternatives to leased beds, the department may implement a county jail bed program to house eligible prisoners sentenced to the custody of the department in county jails rather than in state correctional facilities.

(2) A county may volunteer to participate in the county jail bed program and house eligible prisoners sentenced to the custody of the department in its county jails.

(3) If a county participating in the county jail bed program has available bed space in its county jail and the department has prisoners in its custody meeting the eligibility requirements under this section, the department may place the eligible prisoners in the county jail.

(4) A prisoner shall meet all of the following eligibility requirements to be placed in a county jail under this section:

(a) The prisoner has been given a level I classification by a department classification committee on a scale of 6 levels in which level I is the least restrictive level.

(b) The prisoner is not serving a sentence for conviction of a violation or attempted violation of section 520b, 520c, 520d, 520e, or 520g of the Michigan penal code, 1931 PA 328, MCL 750.520b, 750.520c, 750.520d, 750.520e, and 750.520g.

(c) The prisoner is serving a fixed sentence with a determined discharge date.

Sec. 906. Any local unit of government or private nonprofit organization that contracts with the department for public works services shall be responsible for financing the entire cost of such an agreement.

Sec. 907. The department shall report by March 1 to the senate and house appropriations subcommittees on corrections, the legislative corrections ombudsman, the senate and house fiscal agencies, and the state budget office on academic and vocational programs. The report shall provide information relevant to an assessment of the department's academic and vocational programs, including, but not limited to, all of the following:

(a) The number of instructors and the number of instructor vacancies, by program and facility.

(b) The number of prisoners enrolled in each program, the number of prisoners completing each program, the number of prisoners who do not complete each program and are not subsequently reenrolled, and the reason for not completing the program, the number of prisoners transferred to another facility while enrolled in a program and the reason for transfer, the number of prisoners enrolled who are repeating the program, and the number of prisoners on waiting lists for each program, all itemized by facility.

(c) The steps the department has undertaken to improve programs, track records, accommodate transfers and prisoners with health care needs, and reduce waiting lists.

(d) The number of prisoners paroled without a high school diploma and the number of prisoners paroled without a high school equivalency.

(e) An explanation of the value and purpose of each program, for example, to improve employability, reduce recidivism, reduce prisoner idleness, or some combination of these and other factors.

(f) An identification of program outcomes for each academic and vocational program.

(g) The number of prisoners not paroled at their earliest release date due to lack of a high school equivalency, and the reason those prisoners have not obtained a high school equivalency.

Sec. 908. From the funds appropriated in part 1, the department shall establish a pilot online career high school education program to serve up to 400 inmates through a regionally accredited public or private school district that offers career-based online high school diplomas designed to prepare adult inmates for transition into the workplace. The district chosen for the pilot shall be paid a specified amount per inmate per course successfully completed by the inmate. The department may use federal funds provided to educate inmates to expand this pilot beyond 400 inmates. The department shall provide an initial report no later than June 1 regarding the progress of the inmates in the online high school diploma and career certificate programs to the senate and house appropriations subcommittees on corrections, the legislative corrections ombudsman, the senate and house fiscal agencies, and the state budget office.

Sec. 910. The department shall allow the Michigan Braille transcribing fund program to operate at its current location. The donation of the building by the Michigan Braille transcribing fund at the G. Robert Cotton Correctional Facility in Jackson is acknowledged and appreciated. The department shall continue to encourage the Michigan Braille transcribing fund program to produce high-quality materials for use by the visually impaired.

Sec. 911. By March 1, the department shall report to the senate and house appropriations subcommittees on corrections, the senate and house fiscal agencies, the legislative corrections ombudsman, and the state budget office the number of critical incidents occurring each month by type and the number and severity of assaults, escape attempts, suicides, and attempted suicides occurring each month at each facility during the immediately preceding calendar year.

Sec. 912. The department shall report monthly to the senate and house appropriations subcommittees on corrections, the legislative corrections ombudsman, the senate and house fiscal agencies, and the state budget office on the ratio of correctional officers to prisoners for each correctional institution, the ratio of shift command staff to line custody staff, and the ratio of noncustody institutional staff to prisoners for each correctional institution.

Sec. 913. (1) From the funds appropriated in part 1, the department shall focus on providing required programming to prisoners who are past their earliest release date because of not having received the required programming. Programming includes, but is not limited to, violence prevention programming, assaultive offender programming, sexual offender programming, substance abuse treatment programming, thinking for a change programming, and any other programming that is required as a condition of parole.

(2) It is the intent of the legislature that any prisoner required to complete a violence prevention program, sexual offender program, or other program as a condition of parole shall be placed on a waiting list for the appropriate programming upon entrance to prison and transferred to a facility where that program is available in order to accomplish timely completion of that program prior to the expiration of his or her minimum sentence and eligibility for parole. Nothing in this section should be deemed to make parole denial appealable in court.

(3) The department shall submit a quarterly report to the members of the senate and house appropriations subcommittees on corrections, the senate and house fiscal agencies, the state budget office, and the legislative corrections ombudsman detailing enrollment in sex offender programming, assaultive offender programming, violent offender programming, and thinking for a change programming. At a minimum, the report shall include the following:

(a) A full accounting, from the date of entrance to prison, of the number of individuals who are required to complete the programming, but have not yet done so.

(b) The number of individuals who have reached their earliest release date, but who have not completed required programming.

(c) A plan of action for addressing any waiting lists or backlogs for programming that may exist.

Sec. 924. The department shall evaluate all prisoners at intake for substance abuse disorders, serious developmental disorders, serious mental illness, and other mental health disorders. Prisoners with serious mental illness or serious developmental disorders shall not be removed from the general population as a punitive response to behavior caused by their serious mental illness or serious developmental disorder. Due to persistent high violence risk or severe disruptive behavior that is unresponsive to treatment, prisoners with serious mental illness or serious developmental disorders may be placed in secure residential housing programs that will facilitate access to institutional programming and ongoing mental health services. A prisoner with serious mental illness or serious developmental disorder who is confined in these specialized housing programs shall be evaluated or monitored by a medical professional at a frequency of not less than every 12 hours.

Sec. 925. By March 1, the department shall report to the senate and house appropriations subcommittees on corrections, the senate and house fiscal agencies, the legislative corrections ombudsman, and the state budget office on the annual number of prisoners in administrative segregation between October 1, 2016 and September 30, 2017, and the annual number of prisoners in administrative segregation between October 1, 2016 and September 30, 2017 who at any time during the current or prior prison term were diagnosed with serious mental illness or have a developmental disorder and the number of days each of the prisoners with serious mental illness or a developmental disorder have been confined to administrative segregation.

Sec. 929. From the funds appropriated in part 1, the department shall do all of the following:

(a) Ensure that any inmate care and control staff in contact with prisoners less than 18 years of age are adequately trained with regard to the developmental and mental health needs of prisoners less than 18 years of age. By April 1, the department shall report to the senate and house appropriations subcommittees on corrections, the senate and house fiscal

agencies, the legislative corrections ombudsman, and the state budget office on the training curriculum used and the number and types of staff receiving annual training under that curriculum.

(b) Provide appropriate placement for prisoners less than 18 years of age who have serious mental illness, serious emotional disturbance, or a serious developmental disorder and need to be housed separately from the general population. Prisoners less than 18 years of age who have serious mental illness, serious emotional disturbance, or a serious developmental disorder shall not be removed from an existing placement as a punitive response to behavior caused by their serious mental illness, serious emotional disturbance, or a serious developmental disorder. Due to persistent high violence risk or severe disruptive behavior that is unresponsive to treatment, prisoners less than 18 years of age with serious emotional disturbance, serious mental illness, or serious developmental disorders may be placed in secure residential housing programs that will facilitate access to institutional programming and ongoing mental health services. A prisoner less than 18 years of age with serious mental illness, serious emotional disturbance, or a serious developmental disorder who is confined in these specialized housing programs shall be evaluated or monitored by a medical professional at a frequency of not less than every 12 hours.

(c) Implement a specialized reentry program that recognizes the needs of prisoners less than 18 years old for supervised reentry.

Sec. 930. The department shall submit a quarterly report to the senate and house subcommittees on corrections, the senate and house fiscal agencies, the legislative corrections ombudsman, and the state budget office on the number of youth in prison. The report shall include, but not be limited to, the following information:

(a) The total number of inmates under age 18 who are not on Holmes youthful trainee act status.

(b) The total number of inmates under age 18 who are on Holmes youthful trainee act status.

(c) The total number of inmates aged 18 to 23 who are on Holmes youthful trainee act status.

Sec. 937. The department shall not issue a request for proposal (RFP) for a contract in excess of \$5,000,000.00, unless the department has first considered issuing a request for information (RFI) or a request for qualification (RFQ) relative to that contract to better enable the department to learn more about the market for the products or services that are the subject of the future RFP. The department shall notify the department of technology, management, and budget of the evaluation process used to determine if an RFI or RFQ was not necessary prior to issuing the RFP.

Sec. 940. (1) Any lease, rental, contract, or other legal agreement that includes a provision allowing a private person or entity to use state-owned facilities or other property to conduct a for-profit business enterprise shall require the lessee to pay fair market value for the use of the state-owned property.

(2) The lease, rental, contract, or other legal agreement shall also require the party using the property to make a payment in lieu of taxes to the local jurisdictions that would otherwise receive property tax revenue, as if the property were not owned by the state.

Sec. 942. The department shall ensure that any contract with a public or private party to operate a facility to house state prisoners includes a provision to allow access by both the office of the legislative auditor general and the office of the legislative corrections ombudsman to the facility and to appropriate records and documents related to the operation of the facility. These access rights for both offices shall be the same for the contracted facility as for a general state-operated correctional facility.

Sec. 943. The department shall submit a report by May 1 to the senate and house subcommittees on corrections, the senate and house fiscal agencies, the legislative corrections ombudsman, and the state budget office on the actual and projected savings achieved by closing correctional facilities. Savings amounts shall be itemized by facility. Information required by this section shall start with the closure of the Pugsley Correctional Facility, which closed in September of 2016.

Sec. 944. When the department is planning to close a correctional facility, the department shall fully consider the potential economic impact of the prison closure on the community where the facility is located. The department, when weighing all factors related to the closure of a facility, shall also consider the impact on the local community where the facility to be closed is located.

Sec. 945. The department shall provide notice to the legislature and the senate and house fiscal agencies, by July 1, of its intent to renew or rebid the prisoner food service contract.

MISCELLANEOUS

Sec. 1009. The department shall make an information packet for the families of incoming prisoners available on the department's website. The information packet shall be updated by February 1 of each year. The packet shall provide information on topics including, but not limited to: how to put money into prisoner accounts, how to make phone calls or create Jpay email accounts, how to visit in person, proper procedures for filing complaints or grievances, the rights of prisoners to physical and mental health care, how to utilize the offender tracking information system (OTIS), truth-in-sentencing and how it applies to minimum sentences, the parole process, and guidance on the importance of the role of families in the reentry process. The department is encouraged to partner with external advocacy groups and actual families of prisoners in the packet-writing process to ensure that the information is useful and complete.

Sec. 1011. The department may accept in-kind services and equipment donations to facilitate the addition of a cable network that provides programming that will address the religious needs of incarcerated individuals. This network may

be a cable television network that presently reaches the majority of households in the United States. A bilingual channel affiliated with this network may also be added to department programming to assist the religious needs of Spanish-speaking inmates. The addition of these channels shall be at no additional cost to this state.

Sec. 1013. From the funds appropriated in part 1, priority may be given to funding reentry or rehabilitation programs that have been demonstrated to reduce prison violence and recidivism, including faith-based initiatives.

ONE-TIME APPROPRIATIONS

Sec. 1100. From the funds appropriated in part 1 for new custody staff training, the department shall increase the training capacity for new custody staff by 177 officers. The purpose of this academy is to address higher than normal attrition of correction officers and to decrease overtime costs.

Sec. 1100. (1) Subject to section 242 of the management and budget act, 1984 PA 431, MCL 18.1242, and upon the approval of the state building authority, the department of treasury may expend from the general fund of the state during the fiscal year an amount to meet the cash flow requirements of those state building authority projects solely for lease to a state agency identified in both part 1 and this section, and for which state building authority bonds or notes have not been issued, and for the sole acquisition by the state building authority of equipment and furnishings for lease to a state agency as permitted by 1964 PA 183, MCL 830.411 to 830.425, for which the issuance of bonds or notes is authorized by a legislative appropriation act that is effective for the immediately preceding fiscal year. Any general fund advances for which state building authority bonds have not been issued shall bear an interest cost to the state building authority at a rate not to exceed that earned by the state treasurer's common cash fund during the period in which the advances are outstanding and are repaid to the general fund of the state.

(2) Upon sale of bonds or notes for the projects identified in part 1 or for equipment as authorized by a legislative appropriation act and in this section, the state building authority shall credit the general fund of the state an amount equal to that expended from the general fund plus interest, if any, as defined in this section.

(3) For state building authority projects for which bonds or notes have been issued and upon the request of the state building authority, the state treasurer shall make advances without interest from the general fund as necessary to meet cash flow requirements for the projects, which advances shall be reimbursed by the state building authority when the investments earmarked for the financing of the projects mature.

(4) In the event that a project identified in part 1 is terminated after final design is complete, advances made on behalf of the state building authority for the costs of final design shall be repaid to the general fund in a manner recommended by the director.

Sec. 1102. The excess revenue shall be credited to the general fund to offset rent obligations associated with the retirement of bonds issued for that facility. The auditor general shall annually identify and present an audit of those facilities that are subject to this section. Costs associated with the administration of the audit shall be charged against money recovered pursuant to this section.

(2) As used in this section, "revenue" includes state appropriations, facility opening money, other state aid, indirect cost reimbursement, and other revenue generated by the activities of the facility.

Sec. 229. (1) The department shall extend the interagency agreement with the Michigan talent investment agency for the duration of the current fiscal year, which concerns TANF funding to provide job readiness and welfare-to-work programming. The interagency agreement shall include specific outcome and performance reporting requirements as described in this section. TANF funding provided to the Michigan talent investment agency in the current fiscal year is contingent on compliance with the data and reporting requirements described in this section. The interagency agreement must require the Michigan talent investment agency to provide all of the following items by January 1 of the current fiscal year for the previous fiscal year to the senate and house appropriations subcommittees on the department budget and the state budget office:

(a) An itemized spending report on TANF funding, including all of the following:

(2) By March 1 of the current fiscal year, the department shall provide to the senate and house appropriations subcommittees on the department budget, the senate and house fiscal agencies, the senate and house policy offices, and the state budget office an annual report on the following matters itemized by Michigan Works! agency: the number of referrals to Michigan Works! job readiness programs, the number of referrals to Michigan Works! job readiness programs who became a participant in the Michigan Works! job readiness programs, the number of participants who obtained employment, and the cost per participant case.

Sec. 231. From the funds appropriated in part 1 for travel reimbursements to employees, the department shall allocate up to \$100,000.00 toward reimbursing counties for the out-of-pocket travel costs of the local county department board members and county department directors to attend 1 meeting per year of the Michigan County Social Services Association.

Sec. 232. (1) The department shall provide the approved spending plan for each line item receiving an appropriation in the current fiscal year to the senate and house appropriations subcommittees on the department budget and the senate and house fiscal agencies within 60 days of approval by the department but not later than January 15 of the current fiscal year. The spending plan shall include the following information regarding planned expenditures for each category: allocation in the previous period, change in the allocation, and new allocation. The spending plan shall include the following information regarding each revenue source for the line item: category of the fund source indicated by general fund/general purpose, state restricted, local, private or federal. Figures included in the approved spending plan shall not be assumed to constitute the actual final expenditures, as line items may be updated on an as-needed basis to reflect changes in projected expenditures and projected revenue. The department shall supplement the spending plan information by providing a list of all active contract and grants in the department's contract systems.

