House Bill 5104 as introduced
Sponsor: Rep. Kristian Grant
Committee: Regulatory Reform
Complete to 10-22-25

Analysis available at
<http://www.legislature.mi.gov>

SUMMARY:

House Bill 5104 would amend the Medical Marijuana Facilities Licensing Act to provide that the mere fact that a person is no longer a licensee under the act or no longer operates a marijuana facility does not terminate the authority of the Cannabis Regulatory Agency (CRA) to impose sanctions on the person.¹

The act currently provides that the expiration of a license issued under the act does not terminate the authority of the CRA to impose sanctions. The bill would retain this provision and add that this authority also continues with regard to a former licensee or a former operator of a marijuana facility.

MCL 333.27102 and 333.27402

BACKGROUND:

The following marijuana facilities are licensed under the Marijuana Facilities Licensing Act:

- Grower.
- Processor.
- Secure transporter (licensed to store marijuana and transport it between facilities).
- Provisioning center (licensed to sell or provide marijuana to registered qualifying patients, directly or through registered caregivers).
- Safety compliance facility (licensed to test marijuana for its chemical components and any contaminants).

FISCAL IMPACT:

House Bill 5104 would have no fiscal impact on the Department of Licensing and Regulatory Affairs.
