health, safety, or general welfare of the residents of this state.

(d) Review and verify all necessary information to ensure the grant recipient is reasonably able to execute the grant agreement, perform its fiduciary duty, and comply with all applicable state and federal statutes. To be eligible to receive a grant, a recipient must be a unit of local government, public authority or other political instrumentality as authorized by law, institution of higher education, other state department, entity registered with the department of licensing and regulatory affairs or the department of attorney general that has been in existence for at least the 12 months preceding the effective date of this act, or other entity that can demonstrate, through state or federal tax filings or other state or federal government records, that it has been in existence for at least the 12 months preceding the effective date of this act. The department may deduct the cost of background checks and any other efforts performed as part of this verification from the amount of the designated grant award.

(e) Establish a standard timeline to review all documents submitted by grant recipients and provide a response within 45 business days stating whether submitted documents by a grant recipient are sufficient or in need of additional information.

(f) Make an initial disbursement of up to 50% of the grant to the grant recipient not later than 60 days after a grant agreement has been executed. Disbursements must be consistent with part II, chapter 10, section 200 of the Financial Management Guide.

(g) Disburse the funds remaining after the initial disbursement under subdivision (f) per the grant disbursement schedule in the executed grant agreement on a reimbursement basis after the grantee has provided sufficient documentation, as

determined by the department, to verify that expenditures were made in accordance with the project purpose.

(3) A sponsor of a grant described in subsection (1) must be a legislator or the department. A legislative sponsor must be identified through a letter submitted by that legislator's office to the department and state budget director containing the name of the grant recipient, the intended amount of the grant, a certification from that legislator that the grant is for a public purpose, and specific citation of the section and subsection of the public act that authorizes the grant, as applicable. If a legislative sponsor is not identified before December 13, 2024, the department shall do 1 of the following:

(a) Identify the department as the sponsor.

(b) Decline to execute the grant agreement and lapse the associated funds at the end of the fiscal year.

(4) An executed grant agreement under this section between the department and a grant recipient must include at least all of the following:

(a) All necessary identifying information for the grant recipient, including any tax and financial information for the department to administer funds under this section.

(b) A description of the project for which the grant funds will be expended, including tentative timelines and the estimated budget. The department shall not reimburse expenditures that are outside of the project purpose, as stated in the executed grant agreement, from appropriations in part 1. The grantee shall return to the treasury any interest in excess of $1,000.00 earned on the grant funds while unexpended and in possession of the grantee.

(c) Unless otherwise specified in department policy, a

requirement that funds appropriated for the grants described in subsection (1) may be used only for expenditures that occur on or after the effective date of this act.

(d) A requirement for reporting by the grant recipient to the department and the legislative sponsor that provides the status of the project and an accounting of all funds expended by the grant recipient, as determined by the department.

(e) A claw-back provision that allows the department of treasury to recoup or otherwise collect any funds that are declined, unspent, or otherwise misused.

(f) The signed legislative sponsorship letter required under subsection (3), incorporated into the grant agreement and included as an appendix or attachment.

(5) If appropriate to improve the administration or oversight of a grant described in subsection (1), the department may adopt a memorandum of understanding with another state department to perform the required duties under this section.

(6) A grant recipient shall respond to all reasonable information requests from the department related to grant expenditures and retain grant records for not less than 7 years, and the grant may be subject to monitoring, site visits, and audits as determined by the department. The grant agreement required under this section must include signed assurance by the chief executive officer or other executive officer of the grant recipient that the requirements of this subsection will be met.

(7) The grant recipient shall expend all funds awarded and complete all projects not later than September 30, 2029. If at that time any unexpended funds remain, the grant recipient shall return those funds to the state treasury. If a grant recipient does not

provide information sufficient to execute a grant agreement not later than June 1, 2025, the department shall return funds associated with the grant to the state treasury.

(8) Any funds that are granted to a state department are appropriated in that department for the purpose of the intended grant.

(9) The state budget director may, on a case-by-case basis, extend the deadline in subsection (7) on request by a grant recipient. The state budget director shall notify the chairs of the senate and house of representatives appropriations committees not later than 5 days after an extension is granted.

(10) Except as otherwise provided in subsection (11), beginning March 15 of the current fiscal year, the department shall post a report in a publicly accessible location on its website. The report must list the grant recipient, project purpose, and location of the project for each grant described in subsection (1), the status of funds allocated and disbursed under the grant agreement, and the legislative sponsor, if applicable. The department shall update the report and shall post an updated report not later than June 15 of the current fiscal year and again not later than September 15 of the current fiscal year. The department shall include in the report the most comprehensive information the department has available at the time of posting for grants awarded.

(11) If the state budget office determines that it is more efficient for the state budget office to compile all affected departments' information and post a report of the compiled information rather than the report required under subsection (10) being posted by individual departments, the state budget office may compile that information across all affected departments and post

the compiled report and any updates on the same time schedule as identified in subsection (10).

(12) As applicable, the legislative sponsor of a grant described in subsection (1) shall not sponsor a grant, or ask another legislator to sponsor a grant, if there is a conflict of interest related to the grant recipient.

(13) If the department reasonably determines that the funds allocated for an executed grant agreement under this section were misused or that use of the funds was misrepresented by the grant recipient, the department shall not award any additional funds under the executed grant agreement and shall refer the grant for review following internal audit protocols.

The department shall update the report and shall post an updated report not later than June 15 of the current fiscal year and again not later than September 15 of the current fiscal year. The department shall include in the report the most comprehensive information the department has available at the time of posting for grants awarded.

A legislative sponsor must be identified through a letter submitted by that legislator's office to the department and state budget director containing the name of the grant recipient, the intended amount of the grant, a certification from that legislator that the grant is for a public purpose, and specific citation of the section and subsection of the public act that authorizes the grant, as applicable. The grantee shall return to the treasury any interest in excess of $1,000.00 earned on the grant funds while unexpended and in possession of the grantee.

(c) Unless otherwise specified in department policy, a requirement that funds appropriated for the grants described in subsection (1) may be used only for expenditures that occur on or after the effective date of this act.

(d) A requirement for reporting by the grant recipient to the department and the legislative sponsor that provides the status of the project and an accounting of all funds expended by the grant recipient, as determined by the department.

(e) A claw-back provision that allows the department of treasury to recoup or otherwise collect any funds that are declined, unspent, or otherwise misused.

(f) The signed legislative sponsorship letter required under subsection (3), incorporated into the grant agreement and included as an appendix or attachment.

(5) If appropriate to improve the administration or oversight of a grant described in subsection (1), the department may adopt a

memorandum of understanding with another state department to perform the required duties under this section.

(6) A grant recipient shall respond to all reasonable information requests from the department related to grant expenditures and retain grant records for not less than 7 years, and the grant may be subject to monitoring, site visits, and audits as determined by the department. The grant agreement required under this section must include signed assurance by the chief executive officer or other executive officer of the grant recipient that the requirements of this subsection will be met.

(7) The grant recipient shall expend all funds awarded and complete all projects not later than September 30, 2029. If at that time any unexpended funds remain, the grant recipient shall return those funds to the state treasury. If a grant recipient does not provide information sufficient to execute a grant agreement not later than June 1, 2025, the department shall return funds associated with the grant to the state treasury.

Sec. 850. Deposits against state-sponsored group insurance, flexible spending accounts, and COBRA for the flexible spending account program must be made from assessments levied during the fiscal year in a manner prescribed by the civil service commission. Unspent employee contributions to the

flexible spending accounts may be used to offset administrative costs for the flexible spending account program, and any remaining balance of unspent employee contributions lapses to the general fund.