(2) Notwithstanding any other appropriation authority granted in part 1, the department shall not appropriate any additional general fund/general purpose funds or any related federal and state restricted funds without providing a written 30-day notice to the senate and house appropriations subcommittees on the department budget, the senate and house fiscal agencies, and the senate and house policy offices.

Sec. 252. The appropriations in part 1 for Healthy Michigan plan - behavioral health, Healthy Michigan plan administration, and Healthy Michigan plan are contingent on the provisions of the social welfare act, 1939 PA 280, MCL 400.1 to 400.119b, that were contained in 2013 PA 107 not being amended, repealed, or otherwise altered to eliminate the Healthy Michigan plan. If that occurs, then, upon the effective date of the amendatory act that amends,

repeals, or otherwise alters those provisions, the remaining funds in the Healthy Michigan plan - behavioral health, Healthy Michigan plan administration, and Healthy Michigan plan line items shall only be used to pay previously incurred costs and any remaining appropriations shall not be allotted to support those line items.

Sec. 263. (1) Except as otherwise provided in this subsection, before submission of a waiver, a state plan amendment, or a similar proposal to CMS or other federal agency, the department shall provide written notification of the planned submission to the house and senate appropriations subcommittees on the department budget, the house and senate fiscal agencies and policy offices, and the state budget office. This subsection does not apply to the submission of a waiver, a state plan amendment, or similar proposal that does not propose a material change or is outside of the ordinary course of waiver, state plan amendment, or similar proposed submissions.

(2) The department shall provide written biannual reports to the senate and house appropriations subcommittees on the department budget, the senate and house fiscal agencies, and the state budget office summarizing the status of any new or ongoing discussions with CMS or the United States Department of Health and Human Services or other federal agency regarding potential or future waiver applications as well as the status of submitted waivers that have not yet received federal approval. If, at the time a biannual report is due, there are no reportable items, then no report is required to be provided.

Sec. 264. The department shall not take disciplinary action against an employee for communicating with a member of the legislature or his or her staff.

Sec. 270. The department shall advise the legislature of the receipt of a notification from the attorney general's office of a legal action in which expenses had been recovered pursuant to section 106(4) of the social welfare act, 1939 PA 280, MCL 400.106, or any other statute under which the department has the right to recover expenses. By November 1 and May 1 of the current fiscal year, the department shall submit a written report to the house and senate appropriations subcommittees on the department budget, the house and senate fiscal agencies, and the state budget office that includes, at a minimum, all of the following:

- (a) The total amount recovered from the legal action.
- (b) The program or service for which the money was originally expended.
- (c) Details on the disposition of the funds recovered such as the appropriation or revenue account in which the money was deposited.

Sec. 274. (1) The department, in collaboration with the state budget office, shall submit to the house and senate appropriations subcommittees on the department budget, the house and senate fiscal agencies, and the house and senate policy offices 1 week after the day the governor submits to the legislature the budget for the ensuing fiscal year a report on spending and revenue projections for each of the capped federal funds listed below. The report shall contain actual spending and revenue in the previous fiscal year, spending and revenue projections for the current fiscal year as enacted, and spending and revenue projections within the executive budget proposal for the fiscal year beginning October 1, 2018 for each individual line item for the department budget.  - (c) Title IV-B part I child welfare services block grant.
 - (d) Title IV-B part II promoting safe and stable families funds.

- (2) It is the intent of the legislature that the department, in collaboration with the state budget office, not utilize capped federal funding for economics adjustments for FTEs or other economics costs that are included as part of the budget submitted to the legislature by the governor for the ensuing fiscal year, unless there is a reasonable expectation for increased federal funding to be available to the department from that capped revenue source in the ensuing fiscal year.

(3) By February 15 of the current fiscal year, the department shall prepare an annual report of its efforts to identify additional TANF maintenance of effort sources and rationale for any increases or decreases from all of the following, but not limited to:

- (a) Other departments.
- (b) Local units of government.
- (c) Private sources.

Sec. 275. (1) As part of the year-end closing process, the department, with the approval of the state budget director, is authorized to realign sources between other federal, TANF, and capped federal financing authorizations in order to maximize federal revenues. This realignment of financing shall not produce a gross increase or decrease in the department's total individual line item authorizations, nor will it produce a net increase or decrease in total federal revenues, or a net increase in TANF authorization.

(2) Not later than November 30, the department shall submit to the house and senate appropriations subcommittees on the department budget, the house and senate fiscal agencies, and the house and senate policy offices a report on the realignment of federal fund sources that took place as part of the year-end closing process for the previous fiscal year.

Sec. 279. (1) All master contracts relating to human services as funded by the appropriations in sections 103, 104, 105, 106, 107, 108, and 109 of part 1 shall be performance-based contracts that employ a client-centered results-oriented process that is based on measurable performance indicators and desired outcomes and includes the annual assessment of the quality of services provided.

(2) By February 1 of the current fiscal year, the department shall provide the senate and house appropriations subcommittees on the department budget, the senate and house fiscal agencies and policy offices, and the state budget office a report detailing measurable performance indicators, desired outcomes, and an assessment of the quality of services provided by the department during the previous fiscal year.

Sec. 280. On a semiannual basis, the department shall provide a report to the house and senate appropriations committees, the house and senate fiscal agencies, the house and senate policy offices, and the state budget director that provides all of the following for each line item in part 1 containing personnel-related costs, including the specific individual amounts for salaries and wages, payroll taxes, and fringe benefits:

- (a) FTE authorization.
- (b) Spending authorization for personnel-related costs, by fund source, under the spending plan.
- (c) Actual year-to-date expenditures for personnel-related costs, by fund source, through the end of the prior month.
- (d) The projected year-end balance or shortfall for personnel-related costs, by fund source, based on actual monthly spending levels through the end of the prior month.
- (e) A specific plan for addressing any projected shortfall for personnel-related costs at either the gross or fund source level.

Sec. 288. (1) Beginning October 1 of the current fiscal year, no less than 90% of a new department contract supported solely from state restricted funds or general fund/general purpose funds and designated in this part or part 1 for a specific entity for the purpose of providing services to individuals shall be expended for such services after the first year of the contract.

(2) The department may allow a contract to exceed the limitation on administrative and services costs if it can be demonstrated that an exception should be made to the provision in subsection (1).

(3) By September 30 of the current fiscal year, the department shall report to the house and senate appropriations subcommittees on the department budget, house and senate fiscal agencies, and state budget office on the rationale for all exceptions made to the provision in subsection (1) and the number of contracts terminated due to violations of subsection (1).

Sec. 289. By March 1 of the current fiscal year, the department shall provide to the senate and house appropriations subcommittees on the department budget, the senate and house fiscal agencies, and the senate and house policy offices an annual report on the supervisor-to-staff ratio by department divisions and subdivisions.

Sec. 290. Any public advertisement for state assistance shall also inform the public of the welfare fraud hotline operated by the department.

Sec. 291. The department shall verify, using the e-verify system, that all new department employees, and new hire employees of contractors and subcontractors paid from funds appropriated in part 1, are legally present in the United States. The department may verify this information directly or may require contractors and subcontractors to verify the information and submit a certification to the department.

Sec. 295. (1) From the funds appropriated in part 1 to agencies providing physical and behavioral health services to multicultural populations, the department shall award grants in accordance with the requirements of subsection (2). The state is not liable for any spending above the contract amount. Funds shall not be released until reporting requirements under section 295 of article X of 2016 PA 268 are satisfied.

(2) The department shall require each contractor described in subsection (1) that receives greater than \$1,000,000.00 in state grant funding to comply with performance-related metrics to maintain their eligibility for funding. The organizational metrics shall include, but not be limited to, all of the following:

- (a) Each contractor or subcontractor shall have accreditations that attest to their competency and effectiveness as behavioral health and social service agencies.
- (b) Each contractor or subcontractor shall have a mission that is consistent with the purpose of the multicultural agency.
- (c) Each contractor shall validate that any subcontractors utilized within these appropriations share the same mission as the lead agency receiving funding.
- (d) Each contractor or subcontractor shall demonstrate cost-effectiveness.
- (e) Each contractor or subcontractor shall ensure their ability to leverage private dollars to strengthen and maximize service provision.

(f) Each contractor or subcontractor shall provide timely and accurate reports regarding the number of clients served, units of service provision, and ability to meet their stated goals.

(3) The department shall require an annual report from the contractors described in subsection (2). The annual report, due 60 days following the end of the contract period, shall include specific information on services and programs provided, the client base to which the services and programs were provided, information on any wraparound services provided, and the expenditures for those services. The department shall provide the annual reports to the senate and house

appropriations subcommittees on health and human services, the senate and house fiscal agencies, and the state budget office.

Sec. 297. By March 1 and August 1 of the current fiscal year, the department shall report on the number of FTEs in pay status by type of staff. The report shall include a comparison by line item of the number of FTEs authorized from funds appropriated in part 1 to the actual number of FTEs employed by the department at the end of the reporting period.

Sec. 298. (1) Before implementing the pilot projects and demonstration models described in subsections (2) and (3), the department shall enter into an agreement with an independent project facilitator with at least 5 years of project management experience to establish performance outcome metrics of the pilot projects and demonstration models, finalize each pilot project's or demonstration model's implementation milestones, determine and manage the critical path to the pilot project's or demonstration model's completion, provide independent guidance on resolving conflicts between parties, and perform other necessary oversight and implementation functions as determined by the department. These performance metrics shall evaluate how the pilot projects and demonstration models impact, at a minimum, each of the following categories:

(a) Improvement of the coordination between behavioral health and physical health.

(b) Improvement of services available to individuals with mental illness, intellectual or developmental disabilities, or substance use disorders.

(c) Benefits associated with full access to community-based services and supports.

(d) Customer health status.

(e) Customer satisfaction.

(f) Provider network stability.

(g) Treatment and service efficacies before and after the pilot projects and demonstration models.

(h) Use of best practices.

(i) Financial efficiencies.

(j) Any other relevant categories.

(2) The department shall work with a willing CMHSP in Kent County and all willing Medicaid health plans in the county to pilot a full physical and behavioral health integrated service demonstration model. The department shall ensure that the pilot project described in this subsection is implemented in a manner that ensures at least all of the following:

(a) That any changes made to a Medicaid waiver or Medicaid state plan to implement the pilot project described in this subsection must only be in effect for the duration of the pilot project described in this subsection.

(b) That the project is consistent with the stated core values as identified in the final report of the workgroup established in section 298 of article X of 2016 PA 268.

(c) That updates are provided to the medical care advisory council, behavioral health advisory council, and developmental disabilities council.

(3) In addition to the pilot project described in subsection (2), the department shall implement up to 3 pilot projects to achieve fully financially integrated Medicaid behavioral health and physical health benefit and financial integration demonstration models. These demonstration models shall use single contracts between the state and each licensed Medicaid health plan that is currently contracted to provide Medicaid services in the geographic area of the pilot project. The department shall ensure that the pilot projects described in this subsection are implemented in a manner that ensures at least all of the following:

(a) That allows the CMHSP in the geographic area of the pilot project to be a provider of behavioral health supports and services.

(b) That any changes made to a Medicaid waiver or Medicaid state plan to implement the pilot projects described in this subsection must only be in effect for the duration of the pilot projects described in this subsection.

(c) That the project is consistent with the stated core values as identified in the final report of the workgroup described in subsection (2).

(d) That updates are provided to the medical care advisory council, behavioral health advisory council, and developmental disabilities council.

(4) The department shall begin to implement the pilot projects and demonstration models described in subsections (2) and (3) by no later than October 1, 2017 and shall work toward implementing the pilot projects and demonstration models described in subsections (2) and (3) by no later than March 1, 2018. Each pilot project shall be designed to last at least 2 years.

(5) For the duration of any pilot projects and demonstration models, any and all realized benefits and cost savings of integrating the physical health and behavioral health systems shall be reinvested in services and supports for individuals having or at risk of having a mental illness, an intellectual or developmental disability, or a substance use disorder. Any and all realized benefits and cost savings shall be specifically reinvested in the counties where the savings occurred.

(6) It is the intent of the legislature that the primary purpose of the pilot projects and demonstration models is to test how the state may better integrate behavioral and physical health delivery systems in order to improve behavioral and physical health outcomes, maximize efficiencies, minimize unnecessary costs, and achieve material increases in behavioral health services without increases in overall Medicaid spending.

(7) The department shall contract with 1 of the state's research universities at least 6 months before the completion of each pilot project or demonstration model to evaluate the pilot project or demonstration model. The evaluation shall include information on the pilot project's or demonstration model's success in meeting the performance metrics developed in subsection (1) and information on whether the pilot project could be replicated into other geographic areas with similar performance metric outcomes. The evaluation shall be completed within 6 months of the end of the pilot project or demonstration model and shall be provided to the department, the house and senate appropriations subcommittees on the department budget, the house and senate fiscal agencies, the house and senate policy offices, and the state budget office.

(8) From the funds appropriated in part 1, \$3,088,200.00 shall support the implementation of the pilot projects and demonstration models described in this section, including funding for an independent project facilitator, evaluation of the pilot projects and demonstration models, modifications to state contracts, and the hiring of state staff to support the implementation of this section. By December 1 of the current fiscal year, the department shall provide a spending plan of these funds to the house and senate appropriations subcommittees on the department budget, the house and senate fiscal agencies, the house and senate policy offices, and the state budget office.

(9) By November 1 of the current fiscal year, the department shall report to the house and senate appropriations subcommittees on the department budget, the house and senate fiscal agencies, the house and senate policy offices, and the state budget office on progress, a time frame for implementation, and any identified barriers to implementation and the remedies to address any identified barriers of the items described in subsections (2) and (3). The report shall also include information on policy changes and any other efforts made to improve the coordination of supports and services for individuals having or at risk of having a mental illness, an intellectual or developmental disability, a substance use disorder, or a physical health need.

(10) Upon completion of any pilot projects or demonstration models advanced under this section, the managing entity of the pilot project or demonstration model shall submit a report to the senate and house appropriations subcommittees on the department budget, the senate and house fiscal agencies, the senate and house policy offices, and the state budget office within 30 days of completion of that pilot project or demonstration model detailing their experience, lessons learned, efficiencies and savings revealed, increases in investment on behavioral health services, and recommendations for extending pilot projects to full implementation or discontinuation.

Sec. 299. (1) No state department or agency shall issue a request for proposal (RFP) for a contract in excess of \$5,000,000.00, unless the department or agency has first considered issuing a request for information (RFI) or a request for qualification (RFQ) relative to that contract to better enable the department or agency to learn more about the market for the products or services that are the subject of the RFP. The department or agency shall notify the department of technology, management, and budget of the evaluation process used to determine if an RFI or RFQ was not necessary prior to issuing the RFP.

(2) From funds appropriated in part 1, for all RFPs issued during the current fiscal year where an existing service received proposals by multiple vendors, the department shall notify all vendors within 30 days of the RFP decision. The notification to vendors shall include details on the RFP process, including the respective RFP scores and the respective cost for each vendor. If the highest scored RFP or lowest cost RFP does not receive the contract for an existing service offered by the department, the notification shall issue an explanation for the reasons that the highest scored RFP or lowest cost RFP did not receive the contract and detail the incremental cost target amount or service level required that was required to migrate the service to a new vendor. Additionally, the department shall include in the notification details as to why a cost or service difference is justifiable if the highest scored or lowest cost vendor does not receive the contract.

