Rep. Carol Glanville, from the 84th District, offered the following invocation:

“It is an honor to give today’s invocation. My life has taken me down many paths. Over the course of the journey that brought me here today, I’ve had the opportunity to experience many faith traditions. I’ve found that all faith traditions share common basic tenets of mutual respect, dignity for all, and care for the common good. Tenets that serve us well in the work we do here in this Chamber. It is with that in mind that I offer today’s invocation with an ecumenical spirit.

I invite you all to take a deep breath with me and center yourself as we gather here today to conduct the business of the people. And take a moment to reflect on the great responsibility that we have been entrusted with as elected representatives.

As we approach our work, let us invoke reason, wisdom, clarity, courage, and above all else, compassion in our decision-making. Let us open our hearts and minds to truly hear, understand, and accept the lived experiences of others. Striving to be just and equitable in our actions, seeking the common good above all else.

Let us engage in constructive dialogue and seek common ground as we tackle the challenges that face our state. And as we work amongst ourselves, with stakeholder groups, and individual constituents, may we approach others with equanimity, respect, and openness.

And finally, let us be grateful for the trust that has been placed in us. May we use this privilege to serve with humility and dedication, always mindful of the greater good.

Amen.”

House Resolution No. 90.

A resolution to declare April 2023 as Second Chance Month and April 23-29, 2023, as Reentry Week in the state of Michigan.

Whereas, Every human being is worthy of respect and dignity; and

Whereas, Redemption and rehabilitation are core to our beliefs and commitment to one another; and

Whereas, Second chances and opportunities to rebuild one's life after an arrest or incarceration are pivotal to not only individuals, but also to strong and healthy communities in Michigan; and

Whereas, More than 4 million Michiganders have some type of arrest or conviction history; and

Whereas, People with conviction histories face immense barriers when returning to our communities, such as challenges to obtaining safe and stable housing, finding employment, accessing education, reuniting with family, and navigating restrictions on their mobility; and

Whereas, The barriers faced by people with conviction histories are disproportionately felt by people of color and people experiencing poverty; and

Whereas, People who are formerly incarcerated are almost 10 times more likely than the general public to be unoused; and

Whereas, Removing barriers and increasing access to stable housing and meaningful employment is linked to decreased crime and improved public safety; and

Whereas, Michigan has made great strides with historic clean slate legislation to expunge Michiganders' records, breaking down barriers to housing, employment, and other essential needs; and

Whereas, Continued efforts must be made to ensure that all Michiganders have access to second chances and opportunities to build a healthy life for our collective communities to be whole and strong; now, therefore, be it

Resolved by the House of Representatives, That the members of this legislative body declare April 2023 as Second Chance Month and April 23-29, 2023, as Reentry Week in the state of Michigan. We recognize the importance of second chances and removing barriers for people with conviction histories.

The question being on the adoption of the resolution,

The resolution was adopted.

Reps. Fitzgerald, Hoskins, Churches, Stone, Grant, Rogers, Glanville, Farhat, Rheingans, Brabec, Morgan, Liberati, Outman, Kunse, Schuette, VanderWall, Aiyash, Breen, Tyrone Carter, Haadsma, Hill, Hope, McFall, Morse, Price, Weiss and Young offered the following resolution:

House Resolution No. 87.

A resolution to declare May 1-7, 2023, as Tardive Dyskinesia Awareness Week in the state of Michigan.

Whereas, Many people with serious mental health conditions, such as bipolar disorder, major depression, schizophrenia, and schizoaffective disorder, or gastrointestinal disorders, including gastroparesis, nausea, and vomiting, may be treated with medications that work as dopamine receptor blocking agents (DRBAs), including antipsychotics; and

Whereas, While ongoing treatment with these medications can be necessary, prolonged use can also lead to tardive dyskinesia (TD), an involuntary movement disorder that is characterized by uncontrollable, abnormal, and repetitive movements of the face, torso, and/or other body parts; and

Whereas, It is estimated that TD affects approximately 600,000 people in the U.S. Approximately 70% of people with TD have not been diagnosed, making it important to raise awareness about the symptoms and impact of TD because even mild symptoms of TD can have physical, social, and emotional consequences; and

Whereas, It is important that people taking DRBA medication to be monitored for TD. Regular screening for TD in these patients is recommended by the American Psychiatric Association (APA); and

Whereas, Clinical research has led to the availability of two treatments for adults with TD by the United States Food and Drug Administration; and

Whereas, The House of Representatives can raise awareness of TD in the public and medical community: now, therefore, be it

Resolved by the House of Representatives, That the members of this legislative body declare May 1-7, 2023, Tardive Dyskinesia Awareness Week in the state of Michigan. We encourage residents to become better informed about and aware of TD.

House Resolution No. 88.

A resolution to declare May 1, 2023, as International Workers Day in the state of Michigan.

