Rep. Bradley Slagh, from the 85th District, offered the following invocation:

"Heavenly Father, there is no God like You in the skies above or on the earth below Who is alive, powerful, active and loving.

Is it possible that You being God will actually care about and listen to our prayers and act in response? Your Word says that it is true that You not only listen but anticipate our requests and ask us to come. LORD You have promised to actually move into our neighborhood, into our very hearts if we but trust You and love You.

So I boldly ask that You pay attention to our prayers, both intercessory and personal. Listen from Your home in heaven and when You hear, forgive us.

Somehow You hear every prayer that's uttered from anyone whether they be great or small. So as we pray today Listen from Your home in heaven. Heal our land and train us to live right and well.

Help us to live in right relationship to You, then others will be attracted to our State and our Nation. We pray that You would work through this body of public officials to bring about Your purposes.

May the works of our hands be so righteous and so well done that people all over the world will want to know Who You are and what You're like, and will live in reverent obedience before You.

When it is necessary to make a stand against enemies of our State and Nation hear our prayers for wisdom, give us strength of mind and strength of arm to defend our freedoms and our country.

Help us to play an active role in our Communities for the benefit of Your kingdom,

We want to praise You for bringing not only the legislators but these incredible members of all the support teams and staff to this place at this time. We are so blessed to have their great assistance in our work.

We raise these prayers and praises to You our Heavenly Father.

Amen."

Rep. Posthumus moved that Rep. Whitsett be excused from today's session.

The motion prevailed.

Rep. Posthumus moved that House Committees be given leave to meet during the balance of today's session.

The motion prevailed.

(c) Review and verify all necessary information to ensure the grant recipient is reasonably able to execute the grant agreement, perform its fiduciary duty, and comply with all applicable state and federal statutes. The department may deduct the cost of background checks and any other efforts performed as part of this verification from the amount of the designated grant award.

(d) Disburse the grant money per the grant disbursement schedule in the executed grant agreement on a reimbursement basis after the grantee has provided sufficient documentation, as determined by the department, to verify that expenditures were made in accordance with the project purpose.

(e) If the state budget director determines that information provided by the grantee does not meet the disclosure requirements, that the grant will be used to pay a tax lien, delinquent tax, or other obligation owed to this state, or that the grant will create a conflict of interest, the department shall not release the grant money to the grantee. Money that is not released under this subdivision lapses at the end of the fiscal year. There is not a conflict of interest if the sponsoring legislator certifies that the sponsoring legislator's immediate family members, legislative staff members that have worked for the sponsoring legislator within the past 2 years, and the sponsoring legislator do not have a direct or indirect pecuniary interest in the legislatively directed spending item.

(6) The grant recipient shall expend all grant money awarded and complete all projects not later than September 30, 2030. If at that time any unexpended money remains, the grant recipient shall return that money to the state treasury. If a grant recipient does not provide information sufficient to execute a grant agreement not later than June 1, 2026, the department shall return money associated with the grant to the state treasury.

(7) Any grant money that is awarded to a state department is appropriated in that department for the purpose of the intended grant.

The department shall include in the report the most comprehensive information the department has available at the time of posting for grants awarded.

(9) If the state budget office determines that it is more efficient for the state budget office to compile all affected departments' information and post a report of the compiled information rather than the report required under subsection (8) being posted by individual departments, the state budget office may compile that information across all affected departments and post the compiled report and any updates on the same time schedule as identified in subsection (8).

(10) If the department reasonably determines that the money allocated for an executed grant agreement under this section was misused or that use of the money was misrepresented by the grant recipient, the department shall not award any additional funds under the executed grant agreement and shall refer the grant for review following internal audit protocols, which may include referral for criminal investigation.

The department may deduct the cost of background checks and any other efforts performed as part of this verification from the amount of the designated grant award.

(d) Disburse the grant money per the grant disbursement schedule in the executed grant agreement on a reimbursement basis after the grantee has provided sufficient documentation, as determined by the department, to verify that expenditures were made in accordance with the project purpose.

(e) If the state budget director determines that information provided by the grantee does not meet the disclosure requirements, that the grant will be used to pay a tax lien, delinquent tax, or other obligation owed to this state, or that the grant will create a conflict of interest, the department shall not release the grant money to the grantee. Money that is not released under this subdivision lapses at the end of the fiscal year. There is not a conflict of interest if the sponsoring legislator certifies that the sponsoring legislator's immediate family members, legislative staff members that have worked for the sponsoring legislator within the past 2 years, and the sponsoring legislator do not have a direct or indirect pecuniary interest in the legislatively directed spending item.

(6) The grant recipient shall expend all grant money awarded and complete all projects not later than September 30, 2030. If at that time any unexpended money remains, the grant recipient shall return that money to the state treasury. The department shall include in the report the most comprehensive information the department has available at the time of posting for grants awarded.

(9) If the state budget office determines that it is more efficient for the state budget office to compile all affected departments' information and post a report of the compiled information rather than the report required under subsection (8) being posted by individual departments, the state budget office may compile that information across all affected departments and post the compiled report and any updates on the same time schedule as identified in subsection (8).

(10) If the department reasonably determines that the money allocated for an executed grant agreement under this section was misused or that use of the money was misrepresented by the grant recipient, the department shall not award any additional funds under the executed grant agreement and shall refer the grant for review following internal audit protocols, which may include referral for criminal investigation.

Savings that result from transferring responsibility for intelligence operations from the contractor to the department must be passed on to prisoners and prisoners' families as the department continues to negotiate lower phone call rates in all future contracts. The department must continue to pursue all opportunities for reducing further the cost of phone calls for prisoners and prisoners' families.

Sec. 715. (1) From the funds appropriated in part 1, the department must submit a preliminary report on the department's plans to close, consolidate, or relocate any correctional facility in the state. Sec. 717. From the funds appropriated in part 1, the department shall make an information packet for the families of incoming prisoners available on the department's website. The information packet must be reviewed not later than February 1 and updated as necessary. Sec. 721. It is the intent of the legislature that the department reform the strip search protocol so that it results in fewer and less intrusive strip searches of prisoners to maintain the safety and security of correctional facilities. If the department undertakes any efforts to perform fewer and less intrusive strip searches under this section, it must provide a report by April 1 on the efforts undertaken.

(c) Create a regulatory gap that could negatively impact the public.

Sec. 228. (2) The department may verify this information directly or may require contractors and subcontractors to verify the information and submit a certification to the department. The department shall submit a report to the standard report recipients by not later than March 1 that describes the processes it has developed and implemented under this section.

The list must include all information and documents pertaining to the funded items as publicly disclosed in accordance with the house or senate rules and this section.

(2) Notwithstanding any other conditions or requirements for direct appropriation grants, the department shall perform, at a minimum, at least all of the following activities to administer the grants described in subsection (1):

(a) Establish a process to review, complete, and execute a grant agreement with a grant recipient. The department shall not execute a grant agreement unless all necessary documentation has been submitted and reviewed.

(b) Verify to the extent possible that a grant recipient is a not-for-profit entity and will use funds as publicly disclosed and for a public purpose that serves the economic prosperity, health, safety, or general welfare of the residents of this state.

(c) Review and verify all necessary information to ensure the grant recipient is reasonably able to execute the grant agreement, perform its fiduciary duty, and comply with all applicable state and federal statutes. The department may deduct the cost of background checks and any other efforts performed as part of this verification from the amount of the designated grant award.

(d) Disburse the grant money per the grant disbursement schedule in the executed grant agreement on a reimbursement basis after the grantee has provided sufficient documentation, as determined by the department, to verify that expenditures were made in accordance with the project purpose.

(e) If the state budget director determines that information provided by the grantee does not meet the disclosure requirements, that the grant will be used to pay a tax lien, delinquent tax, or other obligation owed to this state, or that the grant will create a conflict of interest, the department shall not release the grant money to the grantee. Money that is not released under this subdivision lapses at the end of the fiscal year. There is not a conflict of interest if the sponsoring legislator certifies that the sponsoring legislator's immediate family members, legislative staff members that have worked for the sponsoring legislator within the past 2 years, and the sponsoring legislator do not have a direct or indirect pecuniary interest in the legislatively directed spending item.