(3) The department shall submit to the senate and house appropriations subcommittees on the department budget, the senate and house fiscal agencies, the senate and house policy offices, and the state budget office by September 30 of the current fiscal year a report that summarizes all RFPs during the current fiscal year where an existing service received proposals by multiple vendors. The report shall list all finalized RFPs where there was a divergence from awarding the contract to the lowest cost or highest scoring vendor. The report shall also include the cost or service threshold required by department policy that must be satisfied in order for an existing contract to be received by new vendor.

DEPARTMENTAL ADMINISTRATION AND SUPPORT

Sec. 307. (1) From the funds appropriated in part 1 for demonstration projects, \$950,000.00 shall be distributed as provided in subsection (2). The amount distributed under this subsection shall not exceed 50% of the total operating expenses of the program described in subsection (2), with the remaining 50% paid by local United Way organizations and other nonprofit organizations and foundations.

(2) Funds distributed under subsection (1) shall be distributed to Michigan 2-1-1, a nonprofit corporation organized under the laws of this state that is exempt from federal income tax under section 501(c)(3) of the internal revenue code of 1986, 26 USC 501, and whose mission is to coordinate and support a statewide 2-1-1 system. Michigan 2-1-1 shall use the funds only to fulfill the Michigan 2-1-1 business plan adopted by Michigan 2-1-1 in January 2005.

(3) Michigan 2-1-1 shall refer to the department any calls received reporting fraud, waste, or abuse of state-administered public assistance.

(4) Michigan 2-1-1 shall report annually to the department and the house and senate standing committees with primary jurisdiction over matters relating to human services and telecommunications on 2-1-1 system performance, the senate

and house appropriations subcommittees on the department budget, and the senate and house fiscal agencies, including, but not limited to, call volume by health and human service needs and unmet needs identified through caller data and customer satisfaction metrics.

Sec. 310. It is the intent of the legislature that the department shall work with youth-oriented nonprofit organizations to provide mentoring programming for children of incarcerated parents and other at-risk children.

Sec. 315. From the funds appropriated in part 1 for developmental disabilities council and projects, \$500,000.00 is appropriated to support the objectives stated in Executive Order No. 2015-15, by providing the service provider community with technical assistance in the process of provider transformation among community rehabilitation organizations and restructuring the reimbursement rates for employment supports and services among those who provide job preparation, job placement, and job retention supports and services. Additionally, the department shall ensure technical assistance to promote seamless transition outcomes from education to employment for individuals with disabilities and providing education and outreach to clients and their families, including information on benefits coordination and planning for the promotion of successful employment outcomes.

Sec. 316. From the funds appropriated in part 1 for terminal leave payments, the department shall not spend in excess of its annual gross appropriation unless it identifies and requests a legislative transfer from another budgetary line item supporting administrative costs, as provided by section 393(2) of the management and budget act, 1984 PA 431, MCL 18.1393.

CHILD SUPPORT ENFORCEMENT

Sec. 401. (1) The appropriations in part 1 assume a total federal child support incentive payment of \$26,500,000.00.

(2) From the federal money received for child support incentive payments, \$12,000,000.00 shall be retained by the state and expended for child support program expenses.

(3) From the federal money received for child support incentive payments, \$14,500,000.00 shall be paid to the counties based on each county's performance level for each of the federal performance measures as established in 45 CFR 305.2.

(4) If the child support incentive payment to the state from the federal government is greater than \$26,500,000.00, then 100% of the excess shall be retained by the state and is appropriated until the total retained by the state reaches \$15,397,400.00.

(5) If the child support incentive payment to the state from the federal government is greater than the amount needed to satisfy the provisions identified in subsections (1), (2), (3), and (4), the additional funds shall be subject to appropriation by the legislature.

(6) If the child support incentive payment to the state from the federal government is less than \$26,500,000.00, then the state and county share shall each be reduced by 50% of the shortfall.

Sec. 409. (1) If statewide retained child support collections exceed \$38,300,000.00, 75% of the amount in excess of \$38,300,000.00 is appropriated to legal support contracts. This excess appropriation may be distributed to eligible counties to supplement and not supplant county title IV-D funding.

(2) Each county whose retained child support collections in the current fiscal year exceed its fiscal year 2004-2005 retained child support collections, excluding tax offset and financial institution data match collections in both the current fiscal year and fiscal year 2004-2005, shall receive its proportional share of the 75% excess.

Sec. 410. (1) If title IV-D-related child support collections are escheated, the state budget director is authorized to adjust the sources of financing for the funds appropriated in part 1 for legal support contracts to reduce federal authorization by 66% of the escheated amount and increase general fund/general purpose authorization by the same amount. This budget adjustment is required to offset the loss of federal revenue due to the escheated amount being counted as title IV-D program income in accordance with federal regulations at 45 CFR 304.50.

(2) The department shall notify the chairs of the house and senate appropriations subcommittees on the department budget and the house and senate fiscal agencies within 15 days of the authorization adjustment in subsection (1).

COMMUNITY SERVICES AND OUTREACH

Sec. 450. (1) From the funds appropriated in part 1 for school success partnership program, the department shall allocate \$450,000.00 by December 1 of the current fiscal year to support the Northeast Michigan Community Service Agency programming, which will take place in each county in the Governor's Prosperity Region 3. (d) Increasing parent involvement with the parent's child's school and community.

(2) The Northeast Michigan Community Service Agency shall provide reports to the department on January 31 and June 30 of the current fiscal year on the number of children and families served and the services that were provided to families to meet the performance objectives identified in this section. The department shall distribute the reports within 1 week after receipt to the senate and house appropriations subcommittees on the department budget, the senate and house fiscal agencies, the senate and house policy offices, and the state budget office.

Sec. 452. From the funds appropriated in part 1 for crime victim justice assistance grants, the department shall continue to support forensic nurse examiner programs to facilitate training for improved evidence collection for the prosecution of sexual assault. The funds shall be used for program coordination and training.

Sec. 453. From the funds appropriated in part 1 for homeless programs, the department shall increase emergency shelter program per diem rates to \$16.00 per bed night to support efforts of shelter providers to move homeless individuals and households into permanent housing as quickly as possible. The purpose of this enhancement is to increase the number of shelter discharges to stable housing destinations, decrease recidivism rates for shelter clients, and reduce the average length of stay in emergency shelters.

Sec. 454. The department shall allocate the full amount of funds appropriated in part 1 for homeless programs to provide services for homeless individuals and families, including, but not limited to, third-party contracts for emergency shelter services.

Sec. 455. As a condition of receipt of federal TANF funds, homeless shelters and human services agencies shall collaborate with the department to obtain necessary TANF eligibility information on families as soon as possible after admitting a family to the homeless shelter. From the funds appropriated in part 1 for homeless programs, the department is authorized to make allocations of TANF funds only to the homeless shelters and human services agencies that report necessary data to the department for the purpose of meeting TANF eligibility reporting requirements. Homeless shelters or human services agencies that do not report necessary data to the department for the purpose of meeting TANF eligibility reporting requirements will not receive reimbursements that exceed the per diem amount they received in fiscal year 2000. The use of TANF funds under this section is not an ongoing commitment of funding.

CHILDREN'S SERVICES AGENCY - CHILD WELFARE

Sec. 501. (1) A goal is established that not more than 25% of all children in foster care at any given time during the current fiscal year will have been in foster care for 24 months or more.

(2) By March 1 of the current fiscal year, the department shall provide to the senate and house appropriations subcommittees on the department budget, the senate and house fiscal agencies, the senate and house policy offices, and the state budget office a report describing the steps that will be taken to achieve the specific goal established in this section and on the percentage of children who currently are in foster care and who have been in foster care a total of 24 or more months.

Sec. 502. From the funds appropriated in part 1 for foster care, the department shall provide 50% reimbursement to Indian tribal governments for foster care expenditures for children who are under the jurisdiction of Indian tribal courts and who are not otherwise eligible for federal foster care cost sharing.

Sec. 503. (1) In accordance with the final report of the Michigan child welfare performance-based funding task force issued in response to section 503 of article X of 2013 PA 59, the department shall continue to develop actuarially sound case rates for necessary out-of-home child welfare services that achieve permanency by the department and private child placing agencies in a prospective payment system under a performance-based funding model.

(2) The department shall continue to develop a prospective rate payment system for private agencies that includes funding for adoption incentive payments. The full cost prospective rate payment system will identify and cover contractual costs paid through the case rate developed by an independent actuary.

(3) By March 1 of the current fiscal year, the department shall provide to the senate and house appropriations committees on the department budget, the senate and house fiscal agencies and policy offices, and the state budget office a report on the full cost analysis of the performance-based funding model. The report shall include background information on the project and give details about the contractual costs covered through the case rate.

(4) In accordance with the final report of the Michigan child welfare performance-based funding task force issued in response to section 503 of article X of 2013 PA 59, the department shall continue an independent, third-party evaluation of the performance-based funding model. The evaluator shall be selected through a competitive process by a rating committee that includes, but is not limited to, representatives from the department and private child placing agencies.

(5) The department shall only implement the performance-based funding model into additional counties where the department, private child welfare agencies, the county, and the court operating within that county have signed a memorandum of understanding that incorporates the intentions of the concerned parties in order to implement the performance-based funding model.

(a) Work to reduce administration costs by ensuring that PIHP responsible functions are efficient in allowing optimal transition of dollars to those direct services considered most effective in assisting individuals served. Any consolidation of administrative functions must be demonstrated by independent analysis, a reduction in dollars spent on administration resulting in greater dollars spent on direct services. Savings resulting from increased efficiencies shall not be applied to PIHP net assets, internal service fund increases, building costs, increases in the number of PIHP personnel, or other areas not directly related to the delivery of improved services.

(b) Take an active role in managing mental health care by ensuring consistent and high-quality service delivery throughout its network and promote a conflict-free care management environment.

The demonstration program shall utilize a custom screening panel developed by a Michigan based genomics lab that is certified under the clinical laboratory improvement amendments of 1988, Public Law 100-578. The CMHSP shall analyze data and compile results relating to relevant biomarkers and their impact on cost to the Medicaid population in the demonstration program and present a final report to the department, the senate and house appropriations subcommittees on the department budget, and the senate and house fiscal agencies by June 1 of the current fiscal year.

The reporting must utilize consensus-based nationally endorsed standards that meet National Quality Forum-endorsed safe practices. The organization collecting the data must be an organization that uses severity-adjusted

risk models and measures that will help patients and payers identify hospital campuses likely to have superior outcomes. The public website shall provide information to allow consumers to compare safe practices by hospital campus, including, but not limited to, perinatal care, hospital-acquired infection, and serious reportable events. Hospitals receiving medical services payments for graduate medical education shall also make their fully completed quality data available on the hospital's website. The department shall withhold 25% of a hospital's graduate medical education payment if the hospital does not submit the data to a qualifying nonprofit organization described in this section by January 1 of the current fiscal year.

The determination of the performance of the 0.75% capitation withhold is at the discretion of the department but must include recognized concepts such as 1-year continuous enrollment and the HEDIS audited data. The determination of the performance of the 0.25% capitation withhold is at the discretion of the department but must include the utilization of high-value services and discouraging the utilization of low-value services.

Sec. 1810. The department shall enhance encounter data reporting processes and develop rules that would make each health plan's encounter data as complete as possible, provide a fair measure of acuity for each health plan's enrolled population for risk adjustment purposes, capitation rate setting, diagnosis-related group rate setting, and research and analysis of program efficiencies while minimizing health plan administrative expense. The department shall notify each contracting Medicaid health plan of any encounter data that have not been accepted for the purposes of rate setting.

Sec. 1812. By June 1 of the current fiscal year, and using the most recent available cost reports, the department shall complete a report of all direct and indirect costs associated with residency training programs for each hospital that receives funds appropriated in part 1 for graduate medical education. This may include mailings, telephone contact, or face-to-face contact with beneficiaries enrolled in the individual Medicaid health plan. Health plans may offer assistance in completing paperwork for beneficiaries enrolled in their plan.

This metric shall be derived by dividing the total annual health care expenditures of a population by the average annual number of people in that population. Claims data shall be used to compute health care expenditures.

(b) The per-member-per-year health care expenditures of a reasonably matched population not covered by the demonstration project. To account for minor differences in the 2 populations, each group's annual trend during the pilot shall be measured against their respective baseline trends in the year before implementing the program.

(c) In order to attribute the finding to the program, other process metrics that have been found to correlate with health literacy must be analyzed. These metrics may include hospitalization rates, frequency of emergency room use, and the percentage of health education sessions prescribed by medical providers and successfully completed by patients relative to the total number of possible session opportunities offered through the program.

(4) It is the intent of the legislature that, beginning with the budget for the fiscal year ending September 30, 2018, the department shall submit quarterly reports to the senate and house appropriations committees on the department budget, the senate and house fiscal agencies, the senate and house policy offices, and the state budget office detailing the information required in subsection (3).

Sec. 1882. By December 31 of the current fiscal year, the department shall report to the senate and house appropriations subcommittees on the department budget, the senate and house fiscal agencies, and the state budget office, documentation of the expenses incurred during the immediate preceding fiscal year by Medicaid health plans and PIHPs for the purpose of meeting the contractual requirements to join the Michigan Health Information Network Shared Services and incentivizing providers to become members of the Health Information Exchange Qualified Organization. The report should also include an estimation of the expenses to be incurred in the current fiscal year by Medicaid health plans and PIHPs for the same purpose of meeting their contractual obligations.

Sec. 1888. The department shall establish contract performance standards associated with the capitation withhold provisions for Medicaid health plans at least 3 months in advance of the implementation of those standards. In The Chair: Chatfield

Rep. Geiss, having reserved the right to explain her nay vote, made the following statement:

“Mr. Speaker and members of the House:

Today, I opposed both the Omnibus and School Aid Fund budgets as reported out of conference committee. While the Omnibus budget did include increases that were closer to the initial executive budget recommendations, the lack of increased funding for transportation, one of the biggest concerns to residents not only in my district, but state-wide. And while I was happy to see increased funding for Career Technical Education (CTE) Programs in public schools, especially since I am a strong advocate for increased and improved CTE programs, doing so at the expense of at-risk funding (which is not fully funded), at per-pupil funding for high school students (which is not fully funded and only half of the executive’s recommendations), or a lack of adequate transportation funding dollars—when transportation costs are essential not only to many CTE programs, but also dual enrollment programs with community colleges for high school students. Additionally, we should not be handing out additional public education dollars to private schools.”

A district’s, public school academy’s, or intermediate district’s membership shall be adjusted as provided under section 25e

for pupils who enroll after the pupil membership count day in a strict discipline academy operating under sections 1311b to 1311m of the revised school code, MCL 380.1311b to 380.1311m. However, for a district that is a community district, ~~in its first year of operation,~~ “membership” means the sum of the product of .90 times the number of full-time equated pupils in grades K to 12 actually enrolled and in regular daily attendance in the community district on the pupil membership count day for the current school year, plus the product of .10 times **THE SUM OF the final audited count from the supplemental count day of pupils in grades K to 12 actually enrolled and in regular daily attendance in a qualifying school district as defined in section 5 of the revised school code, MCL 380.5, THE COMMUNITY DISTRICT FOR THE IMMEDIATELY PRECEDING SCHOOL YEAR PLUS THE FINAL AUDITED COUNT FROM THE SUPPLEMENTAL COUNT DAY OF PUPILS IN GRADES K TO 12 ACTUALLY ENROLLED AND IN REGULAR DAILY ATTENDANCE IN THE EDUCATION ACHIEVEMENT SYSTEM** for the immediately preceding school year. All pupil counts used in this subsection are as determined by the department and calculated by adding the number of pupils registered for attendance plus pupils received by transfer and minus pupils lost as defined by rules promulgated by the superintendent, and as corrected by a subsequent department audit. For the purposes of this section and section 6a, for a school of excellence that is a cyber school, as defined in section 551 of the revised school code, MCL 380.551, and is in compliance with section 553a of the revised school code, MCL 380.553a, a pupil’s participation in the cyber school’s educational program is considered regular daily attendance; for the education achievement system, a pupil’s participation in a virtual educational program of the education achievement system or of an achievement school is considered regular daily attendance; and for a district a pupil’s participation in a virtual course as defined in section 21f is considered regular daily attendance. The amount of the foundation allowance for a pupil in membership is determined under section 20. In making the calculation of membership, all of the following, as applicable, apply to determining the membership of a district, a public school academy, ~~the education achievement system,~~ or an intermediate district:

(a) Except as otherwise provided in this subsection, and pursuant to subsection (6), a pupil shall be counted in membership in the pupil’s educating district or districts. An individual pupil shall not be counted for more than a total of 1.0 full-time equated membership.