Whereas, May 1 is globally recognized as International Workers' Day and is publicly celebrated in over 80 countries; and

Whereas, This international day of labor celebrates the contribution of workers, promotes workers' rights, and commemorates the historic struggles and gains made by workers and the labor movement; and

Whereas, May 1 commemorates the events of the Haymarket Affair and the associated general strike, which led to the establishment of an important day of remembrance and a long-lasting call to action; and

Whereas, International Workers' Day is the declaration of the labor movement's demands to improve the working conditions of workers, such as better pay, shorter working days, and safer working conditions; and

Whereas, We celebrate International Workers' Day as a yearly expression of these demands; and

Whereas, We honor the bitter struggles of the working class and the many sufferings of the past; and

Whereas, The United Auto Workers was formed in Detroit in 1935 during the Flint Sit-Down Strike, putting Michigan at the forefront of modern labor movement as America struggled with the distress of the Great Depression; and

Whereas, Michigan continues its legacy as a leader in the national labor movement and its efforts bring economic justice and social justice to our state and nation; and

Whereas, Recognition of the integrity of Michigan's workforce and its achievements on the behalf of the economic growth of our state; and

Whereas, The Michigan House of Representatives wishes to respect and highlight the contributions of Michigan's workforce to the State and all of society; and

Whereas, The Michigan House of Representatives renews our efforts to improve working conditions, including workplace safety and health protections, better standards and enforcement, and fair and just compensation; now, therefore, be it

Resolved by the House of Representatives, That the members of this legislative body declare May 1, 2023, as International Workers' Day in the state of Michigan.

The question being on the adoption of the resolution,
The resolution was adopted.

Reps. Morse, Pohutsky, Weiss, Rogers, Conlin, Martus, McKinney, MacDonell, Rheingans, Skaggs, Fitzgerald, Farhat, O'Neal, Tyrone Carter, Stone, Haadsma, Neeley, Scott, Dievendorf, Puri, Hood, Byrnes, Hope, Hill, Paiz, Brabec, McFall, Mentzer, Churches, Tsernoglou, Snyder, Jaime Greene, Whitsett, Aiyash, Breen, Glanville, Hoskins, Price, Schuette, Wegela, Wilson and Young offered the following resolution:

House Resolution No. 89.

A resolution to declare April 2023 as Sexual Assault Awareness Month in the state of Michigan.

Whereas, Sexual Assault Awareness Month calls attention to the fact that sexual violence is widespread and impacts women, children, and men of all racial, cultural, and economic backgrounds; and

Whereas, The term sexual assault refers to sexual contact or behavior that occurs without explicit consent of the victim; and

Whereas, According to the National Sexual Violence Resource Center, one out of every five American women has been the victim of an attempted or completed rape in her lifetime and approximately 2.6 percent of American men have experienced an attempted or completed rape in their lifetime; and

Whereas, Child sexual abuse prevention must be a priority to confront the reality. From 2009-2013, child protective services agencies substantiated, or found strong evidence to indicate that, 63,000 children a year were victims of sexual abuse and a majority of child victims are ages 12-17. Of victims under the age of 18, 34 percent of victims of sexual assault and rape are under age 12; and

Whereas, Michigan State Police statistics indicate that there were 6,823 incidents of rape that were reported to law enforcement in 2019; and

Whereas, Sexual violence can deeply and enduringly impact survivors on psychological, emotional, and social levels. Ninety-four percent of women who are raped experience posttraumatic stress disorder (PTSD) symptoms during the two weeks following the rape and approximately 70 percent of rape or sexual assault victims experience moderate to severe distress, a larger percentage than for any other violent crime studied in the National Crime Victimization Survey by the Bureau of Justice Statistics. Access to informed and supportive services can greatly increase survivors' ability to heal from sexual assault; and

Whereas, Sexual violence is an intolerable violent crime with public health implications for every person in Michigan. Our state and individual communities must be committed to hold sexual assault perpetrators accountable for their heinous crimes; and

Whereas, When we actively increase education, awareness, and community involvement, we can help prevent sexual violence and create a safer environment for everyone. We must work together to educate our entire population about what can be done to prevent sexual assault, support survivors, and ensure that survivors are not re-victimized; now, therefore, be it

Resolved by the House of Representatives, That the members of this legislative body declare April 2023 as Sexual Assault Awareness Month in the state of Michigan. We strongly support the efforts of national, state, and local partners, and of every citizen to actively engage in public and private efforts to prevent sexual violence and will take appropriate action and support one another to create a safer environment for all.

The resolution was adopted.

House Resolution No. 91.

A resolution to declare April 28, 2023, as Arbor Day in the state of Michigan.

