

**HOUSE SUBSTITUTE FOR  
SENATE BILL NO. 402**

A bill to create a voting and elections database and institute; to provide for the powers and duties of certain state and local governmental officers and entities; and to provide remedies.

**THE PEOPLE OF THE STATE OF MICHIGAN ENACT:**

1           Sec. 1. This act may be cited as the "voting and elections  
2 database and institute act".

3           Sec. 3. As used in this act:

4           (a) "Database and institute" means the Michigan voting and  
5 elections database and institute created in section 5(1).

6           (b) "Local government" means any of the following:

7           (i) A county.

8           (ii) A city, township, or any other political subdivision of

1 this state that conducts an election.

2       Sec. 5. (1) No later than November 5, 2025, the secretary of  
3 state shall enter into an agreement with 1 or more public research  
4 universities in this state to create the Michigan voting and  
5 elections database and institute to maintain and administer a  
6 central repository of elections and voting data available to the  
7 public from all local governments in this state and to foster,  
8 pursue, and sponsor research on existing laws and best practices in  
9 voting and elections.

10       (2) The database and institute shall provide a center for  
11 research, training, and information on voting systems and election  
12 administration. The database and institute may do any of the  
13 following:

14       (a) Conduct classes both for credit and noncredit.

15       (b) Organize interdisciplinary groups of scholars to research  
16 voting and elections in this state.

17       (c) Conduct seminars involving voting and elections.

18       (d) Establish a nonpartisan centralized database in order to  
19 collect, archive, and make publicly available at no cost an  
20 accessible database pertaining to elections, voter registration,  
21 and ballot access in this state.

22       (e) Assist in the dissemination of election data to the  
23 public.

24       (f) Publish books and periodicals as the database and  
25 institute considers appropriate on voting and elections in this  
26 state.

27       (g) Provide nonpartisan technical assistance to local  
28 governments, scholars, and the general public seeking to use the  
29 resources of the database and institute.

1 (3) If the secretary of state enters into an agreement with 1  
2 or more public research universities as provided under subsection  
3 (1), the parties to that agreement shall enter into a memorandum of  
4 understanding that includes, but is not limited to, all of the  
5 following:

6 (a) The initial term of the memorandum of understanding is for  
7 not less than 25 years.

8 (b) The university or universities select the director of the  
9 database and institute.

10 (c) The secretary of state is responsible only for the costs  
11 of entering into the memorandum of understanding with the  
12 university or universities to create the database and institute and  
13 for the transfer of election and voting data and records, and the  
14 university or universities are responsible for any other costs  
15 associated with operating the database and institute.

16 (4) The database and institute shall maintain in an electronic  
17 format, and make publicly available as described in this  
18 subsection, all relevant election and voting data and records for  
19 at least the previous 12-year period. Except for any data,  
20 information, or estimates that identify individual electors, the  
21 data, information, and estimates, as described in this subsection,  
22 must be posted on the institute's website and made available to the  
23 public at no cost. Maps, election day polling places, early voting  
24 sites, and absent voter ballot drop box locations must be made  
25 available in a geospatial file format. The database and institute  
26 shall prepare any estimates made under this section by applying the  
27 most advanced, peer-reviewed, and validated methodologies  
28 available. The data and records that must be maintained include,  
29 but are not limited to, all of the following:

1 (a) Estimates of the total population, voting age population,  
2 and citizen voting age population by racial, color, or language  
3 minority group and disability status, broken down to the precinct  
4 level, on a year-by-year basis, for every local government in this  
5 state, based on data from the United States Census Bureau,  
6 including the American Community Survey, collected by a public  
7 office.

8 (b) Election results at the precinct level for every federal,  
9 state, and local election held in every local government in this  
10 state.

11 (c) The most recent general election voter registration lists,  
12 voter history data, election day polling places, early voting  
13 sites, and absent voter ballot drop box locations for every  
14 election in every local government in this state.

15 (d) The most recent general election maps or other  
16 documentation of the configuration of precincts.

17 (e) Election day polling places and early voting sites,  
18 including, but not limited to, lists of precincts assigned to each  
19 election day polling place and early voting site, if applicable.