(b) If a pupil is educated in a district other than the pupil’s district of residence, if the pupil is not being educated as part of a cooperative education program, if the pupil’s district of residence does not give the educating district its approval to count the pupil in membership in the educating district, and if the pupil is not covered by an exception specified in subsection (6) to the requirement that the educating district must have the approval of the pupil’s district of residence to count the pupil in membership, the pupil shall not be counted in membership in any district.

(c) A special education pupil educated by the intermediate district shall be counted in membership in the intermediate district.

(d) A pupil placed by a court or state agency in an on-grounds program of a juvenile detention facility, a child caring institution, or a mental health institution, or a pupil funded under section 53a, shall be counted in membership in the district or intermediate district approved by the department to operate the program.

(e) A pupil enrolled in the Michigan schools ~~SCHOOLS~~ for the deaf and blind **DEAF AND BLIND** shall be counted in membership in the pupil’s intermediate district of residence.

(f) A pupil enrolled in a career and technical education program supported by a millage levied over an area larger than a single district or in an area vocational-technical education program established pursuant to section 690 of the revised school code, MCL 380.690, shall be counted only in the pupil’s district of residence.

(g) A pupil enrolled in a public school academy shall be counted in membership in the public school academy.

~~(h) A pupil enrolled in an achievement school shall be counted in membership in the education achievement system.~~ **FOR THE PURPOSES OF THIS SECTION AND SECTION 6A, FOR A CYBER SCHOOL, AS DEFINED IN SECTION 551 OF THE REVISED SCHOOL CODE, MCL 380.551, THAT IS IN COMPLIANCE WITH SECTION 553A OF THE REVISED SCHOOL CODE, MCL 380.553A, A PUPIL’S PARTICIPATION IN THE CYBER SCHOOL’S EDUCATIONAL PROGRAM IS CONSIDERED REGULAR DAILY ATTENDANCE, AND FOR A DISTRICT OR PUBLIC SCHOOL ACADEMY, A PUPIL’S PARTICIPATION IN A VIRTUAL COURSE AS DEFINED IN SECTION 21F IS CONSIDERED REGULAR DAILY ATTENDANCE.**

(i) For a new district or public school academy beginning its operation after December 31, 1994, ~~or for the education achievement system or an achievement school,~~ membership for the first 2 full or partial fiscal years of operation shall be determined as follows:

(i) If operations begin before the pupil membership count day for the fiscal year, membership is the average number of full-time equated pupils in grades K to 12 actually enrolled and in regular daily attendance on the pupil membership count day for the current school year and on the supplemental count day for the current school year, as determined by the department and calculated by adding the number of pupils registered for attendance on the pupil membership count day plus pupils received by transfer and minus pupils lost as defined by rules promulgated by the superintendent, and as corrected by a subsequent department audit, plus the final audited count from the supplemental count day for the current school year, and dividing that sum by 2.

(ii) If operations begin after the pupil membership count day for the fiscal year and not later than the supplemental count day for the fiscal year, membership is the final audited count of the number of full-time equated pupils in grades K to 12 actually enrolled and in regular daily attendance on the supplemental count day for the current school year.

(j) If a district is the authorizing body for a public school academy, then, in the first school year in which pupils are counted in membership on the pupil membership count day in the public school academy, the determination of the district's membership shall exclude from the district's pupil count for the immediately preceding supplemental count day any pupils who are counted in the public school academy on that first pupil membership count day who were also counted in the district on the immediately preceding supplemental count day.

(k) ~~In a district, a public school academy, the education achievement system, or an intermediate district operating~~ **FOR** an extended school year program approved by the superintendent, a pupil enrolled, but not scheduled to be in regular daily attendance, on a pupil membership count day, shall be counted **IN MEMBERSHIP**.

(l) To be counted in membership, a pupil shall meet the minimum age requirement to be eligible to attend school under section 1147 of the revised school code, MCL 380.1147, or shall be enrolled under subsection (3) of that section, and shall be less than 20 years of age on September 1 of the school year except as follows:

(i) A special education pupil who is enrolled and receiving instruction in a special education program or service approved by the department, who does not have a high school diploma, and who is less than 26 years of age as of September 1 of the current school year shall be counted in membership.

(ii) A pupil who is determined by the department to meet all of the following may be counted in membership:

(A) Is enrolled in a public school academy or an alternative education high school diploma program, that is primarily focused on educating pupils with extreme barriers to education, such as being homeless as defined under 42 USC 11302.

(B) Had dropped out of school.

(C) Is less than 22 years of age as of September 1 of the current school year.

(iii) If a child does not meet the minimum age requirement to be eligible to attend school for that school year under section 1147 of the revised school code, MCL 380.1147, but will be 5 years of age not later than December 1 of that school year, the district may count the child in membership for that school year if the parent or legal guardian has notified the district in writing that he or she intends to enroll the child in kindergarten for that school year.

(m) An individual who has achieved a high school diploma shall not be counted in membership. An individual who has achieved a high school equivalency certificate shall not be counted in membership unless the individual is a student with a disability as defined in R 340.1702 of the Michigan ~~administrative code~~ **ADMINISTRATIVE CODE**. An individual participating in a job training program funded under former section 107a or a jobs program funded under former section 107b, administered by the department of talent and economic development, or participating in any successor of either of those 2 programs, shall not be counted in membership.

(n) If a pupil counted in membership in a public school academy ~~or the education achievement system~~ is also educated by a district or intermediate district as part of a cooperative education program, the pupil shall be counted in membership only in the public school academy ~~or the education achievement system~~ unless a written agreement signed by all parties designates the party or parties in which the pupil shall be counted in membership, and the instructional time scheduled for the pupil in the district or intermediate district shall be included in the full-time equated membership determination under subdivision (q) and section 101. However, for pupils receiving instruction in both a public school academy ~~or the education achievement system~~ and in a district or intermediate district but not as a part of a cooperative education program, the following apply:

(i) If the public school academy ~~or the education achievement system~~ provides instruction for at least 1/2 of the class hours required under section 101, the public school academy ~~or the education achievement system~~ shall receive as its prorated share of the full-time equated membership for each of those pupils an amount equal to 1 times the product of the hours of instruction the public school academy ~~or the education achievement system~~ provides divided by the number of hours required under section 101 for full-time equivalency, and the remainder of the full-time membership for each of those pupils shall be allocated to the district or intermediate district providing the remainder of the hours of instruction.

(ii) If the public school academy ~~or the education achievement system~~ provides instruction for less than 1/2 of the class hours required under section 101, the district or intermediate district providing the remainder of the hours of instruction shall receive as its prorated share of the full-time equated membership for each of those pupils an amount equal to 1 times the product of the hours of instruction the district or intermediate district provides divided by the number of hours required under section 101 for full-time equivalency, and the remainder of the full-time membership for each of those pupils shall be allocated to the public school academy, ~~or the education achievement system~~.

(o) An individual less than 16 years of age as of September 1 of the current school year who is being educated in an alternative education program shall not be counted in membership if there are also adult education participants being educated in the same program or classroom.

(p) The department shall give a uniform interpretation of full-time and part-time memberships.

(q) The number of class hours used to calculate full-time equated memberships shall be consistent with section 101. In determining full-time equated memberships for pupils who are enrolled in a postsecondary institution, a pupil shall not be considered to be less than a full-time equated pupil solely because of the effect of his or her postsecondary enrollment, including necessary travel time, on the number of class hours provided by the district to the pupil.

(r) Full-time equated memberships for pupils in kindergarten shall be determined by dividing the number of instructional hours scheduled and provided per year per kindergarten pupil by the same number used for determining full-time equated memberships for pupils in grades 1 to 12. However, to the extent allowable under federal law, for a district or public school

academy that provides evidence satisfactory to the department that it used federal title I money in the 2 immediately preceding school fiscal years to fund full-time kindergarten, full-time equated memberships for pupils in kindergarten shall be determined by dividing the number of class hours scheduled and provided per year per kindergarten pupil by a number equal to 1/2 the number used for determining full-time equated memberships for pupils in grades 1 to 12. The change in the counting of full-time equated memberships for pupils in kindergarten that took effect for 2012-2013 is not a mandate.

(s) For a district, ~~OR a public school academy, or the education achievement system~~ that has pupils enrolled in a grade level that was not offered by the district, ~~the OR public school academy, or the education achievement system~~ in the immediately preceding school year, the number of pupils enrolled in that grade level to be counted in membership is the average of the number of those pupils enrolled and in regular daily attendance on the pupil membership count day and the supplemental count day of the current school year, as determined by the department. Membership shall be calculated by adding the number of pupils registered for attendance in that grade level on the pupil membership count day plus pupils received by transfer and minus pupils lost as defined by rules promulgated by the superintendent, and as corrected by subsequent department audit, plus the final audited count from the supplemental count day for the current school year, and dividing that sum by 2.

(t) A pupil enrolled in a cooperative education program may be counted in membership in the pupil's district of residence with the written approval of all parties to the cooperative agreement.

(u) If, as a result of a disciplinary action, a district determines through the district's alternative or disciplinary education program that the best instructional placement for a pupil is in the pupil's home or otherwise apart from the general school population, if that placement is authorized in writing by the district superintendent and district alternative or disciplinary education supervisor, and if the district provides appropriate instruction as described in this subdivision to the pupil at the pupil's home or otherwise apart from the general school population, the district may count the pupil in membership on a pro rata basis, with the proration based on the number of hours of instruction the district actually provides to the pupil divided by the number of hours required under section 101 for full-time equivalency. For the purposes of this subdivision, a district shall be considered to be providing appropriate instruction if all of the following are met:

(i) The district provides at least 2 nonconsecutive hours of instruction per week to the pupil at the pupil's home or otherwise apart from the general school population under the supervision of a certificated teacher.

(ii) The district provides instructional materials, resources, and supplies that are comparable to those otherwise provided in the district's alternative education program.

(iii) Course content is comparable to that in the district's alternative education program.

(iv) Credit earned is awarded to the pupil and placed on the pupil's transcript.

(v) If a pupil was enrolled in a public school academy on the pupil membership count day, if the public school academy's contract with its authorizing body is revoked or the public school academy otherwise ceases to operate, and if the pupil enrolls in a district ~~or the education achievement system~~ within 45 days after the pupil membership count day, the department shall adjust the district's ~~or the education achievement system's~~ pupil count for the pupil membership count day to include the pupil in the count.

(w) For a public school academy that has been in operation for at least 2 years and that suspended operations for at least 1 semester and is resuming operations, membership is the sum of the product of .90 times the number of full-time equated pupils in grades K to 12 actually enrolled and in regular daily attendance on the first pupil membership count day or supplemental count day, whichever is first, occurring after operations resume, plus the product of .10 times the final audited count from the most recent pupil membership count day or supplemental count day that occurred before suspending operations, as determined by the superintendent.

(x) If a district's membership for a particular fiscal year, as otherwise calculated under this subsection, would be less than 1,550 pupils and the district has 4.5 or fewer pupils per square mile, as determined by the department, and if the district does not receive funding under section 22d(2), the district's membership shall be considered to be the membership figure calculated under this subdivision. If a district educates and counts in its membership pupils in grades 9 to 12 who reside in a contiguous district that does not operate grades 9 to 12 and if 1 or both of the affected districts request the department to use the determination allowed under this sentence, the department shall include the square mileage of both districts in determining the number of pupils per square mile for each of the districts for the purposes of this subdivision. The membership figure calculated under this subdivision is the greater of the following:

(i) The average of the district's membership for the 3-fiscal-year period ending with that fiscal year, calculated by adding the district's actual membership for each of those 3 fiscal years, as otherwise calculated under this subsection, and dividing the sum of those 3 membership figures by 3.

(ii) The district's actual membership for that fiscal year as otherwise calculated under this subsection.

(y) Full-time equated memberships for special education pupils who are not enrolled in kindergarten but are enrolled in a classroom program under R 340.1754 of the Michigan ~~administrative code~~ **ADMINISTRATIVE CODE** shall be determined by dividing the number of class hours scheduled and provided per year by 450. Full-time equated memberships for special education pupils who are not enrolled in kindergarten but are receiving early childhood special education services under R 340.1755 or R 340.1862 of the Michigan ~~administrative code~~ **ADMINISTRATIVE CODE** shall be determined by dividing the number of hours of service scheduled and provided per year per-pupil by 180.

(z) A pupil of a district that begins its school year after Labor Day who is enrolled in an intermediate district program that begins before Labor Day shall not be considered to be less than a full-time pupil solely due to instructional time scheduled but not attended by the pupil before Labor Day.

(aa) For the first year in which a pupil is counted in membership on the pupil membership count day in a middle college program, the membership is the average of the full-time equated membership on the pupil membership count day and on the supplemental count day for the current school year, as determined by the department. If a pupil described in this subdivision was counted in membership by the operating district on the immediately preceding supplemental count day, the pupil shall be excluded from the district's immediately preceding supplemental count for the purposes of determining the district's membership.

(bb) A district, ~~a~~**OR** public school academy, ~~or the education achievement system~~ that educates a pupil who attends a United States Olympic Education Center may count the pupil in membership regardless of whether or not the pupil is a resident of this state.

(cc) A pupil enrolled in a district other than the pupil's district of residence pursuant to section 1148(2) of the revised school code, MCL 380.1148, shall be counted in the educating district. ~~or the education achievement system.~~

(dd) For a pupil enrolled in a dropout recovery program that meets the requirements of section 23a, the pupil shall be counted as 1/12 of a full-time equated membership for each month that the district operating the program reports that the pupil was enrolled in the program and was in full attendance. However, if the special membership counting provisions under this subdivision and the operation of the other membership counting provisions under this subsection result in a pupil being counted as more than 1.0 FTE in a fiscal year, the payment made for the pupil under sections 22a and 22b shall not be based on more than 1.0 FTE for that pupil, and any portion of an FTE for that pupil that exceeds 1.0 shall instead be paid under section 25g. The district operating the program shall report to the center the number of pupils who were enrolled in the program and were in full attendance for a month not later than 30 days after the end of the month. A district shall not report a pupil as being in full attendance for a month unless both of the following are met:

(i) A personalized learning plan is in place on or before the first school day of the month for the first month the pupil participates in the program.

(ii) The pupil meets the district's definition under section 23a of satisfactory monthly progress for that month or, if the pupil does not meet that definition of satisfactory monthly progress for that month, the pupil did meet that definition of satisfactory monthly progress in the immediately preceding month and appropriate interventions are implemented within 10 school days after it is determined that the pupil does not meet that definition of satisfactory monthly progress.

(ee) A pupil participating in a virtual course under section 21f shall be counted in membership in the district enrolling the pupil.

(ff) If a public school academy that is not in its first or second year of operation closes at the end of a school year and does not reopen for the next school year, the department shall adjust the membership count of the district or ~~the education achievement system~~**OTHER PUBLIC SCHOOL ACADEMY** in which a former pupil of the **CLOSED** public school academy enrolls and is in regular daily attendance for the next school year to ensure that the district or ~~the education achievement system~~**OTHER PUBLIC SCHOOL ACADEMY** receives the same amount of membership aid for the pupil as if the pupil were counted in the district or ~~the education achievement system~~**OTHER PUBLIC SCHOOL ACADEMY** on the supplemental count day of the preceding school year.

