Rep. Jerry Neyer, from the 92nd District, offered the following invocation:

“Lord Jesus, You said that You had come to serve, not to be served. You told Your friends, James and John, that they must not look for positions of importance but must ‘serve the rest!’ We thank You today for the opportunity to serve in this capitol building, representing our people at home. It is a privilege and honor to do so. In our work here, we pray that You will help us put our state and its people first in all that we do. Help us to enrich the lives of all citizens in our great state. May the work we do here always be for the greater good of our constituents. We ask for Your wisdom and Your grace as we begin our proceedings today.

Bless our efforts to build on what has been done here in the past. Help us to remember the past, to live in the present and to set an example for the future by our service here. May You walk with us and guide us, and may You bless all men and women who serve in so many ways making life safer and better for our citizens...firemen, policemen, government leaders, judges, lawyers, teachers, farmers, religious leaders and so many more. Bless all of us with wisdom...we ask this through Christ our Lord, AMEN!”

#### **House Resolution No. 124.**

A resolution to declare July 2023 as Cleft and Craniofacial Awareness Month in the state of Michigan.

Whereas, Cleft lip and cleft palate are birth defects that occur when a baby's lip or mouth do not form properly before birth. Together, these birth defects are commonly called "orofacial clefts" or "oral clefts" (OFCs). Affecting 1-2 per 1,000 newborns, together they are among the more common birth defects and the most common affecting the face; and

Whereas, Without proper medical intervention, the quality of life for these children are negatively impacted. Children with orofacial clefts frequently have problems with feeding and talking. They might also have frequent ear infections, hearing loss, and problems with their teeth. These children usually require one or more surgeries early in life, as well as special feeding techniques, orthodontic care and/or speech therapy; now, therefore, be it

Resolved by the House of Representatives, That the members of this legislative body declare July 2023 as Cleft and Craniofacial Awareness Month in the state of Michigan.

#### **House Resolution No. 125.**

A resolution to declare June 27, 2023, as Post-Traumatic Stress Disorder Awareness Day in the state of Michigan.

Whereas, On this day, we join with the family members, friends, and colleagues of veterans and other individuals who suffer from PTSD to recognize the impact it has on our communities; and

Whereas, The American Psychiatric Association defines PTSD as a psychiatric disorder that may occur in people who have experienced or witnessed a traumatic event, series of events or set of circumstances; and

Whereas, In 2020, it is estimated that thirteen million Americans had PTSD. On average, five out of every one hundred adults in the United States have PTSD in any given year; and

Whereas, Seven out of every one hundred veterans will have had PTSD at some point in their lives. Additionally, in 2020, 6,146 veterans took their lives in the United States. In Michigan, 178 veterans lost their lives to suicide, in part due to mental health challenges related to PTSD; and

Whereas, It is appropriate to recognize the integrity of Michigan's armed forces and their dedication to the defense of our nation and state. We must honor the memory of the courageous and dedicated Michigan veterans who have experienced trauma in the field, suffered from post-traumatic stress, and have taken their own lives; and

Whereas, We renew our effort to support our veterans, seek better mental healthcare, and strive to end the stigma surrounding mental health and trauma. We must rededicate ourselves to improving veterans' resources as well as resources for all those struggling with their mental health; now, therefore, be it

Resolved by the House of Representatives, That the members of this legislative body declare June 27, 2023, as Post-Traumatic Stress Disorder Awareness Day in the state of Michigan. Whereas, Aphasia is a disorder that results from damage to portions of the brain that are responsible for language. This disorder can affect a person's ability to understand, speak, read, write, and use numbers. However, it has no effect on a person's intelligence; and

Whereas, One of the biggest challenges for people affected by aphasia is the lack of awareness. Increasing awareness this month, and every month, can bring necessary recognition for people that are living with aphasia, or caring for a loved one affected by this disorder; now, therefore, be it
