EXECUTIVE ORDER**No. 2023-6****Department of Education****Department of Licensing and Regulatory Affairs****Department of Labor and Economic Opportunity****Department of Technology Management and Budget****Department of Treasury****Department of Agriculture and Rural Development****Department of Natural Resources****Michigan Department of Lifelong Education, Advancement, and Potential****Executive Reorganization**

Every Michigander deserves a path to prosperity. They deserve to explore, learn, grow, and develop the skills they need to thrive. That’s why I am focused on building a bright future for Michigan by making strategic decisions and investments now for the long-term.

For too long, Michigan has fallen behind other states and countries when it comes to student achievement and attainment, impacting the state’s workforce and economic growth. We know that today, more than ever, building a skilled workforce is not a matter of a single certificate, course, or credential. It’s a generational project that will require a shared vision, effective decision-making, and strategic resource allocation to ensure that each and every person has the best opportunity to thrive.

In other words—we must support lifelong education, achievement, and potential. Consolidating various programs from across state government into a single department will enhance our ability to create a path to prosperity for every Michigander and support the long-term economic health of our state with a coordinated strategy.

Establishing the Michigan Department of Lifelong Education, Advancement, and Potential, or MiLEAP, ensures all available resources, data, and dollars are aligned around a single vision—building an education system from preschool through postsecondary that can support our kids, families, and the economy of the future by ensuring anyone can make it in Michigan. MiLEAP will achieve this goal by establishing clear metrics, collaborating with cross-sector leaders at the local, regional, and state level, and developing a shared action plan for everyone to work toward.

The new department will partner with the Department of Education and the State Board of Education, complementing their existing long-term planning efforts. MiLEAP will also work with the recently launched Growing Michigan Together Council as it looks at ways to strengthen preschool to postsecondary learning while growing the state's economy and population.

With bold goals, a united vision, a shared action plan, the capacity to deliver, and clear metrics, MiLEAP can build a brighter future for Michigan from preschool to postsecondary to paycheck.

Section 1 of article 5 of the Michigan Constitution of 1963 vests the executive power of the State of Michigan in the governor.

Section 2 of article 5 of the Michigan Constitution of 1963 empowers the governor to make changes in the organization of the executive branch of state government or in the assignment of functions among its units that the governor considers necessary for efficient administration.

Acting pursuant to the Michigan Constitution of 1963 and Michigan law, I order the following:

1. Creation of the Michigan Department of Lifelong Education, Advancement, and Potential

- (a) The Michigan Department of Lifelong Education, Advancement, and Potential ("MiLEAP") is created as a principal department within the executive branch. MiLEAP will establish and implement a statewide vision for life-long education from preschool to postsecondary. Its responsibilities include expanding equitable access to quality, affordable programs and services and improving outcomes for all Michiganders in early learning and care and higher education. It is also charged with building partnerships beyond the classroom to improve student learning and coordinating among state departments and agencies to achieve the best outcomes for Michiganders.
- (b) MiLEAP will be led by a Director ("Director"), who will be appointed by the Governor. The Director will be a member of the Governor's cabinet.
- (c) Office of Early Childhood Education
 - (1) The Office of Early Childhood Education is created within MiLEAP. The Office of Early Childhood Education will lead statewide efforts to ensure that all young children meet their developmental milestones and enter kindergarten with the tools and ability to succeed in school. This includes overseeing programs and policies statewide related to early learning and care, family engagement and education, pre-kindergarten, and child care. The Office will collaborate with the Department of Health and Human Services and the Department of Education to coordinate services and supports for young children and families.
- (d) Office of Higher Education
 - (1) The Office of Higher Education is created within MiLEAP. The Office of Higher Education will lead statewide efforts to ensure that every Michigander has the skill certificate or degree they need to prosper, and employers can hire the talent they need to succeed. The Office will lead administration of state student financial aid to lower the cost of college and assist prospective students in making decisions about postsecondary education. In collaboration with elected and appointed governing boards of higher education, the boards of public community and junior colleges, the boards of private not-for-profit colleges and universities, statewide postsecondary education associations, and other key stakeholders, the Office of Higher Education will work to increase college enrollment, graduation, and attainment rates to put more Michiganders on a path to prosperity. The Office of Higher Education will collaborate with the Department of Labor and Economic Opportunity, the Department of Treasury, and the Michigan Economic Development Corporation to coordinate services and supports for workforce development.
- (e) Office of Education Partnerships
 - (1) The Office of Education Partnerships is created within MiLEAP. The Office of Education Partnerships will lead statewide efforts to build and sustain partnerships that enhance educational opportunities and outcomes throughout the state from preschool through postsecondary education. The Office will lead authentic stakeholder engagement to broaden the perspectives represented in decision-making, including by providing staffing and support to commissions appointed by the Governor. The Office will expand access to programs that extend learning beyond the classroom, including before school, after school, summer programming, and employer-partnerships. The Office of Education Partnerships will collaborate with other departments and entities, as needed, to achieve these goals, including the Department of Education, the Community Service Commission, and the Office of Foundation Liaison.