(gg) If a special education pupil is expelled under section 1311 or 1311a of the revised school code, MCL 380.1311 and 380.1311a, and is not in attendance on the pupil membership count day because of the expulsion, and if the pupil remains enrolled in the district and resumes regular daily attendance during that school year, the district's membership shall be adjusted to count the pupil in membership as if he or she had been in attendance on the pupil membership count day.

(hh) A pupil enrolled in a community district shall be counted in membership in the community district. ~~For a community district in its first fiscal year of operations only, until the department is able to calculate the community district's membership, the department shall consider the community district's membership to be the same as the membership for the immediately preceding fiscal year for a district with the same boundaries as the community district that had membership for that fiscal year.~~

The deduction or payment shall be calculated according to the law in effect in the fiscal year in which the incorrect amount was paid. If the district does not receive an allocation for the fiscal year or if the allocation is not sufficient to pay the amount of any deduction, the amount of any deduction otherwise applicable shall be satisfied from the proceeds of a loan to the district under the emergency municipal loan act, 1980 PA 243, MCL 141.931 to 141.942, or from the proceeds of millage levied or pledged under section 1211 of the revised school code, MCL 380.1211, as determined by the department.

The money shall not be applied or taken for a purpose other than as provided in this section. The department shall determine the reasonableness of expenditures and may withhold from a recipient of funds under this article the apportionment otherwise due upon a violation by the recipient.

(6) By September 30 of each year, each district and intermediate district shall file with the department the special education actual cost report, known as "SE-4096", on a form and in the manner prescribed by the department.

(7) By October 7 of each year, each district and intermediate district shall file with the center the transportation expenditure report, known as "SE-4094", on a form and in the manner prescribed by the center.

(8) The department shall review its pupil accounting and pupil auditing manuals at least annually and shall periodically update those manuals to reflect changes in this article.

(9) If a district that is a public school academy purchases property using money received under this article, the public school academy shall retain ownership of the property unless the public school academy sells the property at fair market value.

(10) If a district or intermediate district does not comply with subsections (4), (5), (6), and (7), or if the department determines that the financial data required under subsection (5) are not consistent with audited financial statements, the department shall withhold all state school aid due to the district or intermediate district under this article, beginning with the next payment due to the district or intermediate district, until the district or intermediate district complies with subsections (4), (5), (6), and (7). If the district or intermediate district does not comply with subsections (4), (5), (6), and (7) by the end of the fiscal year, the district or intermediate district forfeits the amount withheld.

If the district or intermediate district does not comply with subsection (2) by the end of the fiscal year, the district or intermediate district forfeits the amount withheld.

(12) ~~Not later than~~ **BY November 1, 2016, OF EACH YEAR,** if a district or intermediate district offers virtual learning under section 21f, the district or intermediate district shall submit to the department a report that details the per-pupil costs of operating the virtual learning by vendor type. The report shall include at least all of the following information concerning the operation of virtual learning for the **IMMEDIATELY PRECEDING** school fiscal year: ~~ending June 30, 2016:~~

(a) The name of the district operating the virtual learning and of each district that enrolled students in the virtual learning.

The total shall include costs broken down by cost for content development, content licensing, training, virtual instruction and instructional support, personnel, hardware and software, payment to each virtual learning provider, and other costs associated with operating virtual learning.

(h) The name of each virtual education provider contracted by the district and the state in which each virtual education provider is headquartered.

(13) ~~Not later than~~ **BY March 31, 2017, OF EACH YEAR,** the department shall submit to the house and senate appropriations subcommittees on state school aid, the state budget director, and the house and senate fiscal agencies a report summarizing the per-pupil costs by vendor type of virtual courses available under section 21f.

(14) As used in subsections (12) and (13), “vendor type” means the following:

- (c) Virtual courses provided by third party vendors not affiliated with a Michigan public school.
- (d) Virtual courses created and offered by a district or intermediate district.

(15) An allocation to a district or another entity under this article is contingent upon the district’s or entity’s compliance with this section.

(16) BEGINNING OCTOBER 1, 2017, AND NOT LESS THAN ONCE EVERY 3 MONTHS AFTER THAT DATE, THE DEPARTMENT SHALL SUBMIT TO THE SENATE AND HOUSE SUBCOMMITTEES ON SCHOOL AID AND TO THE SENATE AND HOUSE STANDING COMMITTEES ON EDUCATION AN ITEMIZED LIST OF ALLOCATIONS UNDER THIS ARTICLE TO ANY ASSOCIATION OR CONSORTIUM CONSISTING OF ASSOCIATIONS. THE REPORT SHALL DETAIL THE RECIPIENT OR RECIPIENTS, THE AMOUNT ALLOCATED, AND THE PURPOSE FOR WHICH THE FUNDS WERE DISTRIBUTED.

Sec. 18c. Any contract, mortgage, loan, or other instrument of indebtedness entered into by a public school academy ~~the achievement authority, or an achievement school~~ receiving funds under this act **ARTICLE** and a third party does not constitute an obligation, either general, special, or moral, of this state or of an authorizing body. The full faith and credit or the taxing power of this state or any agency of this state, or the full faith and credit of an authorizing body, shall not be pledged for the payment of any contract, mortgage, loan, or other instrument of indebtedness entered into by a public school academy ~~the achievement authority, or an achievement school~~.

Sec. 20. (1) For ~~2016-2017, 2017-2018~~, both of the following apply:

- (a) The basic foundation allowance is ~~\$8,229.00~~ **\$8,289.00**.
 - (b) The minimum foundation allowance is ~~\$7,511.00~~ **\$7,631.00**.
- (2) The amount of each district’s foundation allowance shall be calculated as provided in this section, using a basic foundation allowance in the amount specified in subsection (1).

(3) Except as otherwise provided in this section, the amount of a district’s foundation allowance shall be calculated as follows, using in all calculations the total amount of the district’s foundation allowance as calculated before any proration:

(a) Except as otherwise provided in this subdivision, for a district that had a foundation allowance for the immediately preceding state fiscal year that was at least equal to the minimum foundation allowance for the immediately preceding state fiscal year, but less than the basic foundation allowance for the immediately preceding state fiscal year, the district shall receive a foundation allowance in an amount equal to the sum of the district’s foundation allowance for the immediately preceding state fiscal year plus the difference between twice the dollar amount of the adjustment from the immediately preceding state fiscal year to the current state fiscal year made in the basic foundation allowance and [(the difference between the basic foundation allowance for the current state fiscal year and basic foundation allowance for the immediately preceding state fiscal year minus \$20.00) times (the difference between the district’s foundation allowance for the immediately preceding state fiscal year and the minimum foundation allowance for the immediately preceding state fiscal year) divided by the difference between the basic foundation allowance for the current state fiscal year and the minimum foundation allowance for the immediately preceding state fiscal year.] However, the foundation allowance for a district that had less than the basic foundation allowance for the immediately preceding state fiscal year shall not exceed the basic foundation allowance for the current state fiscal year.

(b) Except as otherwise provided in this subsection, for a district that in the immediately preceding state fiscal year had a foundation allowance in an amount equal to the amount of the basic foundation allowance for the immediately preceding state fiscal year, the district shall receive a foundation allowance for ~~2016-2017~~ **2017-2018** in an amount equal to the basic foundation allowance for ~~2016-2017~~ **2017-2018**.

(c) For a district that had a foundation allowance for the immediately preceding state fiscal year that was greater than the basic foundation allowance for the immediately preceding state fiscal year, the district’s foundation allowance is an amount equal to the sum of the district’s foundation allowance for the immediately preceding state fiscal year plus the lesser of the increase in

the basic foundation allowance for the current state fiscal year, as compared to the immediately preceding state fiscal year, or the product of the district's foundation allowance for the immediately preceding state fiscal year times the percentage increase in the United States consumer price index in the calendar year ending in the immediately preceding fiscal year as reported by the May revenue estimating conference conducted under section 367b of the management and budget act, 1984 PA 431, MCL 18.1367b.

(d) For a district that has a foundation allowance that is not a whole dollar amount, the district's foundation allowance shall be rounded up to the nearest whole dollar.

(E) FOR A DISTRICT THAT RECEIVED A FOUNDATION ALLOWANCE SUPPLEMENTAL PAYMENT CALCULATED UNDER SECTION 20M AND PAID UNDER SECTION 22B FOR 2016-2017, THE DISTRICT'S 2016-2017 FOUNDATION ALLOWANCE IS CONSIDERED TO HAVE BEEN AN AMOUNT EQUAL TO THE SUM OF THE DISTRICT'S ACTUAL 2016-2017 FOUNDATION ALLOWANCE AS OTHERWISE CALCULATED UNDER THIS SECTION PLUS THE LESSER OF THE PER PUPIL AMOUNT OF THE DISTRICT'S SUPPLEMENTAL PAYMENT FOR 2016-2017 AS CALCULATED UNDER SECTION 20M OR THE PRODUCT OF THE DISTRICT'S FOUNDATION ALLOWANCE FOR THE IMMEDIATELY PRECEDING STATE FISCAL YEAR TIMES THE PERCENTAGE INCREASE IN THE UNITED STATES CONSUMER PRICE INDEX IN THE CALENDAR YEAR ENDING IN THE IMMEDIATELY PRECEDING FISCAL YEAR AS REPORTED BY THE MAY REVENUE ESTIMATING CONFERENCE CONDUCTED UNDER SECTION 367B OF THE MANAGEMENT AND BUDGET ACT, 1984 PA 431, MCL 18.1367B.

(4) Except as otherwise provided in this subsection, beginning in 2014-2015, the state portion of a district's foundation allowance is an amount equal to the district's foundation allowance or the basic foundation allowance for the current state fiscal year, whichever is less, minus the local portion of the district's foundation allowance. For a district described in subsection (3)(c), beginning in 2014-2015, the state portion of the district's foundation allowance is an amount equal to \$6,962.00 plus the difference between the district's foundation allowance for the current state fiscal year and the district's foundation allowance for 1998-99, minus the local portion of the district's foundation allowance. For a district that has a millage reduction required under section 31 of article IX of the state constitution of 1963, the state portion of the district's foundation allowance shall be calculated as if that reduction did not occur. For a receiving district, if school operating taxes continue to be levied on behalf of a dissolved district that has been attached in whole or in part to the receiving district to satisfy debt obligations of the dissolved district under section 12 of the revised school code, MCL 380.12, the taxable value per membership pupil of property in the receiving district used for the purposes of this subsection does not include the taxable value of property within the geographic area of the dissolved district. For a community district, if school operating taxes continue to be levied by a qualifying school district under section 12b of the revised school code, MCL 380.12b, with the same geographic area as the community district, the taxable value per membership pupil of property in the community district to be used for the purposes of this subsection does not include the taxable value of property within the geographic area of the community district.

(5) The allocation calculated under this section for a pupil shall be based on the foundation allowance of the pupil's district of residence. For a pupil enrolled pursuant to section 105 or 105c in a district other than the pupil's district of residence, the allocation calculated under this section shall be based on the lesser of the foundation allowance of the pupil's district of residence or the foundation allowance of the educating district. For a pupil in membership in a K-5, K-6, or K-8 district who is enrolled in another district in a grade not offered by the pupil's district of residence, the allocation calculated under this section shall be based on the foundation allowance of the educating district if the educating district's foundation allowance is greater than the foundation allowance of the pupil's district of residence. The calculation under this subsection shall take into account a district's per-pupil allocation under section 20m.

(6) Except as otherwise provided in this subsection, for pupils in membership, other than special education pupils, in a public school academy, the allocation calculated under this section is an amount per membership pupil other than special education pupils in the public school academy equal to the foundation allowance of the district in which the public school academy is located or the state maximum public school academy allocation, whichever is less. ~~For~~ **EXCEPT AS OTHERWISE PROVIDED IN THIS SUBSECTION, FOR** pupils in membership, other than special education pupils, in a public school academy that is a cyber school and is authorized by a school district, the allocation calculated under this section is an amount per membership pupil other than special education pupils in the public school academy equal to the foundation allowance of the district that authorized the public school academy or the state maximum public school academy allocation, whichever is less. However, a public school academy that had an allocation under this subsection before 2009-2010 that was equal to the sum of the local school operating revenue per membership pupil other than special education pupils for the district in which the public school academy is located and the state portion of that district's foundation allowance shall not have that allocation reduced as a result of the 2010 amendment to this subsection. Notwithstanding section 101, for a public school academy that begins operations after the pupil membership count day, the amount per membership pupil calculated under this subsection shall be adjusted by multiplying that amount per membership pupil by the number of hours of pupil instruction provided by the public school academy after it begins operations, as determined by the department, divided by the minimum number of hours of pupil instruction required under section 101(3). The result of this calculation shall not exceed the amount per membership pupil otherwise calculated under this subsection.

~~(7) Except as otherwise provided in this subsection, for pupils attending an achievement school and in membership in the education achievement system, other than special education pupils, the allocation calculated under this section is an amount per membership pupil other than special education pupils equal to the foundation allowance of the district in which the achievement school is located, not to exceed the basic foundation allowance. Notwithstanding section 101, for an achievement school that begins operation after the pupil membership count day, the amount per membership pupil calculated under this subsection shall be adjusted by multiplying that amount per membership pupil by the number of hours of pupil instruction provided by the achievement school after it begins operations, as determined by the department, divided by the minimum number of hours of pupil instruction required under section 101(3). The result of this calculation shall not exceed the amount per membership pupil otherwise calculated under this subsection. For the purposes of this subsection, if a public school is transferred from a district to the state school reform/redesign district or the achievement authority under section 1280c of the revised school code, MCL 380.1280c, that public school is considered to be an achievement school within the education achievement system and not a school that is part of a district, and a pupil attending that public school is considered to be in membership in the education achievement system and not in membership in the district that operated the school before the transfer.~~

~~(7) (8)~~ Except as otherwise provided in this subsection, for pupils in membership, other than special education pupils, in a community district, the allocation calculated under this section is an amount per membership pupil other than special education pupils in the community district equal to the foundation allowance of the qualifying school district, as described in section 12b of the revised school code, MCL 380.12b, that is located within the same geographic area as the community district.

~~(8) (9)~~ Subject to subsection (4), for a district that is formed or reconfigured after June 1, 2002 by consolidation of 2 or more districts or by annexation, the resulting district's foundation allowance under this section beginning after the effective date of the consolidation or annexation shall be the lesser of the sum of the average of the foundation allowances of each of the original or affected districts, calculated as provided in this section, weighted as to the percentage of pupils in total membership in the resulting district who reside in the geographic area of each of the original or affected districts plus \$100.00 or the highest foundation allowance among the original or affected districts. This subsection does not apply to a receiving district unless there is a subsequent consolidation or annexation that affects the district. The calculation under this subsection shall take into account a district's per-pupil allocation under section 20m.

~~(9) (10)~~ Each fraction used in making calculations under this section shall be rounded to the fourth decimal place and the dollar amount of an increase in the basic foundation allowance shall be rounded to the nearest whole dollar.

~~(10) (11)~~ State payments related to payment of the foundation allowance for a special education pupil are not calculated under this section but are instead calculated under section 51a.

~~(11) (12)~~ To assist the legislature in determining the basic foundation allowance for the subsequent state fiscal year, each revenue estimating conference conducted under section 367b of the management and budget act, 1984 PA 431, MCL 18.1367b, shall calculate a pupil membership factor, a revenue adjustment factor, and an index as follows:

(a) The pupil membership factor shall be computed by dividing the estimated membership in the school year ending in the current state fiscal year, excluding intermediate district membership, by the estimated membership for the school year ending in the subsequent state fiscal year, excluding intermediate district membership. If a consensus membership factor is not determined at the revenue estimating conference, the principals of the revenue estimating conference shall report their estimates to the house and senate subcommittees responsible for school aid appropriations not later than 7 days after the conclusion of the revenue conference.