(3) An executed grant agreement under this section between the department and a grant recipient must include at least all of the following:

(a) All necessary identifying information for the grant recipient, including any tax and financial information necessary for the department to administer grant money under this section.

(b) A description of the project for which the grant money will be expended, including tentative timelines and the estimated budget. Project budget must include how all grant money will be used and must indicate if any grant money will be provided to a third party or subrecipient. The department shall not reimburse expenditures that are outside of the project purpose, as stated in the executed grant agreement, from appropriations in part 1. The grantee shall return to the state treasury any interest in excess of $1,000.00 earned on the grant money while unexpended and in possession of the grantee.

(c) Unless otherwise specified in department policy, a requirement that funds appropriated for the grants described in subsection (1) may be used only for expenditures that occur on or after the effective date of this act.

(d) A requirement for reporting by the grant recipient to the department and the legislative sponsor that provides the status of the project and an accounting of all money expended by the grant recipient, as determined by the department.

(e) A clawback provision that allows the department of treasury to recoup or otherwise collect any grant money that is declined, unspent, or otherwise misused.

(f) The documents publicly disclosed under subsection (1).

(4) If appropriate to improve the administration or oversight of a grant described in subsection (1), the department may adopt a memorandum of understanding with another state department to perform the required duties under this section.

(5) A grant recipient shall respond to all reasonable information requests from the department related to grant expenditures and retain grant records for not less than 7 years, and the grant may be subject to monitoring, site visits, and audit as determined by the department. The grant agreement required under this section must include signed assurance by the chief executive officer or other executive officer of the grant recipient authorized to bind the grant recipient that the requirements of this subsection will be met.

(6) The grant recipient shall expend all grant money awarded and complete all projects not later than September 30, 2030. If at that time any unexpended money remains, the grant recipient shall return that money to the state treasury. If a grant recipient does not provide information sufficient to execute a grant agreement not later than June 1, 2026, the department shall return money associated with the grant to the state treasury.

(7) Any grant money that is awarded to a state department is appropriated in that department for the purpose of the intended grant.

(8) Except as otherwise provided in subsection (9), beginning March 15 of the current fiscal year, the department shall post a report in a publicly accessible location on its website. The report must list the grant recipient, project purpose, and location of the project for each grant described in subsection (1), the status of money allocated and disbursed under the grant agreement, and the legislative sponsor, if applicable. The department shall update the report and post the updated report in a publicly accessible location on its website not later than June 15 of the current fiscal year and again not later than September 15 of the current fiscal year. The department shall include in the report the most comprehensive information the department has available at the time of posting for grants awarded.

(9) If the state budget office determines that it is more efficient for the state budget office to compile all affected departments' information and post a report of the compiled information rather than the report required under subsection (8) being posted by individual departments, the state budget office may compile that information across all affected departments and post the compiled report and any updates on the same time schedule as identified in subsection (8).

(10) If the department reasonably determines that the money allocated for an executed grant agreement under this section was misused or that use of the money was misrepresented by the grant recipient, the department shall not award any additional funds under the executed grant agreement and shall refer the grant for review following internal audit protocols, which may include referral for criminal investigation.

Sec. 230. Not later than November 15, the department shall disclose on a publicly accessible website private and other third-party funds received by the department in the previous fiscal year. The report must include the amount and source of funding received, the purpose for which funding was expended, and the amount of any remaining funds. The report must be submitted to the standard report recipients and to the chairpersons of the senate and house appropriations committees.

(c) Review and verify all necessary information to ensure the grant recipient is reasonably able to execute the grant agreement, perform its fiduciary duty, and comply with all applicable state and federal statutes. The department may deduct the cost of background checks and any other efforts performed as part of this verification from the amount of the designated grant award.

(d) Disburse the grant money per the grant disbursement schedule in the executed grant agreement on a reimbursement basis after the grantee has provided sufficient documentation, as determined by the department, to verify that expenditures were made in accordance with the project purpose.

(e) If the state budget director determines that information provided by the grantee does not meet the disclosure requirements, that the grant will be used to pay a tax lien, delinquent tax, or other obligation owed to this state, or that the grant will create a conflict of interest, the department shall not release the grant money to the grantee. Money that is not released under this subdivision lapses at the end of the fiscal year. There is not a conflict of interest if the sponsoring legislator certifies that the sponsoring legislator's immediate family members, legislative staff members that have worked for the sponsoring legislator within the past 2 years, and the sponsoring legislator do not have a direct or indirect pecuniary interest in the legislatively directed spending item.

(6) The grant recipient shall expend all grant money awarded and complete all projects not later than September 30, 2030. If at that time any unexpended money remains, the grant recipient shall return that money to the state treasury. If a grant recipient does not provide information sufficient to execute a grant agreement not later than June 1, 2026, the department shall return money associated with the grant to the state treasury.

(7) Any grant money that is awarded to a state department is appropriated in that department for the purpose of the intended grant.

The department shall include in the report the most comprehensive information the department has available at the time of posting for grants awarded.

(9) If the state budget office determines that it is more efficient for the state budget office to compile all affected departments' information and post a report of the compiled information rather than the report required under subsection (8) being posted by individual departments, the state budget office may compile that information across all affected departments and post the compiled report and any updates on the same time schedule as identified in subsection (8).

(10) If the department reasonably determines that the money allocated for an executed grant agreement under this section was misused or that use of the money was misrepresented by the grant recipient, the department shall not award any additional funds under the executed grant agreement and shall refer the grant for review following internal audit protocols, which may include referral for criminal investigation.

Sec. 227. (c) Review and verify all necessary information to ensure the grant recipient is reasonably able to execute the grant agreement, perform its fiduciary duty, and comply with all applicable state and federal statutes. A department or agency may deduct the cost of background checks and any other efforts performed as part of this verification from the amount of the designated grant award.

(d) Disburse the grant money per the grant disbursement schedule in the executed grant agreement on a reimbursement basis after the grantee has provided sufficient documentation, as determined by the department or agency, to verify that expenditures were made in accordance with the project purpose.

(e) If the state budget director determines that information provided by the grantee does not meet the disclosure requirements, that the grant will be used to pay a tax lien, delinquent tax, or other obligation owed to this state, or that the grant will create a conflict of interest, the department or agency shall not release the

grant money to the grantee. Money that is not released under this subdivision lapses at the end of the fiscal year. There is not a conflict of interest if the sponsoring legislator certifies that the sponsoring legislator's immediate family members, legislative staff members that have worked for the sponsoring legislator within the past 2 years, and the sponsoring legislator do not have a direct or indirect pecuniary interest in the legislatively directed spending item.

(3) An executed grant agreement under this section between a department or agency and a grant recipient must include at least all of the following:

Project budget must include how all grant money will be used and must indicate if any grant money will be provided to a third party or subrecipient. The department or agency shall not reimburse expenditures that are outside of the project purpose, as stated in the executed grant agreement, from appropriations in part 1. The grantee shall return to the state treasury any interest in excess of $1,000.00 earned on the grant money while unexpended and in possession of the grantee.

(c) Unless otherwise specified in department or agency policy, a requirement that funds appropriated for the grants described in subsection (1) may be used only for expenditures that occur on or after the effective date of this act.

(d) A requirement for reporting by the grant recipient to the department or agency and the legislative sponsor that provides the status of the project and an accounting of all money expended by the grant recipient, as determined by the department or agency.

(e) A clawback provision that allows the department of treasury to recoup or otherwise collect any grant money that is declined, unspent, or otherwise misused.

(f) The documents publicly disclosed under subsection (1).

(4) If appropriate to improve the administration or oversight of a grant described in subsection (1), a department or agency may adopt a memorandum of understanding with another department or agency to perform the required duties under this section.

(5) A grant recipient shall respond to all reasonable information requests from a department or agency related to grant expenditures and retain grant records for not less than 7 years, and the grant may be subject to monitoring, site visits, and audit as determined by a department or agency. The grant agreement required under this section must include signed assurance by the chief executive officer or other executive officer of the grant recipient authorized to bind the grant recipient that the requirements of this subsection will be met.

