

# HOUSE BILL NO. 6421

September 27, 2022, Introduced by Reps. Roth, Borton and Markkanen and referred to the Committee on Natural Resources and Outdoor Recreation.

A bill to amend 1994 PA 451, entitled  
"Natural resources and environmental protection act,"  
by amending section 21105 (MCL 324.21105).

**THE PEOPLE OF THE STATE OF MICHIGAN ENACT:**

**1**           Sec. 21105. **(1)** The department shall collect and evaluate the  
**2** information obtained through the registration of underground  
**3** storage tanks required by section 21102. Not later than September  
**4** 30, 1987, the department shall provide to the legislature a report

1 ~~containing~~ **that contains** a compilation of the underground storage  
2 tank registration data and an assessment of the actual and  
3 potential environmental hazard posed by the tanks.

4 (2) Beginning July 1, 2023, the department shall  
5 electronically receive, compile, and store by means of electronic  
6 compliance management software the following documents and  
7 information:

8 (a) Registration, forms, and other information required to be  
9 submitted to the department under section 21102.

10 (b) Notices, inspection and test reports, and other  
11 documentary information required to be submitted to the department  
12 under this part and the rules promulgated under this part.

13 (3) The compliance management software used under subsection  
14 (2) must have capabilities and specifications that include, but are  
15 not limited to, all of the following:

16 (a) Are web-based and accessible from web-enabled electronic  
17 devices, including mobile devices.

18 (b) Display the required form or task being addressed.

19 (c) Display fields for user and facility identification  
20 information, including the use of a global positioning or other  
21 locator system.

22 (d) Display inspection checklist items that link to  
23 corresponding compliance codes or regulations.

24 (e) Have a user response interface for inputting and  
25 processing data, including inspection test results.

26 (f) Flag deficiencies for required follow-up.

27 (g) Have an embedded digital camera.

28 (h) Are searchable and facilitate retrieval of all documents  
29 and information stored 24 hours a day.