Sec. 853. From the funds appropriated in part 1, the Michigan civil service commission shall continue to work toward completing its review of current employee classifications and educational requirements necessary for employment. village, and township by multiplying the result under subdivision (d) by the adjusted unit type population for that city, village, or township.

(6) A yield equalization payment must be made to each city, village, and township in an amount that is sufficient to provide the guaranteed tax base for a local tax effort, but not to exceed 0.02. The payment must be determined as follows:

(a) The guaranteed tax base is the maximum combined state and local per capita taxable value that can be guaranteed in a state fiscal year to each city, village, and township for a local tax effort, not to exceed 0.02, if an amount equal to the amount described in subsection (3)(c) is distributed to cities, villages, and townships whose per capita taxable value is below the guaranteed tax base.

(b) The full yield equalization payment to each city, village, and township is the product of the amounts determined under subparagraphs (*i*) and (*ii*):

(*i*) An amount greater than zero that is equal to the difference between the guaranteed tax base determined in subdivision (a) and the per capita taxable value of the city, village, or township.

(7) For purposes of this section, any city, village, or township that completely merges with another city, village, or township must be treated as a single entity, so that when determining the eligible city, village, and township revenue sharing payment under section 952 of article 5 of 2023 PA 119 for the combined single entity, the city, village, and township revenue

sharing amount that each of the merging local units of government was eligible to receive under section 952 of article 5 of 2023 PA 119 is summed.

Sec. 954. (1) Cities, villages, and townships receiving a payment under section 952(2) and counties receiving a payment under section 955(2) shall receive 1/6 of their total payment on the last business day of October, December, February, April, June, and August. to the nearest dollar, regardless of whether any limitation or eligibility criteria under section 952 of article 5 of 2023 PA 119 was satisfied. A city, village, or township that has issued a municipal security under section 518 of the revised municipal finance act, 2001 PA 34, MCL 141.2518, is exempt from this requirement.

(4) If a county that receives a payment under section 955 is determined to have a retirement pension benefit system in underfunded status under section 5 of the protecting local government retirement and benefits act, 2017 PA 202, MCL 38.2805, the county must allocate to its pension unfunded liability an amount equal to 50% of the difference between its current year payment under section 955 and the amount the county would have been eligible to receive under section 955 of article 5 of 2023 PA 119, rounded to the nearest dollar, regardless of whether any limitation or eligibility criteria under section 955 of article 5 of 2023 PA 119 was satisfied. (3) From the remaining amount appropriated in part 1 for county revenue sharing after the distributions under subsection (2), a taxable value payment must be made to each county, determined as follows:

(b) Determine the statewide per capita taxable value by dividing the total taxable value of all counties by the total population of all counties.

(c) Determine the per capita taxable value ratio for each county by dividing the statewide per capita taxable value by the per capita taxable value for that county.

(e) Determine the total statewide adjusted taxable value population, which is the sum of all adjusted taxable value population for all counties.

(f) Determine the taxable value payment rate by dividing the amount to be distributed under this subsection by the total statewide adjusted taxable value population as determined under subdivision (e).

Sec. 993. An office of a county prosecutor is eligible for a grant if the office meets all of the following requirements by October 31:

(4) If the total amount appropriated does not support the full grant amounts under subsection (2)(b), then the amount awarded to each county prosecutor that meets all of the requirements of subsection (1) shall be reduced on an equal per capita rate to the amount received under subsection (2)(b) that fully expends all of the appropriation in part 1.

(5) The department shall not use any of the funds appropriated under this section for administration.

(6) Not later than August 1, the department shall submit a report to the standard report recipients that includes all of the following:

(a) A list of all of the offices of a county prosecutor that received a grant under this section.

The following is in compliance with section 451a of the management and budget act, 1984 PA 431, MCL 18.1451a:

STATE BUILDING AUTHORITY

Sec. 1100. (1) Subject to section 242 of the management and budget act, 1984 PA 431, MCL 18.1242, and on the approval of the state building authority, the department of treasury may expend from the general fund of this state during the fiscal year an amount necessary to meet the cash flow requirements of those state building authority projects solely for lease to a state agency identified in both part 1 and this section, and for which state building authority bonds or notes have not been issued, and for the sole acquisition by the state building authority of equipment and furnishings for lease to a state agency as permitted by 1964 PA 183, MCL 830.411 to 830.425, for which the issuance of bonds or notes is authorized by an appropriations PA that is effective for the immediately preceding fiscal year. Any general fund advances for which state building authority bonds have not been issued must bear an interest cost to the state building authority at a rate that is not greater than the rate earned by the state treasurer's common cash fund during the period in which the advances are outstanding and are repaid to the general fund of this state.

(2) On sale of bonds or notes for the projects identified in part 1 or for equipment as authorized by an appropriations PA and in this section, the state building authority shall credit the

The excess revenue received by the state building authority as reimbursement must be credited to the general fund to offset rent obligations associated with the retirement of bonds issued for the applicable facility. The auditor general shall annually identify and audit the facilities that are subject to this section. Costs associated with the administration of the audit must be charged against money received by the state building authority as reimbursement under this section.

(2) As used in this section, "revenue" includes state appropriations, facility opening money, other state aid, indirect cost reimbursement, and other revenue generated by the activities of the facility.

Sec. 1103. Each report must include all of the following:

(a) A list of all completed construction projects for which state building authority bonds have been sold, and which bonds are currently active.

(b) A list of all projects under construction for which sale of state building authority bonds is pending.

If the department is authorized under federal law or the law of this state to collect an overpayment owed to the department, beginning 60 days after the initial notification date of the overpayment amount, the department may assess a penalty of 1% per month. If an overpayment is caused by department error, a penalty may be assessed 6 months after the initial notification date of the overpayment amount. The department shall not collect penalty interest in an amount that exceeds the amount of the original overpayment. This state's share of any funds collected under this section must be deposited in the general fund of this state.

Sec. 230. Not later than March 1 of the current fiscal year, the department shall submit, to the standard report recipients, a report on the status of the implementation of any noninflationary, noncaseload, programmatic funding increases in the current fiscal year from the previous fiscal year. The report must confirm the implementation of already-implemented funding increases and provide

an explanation for any planned implementation of funding increases that have not yet occurred. For any planned implementation of funding increases that have not yet occurred, the report must include an expected implementation date and the reason for delayed implementation.

Sec. 231. (1) The department shall not expend the funds appropriated in part 1 to enter into any contract with a Medicaid managed care organization of MI Choice Waiver, MI Health Link, or behavioral health unless the Medicaid managed care organization agrees to do all of the following:

(a) Continue the direct care wage increase funded at $3.20 per hour and provide sufficient funding to increase the wages paid to direct care workers by $0.20 per hour more than the previous fiscal year for the services noted in the department's Medicaid provider letter L 21-76 under the Medicaid managed care organization's relevant program.

(b) Ensure, to the greatest extent possible, that the full amount of funds appropriated for direct care worker wages, except for costs incurred by the employer, including payroll taxes, is provided to direct care workers through maintained increased wages.

(c) Permit a direct care worker to elect, in writing or electronically, to not receive the wage increase provided in this section.