(6) The grant recipient shall expend all grant money awarded and complete all projects not later than September 30, 2030. If at that time any unexpended money remains, the grant recipient shall return that money to the state treasury. If a grant recipient does not provide information sufficient to execute a grant agreement not later than June 1, 2026, a department or agency shall return money associated with the grant to the state treasury.

(7) Any grant money that is awarded to a department or agency is appropriated in that department or agency for the purpose of the intended grant.

(8) Except as otherwise provided in subsection (9), beginning March 15 of the current fiscal year, a department or agency shall post a report in a publicly accessible location on its website. The report must list the grant recipient, project purpose, and location of the project for each grant described in subsection (1), the status of money allocated and disbursed under the grant agreement, and the legislative sponsor, if applicable. A department or agency shall update the report and post the updated report in a publicly accessible location on its website not later than June 15 of the current fiscal year and again not later than September 15 of the current fiscal year. A department or agency shall include in the report the most comprehensive information the department or agency has available at the time of posting for grants awarded.

(9) If the state budget office determines that it is more efficient for the state budget office to compile all affected departments' and agencies' information and post a report of the compiled information rather than the report required under subsection (8) being posted by individual departments and agencies, the state budget office may compile that information across all affected departments and agencies and post the compiled report and any updates on the same time schedule as identified in subsection (8).

(10) If a department or agency reasonably determines that the money allocated for an executed grant agreement under this section was misused or that use of the money was misrepresented by the grant recipient, the department or agency shall not award any additional funds under the executed grant agreement and shall refer the grant for review following internal audit protocols, which may include referral for criminal investigation.

Sec. 229. General fund appropriations in part 1 shall not be expended for items in cases where federal funding or private grant funding is available for the same expenditures.

ONE-TIME APPROPRIATIONS

Sec. 991. (1) The department of treasury shall distribute and award funds appropriated in part 1 for public safety constituency grants as provided in subsection (2) and as follows:

(a) $17,000,000.00 must be awarded to eligible offices of county prosecutors to reduce the average caseloads per attorney. To be eligible to receive a grant, all of the following criteria must be met:

(*i*) The office of a county prosecutor must receive at a minimum the same amount of funding from the county for the fiscal year ending in 2026 as the office of county prosecutor received from the county in the immediately preceding fiscal year.

(*ii*) The county is 1 of the 15 counties with the highest violent crime rate per 1,000 residents as determined for each county. The violent crime rate is calculated by dividing the total violent crime incidents reported for the county according to the most recent annual crime report published by the MDSP that is available as of April 1 of the previous state fiscal year by the total population of the county according to the most recent federal decennial census and then multiplying by 1,000.

(*iii*) The office of the county prosecutor must apply for a grant in a form and manner determined by the department of treasury. The office of the county prosecutor must include with its application a proposed budget designating that grant proceeds will support only costs that reduce the average caseload per attorney.

(*iv*) The office of the county prosecutor submits a report including, at a minimum, the current number of staff, average caseload per attorney, and the local funding that supports the office of the county prosecutor.

(b) The amount of the grant to each office of a county prosecutor under subdivision (a) is the greater of either of the following and must be adjusted in accordance with subdivisions (c) and (d) as needed:

(*i*) The amount received under Section 991 of article 5 of 2023 PA 119.

(*ii*) An amount equal to the product of $7.50 multiplied by the population of the county in which the office of the county prosecutor is located, according to the most recent federal decennial census.

(c) If there is any money remaining after determining the initial grant award amounts under subdivision (b), each office of county prosecutor that meets all the requirements of subdivision (a) must be awarded an additional amount determined by dividing the remaining amount of funding available by the sum of the populations of each county that meets all the requirements of subdivision (a) and then multiplying the quotient by the population of that county.

(d) If the total amount appropriated does not support the full grant amounts determined under subdivision (b), then the amount awarded to each county prosecutor that meets all of the requirements of subdivision (a) must be reduced. The amount reduced must be determined by dividing the total amount determined under subdivision (b) that exceeds the appropriation amount under subdivision (a) by the sum of the population of each county that meets all the requirements under subdivision (a) and then multiplying the quotient by the population of that county.

(e) The department of treasury shall not use any of the funds appropriated under this subsection for administration.

(f) Not later than August 31, the department of treasury shall submit a report to the standard report recipients that includes all of the following:

(1) Subject to section 242 of the management and budget act, 1984 PA 431, MCL 18.1242, and on the approval of the state building authority, the department of treasury may expend from the general fund of this state during the fiscal year an amount necessary to meet the cash flow requirements of those state building authority projects solely for lease to a state agency identified in both part 1 and this section, and for which state building authority bonds or notes have not been issued, and for the sole acquisition by the state building authority of equipment and furnishings for lease to a state agency as permitted by 1964 PA 183, MCL 830.411 to 830.425, for which the issuance of bonds or notes is authorized by an appropriations PA that is effective for the immediately preceding fiscal year. Any general fund advances for which state building authority bonds have not been issued must bear an interest cost to the state building authority at a rate that is not greater than the rate earned by the state treasurer's common cash fund during the period in which the advances are outstanding and are repaid to the general fund of this state.

(2) On sale of bonds or notes for the projects identified in part 1 or for equipment as authorized by an appropriations PA and in this section, the state building authority shall credit the general fund of this state an amount equal to the amount expended from the general fund plus interest, if any, as described in this section.

(3) For state building authority projects for which bonds or notes have been issued and on the request of the state building authority, the state treasurer shall make advances without interest from the general fund as necessary to meet cash flow requirements for the projects. The state building authority shall reimburse the state treasurer for the advances when the investments earmarked for the financing of the projects mature.

(4) If a project identified in part 1 is terminated after final design is complete, advances made on behalf of the state building authority for the costs of final design must be repaid to the general fund in a manner recommended by the director of the state building authority.

Sec. 1102. (1) The state building authority shall not release state building authority funding to a university or community college to finance the construction or renovation of a facility that collects revenue in excess of money required for the operation of that facility unless the university or community college agrees to use that excess revenue to reimburse the state building authority. The excess revenue received by the state building authority as reimbursement must be credited to the general fund to offset rent obligations associated with the retirement of bonds issued for the applicable facility. The auditor general shall annually identify and audit the facilities that are subject to this section. Costs associated with the administration of the audit must be charged against money received by the state building authority as reimbursement under this section.

(2) As used in this section, "revenue" includes state appropriations, facility opening money, other state aid, indirect cost reimbursement, and other revenue generated by the activities of the facility.

The spending plan must include the following information regarding each revenue source for the line item: category of the fund source indicated by general fund/general purpose, state restricted, local, private, or federal. For amounts listed in the other contracts category of each spending plan, the department shall include the name of the line item and the name of the fund source for each contract, grant, and amount for the current fiscal year. The department shall submit a report to the standard report recipients not later than March 1 of each year that describes the processes it has developed and implemented under provisions of this section.

For behavioral and physical health services provided through managed care or the fee-for-service program, the department shall require, for the nonfacility component of the reimbursement rate, at least the same reimbursement for that service, if that service is provided through telemedicine, as if the service involved face-to-face contact between the health care professional and the patient.

Sec. 240. To the extent possible, the department shall not expend appropriations under part 1 until all existing authorized work project funds available for the same purposes are exhausted.

Sec. 241. The list must include all information and documents pertaining to the funded items as publicly disclosed in accordance with the house or senate rules and this section.

(2) Notwithstanding any other conditions or requirements for direct appropriation grants, the department shall perform, at a minimum, at least all of the following activities to administer the grants described in subsection (1):

(a) Establish a process to review, complete, and execute a grant agreement with a grant recipient. The department shall not execute a grant agreement unless all necessary documentation has been submitted and reviewed.

(b) Verify to the extent possible that a grant recipient is a not-for-profit entity and will use funds as publicly disclosed and for a public purpose that serves the economic prosperity, health, safety, or general welfare of the residents of this state.

(c) Review and verify all necessary information to ensure the grant recipient is reasonably able to execute the grant agreement, perform its fiduciary duty, and comply with all applicable state and federal statutes. The department may deduct the cost of background checks and any other efforts performed as part of this verification from the amount of the designated grant award.