Communications from State Officers

The following communications from the Department of State Police were received and read:

June 30, 2023

I am pleased to present to the Michigan Legislature the 30th annual Asset Forfeiture Report. Michigan's asset forfeiture laws provide for the seizure of cash and property assets of drug traffickers and other criminal organizations when that property is obtained through illegal activity. The report this year is

submitted under the Uniform Forfeiture Act, Public Act (PA) 148 of 2015, and the conviction requirements of PA 7 and PA 9 of 2019.

PA 148 added reporting requirements and submission of a summary to the Michigan Department of State Police of the reporting agency’s activities regarding forfeiture of property under four sections of law: Public Health Code, MCL 333.7521-MCL 333.7533 (Controlled Substances); the Identity Theft Protection Act, MCL 445.79d; Revised Judicature Act of 1961, MCL 600.4701-600.4709 (Omnibus); and Revised Judicature Act of 1961, MCL 600.3801-600.3840 (Public Nuisance). Additionally, the type of information to be reported for each seizure and forfeiture of property was expanded to provide for greater transparency regarding the government seizure of private property.

Effective August 7, 2019, a criminal conviction became required before certain property seized under the Public Health Code can be forfeited to law enforcement.

This report covers the period from January 1, 2022, through December 31, 2022. This is the fifth report in which all reporting agencies submitted forfeiture data based upon the calendar year. Almost \$10 million in cash and assets amassed by drug traffickers was forfeited. Asset forfeiture funds were utilized to support law enforcement by providing resources for equipment, personnel, vehicles, training, and supplies. Assets seized pursuant to this program also allowed some agencies to contribute monies to non-profit organizations that assist in obtaining information from citizens for solving crimes.

I submit this report for your information and review

June 30, 2023

The 2022 Michigan Annual Drunk Driving Audit provides detailed information concerning drunk traffic fatalities and injuries, as well as arrest activities that are part of ongoing efforts to reduce drunk driving in our state. Alcohol and drug-related fatal crashes remain a significant traffic safety issue, with approximately 40.4 percent of the total fatal crashes involving alcohol and/or drugs.

The crash data displayed for each county are 2022 traffic crash statistics. The Michigan Department of State Police (MSP), Criminal Justice Information Center (CJIC), maintains the state’s central repository for all crash data collected in Michigan. The crash data is housed in the Traffic Crash Reporting System (TCRS) and the Michigan Annual Drunk Driving Audit is created using this data.

A reportable crash in Michigan is defined as: a motor vehicle that is in transport on the roadway that results in death, injury, or property damage of \$1,000 or more. In addition, a crash is reported for any snowmobile or off-road vehicle with damage of \$100 or more, whether on the roadway or off the roadway.

The Michigan Annual Drunk Driving Audit was compiled with information and data provided by the MSP, along with the Michigan Department of State (MDOS), and the Michigan Department of Transportation (MDOT). We appreciate the teamwork, assistance, and dedication of each of these departments in helping to make Michigan’s roads safe. We look forward to our continued partnership. Questions regarding Section I (Traffic Crash and Arrest Data) should be directed to the MSP, CJIC, Traffic Crash Reporting Unit (TCRU) at 517-241-1699. Questions regarding Section II (Conviction Disposition Data) should be directed to the MDOS at 517-322-1598.

As you review this report, please feel free to contact the TCRU at 517-241-1699 with any suggestions and ideas.