(2) Not later than March 1 of the current fiscal year, the department shall submit a report to the standard report recipients that includes the following information by program and provider type for the previous fiscal year:

Sec. 232. The department shall provide the approved spending plan for each line item receiving an appropriation in the current fiscal year to the senate and house of representatives appropriations subcommittees on the department budget and the senate and house fiscal agencies not later than 60 days after approval by the department or not later than January 15 of the current fiscal year, whichever is earlier. In all places that a line-item appropriation number is listed, a line-item appropriation name must be included. The spending plan must include the following information regarding planned expenditures for each category: allocation in the previous period, change in the allocation, and new allocation. The spending plan must include the following information regarding each revenue source for the line item: category of the fund source indicated by general fund/general purpose, state restricted, local, private, or federal. Figures included in the approved spending plan must not be assumed to constitute the actual final expenditures, as line items may be updated on an as-needed basis to reflect changes in projected expenditures and projected revenue. The department shall supplement the spending plan information by providing a list of all active contracts and grants in the department's contract system. For amounts listed in the other contracts category of each spending plan, the department shall include the name of the line item and the name of the fund source for each contract, grant, and amount

for the current fiscal year. For amounts listed in the all other costs category of each spending plan, the department shall provide a list detailing planned expenditures and amounts for the current fiscal year and include the name of the line item and the name of the fund source related to each expenditure and amount.

Sec. 234. The department shall receive and retain copies of all reports funded from appropriations in part 1. The department shall follow federal and state guidelines for short-term and long-term retention of records. The department may electronically retain copies of reports unless otherwise required by federal and state guidelines.

Sec. 235. (1) Funds appropriated in part 1 must not be used to restrict or impede a marginalized community's access to government resources, programs, or facilities.

(2) From the funds appropriated in part 1, local governments shall report any action or policy that attempts to restrict or interfere with the duties of the local health officer.

Sec. 239. For behavioral and physical health services provided through managed care or the fee-for-service program, the department shall require, for the nonfacility component of the reimbursement rate, at least the same reimbursement for that service, if that service is provided through telemedicine, as if the service involved face-to-face contact between the health care professional and the patient.

Sec. 240. To the extent possible, the department shall not expend appropriations under part 1 until all existing authorized work project funds available for the same purposes are exhausted.

Sec. 241. Not later than March 1 of the current fiscal year, the department shall submit, to the standard report recipients, a

report on total actual expenditures in the previous fiscal year for advertising and media outreach, including the purpose, amount, and fund source by program or appropriation line item.

Sec. 242. Not later than March 1 of the current fiscal year, the department shall submit a description of programs report to the standard report recipients. For each program, the report must include the appropriation unit; the line item name and number; the appropriation history; the program name; the program overview; a financing summary; and, where applicable, the program's legal basis, effectiveness, and outcomes.

Sec. 244. On a monthly basis, the department shall submit, to the standard report recipients, a report on any line-item appropriation for which the department estimates total annual expenditures would exceed the funds appropriated for the line-item appropriation by 5% or more. The department shall provide a detailed explanation for any relevant line-item appropriation exceedance and identify the corrective actions undertaken to mitigate line-item appropriation expenditures from exceeding the funds appropriated for the line-item appropriation by a greater amount. This section does not apply for line-item appropriations that are part of the May revenue estimating conference caseload and expenditure estimates.

Sec. 250. (1) For any grant program or project funded in part 1 intended for a single recipient organization or unit of local government, the grant program or project is for a public purpose and the department shall follow procurement statutes of this state, including any bidding requirements, unless the department can fully validate, through information detailed in this part or public supporting documents, both of the following:

(a) The specific organization or unit of local government that will receive or administer the funds.

(b) How the funds will be administered and expended.

(2) Notwithstanding any other conditions or requirements for direct appropriation grants, the department shall perform at least all of the following activities to administer the grants described in subsection (1):

(a) Develop a standard application process, grantee reporting requirements, and any other necessary documentation, including sponsorship information as specified under subsection (3).

(b) Establish a process to review, complete, and execute a grant agreement with a grant recipient. The department shall not execute a grant agreement unless all necessary documentation has been submitted and reviewed.

(c) Verify to the extent possible that a grant recipient will use funds for a public purpose that serves the economic prosperity, health, safety, or general welfare of the residents of this state.

(d) Review and verify all necessary information to ensure the grant recipient is reasonably able to execute the grant agreement, perform its fiduciary duty, and comply with all applicable state and federal statutes. To be eligible to receive a grant, a recipient must be a unit of local government, public authority or other political instrumentality as authorized by law, institution of higher education, other state department, entity registered with the department of licensing and regulatory affairs or the department of attorney general that has been in existence for at least the 12 months preceding the effective date of this act, or other entity that can demonstrate, through state or federal tax filings or other state or federal government records, that it has

been in existence for at least the 12 months preceding the effective date of this act. The department may deduct the cost of background checks and any other efforts performed as part of this verification from the amount of the designated grant award.

(e) Establish a standard timeline to review all documents submitted by grant recipients and provide a response within 45 business days stating whether submitted documents by a grant recipient are sufficient or in need of additional information.

(f) Make an initial disbursement of up to 50% of the grant to the grant recipient not later than 60 days after a grant agreement has been executed. Disbursements must be consistent with part II, chapter 10, section 200 of the Financial Management Guide.

(g) Disburse the funds remaining after the initial disbursement under subdivision (f) per the grant disbursement schedule in the executed grant agreement on a reimbursement basis after the grantee has provided sufficient documentation, as determined by the department, to verify that expenditures were made in accordance with the project purpose.

(3) A sponsor of a grant described in subsection (1) must be a legislator or the department. A legislative sponsor must be identified through a letter submitted by that legislator's office to the department and state budget director containing the name of the grant recipient, the intended amount of the grant, a certification from that legislator that the grant is for a public purpose, and specific citation of the section and subsection of the public act that authorizes the grant, as applicable. If a legislative sponsor is not identified before December 13, 2024, the department shall do 1 of the following:

(a) Identify the department as the sponsor.

(b) Decline to execute the grant agreement and lapse the associated funds at the end of the fiscal year.

(4) An executed grant agreement under this section between the department and a grant recipient must include at least all of the following:

(a) All necessary identifying information for the grant recipient, including any tax and financial information for the department to administer funds under this section.

(b) A description of the project for which the grant funds will be expended, including tentative timelines and the estimated budget. The department shall not reimburse expenditures that are outside of the project purpose, as stated in the executed grant agreement, from appropriations in part 1. The grantee shall return to the treasury any interest in excess of $1,000.00 earned on the grant funds while unexpended and in possession of the grantee.

(c) Unless otherwise specified in department policy, a requirement that funds appropriated for the grants described in subsection (1) may be used only for expenditures that occur on or after the effective date of this act.

(d) A requirement for reporting by the grant recipient to the department and the legislative sponsor that provides the status of the project and an accounting of all funds expended by the grant recipient, as determined by the department.

(e) A claw-back provision that allows the department of treasury to recoup or otherwise collect any funds that are declined, unspent, or otherwise misused.

(f) The signed legislative sponsorship letter required under subsection (3), incorporated into the grant agreement and included as an appendix or attachment.

(5) If appropriate to improve the administration or oversight of a grant described in subsection (1), the department may adopt a memorandum of understanding with another state department to perform the required duties under this section.

(6) A grant recipient shall respond to all reasonable information requests from the department related to grant expenditures and retain grant records for not less than 7 years, and the grant may be subject to monitoring, site visits, and audits as determined by the department. The grant agreement required under this section must include signed assurance by the chief executive officer or other executive officer of the grant recipient that the requirements of this subsection will be met.

(7) The grant recipient shall expend all funds awarded and complete all projects not later than September 30, 2029. If at that time any unexpended funds remain, the grant recipient shall return those funds to the state treasury. If a grant recipient does not provide information sufficient to execute a grant agreement not later than June 1, 2025, the department shall return funds associated with the grant to the state treasury.

(8) Any funds that are granted to a state department are appropriated in that department for the purpose of the intended grant.

(9) The state budget director may, on a case-by-case basis, extend the deadline in subsection (7) on request by a grant recipient. The state budget director shall notify the chairs of the senate and house of representatives appropriations committees not later than 5 days after an extension is granted.