20 (f) Adopted districting or redistricting plans for every  
21 election in every local government in this state.

22 (g) Any other data that the director of the database and  
23 institute considers necessary to maintain in furtherance of the  
24 purposes of the database and institute.

25 (5) The database and institute shall implement rigorous  
26 cybersecurity standards for the election and voting data and  
27 records maintained by the database and institute that are  
28 comparable to the cybersecurity standards implemented by the  
29 department of technology, management, and budget.

1 (6) After the required 12-year period for making data,  
2 information, and estimates publicly available, as described in  
3 subsection (4), all relevant election and voting data and records  
4 must be permanently maintained in an electronic format by the  
5 database and institute for archival purposes.

6 (7) The data, information, and estimates maintained by the  
7 database and institute may, in the discretion of a court, be relied  
8 on as evidence.

9 (8) No later than 180 days after an election, the secretary of  
10 state shall transmit to the database and institute copies of all of  
11 the following:

12 (a) Election results at the precinct level.

13 (b) The most recent general election voter registration lists.

14 (c) Voter history data.

15 (d) Maps, descriptions, and shapefiles for election districts.

16 (e) Lists of election day polling places and early voting  
17 sites, shapefiles, or descriptions of the precincts assigned to  
18 each election day polling place and early voting site.

19 (9) Subject to this subsection, all state agencies and local  
20 governments shall timely provide the secretary of state with any  
21 publicly available election and voting data and records that are  
22 reasonably requested by the secretary of state. Before the  
23 secretary of state requests any publicly available election and  
24 voting data and records from state agencies and local governments  
25 under this subsection, the secretary of state must consult with the  
26 director of the database and institute, the Michigan Association of  
27 County Clerks, and the Michigan Association of Municipal Clerks.  
28 Upon receiving any publicly available election and voting data and  
29 records from state agencies and local governments under this

1 subsection, the secretary of state shall transfer those publicly  
2 available election and voting data and records in a timely manner  
3 to the database and institute.

4 (10) Subject to this subsection, the secretary of state shall  
5 reimburse each local government for the cost of providing any  
6 requested election and voting data and records to the secretary of  
7 state as required under subsection (9). The reimbursement of a  
8 local government must not exceed the allowable costs to the local  
9 government as described in section 4 of the freedom of information  
10 act, 1976 PA 442, MCL 15.234. To qualify for reimbursement, a local  
11 government must submit a verified account of its allowable costs to  
12 the secretary of state no later than 90 days after the requested  
13 election and voting data and records are provided to the secretary  
14 of state. No later than 90 days after the secretary of state  
15 receives a verified account of allowable costs from a local  
16 government as provided under this subsection, the secretary of  
17 state shall pay or disapprove the verified account.

18 (11) Notwithstanding any other provision of law to the  
19 contrary, after a local government has provided any requested  
20 election and voting data and records to the secretary of state as  
21 required under subsection (9), and those election and voting data  
22 and records have been posted on the institute's website as provided  
23 under subsection (4), that local government is no longer obligated  
24 to provide those election and voting data and records in response  
25 to a written request under the freedom of information act, 1976 PA  
26 442, MCL 15.231 to 15.246. If that local government receives a  
27 written request from a person under the freedom of information act,  
28 1976 PA 442, MCL 15.231 to 15.246, for election and voting data and  
29 records as described in this subsection, the local government

1 shall, within 10 business days after receiving the written request,  
2 give written notice to the requesting person that the request for  
3 the election and voting data and records must be submitted to the  
4 database and institute.

5 (12) The attorney general, the director of the database and  
6 institute, or a designee of the attorney general or director may  
7 file an action to enforce compliance with this section.

8 (13) No later than 90 days following the end of each state  
9 fiscal year, the database and institute shall publish a report on  
10 the priorities and finances of the database and institute.

11 (14) Subsections (2) to (13) take effect May 5, 2026.

12 Enacting section 1. This act does not take effect unless all  
13 of the following bills of the 102nd Legislature are enacted into  
14 law:

15 (a) Senate Bill No. 401.

16 (b) Senate Bill No. 403.