(b) The revenue adjustment factor shall be computed by dividing the sum of the estimated total state school aid fund revenue for the subsequent state fiscal year plus the estimated total state school aid fund revenue for the current state fiscal year, adjusted for any change in the rate or base of a tax the proceeds of which are deposited in that fund and excluding money transferred into that fund from the countercyclical budget and economic stabilization fund under the management and budget act, 1984 PA 431, MCL 18.1101 to 18.1594, by the sum of the estimated total school aid fund revenue for the current state fiscal year plus the estimated total state school aid fund revenue for the immediately preceding state fiscal year, adjusted for any change in the rate or base of a tax the proceeds of which are deposited in that fund. If a consensus revenue factor is not determined at the revenue estimating conference, the principals of the revenue estimating conference shall report their estimates to the house and senate subcommittees responsible for school aid appropriations not later than 7 days after the conclusion of the revenue conference.

(c) The index shall be calculated by multiplying the pupil membership factor by the revenue adjustment factor. If a consensus index is not determined at the revenue estimating conference, the principals of the revenue estimating conference shall report their estimates to the house and senate subcommittees responsible for school aid appropriations not later than 7 days after the conclusion of the revenue conference.

~~(12) (13)~~ Payments to districts, ~~AND~~ public school academies, ~~or the education achievement system~~ shall not be made under this section. Rather, the calculations under this section shall be used to determine the amount of state payments under section 22b.

~~(13) (14)~~ If an amendment to section 2 of article VIII of the state constitution of 1963 allowing state aid to some or all nonpublic schools is approved by the voters of this state, each foundation allowance or per-pupil payment calculation under this section may be reduced.

(h) “Local school operating revenue” means school operating taxes levied under section 1211 of the revised school code, MCL 380.1211. For a receiving district, if school operating taxes are to be levied on behalf of a dissolved district that has been attached in whole or in part to the receiving district to satisfy debt obligations of the dissolved district under section 12 of the revised school code, MCL 380.12, local school operating revenue does not include school operating taxes levied within the geographic area of the dissolved district.

(i) “Local school operating revenue per membership pupil” means a district’s local school operating revenue divided by the district’s membership excluding special education pupils.

(j) “Maximum public school academy allocation”, except as otherwise provided in this subdivision, means the maximum per-pupil allocation as calculated by adding the highest per-pupil allocation among all public school academies for the immediately preceding state fiscal year plus the difference between twice the amount of the difference between the basic foundation allowance for the current state fiscal year and the basic foundation allowance for the immediately preceding state fiscal year and [(the amount of the difference between the basic foundation allowance for the current state fiscal year and the basic foundation allowance for the immediately preceding state fiscal year minus \$20.00) times (the difference between the highest per-pupil allocation among all public school academies for the immediately preceding state fiscal year and the minimum foundation allowance for the immediately preceding state fiscal year) divided by the difference between the basic foundation allowance for the current state fiscal year and the minimum foundation allowance for the immediately preceding state fiscal year.] For the purposes of this subdivision, for ~~2016-2017~~, **2017-2018**, the maximum public school academy allocation is ~~\$7,511.00~~: **\$7,631.00**.

Sec. 20f. (1) From the funds appropriated in section 11, there is allocated an amount not to exceed \$18,000,000.00 for ~~2016-2017~~ **2017-2018** for payments to eligible districts under this section.

(2) The funding under this subsection is from the allocation under subsection (1). (5) The amount allocated to each eligible district under subsection (4) is an amount per membership pupil equal to \$25.00 minus the sum of the following:

(6) If the allocation under subsection (1) is insufficient to fully fund payments under subsections (3) and (5) as otherwise calculated under this section, the department shall prorate payments under this section on an equal per-pupil basis.

Sec. 20g. (1) From the money appropriated under section 11, there is allocated an amount not to exceed \$1,200,000.00 ~~each fiscal year for 2015-2016 and for 2016-2017~~ for grants to eligible districts that first received payments under this section in 2013-2014 for transition costs related to the enrollment of pupils who were previously enrolled in a district that was dissolved under section 12 of the revised school code, MCL 380.12, allocated as provided under subsection (3). (3) The amount allocated to each eligible district under this section is an amount equal to the product of the number of membership pupils enrolled in the eligible district who were previously enrolled in the dissolved school district in the school

year immediately preceding the dissolution, or who reside in the geographic area of the dissolved school district and are entering kindergarten, times 10.0% of the lesser of the foundation allowance of the eligible district as calculated under section 20 or the basic foundation allowance under section 20(1).

(4) It is the intent of the legislature that an amount not to exceed \$660,000.00 be lapsed from the \$2,500,000.00 that was available for a qualifying intermediate district under this section as it was in effect for the 2013-2014 fiscal year. In addition to the money allocated under subsection (1), from the funds appropriated in section 11, there is allocated for 2016-2017 an amount not to exceed \$660,000.00 to a qualifying intermediate district for paying outstanding debt of a dissolved school district. For purposes of this subsection, an intermediate district is a qualifying intermediate district if it is required to perform the functions and satisfy the responsibilities of a dissolved school district under section 12(3) of the revised school code, MCL 380.12, if the authorization for that dissolved school district to levy mills for school operating purposes under section 1211 of the revised school code, MCL 380.1211, was not renewed after the school district was dissolved, and if the intermediate district is located in a county with a population of less than 250,000.

(2) The per-pupil allocation to each district under this section shall be the difference between the dollar amount of the adjustment from the ~~immediately preceding 2015-2016~~ state fiscal year to the current state fiscal year in the basic foundation allowance minus the dollar amount of the adjustment from the ~~immediately preceding 2015-2016~~ fiscal year to the current state fiscal year in a qualifying district’s foundation allowance.

(3) If a district’s local revenue per pupil does not exceed the sum of its foundation allowance under section 20 plus the per-pupil allocation under subsection (2), the total payment to the district calculated under this section shall be the product of the per-pupil allocation under subsection (2) multiplied by the district’s membership excluding special education pupils. If a district’s local revenue per pupil exceeds the foundation allowance under section 20 but does not exceed the sum of the foundation allowance under section 20 plus the per-pupil allocation under subsection (2), the total payment to the district calculated under this section shall be the product of the difference between the sum of the foundation allowance under section 20 plus the per-pupil allocation under subsection (2) minus the local revenue per pupil multiplied by the district’s membership excluding special education pupils. If a district’s local revenue per pupil exceeds the sum of the foundation allowance under section 20 plus the per-pupil allocation under subsection (2), there is no payment calculated under this section for the district.

Sec. 22a. (1) From the appropriation in section 11, there is allocated ~~an amount not to exceed \$5,260,000,000.00 for 2015-2016 and an amount not to exceed \$5,205,000,000.00~~ **\$5,207,000,000.00** for 2016-2017 **AND THERE IS ALLOCATED AN AMOUNT NOT TO EXCEED \$5,181,800,000.00 FOR 2017-2018** for payments to districts and qualifying public school academies to guarantee each district and qualifying public school academy an amount equal to its 1994-95 total state and local per pupil revenue for school operating purposes under section 11 of article IX of the state constitution of 1963. Pursuant to section 11 of article IX of the state constitution of 1963, this guarantee does not apply to a district in a year in which the district levies a millage rate for school district operating purposes less than it levied in 1994. However, subsection (2) applies to calculating the payments under this section. Funds allocated under this section that are not expended in the state fiscal year for which they were allocated, as determined by the department, may be used to supplement the allocations under sections 22b and 51c in order to fully fund those calculated allocations for the same fiscal year.

(2) To ensure that a district receives an amount equal to the district's 1994-95 total state and local per pupil revenue for school operating purposes, there is allocated to each district a state portion of the district's 1994-95 foundation allowance in an amount calculated as follows:

(a) Except as otherwise provided in this subsection, the state portion of a district's 1994-95 foundation allowance is an amount equal to the district's 1994-95 foundation allowance or \$6,500.00, whichever is less, minus the difference between the sum of the product of the taxable value per membership pupil of all property in the district that is nonexempt property times the district's certified mills and, for a district with certified mills exceeding 12, the product of the taxable value per membership pupil of property in the district that is commercial personal property times the certified mills minus 12 mills and the quotient of the ad valorem property tax revenue of the district captured under tax increment financing acts divided by the district's membership. For a district that has a millage reduction required under section 31 of article IX of the state constitution of 1963, the state portion of the district's foundation allowance shall be calculated as if that reduction did not occur. For a receiving district, if school operating taxes are to be levied on behalf of a dissolved district that has been attached in whole or in part to the receiving district to satisfy debt obligations of the dissolved district under section 12 of the revised school code, MCL 380.12, taxable value per membership pupil of all property in the receiving district that is nonexempt property and taxable value per membership pupil of property in the receiving district that is commercial personal property do not include property within the geographic area of the dissolved district; ad valorem property tax revenue of the receiving district captured under tax increment financing acts does not include ad valorem property tax revenue captured within the geographic boundaries of the dissolved district under tax increment financing acts; and certified mills do not include the certified mills of the dissolved district. **FOR A COMMUNITY DISTRICT, THE ALLOCATION AS OTHERWISE CALCULATED UNDER THIS SECTION SHALL BE REDUCED BY AN AMOUNT EQUAL TO THE AMOUNT OF LOCAL SCHOOL OPERATING TAX REVENUE THAT WOULD OTHERWISE BE DUE TO THE COMMUNITY DISTRICT IF NOT FOR THE OPERATION OF SECTION 386 OF THE REVISED SCHOOL CODE, MCL 380.386, AND THE AMOUNT OF THIS REDUCTION SHALL BE OFFSET BY THE INCREASE IN FUNDING UNDER SECTION 22B(2).**

(b) For a district that had a 1994-95 foundation allowance greater than \$6,500.00, the state payment under this subsection shall be the sum of the amount calculated under subdivision (a) plus the amount calculated under this subdivision. The amount calculated under this subdivision shall be equal to the difference between the district's 1994-95 foundation allowance minus \$6,500.00 and the current year hold harmless school operating taxes per pupil. If the result of the calculation under subdivision (a) is negative, the negative amount shall be an offset against any state payment calculated under this subdivision. If the result of a calculation under this subdivision is negative, there shall not be a state payment or a deduction under this subdivision. The taxable values per membership pupil used in the calculations under this subdivision are as adjusted by ad valorem property tax revenue captured under tax increment financing acts divided by the district's membership. For a receiving district, if school operating taxes are to be levied on behalf of a dissolved district that has been attached in whole or in part to the receiving district to satisfy debt obligations of the dissolved district under section 12 of the revised school code, MCL 380.12, ad valorem property tax revenue captured under tax increment financing acts do not include ad valorem property tax revenue captured within the geographic boundaries of the dissolved district under tax increment financing acts.

(3) Beginning in 2003-2004, for pupils in membership in a qualifying public school academy, there is allocated under this section to the authorizing body that is the fiscal agent for the qualifying public school academy for forwarding to the qualifying public school academy an amount equal to the 1994-95 per pupil payment to the qualifying public school academy under section 20.

(4) A district or qualifying public school academy may use funds allocated under this section in conjunction with any federal funds for which the district or qualifying public school academy otherwise would be eligible.

(5) Except as otherwise provided in this subsection, for a district that is formed or reconfigured after June 1, 2000 by consolidation of 2 or more districts or by annexation, the resulting district's 1994-95 foundation allowance under this section beginning after the effective date of the consolidation or annexation shall be the average of the 1994-95 foundation allowances of each of the original or affected districts, calculated as provided in this section, weighted as to the percentage of pupils in total membership in the resulting district in the state fiscal year in which the consolidation takes place who reside in the

geographic area of each of the original districts. If an affected district's 1994-95 foundation allowance is less than the 1994-95 basic foundation allowance, the amount of that district's 1994-95 foundation allowance shall be considered for the purpose of calculations under this subsection to be equal to the amount of the 1994-95 basic foundation allowance. (b) Except as otherwise provided in this subdivision, ensure that at least 90% of the children participating in an eligible great start readiness program for whom the intermediate district is receiving funds under this section are children who live with families with a household income that is equal to or less than 250% of the federal poverty level. If the intermediate district determines that all eligible children are being served and that there are no children on the waiting list ~~under section 39(1)(d)~~ who live with families with a household income that is equal to or less than 250% of the federal poverty level, the intermediate district may then enroll children who live with families with a household income that is equal to or less than 300% of the federal

poverty level. The enrollment process shall consider income and risk factors, such that children determined with higher need are enrolled before children with lesser need. For purposes of this subdivision, all age-eligible children served in foster care or who are experiencing homelessness or who have individualized education plans recommending placement in an inclusive preschool setting shall be considered to live with families with household income equal to or less than 250% of the federal poverty level regardless of actual family income and shall be prioritized for enrollment within the lowest quintile.

(c) Ensure that the applicant only uses qualified personnel for this program, as follows:

(i) Teachers possessing proper training. A lead teacher must have a valid teaching certificate with an early childhood (ZA or ZS) endorsement or a bachelor's or higher degree in child development or early childhood education with specialization in preschool teaching. However, if an applicant demonstrates to the department that it is unable to fully comply with this subparagraph after making reasonable efforts to comply, teachers who have significant but incomplete training in early childhood education or child development may be used if the applicant provides to the department, and the department approves, a plan for each teacher to come into compliance with the standards in this subparagraph. A teacher's compliance plan must be completed within 2 years of the date of employment. Progress toward completion of the compliance plan shall consist of at least 2 courses per calendar year.

(ii) Paraprofessionals possessing proper training in early childhood education, including an associate's degree in early childhood education or child development or the equivalent, or a child development associate (CDA) credential. However, if an applicant demonstrates to the department that it is unable to fully comply with this subparagraph after making reasonable efforts to comply, the applicant may use paraprofessionals who have completed at least 1 course that earns college credit in early childhood education or child development if the applicant provides to the department, and the department approves, a plan for each paraprofessional to come into compliance with the standards in this subparagraph. A paraprofessional's compliance plan must be completed within 2 years of the date of employment. Progress toward completion of the compliance plan shall consist of at least 2 courses or 60 clock hours of training per calendar year.

(d) Include a program budget that contains only those costs that are not reimbursed or reimbursable by federal funding, that are clearly and directly attributable to the great start readiness program, and that would not be incurred if the program were not being offered. Eligible costs include transportation costs. The program budget shall indicate the extent to which these funds will supplement other federal, state, local, or private funds. Funds received under this section shall not be used to supplant any federal funds received by the applicant to serve children eligible for a federally funded preschool program that has the capacity to serve those children.

(6) For a grant recipient that enrolls pupils in a school-day program funded under this section, each child enrolled in the school-day program shall be counted as described in section 39 for purposes of determining the amount of the grant award.

(7) For a grant recipient that enrolls pupils in a ~~GSRP/head start~~ **GSRP/HEAD START** blended program, the grant recipient shall ensure that all ~~head start~~ **HEAD START** and GSRP policies and regulations are applied to the blended slots, with adherence to the highest standard from either program, to the extent allowable under federal law.

(8) An intermediate district or consortium of intermediate districts receiving a grant under this section shall designate an early childhood coordinator, and may provide services directly or may contract with 1 or more districts or public or private for-profit or nonprofit providers that meet all requirements of subsections (4) and (5).

(9) An intermediate district or consortium of intermediate districts may retain for administrative services provided by the intermediate district or consortium of intermediate districts an amount not to exceed 4% of the grant amount. Expenses incurred by subrecipients engaged by the intermediate district or consortium of intermediate districts for directly running portions of the program shall be considered program costs or a contracted program fee for service.