(10) Except as otherwise provided in subsection (11), beginning March 15 of the current fiscal year, the department shall

post a report in a publicly accessible location on its website. The report must list the grant recipient, project purpose, and location of the project for each grant described in subsection (1), the status of funds allocated and disbursed under the grant agreement, and the legislative sponsor, if applicable. The department shall update the report and shall post an updated report not later than June 15 of the current fiscal year and again not later than September 15 of the current fiscal year. The department shall include in the report the most comprehensive information the department has available at the time of posting for grants awarded.

(11) If the state budget office determines that it is more efficient for the state budget office to compile all affected departments' information and post a report of the compiled information rather than the report required under subsection (10) being posted by individual departments, the state budget office may compile that information across all affected departments and post the compiled report and any updates on the same time schedule as identified in subsection (10).

(12) As applicable, the legislative sponsor of a grant described in subsection (1) shall not sponsor a grant, or ask another legislator to sponsor a grant, if there is a conflict of interest related to the grant recipient.

(13) If the department reasonably determines that the funds allocated for an executed grant agreement under this section were misused or that use of the funds was misrepresented by the grant recipient, the department shall not award any additional funds under the executed grant agreement and shall refer the grant for review following internal audit protocols.

Sec. 253. (1) The department shall ensure that each federally

recognized tribe is able to apply and compete for services, programs, grants, and contracts.

(2) For competitive grant programs described in this part, each federally recognized tribe is eligible to apply for grant funds made available to organizations exempt from federal income tax under section 501(c)(3) of the internal revenue code of 1986, 26 USC 501, and to local units of government.

Sec. 263. (1) Except as provided in this subsection, before submission of a waiver, state plan amendment, or similar proposal to CMS or another federal agency, the department shall notify the standard report recipients of the planned submission. This subsection does not apply to the submission of a waiver, state plan amendment, or similar proposal that does not propose a material change or is outside of the ordinary course of a waiver, state plan amendment, or similar proposal.

(2) On a semiannual basis, the department shall submit, to the standard report recipients, a report that summarizes the status of any new or ongoing discussions with CMS, the United States Department of Health and Human Services, or another federal agency regarding any potential or future waiver applications and the status of any submitted waivers that have not yet received federal approval. If there is not a reportable item at the time that a semiannual report is due, a report is not required.

Sec. 264. The department shall not take disciplinary action against an employee of the department for communicating with a member of the senate or house of representatives or a member's staff, unless the communication is prohibited by law and the department is exercising its authority as provided by law.

Sec. 270. The department shall advise the legislature of the

receipt of a notification from the attorney general's office of a legal action in which expenses had been recovered under section 106(6) of the social welfare act, 1939 PA 280, MCL 400.106. If applicable, not later than February 1 of the current fiscal year, the department shall submit, to the standard report recipients, a report that includes, but is not limited to, all of the following:

(a) The total amount recovered from the legal action.

(b) The program or service for which the money was originally expended.

(c) Details on the disposition of the funds recovered, such as the appropriation or revenue account in which the money was deposited.

(d) A description of the facts involved in the legal action.

The report must contain actual spending and revenue in the previous fiscal year, spending and revenue projections for the current fiscal year as enacted, and spending and revenue projections in the executive budget proposal for the immediately ensuing fiscal year for each individual line item for the department budget. The report must also include federal funds transferred to other departments. The capped federal funds include, but are not limited to, all of the following:

Sec. 275. (1) On a quarterly basis, the department, with the approval of the state budget director, is authorized to realign sources between other federal, TANF, and capped federal financing authorizations to maximize federal revenues. The realignment of financing must not produce any of the following:

(a) A gross increase or decrease in the department's total individual line item authorizations.

(b) A net increase or decrease in total federal revenues.

(c) A net increase in TANF authorization.

(2) On a quarterly basis, the department shall submit, to the standard report recipients, a report on the realignment of federal fund sources transacted to date in the current fiscal year under subsection (1), including the dates, line items, and amounts of the transactions. If, at the time a quarterly report is due, a transaction was not made under subsection (1), a report is not required.

(3) Not later than 30 days after the date on which year-end book closing is completed, the department shall submit, to the standard report recipients, a report on the realignment of federal fund sources that took place as part of the year-end closing process for the previous fiscal year.

Sec. 290. Any public advertisement for public assistance must inform the public of the welfare fraud hotline operated by the department.

Sec. 295. Not later than April 1 of the current fiscal year,

the department shall submit, to the standard report recipients, a report on funds appropriated for the healthy moms, healthy babies initiative. The report must include the budgeted amount, year-to-date expenditures, remaining balance of appropriations, and the percent of budget spent for each appropriation related to the initiative. The report must also include information on how the funds have assisted with meeting the goals and outcomes of the initiative.

Sec. 296. From the funds appropriated in part 1, the department, to the extent permissible under section 8 of 1964 PA 170, MCL 691.1408, is responsible for the necessary and reasonable attorney fees and costs incurred by private and independent legal counsel chosen by current and former classified and unclassified department employees in the defense of the employees in any state or federal lawsuit or investigation related to the water system in a city or community in which a declaration of emergency was issued because of drinking water contamination.

On a quarterly basis, the department shall report on the number of full-time equated positions in pay status by civil service classification, including a comparison by line item of the number of full-time equated positions authorized from funds appropriated in part 1 to the actual number of full-time equated positions employed by the department at the end of the reporting period. The report must be submitted to the senate and house of representatives appropriations committees and to the standard report recipients.

Sec. 298. (1) The state budget director shall take steps to ensure that all state fiscal recovery funds allocated to this state under the American rescue plan act of 2021, Public Law 117-2, are

expended by December 31, 2026, as required by law. The state budget director may reallocate appropriated funds for the purpose of fully utilizing state fiscal recovery funds that are in jeopardy of not meeting the expenditure deadline for reasons that may include, but are not limited to, completed projects coming in under budget or funds unable to be fully used by subrecipients. The state budget director shall reallocate any of the funds reallocated under this subsection to the programs or purposes specified in this section. Any funds reallocated are unappropriated and immediately reappropriated for the following purposes:

(a) To reclassify general fund/general purpose appropriations for payroll and covered benefits for eligible public health and safety employees at the department of corrections.

(2) All applicable guidance, implementation, and reporting provisions of Public Law 117-2 must be followed for state fiscal recovery funds reallocated and reappropriated under subsection (1).

(3) The state budget director shall notify the senate and house appropriations committees not later than 10 business days after making any reallocations under subsection (1). The notification must include the authorized program under which funds were originally appropriated, the amount of the reallocation, the program, or programs, or purpose, and the department to which the funds are being reallocated under subsection (1), and the amount reallocated to each program or purpose.

Private child placing agency staff must be provided an opportunity to complete the training in a virtual format at the staff's private child placing agency facility. If a private child placing agency prefers a hybrid training format that includes virtual and in-person instruction, the training must be available to the private child placing agency staff.

CHILD SUPPORT ENFORCEMENT

Sec. 401. (1) The appropriations in part 1 assume a total federal child support incentive payment of $26,500,000.00.

(2) From the federal money received for child support incentive payments, $12,000,000.00 must be retained by this state and expended for child support program expenses.

(4) If the child support incentive payment to this state from the federal government is greater than $26,500,000.00, then 100% of the amount in excess must be retained by this state and is appropriated until the total retained by this state reaches

$15,397,400.00.

(5) If the child support incentive payment to this state from the federal government is greater than the amount needed to satisfy subsections (1), (2), (3), and (4), the additional funds are subject to appropriation by the legislature.