Whereas, In 1872, the first Arbor Day was established as a special day to be set aside for the planting of trees in the territory of Nebraska; and

Whereas, Michigan native J. Sterling Morton championed the first Arbor Day in Nebraska; and

Whereas, In 1885, the Michigan Legislature resolved there will be a special day dedicated to the importance of planting trees known as Arbor Day; and

Whereas, Arbor Day is now observed throughout the nation and the world; and

Whereas, Trees benefit society and the environment by reducing the erosion of our precious topsoil by wind and water, cutting heating and cooling costs, moderating the temperature, filtering the air, producing life-giving oxygen, and providing habitat for wildlife; and

Whereas, Trees are a renewable resource that provide paper, fuel, and wood for construction and other wood products; and

Whereas, Trees in our cities increase property values, enhance the economic vitality of business areas, and beautify our communities; and

Whereas, Trees, wherever they are planted, are a source of joy and renewal; now, therefore, be it

Resolved by the House of Representatives, That the members of this legislative body declare April 28, 2023, as Arbor Day in the state of Michigan.

The purpose of Work Share is to allow an employer to maintain operational productivity by reducing the work hours of employees during an economic decline in regular business activity instead of laying-off employees. Per Section 421.28I of the MES Act, the Unemployment Insurance Agency (UIA) shall submit to the Governor, the Secretary of the Senate, and the Clerk of the House of Representatives for referral to the Chair and Minority Vice-Chair of the appropriate committees an annual report regarding shared-work plans under Sections 28B to 28m. The report shall include the number of approved shared-work plans, the number of participating employers, the number of participating employees, the amount of compensation and aid to participating employees, and any other information the UIA determines is relevant to assess the impact of shared-work plans on the unemployment compensation fund. The first report shall be submitted on or before the first day of March following the first complete calendar year during which sections 28b to 28m are in effect, and subsequent reports shall be submitted on or before the first day of March of each subsequent year.

Senate Concurrent Resolution No. 8.

A concurrent resolution to urge the United States Congress to address the misclassification of public safety telecommunicators under the Standard Occupational Classification system and to require their categorization as a protective service occupation.

Whereas, Public safety telecommunicators are an integral part of the emergency response system. They play a crucial and life-saving role by answering and prioritizing calls for police, fire, and medical professionals, providing essential medical instructions to callers, and coordinating the dispatch of emergency personnel. Public safety telecommunicators possess a unique set of skills, including the abilities to manage high levels of stress, to communicate clearly and calmly in high-pressure, life-and-death situations, and to multitask effectively at an extreme level to facilitate efficient responses to emergencies and provide essential information to responders; and

Whereas, There are approximately 2,200 highly skilled public safety telecommunicators in Michigan serving a population of approximately 10 million. These public servants process an average of 6.4 million emergency calls and texts annually, demonstrating the critical nature of their work in ensuring the safety and security of our communities. Public safety telecommunicators are often the first point of contact between the public and emergency services during a crisis, and their ability to accurately assess and respond to emergency situations is essential in ensuring the safety and well-being of all involved; and

Whereas, The Standard Occupational Classification (SOC) system is part of the United States federal statistical system coordinated by the United States Office of Management and Budget. The SOC is used by federal agencies to classify workers and jobs into occupational categories for the purpose of collecting, calculating, analyzing, and disseminating data. Occupations in the SOC are classified based on the work performed and, in some cases, on the skills, education, or training needed to perform the work; and

Whereas, Public safety telecommunicators are not currently classified in a way that adequately reflects the crucial work and modern skills of these highly valued members of the first responder community. Public safety telecommunicators are currently classified as an office and administrative support occupation, alongside dispatchers for taxicabs, tow trucks, or trains, rather than a protective service occupation, which includes employees such as police officers, firefighters, lifeguards, crossing guards, and school bus monitors. Classifying public safety telecommunicators as a protective service occupation would correct an inaccurate representation in the SOC, recognize these professionals for the lifesaving work they perform, and reinforce efforts at the state level to properly classify, support, and train these vital employees; now, therefore, be it

Resolved by the Senate (the House of Representatives concurring), That we urge the United States Congress to address the misclassification of public safety telecommunicators as an office and administrative support occupation, rather than categorizing them with other first responders, to ensure that the scope of their work is properly valued and to underscore the importance of providing them with adequate resources to navigate their occupational hazards; and be it further

Resolved, That we urge the United States Congress to require the United States Office of Management and Budget to categorize public safety telecommunicators as a protective service occupation under the Standard Occupational Classification system; and be it further

Resolved, That copies of this resolution be transmitted to the Speaker of the United States House of Representatives, the President of the United States Senate, and the members of the Michigan congressional delegation.

The Senate has adopted the concurrent resolution.

Reps. Aiyash, Tyrone Carter, Haadsma, Hope, Morse, Price, Rheingans and Young were named co-sponsors of the concurrent resolution.

The concurrent resolution was referred to the Committee on Government Operations.