(10) An intermediate district or consortium of intermediate districts may expend not more than 2% of the total grant amount for outreach, recruiting, and public awareness of the program.

(11) Each grant recipient shall enroll children identified under subsection (5)(b) according to how far the child's household income is below 250% of the federal poverty level by ranking each applicant child's household income from lowest to highest and dividing the applicant children into quintiles based on how far the child's household income is below 250% of the federal poverty level, and then enrolling children in the quintile with the lowest household income before enrolling children in the quintile with the next lowest household income until slots are completely filled. If the grant recipient determines that all eligible children are being served and that there are no children on the waiting list ~~under section 39(1)(d)~~ who live with families with a household income that is equal to or less than 250% of the federal poverty level, the grant recipient may then enroll children who live with families with a household income that is equal to or less than 300% of the federal poverty level. The enrollment process shall consider income and risk factors, such that children determined with higher need are enrolled before children with lesser need. For purposes of this subdivision, all age-eligible children served in foster care or who are experiencing homelessness or who have individualized education plans recommending placement in an inclusive preschool setting shall be considered to live with families with household income equal to or less than 250% of the federal poverty level regardless of actual family income and shall be prioritized for enrollment within the lowest quintile.

(12) An intermediate district or consortium of intermediate districts receiving a grant under this section shall allow parents of eligible children who are residents of the intermediate district or within the consortium to choose a program operated by or contracted with another intermediate district or consortium of intermediate districts and shall enter into a written agreement regarding payment, in a manner prescribed by the department.

The applicant shall maintain a waiting list of identified unserved eligible children who would be served when openings are available.~~

(2) After notification of funding allocations, an applicant receiving funds under section 32d shall also submit an implementation plan for approval, in a form and manner prescribed by the department, by a date specified by the department, that details how the applicant complies with the program components established by the department pursuant to section 32d.

(3) ~~The number of prekindergarten children construed to be in need of special readiness assistance under section 32d shall be calculated for each applicant in the following manner: 1/2 of the percentage of the applicant's pupils in grades 1 to 5 in all districts served by the applicant who are eligible for free lunch, as determined using the district's pupil membership count as of the pupil membership count day in the school year prior to the fiscal year for which the calculation is made, under the Richard B. Russell national school lunch act, 42 USC 1751 to 1769i, shall be multiplied by the average kindergarten enrollment of the districts served by the applicant on the pupil membership count day of the 2 immediately preceding fiscal years. Each child construed to be in need constitutes 1 slot.~~

(3) (4) The initial allocation for each fiscal year to each eligible applicant under section 32d shall be determined by multiplying the number of slots determined by the formula under subsection (3) or the number of slots the applicant indicates it will be able to fill under subsection (1)(c), whichever is less, by \$3,625.00 and shall be distributed among applicants in decreasing order of concentration of eligible children as determined by the formula under subsection (3). If the number of slots an applicant indicates it will be able to fill under subsection (1)(c) includes children able to be served in a school-day program, then the number of slots for a school-day program shall be doubled for the purposes of making this calculation. A district may contract

with a head-start agency to serve children enrolled in head-start with a school-day program by blending head-start funds with a part-day great start readiness program allocation. All head-start and great start readiness program policies and regulations apply to the blended program. **THE LESSER OF THE FOLLOWING:**

(A) THE SUM OF THE NUMBER OF CHILDREN SERVED IN A SCHOOL-DAY PROGRAM IN THE PRECEDING SCHOOL YEAR MULTIPLIED BY \$7,250.00 AND THE NUMBER OF CHILDREN SERVED IN A GSRP/HEAD START BLENDED PROGRAM OR A PART-DAY PROGRAM IN THE PRECEDING SCHOOL YEAR MULTIPLIED BY \$3,625.00.

(B) THE SUM OF THE NUMBER OF CHILDREN THE APPLICANT HAS THE CAPACITY TO SERVE IN 2017-2018 IN A SCHOOL-DAY PROGRAM MULTIPLIED BY \$7,250.00 AND THE NUMBER OF CHILDREN SERVED IN A GSRP/HEAD START BLENDED PROGRAM OR A PART-DAY PROGRAM THE APPLICANT HAS THE CAPACITY TO SERVE IN 2017-2018 MULTIPLIED BY \$3,625.00.

~~(5) If funds allocated for eligible applicants under section 32d remain after the initial allocation under subsection (4), the allocation under this subsection shall be distributed to each eligible applicant under section 32d in decreasing order of concentration of eligible children as determined by the formula under subsection (3). The allocation shall be determined by multiplying the number of slots in each district within the applicant's service area filled in the immediately preceding fiscal year or the number of slots the applicant indicates it will be able to fill under subsection (1)(c), whichever is less, minus the number of slots for which the applicant received funding in subsection (4) by \$3,625.00.~~

~~(4) (6) If funds allocated for eligible applicants under section 32d remain after the allocations under subsections (4) and (5), remaining funds shall be distributed to each eligible applicant under section 32d in decreasing order of concentration of eligible children as determined by the formula under subsection (3). If the number of slots the applicant indicates it will be able to fill under subsection (1)(c) exceeds the number of slots for which funds have been received under subsections (4) and (5), the allocation under this subsection shall be determined by multiplying the number of slots the applicant indicates it will be able to fill under subsection (1)(c) less the number of slots for which funds have been received under subsections (4) and (5) by \$3,625.00 until the funds allocated for eligible applicants in section 32d are distributed.~~ **SUBSECTION (3), THE DEPARTMENT SHALL DISTRIBUTE THE REMAINING FUNDS TO EACH INTERMEDIATE DISTRICT OR CONSORTIUM OF INTERMEDIATE DISTRICTS THAT SERVES LESS THAN THE STATE PERCENTAGE BENCHMARK DETERMINED UNDER SUBSECTION (5). THESE REMAINING FUNDS SHALL BE DISTRIBUTED TO EACH ELIGIBLE APPLICANT BASED UPON EACH APPLICANT'S PROPORTIONATE SHARE OF THE REMAINING UNSERVED CHILDREN NECESSARY TO MEET THE STATEWIDE PERCENTAGE BENCHMARK IN INTERMEDIATE DISTRICTS OR CONSORTIA OF INTERMEDIATE DISTRICTS SERVING LESS THAN THE STATE PERCENTAGE BENCHMARK. WHEN ALL APPLICANTS HAVE BEEN GIVEN THE OPPORTUNITY TO REACH THE STATEWIDE PERCENTAGE BENCHMARK, THE STATEWIDE PERCENTAGE BENCHMARK MAY BE RESET, AS DETERMINED BY THE DEPARTMENT, UNTIL GREATER EQUITY OF OPPORTUNITY TO SERVE ELIGIBLE CHILDREN ACROSS ALL INTERMEDIATE SCHOOL DISTRICTS HAS BEEN ACHIEVED.**

(5) FOR THE PURPOSES OF SUBSECTION (4), FOR THE 2017-2018 PROGRAM YEAR, THE DEPARTMENT SHALL CALCULATE A PERCENTAGE OF CHILDREN SERVED BY EACH INTERMEDIATE DISTRICT OR CONSORTIUM OF INTERMEDIATE DISTRICTS BY DIVIDING THE NUMBER OF CHILDREN SERVED IN THE IMMEDIATELY PRECEDING YEAR BY THAT INTERMEDIATE DISTRICT OR CONSORTIUM BY THE TOTAL NUMBER OF CHILDREN WITHIN THE INTERMEDIATE DISTRICT OR CONSORTIUM OF INTERMEDIATE DISTRICTS WHO MEET THE CRITERIA OF SECTION 32D AS DETERMINED BY THE DEPARTMENT UTILIZING THE MOST RECENT POPULATION DATA AVAILABLE FROM THE AMERICAN COMMUNITY SURVEY CONDUCTED BY THE UNITED STATES CENSUS BUREAU. THE DEPARTMENT SHALL COMPARE THE RESULTING PERCENTAGE OF ELIGIBLE CHILDREN SERVED TO A STATEWIDE PERCENTAGE BENCHMARK TO DETERMINE IF THE INTERMEDIATE DISTRICT OR CONSORTIUM IS ELIGIBLE FOR ADDITIONAL FUNDS UNDER SUBSECTION (4). FOR 2017-2018, THE STATEWIDE PERCENTAGE BENCHMARK IS 60%.

~~(6) (7) If, taking into account the total amount to be allocated to the applicant as calculated under this section, an applicant determines that it is able to include additional eligible children in the great start readiness program without additional funds under section 32d, the applicant may include additional eligible children but shall not receive additional funding under section 32d for those children.~~

(7) THE DEPARTMENT SHALL REVIEW THE PROGRAM COMPONENTS UNDER SECTION 32D AND UNDER THIS SECTION AT LEAST BIENNIALY. THE DEPARTMENT ALSO SHALL CONVENE A COMMITTEE OF INTERNAL AND EXTERNAL STAKEHOLDERS AT LEAST ONCE EVERY 5 YEARS TO ENSURE THAT THE FUNDING STRUCTURE UNDER THIS SECTION REFLECTS CURRENT SYSTEM NEEDS UNDER SECTION 32D.

(8) AS USED IN THIS SECTION, "SCHOOL-DAY PROGRAM", "GSRP/HEAD START BLENDED PROGRAM", AND "PART-DAY PROGRAM" MEAN THOSE TERMS AS DEFINED IN SECTION 32D.

Reimbursement shall be on a per-pupil basis and shall be based on the number of pupils of limited English-speaking ability in membership on the pupil membership count day.~~

~~Funds allocated under this section shall be used solely for instruction in speaking, reading, writing, or comprehension of English. A pupil shall not be counted under this section or instructed in a program under this section for more than 3 years.~~ **FOR A DISTRICT OR PUBLIC SCHOOL ACADEMY TO BE ELIGIBLE TO RECEIVE FUNDING UNDER THIS SECTION, THE DISTRICT OR PUBLIC SCHOOL ACADEMY MUST ADMINISTER TO ENGLISH LANGUAGE LEARNERS THE ENGLISH LANGUAGE PROFICIENCY ASSESSMENT KNOWN AS THE “WIDA ACCESS FOR ENGLISH LANGUAGE LEARNERS” OR THE “WIDA ALTERNATE ACCESS”. FROM THE APPROPRIATION IN SECTION 11, THERE IS ALLOCATED AN AMOUNT NOT TO EXCEED \$6,000,000.00 FOR 2017-2018 FOR PAYMENTS TO ELIGIBLE DISTRICTS AND ELIGIBLE PUBLIC SCHOOL ACADEMIES FOR SERVICES FOR ENGLISH LANGUAGE LEARNERS WHO HAVE BEEN ADMINISTERED THE WIDA ACCESS FOR ENGLISH LANGUAGE LEARNERS.**

(2) FUNDING ALLOCATED UNDER THIS SECTION SHALL BE DISTRIBUTED TO ELIGIBLE DISTRICTS AND ELIGIBLE PUBLIC SCHOOL ACADEMIES BASED ON THE NUMBER OF FULL-TIME EQUIVALENT ENGLISH LANGUAGE LEARNERS AS FOLLOWS:

(A) \$620.00 PER FULL-TIME EQUIVALENT ENGLISH LANGUAGE LEARNER WHO HAS BEEN ASSESSED UNDER THE WIDA ACCESS FOR ENGLISH LANGUAGE LEARNERS OR THE WIDA ALTERNATE ACCESS WITH A WIDA ACCESS OR WIDA ALTERNATE ACCESS COMPOSITE SCORE BETWEEN 1.0 AND 1.9, OR LESS, AS APPLICABLE TO EACH ASSESSMENT.

(B) \$410.00 PER FULL-TIME EQUIVALENT ENGLISH LANGUAGE LEARNER WHO HAS BEEN ASSESSED UNDER THE WIDA ACCESS FOR ENGLISH LANGUAGE LEARNERS OR THE WIDA ALTERNATE ACCESS WITH A WIDA ACCESS OR WIDA ALTERNATE ACCESS COMPOSITE SCORE BETWEEN 2.0 AND 2.9, OR LESS, AS APPLICABLE TO EACH ASSESSMENT.

(4) EACH DISTRICT OR PUBLIC SCHOOL ACADEMY RECEIVING FUNDS UNDER THIS SECTION SHALL SUBMIT TO THE DEPARTMENT BY JULY 15 OF EACH FISCAL YEAR A REPORT, NOT TO EXCEED 10 PAGES, ON THE USAGE BY THE DISTRICT OR PUBLIC SCHOOL ACADEMY OF FUNDS UNDER THIS SECTION, IN A FORM AND MANNER DETERMINED BY THE DEPARTMENT, WHICH SHALL INCLUDE A BRIEF DESCRIPTION OF EACH PROGRAM CONDUCTED OR SERVICES PERFORMED BY THE DISTRICT OR PUBLIC SCHOOL ACADEMY USING FUNDS UNDER THIS SECTION AND THE AMOUNT OF FUNDS UNDER THIS SECTION ALLOCATED TO EACH OF THOSE PROGRAMS OR SERVICES. IF A DISTRICT OR PUBLIC SCHOOL ACADEMY DOES NOT COMPLY WITH THIS SECTION, THE DEPARTMENT SHALL WITHHOLD AN AMOUNT EQUAL TO THE AUGUST PAYMENT DUE UNDER THIS SECTION UNTIL THE DISTRICT OR PUBLIC SCHOOL ACADEMY COMPLIES WITH THIS SUBSECTION. IF THE DISTRICT OR PUBLIC SCHOOL ACADEMY DOES NOT COMPLY WITH THIS SECTION BY THE END OF THE STATE FISCAL YEAR, THE WITHHELD FUNDS SHALL BE FORFEITED TO THE SCHOOL AID FUND.

(5) IN ORDER TO RECEIVE FUNDS UNDER THIS SECTION, A DISTRICT OR PUBLIC SCHOOL ACADEMY SHALL ALLOW ACCESS FOR THE DEPARTMENT OR THE DEPARTMENT’S DESIGNEE TO AUDIT ALL RECORDS RELATED TO THE PROGRAM FOR WHICH IT RECEIVES THOSE FUNDS. THE DISTRICT OR PUBLIC SCHOOL ACADEMY SHALL REIMBURSE THIS STATE FOR ALL DISALLOWANCES FOUND IN THE AUDIT.

(6) BEGINNING JULY 1, 2020, AND EVERY 3 YEARS THEREAFTER, THE DEPARTMENT SHALL REVIEW THE PER-PUPIL DISTRIBUTION UNDER SUBSECTION (2), TO ENSURE THAT FUNDING LEVELS ARE APPROPRIATE AND MAKE RECOMMENDATIONS FOR ADJUSTMENTS TO THE MEMBERS OF THE SENATE AND HOUSE SUBCOMMITTEES ON K-12 SCHOOL AID APPROPRIATIONS.