(6) If the child support incentive payment to this state from the federal government is less than $26,500,000.00, then the state share and the county share must each be reduced by 50% of the shortfall.

Sec. 409. (1) If statewide retained child support collections exceed $38,300,000.00, 75% of the amount in excess of $38,300,000.00 is appropriated to legal support contracts. The excess appropriation may be distributed to eligible counties to supplement, but not supplant, county title IV-D funding.

(2) Each county whose retained child support collections in the current fiscal year exceed its fiscal year 2004-2005 retained child support collections, excluding tax offset and financial institution data match collections in both the current fiscal year and fiscal year 2004-2005, shall receive its proportional share of the 75% excess appropriation.

Sec. 410. (1) If title IV-D-related child support collections are escheated, the state budget director is authorized to adjust the sources of financing for the funds appropriated in part 1 for legal support contracts to reduce federal authorization by 66% of the escheated amount and increase general fund/general purpose authorization by the same amount. The adjustment is required to offset the loss of federal revenue due to the escheated amount being counted as title IV-D program income in accordance with 45 CFR 304.50.

(2) Not later than 30 days after an adjustment under subsection (1), the department shall notify the standard report recipients of the adjustment.

COMMUNITY SERVICES AND OUTREACH

Sec. 450. The funds must be equal to or exceed the amount that a provider would receive if the provider is paid a $19.00 per diem rate. Expected outcomes are increased shelter discharges to stable housing destinations, decreased recidivism rates for shelter clients, and a reduction in the average length of stay in emergency shelters.

(2) Not later than March 1 of the current fiscal year, the department shall submit, to the standard report recipients, a report on the total amount expended for the emergency shelter program in the prior 2 fiscal years, the total number of shelter nights provided, and the average length of stay in an emergency shelter.

From the funds appropriated in part 1 for homeless programs, the department is authorized to make allocations of TANF revenue only to the homeless shelters and human services agencies that report necessary data to the department to meet TANF eligibility reporting requirements. Homeless shelters or human services agencies that do not report necessary data to the department to meet TANF eligibility reporting requirements shall

not receive reimbursements that exceed the per diem amount the homeless shelters or human service agencies received in fiscal year 2000. The use of TANF revenue under this section is not an ongoing commitment of funding.

(b) $3,500,000.00 for assistance and supports to families engaged with child welfare. This may include, but is not limited to, eviction diversion, first month's rent and deposit, and utility arrears.

(c) $2,000,000.00 for creating additional spaces at family homeless shelters that have been in operation for at least 24 months.

Sec. 458. From the funds appropriated in part 1 for homeless programs, the department shall require any entities receiving direct or indirect state funds to report data to a Homeless Management Information System that satisfies the baseline data

Sec. 460. From the funds appropriated in part 1 for kids' food basket, the department shall allocate $525,000.00 to fund a project with a nonprofit, community-based organization organized under the laws of this state that is exempt from federal income tax under section 501(c)(3) of the internal revenue code of 1986, 26 USC 501, and is located in a city with a population between 185,000 and 200,000 and in a county with a population between 600,000 and 700,000, according to the most recent federal decennial census. The nonprofit organization recipient must have an existing network of food delivery to low-income children in not less than 3 counties in this state. The nonprofit organization shall use the funds to expand its services to additional schools and communities. The funding may be used to cover employee costs, food and supplies, equipment, and other operational costs identified by the organization to support its mission and goals.

Sec. 462. From the funds appropriated in part 1 for senior university, the department shall allocate $400,000.00 to a community action alliance located in a city with a population over

Sec. 464. (1) From the funds appropriated in part 1 for diaper assistance grant, the department shall purchase diapering supplies in bulk and allocate those supplies to diaper assistance programs, maternity homes, local county offices, and other nonprofit agencies that distribute diapers free of charge and were established as of January 1, 2020. The funds must be used only to purchase diapering supplies and to cover related administrative costs. Not more than 15% of the funds appropriated in part 1 are expendable for administrative purposes.

(2) Not later than March 1 of the current fiscal year, the department shall submit, to the standard report recipients, a report on the distribution of diapering supplies that includes, but is not limited to, the names and locations of the entities described in subsection (1) that distribute diaper supplies and the total amount of diapering supplies distributed to each entity.

(3) Funds appropriated for diaper assistance grant are considered work project funds, do not lapse at the end of the fiscal year, and are available for expenditures for projects under this section until the projects have been completed. The following is in compliance with section 451a of the management and budget act, 1984 PA 431, MCL 18.1451a:

(a) The purpose of the work project is to provide funding for

grants for eligible entities to distribute diapers free of charge.

The department may deduct the cost of background checks and any other efforts performed as part of this

verification from the amount of the designated grant award.

(f) Make an initial disbursement of up to 50% of the grant to the grant recipient not later than 60 days after a grant agreement has been executed. Disbursements must be consistent with part II, chapter 10, section 200 of the Financial Management Guide.

(3) A sponsor of a grant described in subsection (1) must be a legislator or the department. A legislative sponsor must be identified through a letter submitted by that legislator's office to the department and state budget director containing the name of the grant recipient, the intended amount of the grant, a certification from that legislator that the grant is for a public purpose, and specific citation of the section and subsection of the public act that authorizes the grant, as applicable. (c) Unless otherwise specified in department policy, a requirement that funds appropriated for the grants described in subsection (1) may be used only for expenditures that occur on or after the effective date of this act.

(d) A requirement for reporting by the grant recipient to the department and the legislative sponsor that provides the status of the project and an accounting of all funds expended by the grant recipient, as determined by the department.

(e) A claw-back provision that allows the department of treasury to recoup or otherwise collect any funds that are declined, unspent, or otherwise misused.

(f) The signed legislative sponsorship letter required under subsection (3), incorporated into the grant agreement and included as an appendix or attachment.

(5) If appropriate to improve the administration or oversight of a grant described in subsection (1), the department may adopt a memorandum of understanding with another state department to

status of funds allocated and disbursed under the grant agreement, and the legislative sponsor, if applicable. The department shall update the report and shall post an updated report not later than June 15 of the current fiscal year and again not later than September 15 of the current fiscal year. The department shall include in the report the most comprehensive information the department has available at the time of posting for grants awarded.

(11) If the state budget office determines that it is more efficient for the state budget office to compile all affected departments' information and post a report of the compiled information rather than the report required under subsection (10) being posted by individual departments, the state budget office may compile that information across all affected departments and post the compiled report and any updates on the same time schedule as identified in subsection (10).

(12) As applicable, the legislative sponsor of a grant described in subsection (1) shall not sponsor a grant, or ask another legislator to sponsor a grant, if there is a conflict of interest related to the grant recipient.

(13) If the department reasonably determines that the funds allocated for an executed grant agreement under this section were misused or that use of the funds was misrepresented by the grant recipient, the department shall not award any additional funds under the executed grant agreement and shall refer the grant for review following internal audit protocols.

(12) As applicable, the legislative sponsor of a grant described in subsection (1) shall not sponsor a grant, or ask another legislator to sponsor a grant, if there is a conflict of interest related to the grant recipient.

Sec. 224. (1) The state budget director shall take steps to ensure that all state fiscal recovery funds allocated to this state under the American rescue plan act of 2021, Public Law 117-2, are expended by December 31, 2026, as required by law. The state budget director may reallocate appropriated funds for the purpose of fully utilizing state fiscal recovery funds that are in jeopardy of not meeting the expenditure deadline for reasons that may include, but are not limited to, completed projects coming in under budget or funds unable to be fully used by subrecipients. The state budget director shall reallocate any of the funds reallocated under this subsection to the programs or purposes specified in this section. (1) For any grant program or project funded in part 1 intended for a single recipient organization or unit of local government, the grant program or project is for a public purpose and the department shall follow procurement statutes of this state, including any bidding requirements, unless the department can fully validate, through information detailed in this part or public supporting documents, both of the following:

(a) The specific organization or unit of local government that

will receive or administer the funds.