(d) Disburse the grant money per the grant disbursement schedule in the executed grant agreement on a reimbursement basis after the grantee has provided sufficient documentation, as determined by the department, to verify that expenditures were made in accordance with the project purpose.

(e) If the state budget director determines that information provided by the grantee does not meet the disclosure requirements, that the grant will be used to pay a tax lien, delinquent tax, or other obligation owed to this state, or that the grant will create a conflict of interest, the department shall not release the grant money to the grantee. Money that is not released under this subdivision lapses at the end of the fiscal year. There is not a conflict of interest if the sponsoring legislator certifies that the sponsoring legislator's immediate family members, legislative staff members that have worked for the sponsoring legislator within the past 2 years, and the sponsoring legislator do not have a direct or indirect pecuniary interest in the legislatively directed spending item.

(3) An executed grant agreement under this section between the department and a grant recipient must include at least all of the following:

Project budget must include how all grant money will be used and must indicate if any grant money will be provided to a third party or subrecipient. The department shall not reimburse expenditures that are outside of the project purpose, as stated in the executed grant agreement, from appropriations in part 1. The grantee shall return to the state treasury any interest in excess of $1,000.00 earned on the grant money while unexpended and in possession of the grantee.

(c) Unless otherwise specified in department policy, a requirement that funds appropriated for the grants described in subsection (1) may be used only for expenditures that occur on or after the effective date of this act.

(d) A requirement for reporting by the grant recipient to the department and the legislative sponsor that provides the status of the project and an accounting of all money expended by the grant recipient, as determined by the department.

(e) A clawback provision that allows the department of treasury to recoup or otherwise collect any grant money that is declined, unspent, or otherwise misused.

(f) The documents publicly disclosed under subsection (1).

(4) If appropriate to improve the administration or oversight of a grant described in subsection (1), the department may adopt a memorandum of understanding with another state department to perform the required duties under this section.

(5) A grant recipient shall respond to all reasonable information requests from the department related to grant expenditures and retain grant records for not less than 7 years, and the grant may be subject to monitoring, site visits, and audit as determined by the department. The grant agreement required under this section must include signed assurance by the chief executive officer or other executive officer of the grant recipient authorized to bind the grant recipient that the requirements of this subsection will be met.

(6) The grant recipient shall expend all grant money awarded and complete all projects not later than September 30, 2030. If at that time any unexpended money remains, the grant recipient shall return that money to the state treasury. If a grant recipient does not provide information sufficient to execute a grant agreement not later than June 1, 2026, the department shall return money associated with the grant to the state treasury.

(7) Any grant money that is awarded to a state department is appropriated in that department for the purpose of the intended grant.

(8) Except as otherwise provided in subsection (9), beginning March 15 of the current fiscal year, the department shall post a report in a publicly accessible location on its website. The report must list the grant recipient, project purpose, and location of the project for each grant described in subsection (1), the status of

money allocated and disbursed under the grant agreement, and the legislative sponsor, if applicable. The department shall update the report and post the updated report in a publicly accessible location on its website not later than June 15 of the current fiscal year and again not later than September 15 of the current fiscal year. The department shall include in the report the most comprehensive information the department has available at the time of posting for grants awarded.

(9) If the state budget office determines that it is more efficient for the state budget office to compile all affected departments' information and post a report of the compiled information rather than the report required under subsection (8) being posted by individual departments, the state budget office may compile that information across all affected departments and post the compiled report and any updates on the same time schedule as identified in subsection (8).

(10) If the department reasonably determines that the money allocated for an executed grant agreement under this section was misused or that use of the money was misrepresented by the grant recipient, the department shall not award any additional funds under the executed grant agreement and shall refer the grant for review following internal audit protocols, which may include referral for criminal investigation.

Sec. 253. (1) The department shall ensure that each federally recognized tribe is able to apply and compete for services, programs, grants, and contracts.

(2) For competitive grant programs described in this part, each federally recognized tribe is eligible to apply for grant funds made available to organizations exempt from federal income tax under section 501(c)(3) of the internal revenue code of 1986, 26 USC 501, and to local units of government.

(2) On a semiannual basis, the department shall submit, to the standard report recipients, a report that summarizes the status of any new or ongoing discussions with CMS, the United States Department of Health and Human Services, or another federal agency regarding any potential or future waiver applications and the status of any submitted waivers that have not yet received federal approval. If there is not a reportable item at the time that a semiannual report is due, a report is not required.

Sec. 264. The department shall not take disciplinary action against an employee of the department for communicating with a member of the senate or house of representatives or a member's staff, unless the communication is prohibited by law and the department is exercising its authority as provided by law.

Sec. 270. The department shall advise the legislature of the receipt of a notification from the attorney general's office of a legal action in which expenses had been recovered under section 10b of the social welfare act, 1939 PA 280, MCL 400.610b. The realignment of financing must not produce any of the following:

(a) A gross increase or decrease in the department's total individual line item authorizations.

(b) A net increase or decrease in total federal revenues.

(c) A net increase in TANF authorization.

(2) On a quarterly basis, the department shall submit, to the standard report recipients, a report on the realignment of federal fund sources transacted to date in the current fiscal year under subsection (1), including the dates, line items, and amounts of the transactions. If, at the time a quarterly report is due, a transaction was not made under subsection (1), a report is not required.

(6) If the child support incentive payment to this state from the federal government is less than $26,500,000.00, then the state share and the county share must each be reduced by 50% of the shortfall.

Sec. 409. (1) If statewide retained child support collections exceed $38,300,000.00, 75% of the amount in excess of $38,300,000.00 is appropriated to legal support contracts. The excess appropriation may be distributed to eligible counties to supplement, but not supplant, county title IV-D funding.

Not later than 30 days before a proposed reduction in the state supplementation level, the department shall notify the legislature of the proposed reduction.

(f) Each contractor or subcontractor shall provide timely and accurate reports regarding the number of clients served, units of service provision, and ability to meet their stated goals.

(3) The department shall require each contractor described in subsection (1) to ensure that the funds appropriated in this section are only used on proven or established programs.

(4) The department shall require an annual report from the contractors described in subsection (2). The department may collect revenue for patient reimbursement from first- and third-party payers, including Medicaid and local county CMHSP payers, to cover the cost of patient placement in state hospitals and centers. The department may adjust financing sources for patient reimbursement based on actual revenues earned. If the revenue collected exceeds current year expenditures, the revenue may be carried forward with approval of the state budget director. The department shall use the revenue carried forward as a first source of funds in the subsequent year.

Sec. 1058. Effective October 1 of the current fiscal year, the department, in consultation with the department of technology, management, and budget, may maintain a bid process to identify 1 or more private contractors to provide food and custodial services for the administrative areas at a state hospital identified by the department as capable of generating savings through the outsourcing of food and custodial services.

The applicant who is qualified as described in this subsection is allowed to select or remain with the Medicaid participating obstetrician of the applicant's choice.

(2) Each qualifying applicant is entitled to receive all medically necessary obstetrical and prenatal care without preauthorization from a health plan. The applicant must receive a listing of Medicaid physicians and managed care plans in the immediate vicinity of the applicant's residence.

(3) If an applicant, presumed to be eligible for Medicaid under subsection (1), is subsequently found to be ineligible, a Medicaid physician or managed care plan that has been providing pregnancy services to the applicant is entitled to reimbursement for the services until the Medicaid physician or managed care plan is notified by the department that the applicant was found to be ineligible for Medicaid.

On a quarterly basis, the department shall report on the number of full-time equated positions in pay status by civil service classification, including a comparison by line item of the number of full-time equated positions authorized from funds appropriated in part 1 to the actual number of full-time equated positions employed by the department at the end of the reporting period. The report must be submitted to the standard report recipients and to the senate and house appropriations committees.

Sec. 213. To the extent possible, the department shall not expend appropriations under part 1 until all existing authorized work project funds available for the same purposes are exhausted.