Sec. 51a. (1) From the appropriation in section 11, there is allocated ~~an amount not to exceed \$945,246,100.00 for 2015-2016 and an amount not to exceed \$973,046,100.00~~ **\$941,946,100.00 for 2016-2017 AND THERE IS ALLOCATED AN AMOUNT NOT TO EXCEED \$956,246,100.00 FOR 2017-2018** from state sources and all available federal funding under sections 611 to 619 of part B of the individuals with disabilities education act, 20 USC 1411 to 1419, estimated at \$370,000,000.00 each fiscal year for ~~2015-2016 and for 2016-2017~~ **AND FOR 2017-2018**, plus any carryover federal funds from previous year appropriations. **IN ADDITION, FROM THE GENERAL FUND APPROPRIATION IN SECTION 11, THERE IS ALLOCATED TO THE DEPARTMENT AN AMOUNT NOT TO EXCEED \$500,000.00 FOR 2017-2018 FOR THE PURPOSE OF SUBSECTION (16).** The allocations under this subsection are for the purpose of reimbursing districts and intermediate districts for special education programs, services, and special education personnel as prescribed in article 3 of the revised school code, MCL 380.1701 to 380.1766; net tuition payments made by intermediate districts to the Michigan schools for the deaf and blind; **SCHOOLS FOR THE DEAF AND BLIND**; and special education programs and services for pupils who are eligible for special education programs and services according to statute or rule. For meeting the

costs of special education programs and services not reimbursed under this article, a district or intermediate district may use money in general funds or special education funds, not otherwise restricted, or contributions from districts to intermediate districts, tuition payments, gifts and contributions from individuals or other entities, or federal funds that may be available for this purpose, as determined by the intermediate district plan prepared pursuant to article 3 of the revised school code, MCL 380.1701 to 380.1766. Notwithstanding section 17b, payments of federal funds to districts, intermediate districts, and other eligible entities under this section shall be paid on a schedule determined by the department.

(2) From the funds allocated under subsection (1), there is allocated the amount necessary, ~~estimated at \$263,500,000.00 for 2015-2016 and estimated at \$271,600,000.00~~ **\$260,700,000.00** for 2016-2017 **AND ESTIMATED AT \$264,200,000.00 FOR 2017-2018**, for payments toward reimbursing districts and intermediate districts for 28.6138% of total approved costs of special education, excluding costs reimbursed under section 53a, and 70.4165% of total approved costs of special education transportation. Allocations under this subsection shall be made as follows:

(a) The initial amount allocated to a district under this subsection toward fulfilling the specified percentages shall be calculated by multiplying the district's special education pupil membership, excluding pupils described in subsection (11), times the foundation allowance under section 20 of the pupil's district of residence plus the amount of the district's per-pupil allocation under section 20m, not to exceed the basic foundation allowance under section 20 for the current fiscal year, or, for a special education pupil in membership in a district that is a public school academy, times an amount equal to the amount per membership pupil calculated under section 20(6). ~~or, for a pupil described in this subsection who is counted in membership in the education achievement system, times an amount equal to the amount per membership pupil under section 20(7).~~ For an intermediate district, the amount allocated under this subdivision toward fulfilling the specified percentages shall be an amount per special education membership pupil, excluding pupils described in subsection (11), and shall be calculated in the same manner as for a district, using the foundation allowance under section 20 of the pupil's district of residence, not to exceed the basic foundation allowance under section 20 for the current fiscal year, and that district's per-pupil allocation under section 20m.

(b) After the allocations under subdivision (a), districts and intermediate districts for which the payments calculated under subdivision (a) do not fulfill the specified percentages shall be paid the amount necessary to achieve the specified percentages for the district or intermediate district.

(3) From the funds allocated under subsection (1), ~~there is allocated for 2015-2016 an amount not to exceed \$1,000,000.00 and there is allocated~~ **EACH FISCAL YEAR** for 2016-2017 **AND FOR 2017-2018** an amount not to exceed ~~\$1,100,000.00~~ **\$1,000,000.00** to make payments to districts and intermediate districts under this subsection. If the amount allocated to a district or intermediate district for a fiscal year under subsection (2)(b) is less than the sum of the amounts allocated to the district or intermediate district for 1996-97 under sections 52 and 58, there is allocated to the district or intermediate district for the fiscal year an amount equal to that difference, adjusted by applying the same proration factor that was used in the distribution of funds under section 52 in 1996-97 as adjusted to the district's or intermediate district's necessary costs of special education used in calculations for the fiscal year. This adjustment is to reflect reductions in special education program operations or services between 1996-97 and subsequent fiscal years. Adjustments for reductions in special education program operations or services shall be made in a manner determined by the department and shall include adjustments for program or service shifts.

(4) If the department determines that the sum of the amounts allocated for a fiscal year to a district or intermediate district under subsection (2)(a) and (b) is not sufficient to fulfill the specified percentages in subsection (2), then the shortfall shall be paid to the district or intermediate district during the fiscal year beginning on the October 1 following the determination and payments under subsection (3) shall be adjusted as necessary. If the department determines that the sum of the amounts allocated for a fiscal year to a district or intermediate district under subsection (2)(a) and (b) exceeds the sum of the amount necessary to fulfill the specified percentages in subsection (2), then the department shall deduct the amount of the excess from the district's or intermediate district's payments under this article for the fiscal year beginning on the October 1 following the determination and payments under subsection (3) shall be adjusted as necessary. However, if the amount allocated under subsection (2)(a) in itself exceeds the amount necessary to fulfill the specified percentages in subsection (2), there shall be no deduction under this subsection.

(5) State funds shall be allocated on a total approved cost basis. Federal funds shall be allocated under applicable federal requirements, except that an amount not to exceed \$3,500,000.00 may be allocated by the department each fiscal year ~~for 2015-2016 and for 2016-2017~~ **AND FOR 2017-2018** to districts, intermediate districts, or other eligible entities on a competitive grant basis for programs, equipment, and services that the department determines to be designed to benefit or improve special education on a statewide scale.

(6) From the amount allocated in subsection (1), there is allocated an amount not to exceed \$2,200,000.00 each fiscal year ~~for 2015-2016 and for 2016-2017~~ **AND FOR 2017-2018** to reimburse 100% of the net increase in necessary costs incurred by a district or intermediate district in implementing the revisions in the administrative rules for special education that became effective on July 1, 1987. As used in this subsection, "net increase in necessary costs" means the necessary additional costs incurred solely because of new or revised requirements in the administrative rules minus cost savings permitted in implementing the revised rules. Net increase in necessary costs shall be determined in a manner specified by the department.

(7) For purposes of sections 51a to 58, all of the following apply:

(a) "Total approved costs of special education" shall be determined in a manner specified by the department and may include indirect costs, but shall not exceed 115% of approved direct costs for section 52 and section 53a programs. The total approved

costs include salary and other compensation for all approved special education personnel for the program, including payments for social security and Medicare and public school employee retirement system contributions. The total approved costs do not include salaries or other compensation paid to administrative personnel who are not special education personnel as defined in section 6 of the revised school code, MCL 380.6. Costs reimbursed by federal funds, other than those federal funds included in the allocation made under this article, are not included. Special education approved personnel not utilized full time in the evaluation of students or in the delivery of special education programs, ancillary, and other related services shall be reimbursed under this section only for that portion of time actually spent providing these programs and services, with the exception of special education programs and services provided to youth placed in child caring institutions or juvenile detention programs approved by the department to provide an on-grounds education program.

(b) Beginning with the 2004-2005 fiscal year, a district or intermediate district that employed special education support services staff to provide special education support services in 2003-2004 or in a subsequent fiscal year and that in a fiscal year after 2003-2004 receives the same type of support services from another district or intermediate district shall report the cost of those support services for special education reimbursement purposes under this article. This subdivision does not prohibit the transfer of special education classroom teachers and special education classroom aides if the pupils counted in membership associated with those special education classroom teachers and special education classroom aides are transferred and counted in membership in the other district or intermediate district in conjunction with the transfer of those teachers and aides.

(c) If the department determines before bookclosing for a fiscal year that the amounts allocated for that fiscal year under subsections (2), (3), (6), and (11) and sections 53a, 54, and 56 will exceed expenditures for that fiscal year under subsections (2), (3), (6), and (11) and sections 53a, 54, and 56, then for a district or intermediate district whose reimbursement for that fiscal year would otherwise be affected by subdivision (b), subdivision (b) does not apply to the calculation of the reimbursement for that district or intermediate district and reimbursement for that district or intermediate district shall be calculated in the same manner as it was for 2003-2004. If the amount of the excess allocations under subsections (2), (3), (6), and (11) and sections 53a, 54, and 56 is not sufficient to fully fund the calculation of reimbursement to those districts and intermediate districts under this subdivision, then the calculations and resulting reimbursement under this subdivision shall be prorated on an equal percentage basis. Beginning in 2015-2016, the amount of reimbursement under this subdivision for a fiscal year shall not exceed \$2,000,000.00 for any district or intermediate district.

(d) Reimbursement for ancillary and other related services, as defined by R 340.1701c of the Michigan Administrative Code, shall not be provided when those services are covered by and available through private group health insurance carriers or federal reimbursed program sources unless the department and district or intermediate district agree otherwise and that agreement is approved by the state budget director. Expenses, other than the incidental expense of filing, shall not be borne by the parent. In addition, the filing of claims shall not delay the education of a pupil. A district or intermediate district shall be responsible for payment of a deductible amount and for an advance payment required until the time a claim is paid.

(e) Beginning with calculations for 2004-2005, if an intermediate district purchases a special education pupil transportation service from a constituent district that was previously purchased from a private entity; if the purchase from the constituent district is at a lower cost, adjusted for changes in fuel costs; and if the cost shift from the intermediate district to the constituent does not result in any net change in the revenue the constituent district receives from payments under sections 22b and 51c, then upon application by the intermediate district, the department shall direct the intermediate district to continue to report the cost associated with the specific identified special education pupil transportation service and shall adjust the costs reported by the constituent district to remove the cost associated with that specific service.

(8) A pupil who is enrolled in a full-time special education program conducted or administered by an intermediate district or a pupil who is enrolled in the Michigan schools for the deaf and blind shall not be included in the membership count of a district, but shall be counted in membership in the intermediate district of residence.

(9) Special education personnel transferred from 1 district to another to implement the revised school code shall be entitled to the rights, benefits, and tenure to which the person would otherwise be entitled had that person been employed by the receiving district originally.

(10) If a district or intermediate district uses money received under this section for a purpose other than the purpose or purposes for which the money is allocated, the department may require the district or intermediate district to refund the amount of money received. Money that is refunded shall be deposited in the state treasury to the credit of the state school aid fund.

(11) From the funds allocated in subsection (1), there is allocated the amount necessary, estimated at ~~\$3,800,000.00 for 2015-2016 and estimated at \$3,700,000.00~~ **\$3,500,000.00** for 2016-2017, **AND ESTIMATED AT \$3,600,000.00 FOR 2017-2018**, to pay the foundation allowances for pupils described in this subsection. The allocation to a district under this subsection shall be calculated by multiplying the number of pupils described in this subsection who are counted in membership in the district times the sum of the foundation allowance under section 20 of the pupil's district of residence plus the amount of the district's per-pupil allocation under section 20m, not to exceed the basic foundation allowance under section 20 for the current fiscal year, or, for a pupil described in this subsection who is counted in membership in a district that is a public school academy, times an amount equal to the amount per membership pupil under section 20(6) or, for a pupil described in this subsection who is counted in membership in the education achievement system, times an amount equal to the amount per membership pupil under section 20(7). The allocation to an intermediate district under this subsection shall be calculated in the same manner as for a district, using the foundation allowance under section 20 of the pupil's district of residence, not to exceed the basic foundation

allowance under section 20 for the current fiscal year, and that district's per-pupil allocation under section 20m. This subsection applies to all of the following pupils:

- (a) Pupils described in section 53a.
- (b) Pupils counted in membership in an intermediate district who are not special education pupils and are served by the intermediate district in a juvenile detention or child caring facility.
- (c) Pupils with an emotional impairment counted in membership by an intermediate district and provided educational services by the department of health and human services.

(12) If it is determined that funds allocated under subsection (2) or (11) or under section 51c will not be expended, funds up to the amount necessary and available may be used to supplement the allocations under subsection (2) or (11) or under section 51c in order to fully fund those allocations. After payments under subsections (2) and (11) and section 51c, the remaining expenditures from the allocation in subsection (1) shall be made in the following order:

- (a) 100% of the reimbursement required under section 53a.
- (b) 100% of the reimbursement required under subsection (6).
- (c) 100% of the payment required under section 54.
- (d) 100% of the payment required under subsection (3).

This subdivision does not apply to limited subsets of resident undergraduate students to be covered by health insurance for specific reasons other than general enrollment at the university.

(3) The state budget director shall report to the house and senate appropriations subcommittees on higher education and the house and senate fiscal agencies by September 30, ~~2016-2017~~, regarding any performance funding amounts that are not paid to a public university because it did not comply with 1 or more requirements under subsection (1) and any reappropriation of funds under subsection (2).

(b) Based on weighted undergraduate completions in critical skills areas, 11.1%.

(c) Based on research and development expenditures, for universities classified in Carnegie classifications as ~~doctoral/research universities, research universities (high research activity), or research universities (very high research activity)~~ **DOCTORAL UNIVERSITIES: MODERATE RESEARCH ACTIVITY, DOCTORAL UNIVERSITIES: HIGHER RESEARCH ACTIVITY, OR DOCTORAL UNIVERSITIES: HIGHEST RESEARCH ACTIVITY** only, 5.6%.

(5) For purposes of determining the score of a university under subsection (4)(d), each university is assigned 1 of the following scores:

(a) A university classified as in the top 20%, a score of 3.

Rep. Geiss, having reserved the right to explain her nay vote, made the following statement:

“Mr. Speaker and members of the House:

Today, I opposed both the Omnibus and School Aid Fund budgets as reported out of conference committee. While the Omnibus budget did include increases that were closer to the initial executive budget recommendations, the lack of increased funding for transportation, one of the biggest concerns to residents not only in my district, but state-wide. And while I was happy to see increased funding for Career Technical Education (CTE) Programs in public schools, especially since I am a strong advocate for increased and improved CTE programs, doing so at the expense of at-risk funding (which is not fully funded), at per-pupil funding for high school students (which is not fully funded and only half of the executive’s recommendations), or a lack of adequate transportation funding dollars—when transportation costs are essential not only to many CTE programs, but also dual enrollment programs with community colleges for high school students. Additionally, we should not be handing out additional public education dollars to private schools.”

The House agreed to the title of the bill.

Rep. Cochran, under Rule 31, made the following statement:

“Mr. Speaker and members of the House:

I did not vote on Roll Call No. 228 because of a possible conflict of interest.”

Rep. Geiss, having reserved the right to explain her protest against the passage of the bill, made the following statement:

“Mr. Speaker and members of the House:

Today I voted no on the legislation to extend a retirement income tax deduction to one class of retirees born after 1952 and retiring after 2013 for several reasons. First, according the House Fiscal Agency, the bill would reduce revenues by \$2.3 to \$2.6 million on an annual basis, which would impact both the General Fund and the School Aid Fund by 76.2% and 23.8% respectively. At a time when the state, our communities and our school districts are having to rely on fewer dollars and especially in light of the budgets that only moments ago the legislature adopted that does not provide adequate funding. Second, considering that a previous legislature created a pension tax, failing to see the unintended consequences on individuals then, and now wants to ‘fix’ the problem by balancing it on the backs of school districts and students and only for one particular, singled out class of retirees, this is not the way to take remedy an originally ill-conceived plan to tax pensions in the first place. We cannot financially pit our retirees against our students and need to find other ways, more financially sound ways to ensure that retirement is sound for our seniors (present and future) without, harming our school districts.”

Rep. Rabhi, having reserved the right to explain his protest against the passage of the bill, made the following statement: “While this bill does help a certain group of retirees who are not covered by social security, it continues to exclude a number of other retirees if they retired after a certain date. This unequal treatment of retirees based solely on what date they retired is unacceptable. I do believe that we should give our retired public servants this tax exemption on their pensions since they are not eligible for Social Security, however ALL retirees in this category should be eligible not just some.”

Rep. Howrylak, having reserved the right to explain his protest against the passage of the bill, made the following statement:

“Mr. Speaker and members of the House:

I am voting in opposition to this bill because it provides a special carve-out for a very small group of taxpayers. Ideally, we should address the issue of exemptions, deductions and the taxability of income for retirees and seniors in a more comprehensive manner.”