(b) How the funds will be administered and expended.

(2) Notwithstanding any other conditions or requirements for direct appropriation grants, the department shall perform at least all of the following activities to administer the grants described in subsection (1):

(a) Develop a standard application process, grantee reporting requirements, and any other necessary documentation, including sponsorship information as specified under subsection (3).

(b) Establish a process to review, complete, and execute a grant agreement with a grant recipient. The department shall not execute a grant agreement unless all necessary documentation has been submitted and reviewed.

(c) Verify to the extent possible that a grant recipient will use funds for a public purpose that serves the economic prosperity, health, safety, or general welfare of the residents of this state.

(d) Review and verify all necessary information to ensure the grant recipient is reasonably able to execute the grant agreement, perform its fiduciary duty, and comply with all applicable state and federal statutes. To be eligible to receive a grant, a recipient must be a unit of local government, public authority or other political instrumentality as authorized by law, institution of higher education, other state department, entity registered with the department of licensing and regulatory affairs or the department of attorney general that has been in existence for at least the 12 months preceding the effective date of this act, or other entity that can demonstrate, through state or federal tax filings or other state or federal government records, that it has been in existence for at least the 12 months preceding the

effective date of this act. The department may deduct the cost of background checks and any other efforts performed as part of this verification from the amount of the designated grant award.

(e) Establish a standard timeline to review all documents submitted by grant recipients and provide a response within 45 business days stating whether submitted documents by a grant recipient are sufficient or in need of additional information.

(f) Make an initial disbursement of up to 50% of the grant to the grant recipient not later than 60 days after a grant agreement has been executed. Disbursements must be consistent with part II, chapter 10, section 200 of the Financial Management Guide.

(g) Disburse the funds remaining after the initial disbursement under subdivision (f) per the grant disbursement schedule in the executed grant agreement on a reimbursement basis after the grantee has provided sufficient documentation, as determined by the department, to verify that expenditures were made in accordance with the project purpose.

(3) A sponsor of a grant described in subsection (1) must be a legislator or the department. A legislative sponsor must be identified through a letter submitted by that legislator's office to the department and state budget director containing the name of the grant recipient, the intended amount of the grant, a certification from that legislator that the grant is for a public purpose, and specific citation of the section and subsection of the public act that authorizes the grant, as applicable. If a legislative sponsor is not identified before December 13, 2024, the department shall do 1 of the following:

(a) Identify the department as the sponsor.

(b) Decline to execute the grant agreement and lapse the

associated funds at the end of the fiscal year.

(4) An executed grant agreement under this section between the department and a grant recipient must include at least all of the following:

(a) All necessary identifying information for the grant recipient, including any tax and financial information for the department to administer funds under this section.

(b) A description of the project for which the grant funds will be expended, including tentative timelines and the estimated budget. The department shall not reimburse expenditures that are outside of the project purpose, as stated in the executed grant agreement, from appropriations in part 1. The grantee shall return to the treasury any interest in excess of $1,000.00 earned on the grant funds while unexpended and in possession of the grantee.

(c) Unless otherwise specified in department policy, a requirement that funds appropriated for the grants described in subsection (1) may be used only for expenditures that occur on or after the effective date of this act.

(d) A requirement for reporting by the grant recipient to the department and the legislative sponsor that provides the status of the project and an accounting of all funds expended by the grant recipient, as determined by the department.

(e) A claw-back provision that allows the department of treasury to recoup or otherwise collect any funds that are declined, unspent, or otherwise misused.

(f) The signed legislative sponsorship letter required under subsection (3), incorporated into the grant agreement and included as an appendix or attachment.

(5) If appropriate to improve the administration or oversight

of a grant described in subsection (1), the department may adopt a memorandum of understanding with another state department to perform the required duties under this section.

(6) A grant recipient shall respond to all reasonable information requests from the department related to grant expenditures and retain grant records for not less than 7 years, and the grant may be subject to monitoring, site visits, and audits as determined by the department. The grant agreement required under this section must include signed assurance by the chief executive officer or other executive officer of the grant recipient that the requirements of this subsection will be met.

(7) The grant recipient shall expend all funds awarded and complete all projects not later than September 30, 2029. If at that time any unexpended funds remain, the grant recipient shall return those funds to the state treasury. If a grant recipient does not provide information sufficient to execute a grant agreement not later than June 1, 2025, the department shall return funds associated with the grant to the state treasury.

(8) Any funds that are granted to a state department are appropriated in that department for the purpose of the intended grant.

(9) The state budget director may, on a case-by-case basis, extend the deadline in subsection (7) on request by a grant recipient. The state budget director shall notify the chairs of the senate and house of representatives appropriations committees not later than 5 days after an extension is granted.

(10) Except as otherwise provided in subsection (11), beginning March 15 of the current fiscal year, the department shall post a report in a publicly accessible location on its website. The

report must list the grant recipient, project purpose, and location of the project for each grant described in subsection (1), the status of funds allocated and disbursed under the grant agreement, and the legislative sponsor, if applicable. The department shall update the report and shall post an updated report not later than June 15 of the current fiscal year and again not later than September 15 of the current fiscal year. The department shall include in the report the most comprehensive information the department has available at the time of posting for grants awarded.

(11) If the state budget office determines that it is more efficient for the state budget office to compile all affected departments' information and post a report of the compiled information rather than the report required under subsection (10) being posted by individual departments, the state budget office may compile that information across all affected departments and post the compiled report and any updates on the same time schedule as identified in subsection (10).

(12) As applicable, the legislative sponsor of a grant described in subsection (1) shall not sponsor a grant, or ask another legislator to sponsor a grant, if there is a conflict of interest related to the grant recipient.

(13) If the department reasonably determines that the funds allocated for an executed grant agreement under this section were misused or that use of the funds was misrepresented by the grant recipient, the department shall not award any additional funds under the executed grant agreement and shall refer the grant for review following internal audit protocols.

A legislative sponsor must be identified through a letter submitted by that legislator's office to the department and state budget director containing the name of the grant recipient, the intended amount of the grant, a certification from that legislator that the grant is for a public purpose, and specific citation of the section and subsection of the public act that authorizes the grant, as applicable. (e) A claw-back provision that allows the department of treasury to recoup or otherwise collect any funds that are declined, unspent, or otherwise misused.

(f) The signed legislative sponsorship letter required under subsection (3), incorporated into the grant agreement and included as an appendix or attachment.

(6) A grant recipient shall respond to all reasonable information requests from the department related to grant expenditures and retain grant records for not less than 7 years, and the grant may be subject to monitoring, site visits, and audits as determined by the department. The grant agreement required under

this section must include signed assurance by the chief executive officer or other executive officer of the grant recipient that the requirements of this subsection will be met.

(7) The grant recipient shall expend all funds awarded and complete all projects not later than September 30, 2029. If at that time any unexpended funds remain, the grant recipient shall return those funds to the state treasury. If a grant recipient does not provide information sufficient to execute a grant agreement not later than June 1, 2025, the department shall return funds associated with the grant to the state treasury.

(8) Any funds that are granted to a state department are appropriated in that department for the purpose of the intended grant.

The department shall update the report and shall post an updated report not later than June 15 of the current fiscal year and again not later than September 15 of the current fiscal year. The department shall include in the report the most comprehensive information the

department has available at the time of posting for grants awarded.