Sec. 214. To the extent permissible under the management and budget act, 1984 PA 431, MCL 18.1101 to 18.1594, the director shall take all reasonable steps to ensure geographically disadvantaged business enterprises compete for and perform contracts to provide services or supplies, or both. The director shall strongly encourage firms with which the department contracts to subcontract with certified geographically disadvantaged business enterprises for services, supplies, or both. As used in this section, "geographically disadvantaged business enterprises" means that term as defined in Executive Directive No. 2023-1.

(c) Create a regulatory gap that could negatively impact the public.

Sec. 219. If the state administrative board, acting under section 3 of 1921 PA 2, MCL 17.3, transfers funds from an amount appropriated under part 1, the legislature may, by a concurrent resolution adopted by a majority of the members elected to and serving in each house, intertransfer funds within part 1 for the particular department, board, commission, officer, or institution.

Sec. 220. (1) The department shall maximize the utilization of its in-person state workforce. The department shall prioritize occupancy utilization of office space for each division within the department. Employees with job responsibilities that require the employees to serve in their capacities outside of an office shall be monitored each pay period to ensure all work hours reported on the timesheet were actually worked.

(2) The department shall comply with requirements set forth by the office of the state employer on in-person work and utilization and occupancy rates of state buildings to ensure in-person work is optimized and occupancy rates are 80% or higher, subject to market conditions.

(3) The department shall adhere to civil service rules and regulations that state the standard biweekly work period for a full-time employee in the classified service of this state is the equivalent of 80 hours of work. The department shall establish policies and processes to ensure all employees are working their jobs during agreed-upon business hours.

Sec. 221. (1) The department shall require as a condition of each contract or subcontract that the prequalified contractor or prequalified subcontractor agree to use the E-Verify system to verify that all persons hired during the contract term by the contractor or subcontractor are legally present and authorized to work in the United States.

(2) The department may verify this information directly or may require contractors and subcontractors to verify the information and submit a certification to the department. The department shall submit a report to the standard report recipients not later than March 1 that describes the processes it has developed and implemented under this section.

(3) As used in this section, "E-Verify" means an internet-based system operated by the Department of Homeland Security, United States Citizenship and Immigration Services in partnership with the Social Security Administration.

Sec. 222. Not later than 6 months after the state budget office issues work project letters, the department shall submit an annual report that summarizes all work project accounts. The report must include all of the following:

(a) A list of all work project accounts.

(b) The status of all work project accounts, including amounts expended, amounts encumbered, and available balances for each account.

(c) The amount of funds that lapsed from any previously designated work project accounts, the name and description of the work project account, and the funds that received the lapsed amounts.

Sec. 223. Total authorized appropriations from all sources under part 1 for legacy costs for the fiscal year ending September 30, 2026 are estimated at $6,514,000.00. From this amount, total appropriations for pension-related legacy costs for the department are estimated at $5,875,200.00. Total appropriations for retiree health care legacy costs for the department are estimated at $638,800.00.

Sec. 224. Not later than April 1, the department shall provide to the standard report recipients a copy of its annual strategic plan prepared in compliance with section 363 of the management and budget act, 1984 PA 431, MCL 18.1363. The plan must include the mission, vision, goals, strategies, and performance measures of the department.

Sec. 225. The department shall report on any court settlement that may require further legislative review of state statutory programs or regulations.

Sec. 226. Not later than November 15, the department shall disclose on a publicly accessible website private and other third-party funds received by the department in the previous fiscal year. The report must include the amount of funding received, the specific source of funding received, the purpose for which funding was expended, and the amount of any remaining funds. The report must be submitted to the standard report recipients and to the chairpersons of the senate and house appropriations committees.

Sec. 227. The department shall make each report readily accessible to the public and conspicuously post each required report in a single archivable location on the department's Michigan.gov website not later than the due date required for each report. In addition to placing all reports required in the current fiscal year on the department's website, the department shall maintain on its website all reports placed on the website from previous fiscal years posted by fiscal year in the same single archivable location.

Sec. 228. (1) Not later than 30 days after enactment of this act, the legislature shall provide to the department and the state budget director a list of legislatively directed spending items, which may be referred to in this section as grants or direct appropriation grants, funded in part 1 consistent with the house or senate rules and this section. The list must include all information and documents pertaining to the funded items as publicly disclosed in accordance with the house or senate rules and this section.

(2) Notwithstanding any other conditions or requirements for direct appropriation grants, the department shall perform, at a minimum, at least all of the following activities to administer the grants described in subsection (1):

(a) Establish a process to review, complete, and execute a grant agreement with a grant recipient. The department shall not execute a grant agreement unless all necessary documentation has been submitted and reviewed.

(b) Verify to the extent possible that a grant recipient is a not-for-profit entity and will use funds as publicly disclosed and for a public purpose that serves the economic prosperity, health, safety, or general welfare of the residents of this state.

(c) Review and verify all necessary information to ensure the grant recipient is reasonably able to execute the grant agreement, perform its fiduciary duty, and comply with all applicable state and federal statutes. The department may deduct the cost of background checks and any other efforts performed as part of this verification from the amount of the designated grant award.

(d) Disburse the grant money per the grant disbursement schedule in the executed grant agreement on a reimbursement basis after the grantee has provided sufficient documentation, as determined by the department, to verify that expenditures were made in accordance with the project purpose.

(e) If the state budget director determines that information provided by the grantee does not meet the disclosure requirements, that the grant will be used to pay a tax lien, delinquent tax, or other obligation owed to this state, or that the grant will create a conflict of interest, the department shall not release the grant money to the grantee. Money that is not released under this subdivision lapses at the end of the fiscal year. There is not a conflict of interest if the sponsoring legislator certifies that the sponsoring legislator's immediate family members, legislative staff members that have worked for the sponsoring legislator within the past 2 years, and the sponsoring legislator do not have a direct or indirect pecuniary interest in the legislatively directed spending item.

(3) An executed grant agreement under this section between the department and a grant recipient must include at least all of the following:

(a) All necessary identifying information for the grant recipient, including any tax and financial information necessary for the department to administer grant money under this section.

(b) A description of the project for which the grant money will be expended, including tentative timelines and the estimated budget. Project budget must include how all grant money will be used and must indicate if any grant money will be provided to a third party or subrecipient. The department shall not reimburse expenditures that are outside of the project purpose, as stated in the executed grant agreement, from appropriations in part 1. The grantee shall return to the state treasury any interest in excess of $1,000.00 earned on the grant money while unexpended and in possession of the grantee.

(c) Unless otherwise specified in department policy, a requirement that funds appropriated for the grants described in subsection (1) may be used only for expenditures that occur on or after the effective date of this act.

(d) A requirement for reporting by the grant recipient to the department and the legislative sponsor that provides the status of the project and an accounting of all money expended by the grant recipient, as determined by the department.

(e) A clawback provision that allows the department of treasury to recoup or otherwise collect any grant money that is declined, unspent, or otherwise misused.

(f) The documents publicly disclosed under subsection (1).

(4) If appropriate to improve the administration or oversight of a grant described in subsection (1), the department may adopt a memorandum of understanding with another state department to perform the required duties under this section.

(5) A grant recipient shall respond to all reasonable information requests from the department related to grant expenditures and retain grant records for not less than 7 years, and the grant may be subject to monitoring, site visits, and audit as determined by the department. The grant agreement required under this section must include signed assurance by the chief executive officer or other executive officer of the grant recipient authorized to bind the grant recipient that the requirements of this subsection will be met.

(6) The grant recipient shall expend all grant money awarded and complete all projects not later than September 30, 2030. If at that time any unexpended money remains, the grant recipient shall return that money to the state treasury. If a grant recipient does not provide information sufficient to execute a grant agreement not later than June 1, 2026, the department shall return money associated with the grant to the state treasury.

(7) Any grant money that is awarded to a state department is appropriated in that department for the purpose of the intended grant.

(8) Except as otherwise provided in subsection (9), beginning March 15 of the current fiscal year, the department shall post a report in a publicly accessible location on its website. The report must list the grant recipient, project purpose, and location of the project for each grant described in subsection (1), the status of money allocated and disbursed under the grant agreement, and the legislative sponsor, if applicable. The department shall update the report and post the updated report in a publicly accessible location on its website not later than June 15 of the current fiscal year and again not later than September 15 of the current fiscal year. The department shall include in the report the most comprehensive information the department has available at the time of posting for grants awarded.