(11) If the state budget office determines that it is more efficient for the state budget office to compile all affected departments' information and post a report of the compiled information rather than the report required under subsection (10) being posted by individual departments, the state budget office may compile that information across all affected departments and post the compiled report and any updates on the same time schedule as identified in subsection (10).

(12) As applicable, the legislative sponsor of a grant described in subsection (1) shall not sponsor a grant, or ask another legislator to sponsor a grant, if there is a conflict of interest related to the grant recipient.

(1) The department may accept monetary and nonmonetary gifts, bequests, donations, contributions, or grants from any private or public source to support, in whole or in part, a departmental function or program. subsequent fiscal year.

The state budget director may reallocate appropriated funds for the purpose of fully utilizing state fiscal recovery funds that are in jeopardy of not meeting the expenditure deadline for reasons that may include, but are not limited to, completed projects coming in under budget or funds unable to be fully used by subrecipients. The state budget director shall reallocate any of the funds reallocated under this subsection to the programs or purposes specified in this section. Any funds reallocated are unappropriated and immediately reappropriated for the following purposes:

(b) To reclassify general fund/general purpose appropriations for payroll and covered benefits for eligible public health and safety employees at the department of state police.

(2) All applicable guidance, implementation, and reporting provisions of Public Law 117-2 must be followed for state fiscal recovery funds reallocated and reappropriated under subsection (1).

(3) The state budget director shall notify the senate and house appropriations committees not later than 10 business days after making any reallocations under subsection (1). The notification must include the authorized program under which funds were originally appropriated, the amount of the reallocation, the program, or programs, or purpose, and the department to which the

The department shall include in the report the most comprehensive information the department has available at the time of posting for grants awarded.

(d) Review and verify all necessary information to ensure the grant recipient is reasonably able to execute the grant agreement, perform its fiduciary duty, and comply with all applicable state and federal statutes. To be eligible to receive a grant, a recipient must be a unit of local government, public authority or other political instrumentality as authorized by law, institution of higher education, other state department, entity registered with the department of licensing and regulatory affairs or the department of attorney general that has been in existence for at least the 12 months preceding the effective date of this act, or other entity that can demonstrate, through state or federal tax filings or other state or federal government records, that it has been in existence for at least the 12 months preceding the effective date of this act. The department may deduct the cost of background checks and any other efforts performed as part of this verification from the amount of the designated grant award.

(e) Establish a standard timeline to review all documents submitted by grant recipients and provide a response within 45 business days stating whether submitted documents by a grant recipient are sufficient or in need of additional information.

(f) Make an initial disbursement of up to 50% of the grant to the grant recipient not later than 60 days after a grant agreement has been executed. Disbursements must be consistent with part II, chapter 10, section 200 of the Financial Management Guide.

(g) Disburse the funds remaining after the initial disbursement under subdivision (f) per the grant disbursement schedule in the executed grant agreement on a reimbursement basis after the grantee has provided sufficient documentation, as determined by the department, to verify that expenditures were made in accordance with the project purpose.

(3) A sponsor of a grant described in subsection (1) must be a legislator or the department. A legislative sponsor must be identified through a letter submitted by that legislator's office to the department and state budget director containing the name of the grant recipient, the intended amount of the grant, a certification from that legislator that the grant is for a public purpose, and specific citation of the section and subsection of the public act that authorizes the grant, as applicable. (b) A description of the project for which the grant funds will be expended, including tentative timelines and the estimated budget. The department shall not reimburse expenditures that are outside of the project purpose, as stated in the executed grant

agreement, from appropriations in part 1. The grantee shall return to the treasury any interest in excess of $1,000.00 earned on the grant funds while unexpended and in possession of the grantee.

(c) Unless otherwise specified in department policy, a requirement that funds appropriated for the grants described in subsection (1) may be used only for expenditures that occur on or after the effective date of this act.

(d) A requirement for reporting by the grant recipient to the department and the legislative sponsor that provides the status of the project and an accounting of all funds expended by the grant recipient, as determined by the department.

(e) A claw-back provision that allows the department of treasury to recoup or otherwise collect any funds that are declined, unspent, or otherwise misused.

(f) The signed legislative sponsorship letter required under subsection (3), incorporated into the grant agreement and included as an appendix or attachment.

(5) If appropriate to improve the administration or oversight of a grant described in subsection (1), the department may adopt a memorandum of understanding with another state department to perform the required duties under this section.

(6) A grant recipient shall respond to all reasonable information requests from the department related to grant expenditures and retain grant records for not less than 7 years, and the grant may be subject to monitoring, site visits, and audits as determined by the department. The grant agreement required under this section must include signed assurance by the chief executive officer or other executive officer of the grant recipient that the requirements of this subsection will be met.

(7) The grant recipient shall expend all funds awarded and complete all projects not later than September 30, 2029. If at that time any unexpended funds remain, the grant recipient shall return those funds to the state treasury. If a grant recipient does not provide information sufficient to execute a grant agreement not later than June 1, 2025, the department shall return funds associated with the grant to the state treasury.

(8) Any funds that are granted to a state department are appropriated in that department for the purpose of the intended grant.

(9) The state budget director may, on a case-by-case basis, extend the deadline in subsection (7) on request by a grant recipient. The state budget director shall notify the chairs of the senate and house of representatives appropriations committees not later than 5 days after an extension is granted.

(10) Except as otherwise provided in subsection (11), beginning March 15 of the current fiscal year, the department shall post a report in a publicly accessible location on its website. The report must list the grant recipient, project purpose, and location of the project for each grant described in subsection (1), the status of funds allocated and disbursed under the grant agreement, and the legislative sponsor, if applicable. The department shall update the report and shall post an updated report not later than June 15 of the current fiscal year and again not later than September 15 of the current fiscal year. The department shall include in the report the most comprehensive information the department has available at the time of posting for grants awarded.

(11) If the state budget office determines that it is more efficient for the state budget office to compile all affected

departments' information and post a report of the compiled information rather than the report required under subsection (10) being posted by individual departments, the state budget office may compile that information across all affected departments and post the compiled report and any updates on the same time schedule as identified in subsection (10).

(12) As applicable, the legislative sponsor of a grant described in subsection (1) shall not sponsor a grant, or ask another legislator to sponsor a grant, if there is a conflict of interest related to the grant recipient.

(13) If the department reasonably determines that the funds allocated for an executed grant agreement under this section were misused or that use of the funds was misrepresented by the grant recipient, the department shall not award any additional funds under the executed grant agreement and shall refer the grant for review following internal audit protocols.

DEPARTMENT OF TREASURY

Presidential primary costs		10,000,000
Special election costs		750,000
TOTAL	**$**	**39,250,000**

Sec. 202. The appropriations made and expenditures authorized under this part and part 1 and the departments, commissions, boards, offices, and programs for which appropriations are made under this part and part 1 are subject to the management and budget act, 1984 PA 431, MCL 18.1101 to 18.1594.

Sec. 203. Funds appropriated in part 1 must be allocated and expended in a manner consistent with federal rules and regulations.

Sec. 204. Funds appropriated in part 1 are subject to applicable federal audit and reporting requirements. Prompt action must be taken if instances of noncompliance are identified, including noncompliance identified in an audit finding. If any instance of noncompliance is identified, including noncompliance identified in an audit finding, the state budget director shall take necessary and immediate action to rectify it. The state budget director shall notify the senate and house appropriations committees and the senate and house fiscal agencies if an instance of noncompliance is identified.

Sec. 205. The state budget director shall report on the status

of funds appropriated in part 1, and all funds appropriated related to the coronavirus relief effort, to the senate and house appropriations committees and the senate and house fiscal agencies on a monthly basis until all funds are exhausted.