(9) If the state budget office determines that it is more efficient for the state budget office to compile all affected departments' information and post a report of the compiled information rather than the report required under subsection (8) being posted by individual departments, the state budget office may compile that information across all affected departments and post the compiled report and any updates on the same time schedule as identified in subsection (8).

(10) If the department reasonably determines that the money allocated for an executed grant agreement under this section was misused or that use of the money was misrepresented by the grant recipient, the department shall not award any additional funds under the executed grant agreement and shall refer the grant for review following internal audit protocols, which may include referral for criminal investigation.

Sec. 250. Unless prohibited by law, the department may accept credit card or other electronic means of payment for licenses, fees, or permits. Not later than February 1, the department shall report on fees collected from credit card payments for licenses, fees, and permits in the previous year.

(a) Fiscal year-to-date expenditures by category.

(b) Fiscal year-to-date expenditures by appropriation unit.

(c) Fiscal year-to-date payments to a selected vendor, including the vendor name, payment date, payment amount, and payment description.

Sec. 214. To the extent permissible under the management and budget act, 1984 PA 451, MCL 18.1101 to 18.1594, the director of each department or agency receiving appropriations in part 1 shall take all reasonable steps to ensure geographically disadvantaged business enterprises compete for and perform contracts to provide services or supplies, or both. The director shall strongly encourage firms with which the department contracts to subcontract with certified geographically disadvantaged business enterprises for services, supplies, or both. As used in this section, "geographically disadvantaged business enterprises" means that term as defined in Executive Directive No. 2023-1.

Sec. 215. The department may electronically retain copies of reports unless otherwise required by federal and state guidelines.

Sec. 217. Not later than April 1, the department shall report on each specific policy change made to implement a public act affecting the department that took effect during the previous calendar year. The report must include reference to the public act that necessitates the policy change. The department shall submit the report to the standard report recipients, to the senate and house appropriations committees, and to the joint committee on administrative rules.

Sec. 218. To the extent possible, the department shall not expend appropriations under part 1 until all existing authorized work project funds available for the same purposes are exhausted.

Sec. 221. If the state administrative board, acting under section 3 of 1921 PA 2, MCL 17.3, transfers funds from an amount appropriated under part 1, the legislature may, by a concurrent resolution adopted by a majority of the members elected to and serving in each house, intertransfer funds within part 1 for the particular department, board, commission, officer, or institution.

Sec. 222. (1) Not later than 30 days after enactment of this act, the legislature shall provide to the department and the state budget director a list of legislatively directed spending items funded in part 1 consistent with the house or senate rules and this section. The list must include all information and documents pertaining to the funded items as publicly disclosed in accordance with the house or senate rules and this section.

(2) Notwithstanding any other conditions or requirements for direct appropriation grants, the department shall perform, at a minimum, at least all of the following activities to administer the grants described in subsection (1):

(a) Establish a process to review, complete, and execute a grant agreement with a grant recipient. The department shall not execute a grant agreement unless all necessary documentation has been submitted and reviewed.

(b) Verify to the extent possible that a grant recipient is a not-for-profit entity and will use funds as publicly disclosed and for a public purpose that serves the economic prosperity, health, safety, or general welfare of the residents of this state.

(c) Review and verify all necessary information to ensure the grant recipient is reasonably able to execute the grant agreement, perform its fiduciary duty, and comply with all applicable state and federal statutes. The department may deduct the cost of background checks and any other efforts performed as part of this verification from the amount of the designated grant award.

(d) Disburse the grant money per the grant disbursement schedule in the executed grant agreement on a reimbursement basis after the grantee has provided sufficient documentation, as determined by the department, to verify that expenditures were made in accordance with the project purpose.

(e) If the state budget director determines that information provided by the grantee does not meet the disclosure requirements, that the grant will be used to pay a tax lien, delinquent tax, or other obligation owed to this state, or that the grant will create a conflict of interest, the department shall not release the grant money to the grantee. Money that is not released under this subdivision lapses at the end of the fiscal year. There is not a conflict of interest if the sponsoring legislator certifies that the sponsoring legislator's immediate family members, legislative staff members that have worked for the sponsoring legislator within the past 2 years, and the sponsoring legislator do not have a direct or indirect pecuniary interest in the legislatively directed spending item.

(3) An executed grant agreement under this section between the department and a grant recipient must include at least all of the following:

(a) All necessary identifying information for the grant recipient, including any tax and financial information necessary for the department to administer grant money under this section.

(b) A description of the project for which the grant money will be expended, including tentative timelines and the estimated budget. Project budget must include how all grant money will be used and must indicate if any grant money will be provided to a third party or subrecipient. The department shall not reimburse expenditures that are outside of the project purpose, as stated in the executed grant agreement, from appropriations in part 1. The grantee shall return to the state treasury any interest in excess of $1,000.00 earned on the grant money while unexpended and in possession of the grantee.

(c) Unless otherwise specified in department policy, a requirement that funds appropriated for the grants described in subsection (1) may be used only for expenditures that occur on or after the effective date of this act.

(d) A requirement for reporting by the grant recipient to the department and the legislative sponsor that provides the status of the project and an accounting of all money expended by the grant recipient, as determined by the department.

(e) A clawback provision that allows the department of treasury to recoup or otherwise collect any grant money that is declined, unspent, or otherwise misused.

(f) The documents publicly disclosed under subsection (1).

(4) If appropriate to improve the administration or oversight of a grant described in subsection (1), the department may adopt a memorandum of understanding with another state department to perform the required duties under this section.

(5) A grant recipient shall respond to all reasonable information requests from the department related to grant expenditures and retain grant records for not less than 7 years, and the grant may be subject to monitoring, site visits, and audit as determined by the department. The grant agreement required under this section must include signed assurance by the chief executive officer or other executive officer of the grant recipient authorized to bind the grant recipient that the requirements of this subsection will be met.

(6) The grant recipient shall expend all grant money awarded and complete all projects not later than September 30, 2030. If at that time any unexpended money remains, the grant recipient shall return that money to the state treasury. If a grant recipient does not provide information sufficient to execute a grant agreement not later than June 1, 2026, the department shall return money associated with the grant to the state treasury.

(7) Any grant money that is awarded to a state department is appropriated in that department for the purpose of the intended grant.

(8) Except as otherwise provided in subsection (9), beginning March 15 of the current fiscal year, the department shall post a report in a publicly accessible location on its website. The report must list the grant recipient, project purpose, and location of the project for each grant described in subsection (1), the status of money allocated and disbursed under the grant agreement, and the legislative sponsor, if applicable. The department shall update the report and post the updated report in a publicly accessible location on its website not later than June 15 of the current fiscal year and again not later than September 15 of the current fiscal year. The department shall include in the report the most comprehensive information the department has available at the time of posting for grants awarded.

(9) If the state budget office determines that it is more efficient for the state budget office to compile all affected departments' information and post a report of the compiled information rather than the report required under subsection (8) being posted by individual departments, the state budget office may compile that information across all affected departments and post the compiled report and any updates on the same time schedule as identified in subsection (8).

(10) If the department reasonably determines that the money allocated for an executed grant agreement under this section was misused or that use of the money was misrepresented by the grant recipient, the department shall not award any additional funds under the executed grant agreement and shall refer the grant for review following internal audit protocols, which may include referral for criminal investigation.

Sec. 223. (1) The department shall maximize utilization of its in-person state workforce. The department shall prioritize occupancy utilization of office space for each division within the department. Employees with job responsibilities that require the employees to serve in their capacities outside of an office must be monitored each pay period to ensure all work hours reported on the timesheet were actually worked.

(2) The department shall comply with requirements set forth by the office of the state employer on in-person work and utilization and occupancy rates of state buildings to ensure in-person work is optimized and occupancy rates are 80% or higher, subject to market conditions.

(3) The department shall adhere to the rules and regulations of civil service, which state that the standard biweekly work period for a full-time employee in the classified service is the equivalent of 80 hours of work. The department shall establish policies and processes to ensure all employees are working their jobs during agreed-upon business hours.

Sec. 224. The department must provide an annual report to the standard report recipients detailing federal policy changes that do, or are expected to do, any of the following:

(b) Affect an industry, community, population, or other group regulated or served by, or that otherwise engages with, the department.

(c) Create a regulatory gap that could negatively impact the public.

Sec. 225. (1) The department shall require, as a condition of each contract or subcontract, that the prequalified contractor or prequalified subcontractor agree to use the E-Verify system to verify that all persons hired during the contract term by the contractor or subcontractor are legally present and authorized to work in the United States.

(2) The department may verify this information directly or may require contractors and subcontractors to verify the information and submit a certification to the department. The department shall submit a report to the standard report recipients not later than March 1 that describes the processes it has developed and implemented under this section.

(3) As used in this section, "E-Verify" means an internet-based system operated by the Department of Homeland Security, United States Citizenship and Immigration Services in partnership with the Social Security Administration.

Sec. 226. A department or agency required to submit a report under this part shall make each report readily accessible to the public and conspicuously post each required report in a single archivable location on the department's or agency's Michigan.gov website not later than the due date required for each report. In addition to placing all reports required in the current fiscal year on the department's or agency's website, the department or agency shall maintain on its website all reports placed on the website from previous fiscal years posted by fiscal year in the same single archivable location.

Sec. 227. Not later than 6 months after the state budget office issues work project letters, the department shall submit an annual report that summarizes all work project accounts. The report must include all of the following:

(c) The amount of funds that lapsed from any previously designated work project accounts, the name and description of the work project account, and the funds that received the lapsed amounts.

Sec. 228. Total authorized appropriations from all sources under part 1 for legacy costs for the fiscal year ending September 30, 2026 are estimated at $39,647,300.00. From this amount, total appropriations for pension-related legacy costs for the department are estimated at $35,759,400.00. Total appropriations for retiree health care legacy costs for the department are estimated at $3,887,900.00.

Sec. 229. Not later than April 1, the department shall provide to the standard report recipients a copy of its annual strategic plan prepared in compliance with section 363 of the management and budget act, 1984 PA 431, MCL 18.1363. The plan must include the mission, vision, goals, strategies, and performance measures of the department.

Sec. 230. The department shall report on any court settlement that may require further legislative review of state statutory programs or regulations.

Sec. 231. Not later than November 15, the department shall disclose on a publicly accessible website private and other third-party funds received by the department in the previous fiscal year. The report must include the amount of funding received, the specific source of funding received, the purpose for which funding was expended, and the amount of any remaining funds. The report must be submitted to the standard report recipients and to the chairpersons of the senate and house appropriations committees.

The list must include all information and documents pertaining to the funded items as publicly disclosed in accordance with the house or senate rules and this section.

(c) Review and verify all necessary information to ensure the grant recipient is reasonably able to execute the grant agreement, perform its fiduciary duty, and comply with all applicable state and federal statutes. The department may deduct the cost of background checks and any other efforts performed as part of this verification from the amount of the designated grant award.

(d) Disburse the grant money per the grant disbursement schedule in the executed grant agreement on a reimbursement basis after the grantee has provided sufficient documentation, as determined by the department, to verify that expenditures were made in accordance with the project purpose.

(e) If the state budget director determines that information provided by the grantee does not meet the disclosure requirements, that the grant will be used to pay a tax lien, delinquent tax, or other obligation owed to this state, or that the grant will create a conflict of interest, the department shall not release the grant money to the grantee. Money that is not released under this subdivision lapses at the end of the fiscal year. There is not a conflict of interest if the sponsoring legislator certifies that the sponsoring legislator's immediate family members, legislative staff members that have worked for the sponsoring legislator within the past 2 years, and the sponsoring legislator do not have a direct or indirect pecuniary interest in the legislatively directed spending item.

(3) An executed grant agreement under this section between the department and a grant recipient must include at least all of the following:

(a) All necessary identifying information for the grant recipient, including any tax and financial information necessary for the department to administer grant money under this section.

Project budget must include how all grant money will be used and must indicate if any grant money will be provided to a third party or subrecipient. The department shall not reimburse expenditures that are outside of the project purpose, as stated in the executed grant agreement, from appropriations in part 1. The grantee shall return to the state treasury any interest in excess of $1,000.00 earned on the grant money while unexpended and in possession of the grantee.

(c) Unless otherwise specified in department policy, a requirement that funds appropriated for the grants described in subsection (1) may be used only for expenditures that occur on or after the effective date of this act.

(d) A requirement for reporting by the grant recipient to the department and the legislative sponsor that provides the status of the project and an accounting of all money expended by the grant recipient, as determined by the department.

(e) A clawback provision that allows the department of treasury to recoup or otherwise collect any grant money that is declined, unspent, or otherwise misused.

(f) The documents publicly disclosed under subsection (1).

(4) If appropriate to improve the administration or oversight of a grant described in subsection (1), the department may adopt a memorandum of understanding with another state department to perform the required duties under this section.

(5) A grant recipient shall respond to all reasonable information requests from the department related to grant expenditures and retain grant records for not less than 7 years, and the grant may be subject to monitoring, site visits, and audit as determined by the department. The grant agreement required under this section must include signed assurance by the chief executive officer or other executive officer of the grant recipient authorized to bind the grant recipient that the requirements of this subsection will be met.

(6) The grant recipient shall expend all grant money awarded and complete all projects not later than September 30, 2030. If at that time any unexpended money remains, the grant recipient shall return that money to the state treasury. If a grant recipient does not provide information sufficient to execute a grant agreement not later than June 1, 2026, the department shall return money associated with the grant to the state treasury.

(7) Any grant money that is awarded to a state department is appropriated in that department for the purpose of the intended grant.

(8) Except as otherwise provided in subsection (9), beginning March 15 of the current fiscal year, the department shall post a report in a publicly accessible location on its website. The report must list the grant recipient, project purpose, and location of the project for each grant described in subsection (1), the status of money allocated and disbursed under the grant agreement, and the legislative sponsor, if applicable. The department shall update the report and post the updated report in a publicly accessible location on its website not later than June 15 of the current fiscal year and again not later than September 15 of the current fiscal year. The department shall include in the report the most comprehensive information the department has available at the time of posting for grants awarded.

(9) If the state budget office determines that it is more efficient for the state budget office to compile all affected departments' information and post a report of the compiled information rather than the report required under subsection (8) being posted by individual departments, the state budget office may compile that information across all affected departments and post the compiled report and any updates on the same time schedule as identified in subsection (8).

(10) If the department reasonably determines that the money allocated for an executed grant agreement under this section was misused or that use of the money was misrepresented by the grant recipient, the department shall not award any additional funds under the executed grant agreement and shall refer the grant for review following internal audit protocols, which may include referral for criminal investigation.

Sec. 250. The department shall submit a report to the standard report recipients by September 30 detailing any expenditure of funds for a television or radio production that was made to a third-party vendor in the fiscal year ending September 30, 2026. Any balance of this revenue collected and unexpended at the end of the fiscal year lapses to the appropriate restricted fund.

Sec. 254. (1) The department shall sell documents at a price not to exceed the cost of production and distribution. Money received from the sale of these documents reverts to the department. (c) Review and verify all necessary information to ensure the grant recipient is reasonably able to execute the grant agreement, perform its fiduciary duty, and comply with all applicable state and federal statutes. The department may deduct the cost of background checks and any other efforts performed as part of this verification from the amount of the designated grant award.

(d) Disburse the grant money per the grant disbursement schedule in the executed grant agreement on a reimbursement basis after the grantee has provided sufficient documentation, as determined by the department, to verify that expenditures were made in accordance with the project purpose.

(e) If the state budget director determines that information provided by the grantee does not meet the disclosure requirements, that the grant will be used to pay a tax lien, delinquent tax, or other obligation owed to this state, or that the grant will create a conflict of interest, the department shall not release the grant money to the grantee. Money that is not released under this subdivision lapses at the end of the fiscal year. There is not a conflict of interest if the sponsoring legislator certifies that the sponsoring legislator's immediate family members, legislative staff members that have worked for the sponsoring legislator within the past 2 years, and the sponsoring legislator do not have a direct or indirect pecuniary interest in the legislatively directed spending item.