Sec. 206. From the funds appropriated in part 1 for employee lump-sum payments, the departments and branches to which the funds are appropriated shall expend the funds for costs associated with lump-sum payments in the current fiscal year as approved by the civil service commission. Departments may make any accounting transactions necessary to effectuate the implementation of these payments within the statewide integrated governmental management application (SIGMA).

Sec. 207. (1) The state budget director shall take steps to ensure that all state fiscal recovery funds allocated to this state under the American rescue plan act of 2021, Public Law 117-2, are expended by December 31, 2026, as required by law. The state budget director may reallocate appropriated funds for the purpose of fully utilizing state fiscal recovery funds that are in jeopardy of not meeting the expenditure deadline for reasons that may include, but are not limited to, completed projects coming in under budget or funds unable to be fully used by subrecipients. The state budget director shall reallocate any of the funds reallocated under this subsection to the programs or purposes specified in this section. Any funds reallocated are unappropriated and immediately reappropriated for the following purposes:

(a) To reclassify general fund/general purpose appropriations for payroll and covered benefits for eligible public health and safety employees at the department of corrections.

(b) To reclassify general fund/general purpose appropriations

for payroll and covered benefits for eligible public health and safety employees at the department of state police.

(2) All applicable guidance, implementation, and reporting provisions of Public Law 117-2 must be followed for state fiscal recovery funds reallocated and reappropriated under subsection (1).

(3) The state budget director shall notify the senate and house appropriations committees not later than 10 business days after making any reallocations under subsection (1). The notification must include the authorized program under which funds were originally appropriated, the amount of the reallocation, the program, or programs, or purpose, and the department to which the funds are being reallocated under subsection (1), and the amount reallocated to each program or purpose.

(4) The state budget director and the impacted departments may make the accounting transactions necessary to implement the reallocation and subsequent appropriation of funds as authorized in this section.

Sec. 208. (1) For any grant program or project funded in part 1 intended for a single recipient organization or unit of local government, the grant program or project is for a public purpose and the department shall follow procurement statutes of this state, including any bidding requirements, unless the department can fully validate, through information detailed in this part or public supporting documents, both of the following:

(a) The specific organization or unit of local government that will receive or administer the funds.

(b) How the funds will be administered and expended.

(2) Notwithstanding any other conditions or requirements for direct appropriation grants, the department shall perform at least

(b) Establish a process to review, complete, and execute a grant agreement with a grant recipient. The department shall not execute a grant agreement unless all necessary documentation has been submitted and reviewed.

(c) Verify to the extent possible that a grant recipient will use funds for a public purpose that serves the economic prosperity, health, safety, or general welfare of the residents of this state.

(d) Review and verify all necessary information to ensure the grant recipient is reasonably able to execute the grant agreement, perform its fiduciary duty, and comply with all applicable state and federal statutes. To be eligible to receive a grant, a recipient must be a unit of local government, public authority or other political instrumentality as authorized by law, institution of higher education, other state department, entity registered with the department of licensing and regulatory affairs or the department of attorney general that has been in existence for at least the 12 months preceding the effective date of this act, or other entity that can demonstrate, through state or federal tax filings or other state or federal government records, that it has been in existence for at least the 12 months preceding the effective date of this act. The department may deduct the cost of background checks and any other efforts performed as part of this verification from the amount of the designated grant award.

(e) Establish a standard timeline to review all documents

submitted by grant recipients and provide a response within 45 business days stating whether submitted documents by a grant recipient are sufficient or in need of additional information.

(f) Make an initial disbursement of up to 50% of the grant to the grant recipient not later than 60 days after a grant agreement has been executed. Disbursements must be consistent with part II, chapter 10, section 200 of the Financial Management Guide.

(g) Disburse the funds remaining after the initial disbursement under subdivision (f) per the grant disbursement schedule in the executed grant agreement on a reimbursement basis after the grantee has provided sufficient documentation, as determined by the department, to verify that expenditures were made in accordance with the project purpose.

(3) A sponsor of a grant described in subsection (1) must be a legislator or the department. A legislative sponsor must be identified through a letter submitted by that legislator's office to the department and state budget director containing the name of the grant recipient, the intended amount of the grant, a certification from that legislator that the grant is for a public purpose, and specific citation of the section and subsection of the public act that authorizes the grant, as applicable. If a legislative sponsor is not identified before December 13, 2024, the department shall do 1 of the following:

(a) Identify the department as the sponsor.

(b) Decline to execute the grant agreement and lapse the associated funds at the end of the fiscal year.

(b) A description of the project for which the grant funds will be expended, including tentative timelines and the estimated budget. The department shall not reimburse expenditures that are outside of the project purpose, as stated in the executed grant agreement, from appropriations in part 1. The grantee shall return to the treasury any interest in excess of $1,000.00 earned on the grant funds while unexpended and in possession of the grantee.

(c) Unless otherwise specified in department policy, a requirement that funds appropriated for the grants described in subsection (1) may be used only for expenditures that occur on or after the effective date of this act.

(d) A requirement for reporting by the grant recipient to the department and the legislative sponsor that provides the status of the project and an accounting of all funds expended by the grant recipient, as determined by the department.

(e) A claw-back provision that allows the department of treasury to recoup or otherwise collect any funds that are declined, unspent, or otherwise misused.

(f) The signed legislative sponsorship letter required under subsection (3), incorporated into the grant agreement and included as an appendix or attachment.

(5) If appropriate to improve the administration or oversight of a grant described in subsection (1), the department may adopt a memorandum of understanding with another state department to perform the required duties under this section.

(6) A grant recipient shall respond to all reasonable

information requests from the department related to grant expenditures and retain grant records for not less than 7 years, and the grant may be subject to monitoring, site visits, and audits as determined by the department. The grant agreement required under this section must include signed assurance by the chief executive officer or other executive officer of the grant recipient that the requirements of this subsection will be met.

(7) The grant recipient shall expend all funds awarded and complete all projects not later than September 30, 2029. If at that time any unexpended funds remain, the grant recipient shall return those funds to the state treasury. If a grant recipient does not provide information sufficient to execute a grant agreement not later than June 1, 2025, the department shall return funds associated with the grant to the state treasury.

(8) Any funds that are granted to a state department are appropriated in that department for the purpose of the intended grant.

(9) The state budget director may, on a case-by-case basis, extend the deadline in subsection (7) on request by a grant recipient. The state budget director shall notify the chairs of the senate and house of representatives appropriations committees not later than 5 days after an extension is granted.

(10) Except as otherwise provided in subsection (11), beginning March 15 of the current fiscal year, the department shall post a report in a publicly accessible location on its website. The report must list the grant recipient, project purpose, and location of the project for each grant described in subsection (1), the status of funds allocated and disbursed under the grant agreement, and the legislative sponsor, if applicable. The department shall

update the report and shall post an updated report not later than June 15 of the current fiscal year and again not later than September 15 of the current fiscal year. The department shall include in the report the most comprehensive information the department has available at the time of posting for grants awarded.

(11) If the state budget office determines that it is more efficient for the state budget office to compile all affected departments' information and post a report of the compiled information rather than the report required under subsection (10) being posted by individual departments, the state budget office may compile that information across all affected departments and post the compiled report and any updates on the same time schedule as identified in subsection (10).

(12) As applicable, the legislative sponsor of a grant described in subsection (1) shall not sponsor a grant, or ask another legislator to sponsor a grant, if there is a conflict of interest related to the grant recipient.

(13) If the department reasonably determines that the funds allocated for an executed grant agreement under this section were misused or that use of the funds was misrepresented by the grant recipient, the department shall not award any additional funds under the executed grant agreement and shall refer the grant for review following internal audit protocols.