If at that time any unexpended money remains, the grant recipient shall return that money to the state treasury. If a grant recipient does not provide information sufficient to execute a grant agreement not later than June 1, 2026, the department shall return money associated with the grant to the state treasury.

The department shall include in the report the most comprehensive information the department has available at the time of posting for grants awarded.

(9) If the state budget office determines that it is more efficient for the state budget office to compile all affected departments' information and post a report of the compiled information rather than the report required under subsection (8) being posted by individual departments, the state budget office may compile that information across all affected departments and post the compiled report and any updates on the same time schedule as identified in subsection (8).

(10) If the department reasonably determines that the money allocated for an executed grant agreement under this section was misused or that use of the money was misrepresented by the grant recipient, the department shall not award any additional funds under the executed grant agreement and shall refer the grant for review following internal audit protocols, which may include referral for criminal investigation.

Sec. 214. If the state administrative board, acting under section 3 of 1921 PA 2, MCL 17.3, transfers funds from an amount appropriated under part 1, the legislature may, by a concurrent resolution adopted by a majority of the members elected to and serving in each house, inter-transfer funds within part 1 for the particular department, board, commission, officer, or institution.

(1) Not later than 30 days after enactment of this act, the legislature shall provide to the department and the state budget director a list of legislatively directed spending items, which may be referred to in this section as grants or direct appropriation grants, funded in part 1 consistent with the house or senate rules and this section. The list must include all information and documents pertaining to the funded items as publicly disclosed in accordance with the house or senate rules and this section.

(2) Notwithstanding any other conditions or requirements for direct appropriation grants, the department shall perform, at a minimum, at least all of the following activities to administer the grants described in subsection (1):

(a) Establish a process to review, complete, and execute a grant agreement with a grant recipient. The department shall not execute a grant agreement unless all necessary documentation has been submitted and reviewed.

(b) Verify to the extent possible that a grant recipient is a not-for-profit entity and will use funds as publicly disclosed and for a public purpose that serves the economic prosperity, health, safety, or general welfare of the residents of this state.

(c) Review and verify all necessary information to ensure the grant recipient is reasonably able to execute the grant agreement, perform its fiduciary duty, and comply with all applicable state and federal statutes. The department may deduct the cost of background checks and any other efforts performed as part of this verification from the amount of the designated grant award.

(d) Disburse the grant money per the grant disbursement schedule in the executed grant agreement on a reimbursement basis after the grantee has provided sufficient documentation, as determined by the department, to verify that expenditures were made in accordance with the project purpose.

(e) If the state budget director determines that information provided by the grantee does not meet the disclosure requirements, that the grant will be used to pay a tax lien, delinquent tax, or other obligation owed to this state, or that the grant will create a conflict of interest, the department shall not release the grant money to the grantee. Money that is not released under this subdivision lapses at the end of the fiscal year. There is not a conflict of interest if the sponsoring legislator certifies that the sponsoring legislator's immediate family members, legislative staff members that have worked for the sponsoring legislator within the past 2 years, and the sponsoring legislator do not have a direct or indirect pecuniary interest in the legislatively directed spending item.

(3) An executed grant agreement under this section between the department and a grant recipient must include at least all of the following:

Project budget must include how all grant money will be used and must indicate if any grant money will be provided to a third party or subrecipient. The department shall not reimburse expenditures that are outside of the project purpose, as stated in the executed grant agreement, from appropriations in part 1. The grantee shall return to the state treasury any interest in excess of $1,000.00 earned on the grant money while unexpended and in possession of the grantee.

(c) Unless otherwise specified in department policy, a requirement that funds appropriated for the grants described in subsection (1) may be used only for expenditures that occur on or after the effective date of this act.

(d) A requirement for reporting by the grant recipient to the department and the legislative sponsor that provides the status of the project and an accounting of all money expended by the grant recipient, as determined by the department.

(e) A clawback provision that allows the department of treasury to recoup or otherwise collect any grant money that is declined, unspent, or otherwise misused.

(f) The documents publicly disclosed under subsection (1).

(4) If appropriate to improve the administration or oversight of a grant described in subsection (1), the department may adopt a memorandum of understanding with another state department to perform the required duties under this section.

(5) A grant recipient shall respond to all reasonable information requests from the department related to grant expenditures and retain grant records for not less than 7 years, and the grant may be subject to monitoring, site visits, and audit as determined by the department. The grant agreement required under this section must include signed assurance by the chief executive officer or other executive officer of the grant recipient authorized to bind the grant recipient that the requirements of this subsection will be met.

(6) The grant recipient shall expend all grant money awarded and complete all projects not later than September 30, 2030. If at that time any unexpended money remains, the grant recipient shall return that money to the state treasury. If a grant recipient does not provide information sufficient to execute a grant agreement not later than June 1, 2026, the department shall return money associated with the grant to the state treasury.

(7) Any grant money that is awarded to a state department is appropriated in that department for the purpose of the intended grant.

(8) Except as otherwise provided in subsection (9), beginning March 15 of the current fiscal year, the department shall post a report in a publicly accessible location on its website. The report must list the grant recipient, project purpose, and location of the project for each grant described in subsection (1), the status of money allocated and disbursed under the grant agreement, and the legislative sponsor, if applicable. The department shall update the report and post the updated report in a publicly accessible location on its website not later than June 15 of the current fiscal year and again not later than September 15 of the current fiscal year. The department shall include in the report the most comprehensive information the department has available at the time of posting for grants awarded.

(9) If the state budget office determines that it is more efficient for the state budget office to compile all affected departments' information and post a report of the compiled information rather than the report required under subsection (8) being posted by individual departments, the state budget office may compile that information across all affected departments and post the compiled report and any updates on the same time schedule as identified in subsection (8).

(10) If the department reasonably determines that the money allocated for an executed grant agreement under this section was misused or that use of the money was misrepresented by the grant recipient, the department shall not award any additional funds under the executed grant agreement and shall refer the grant for review following internal audit protocols, which may include referral for criminal investigation.

Sec. 227. A department or agency required to submit a report under this part shall make each report readily accessible to the public and conspicuously post each required report in a single archivable location on the department's or agency's Michigan.gov website not later than the due date required for each report. In addition to placing all reports required in the current fiscal year on the department's or agency's website, the department or agency shall maintain on its website all reports placed on the website from previous fiscal years posted by fiscal year in the same single archivable location.

Sec. 229. By April 1, the department shall provide to the standard report recipients a copy of its annual strategic plan prepared in compliance with section 363 of the management and budget act, 1984 PA 431, MCL 18.1363. The plan must include the mission, vision, goals, strategies, and performance measures of the department.

Sec. 233. (1) The department shall maximize utilization of the department's in-person state workforce. The department shall prioritize occupancy utilization of office space for each division within the department. Employees with job responsibilities that require the employees to serve in their capacities outside of an office shall be monitored each pay period to ensure all work hours reported on the timesheet were actually worked.

(2) The department shall comply with requirements set by the office of the state employer on in-person work and utilization and occupancy rates of state buildings to ensure in-person work is optimized and occupancy rates are 80% or higher, subject to market conditions.

(3) The department shall adhere to the rules and regulations of civil service, which state that the standard biweekly work period for a full-time employee in the classified service of this state is the equivalent of 80 hours of work. The department shall establish policies and processes to ensure all employees are working their jobs during agreed-upon business hours.

Sec. 234. (1) The department shall require as a condition of each contract or subcontract that a prequalified contractor or prequalified subcontractor agrees to use the E-Verify system to verify that all persons hired during the contract term by the contractor or subcontractor are legally present and authorized to work in the United States.

(2) The department may verify this information directly or may require the contractors and subcontractors to verify the information and submit a certification to the department. The department shall submit a report to the standard report recipients not later than March 1 that describes the processes it has developed and implemented under this section.

(3) As used in this section, "E-Verify" means an internet-based system operated by the Department of Homeland Security, United States Citizenship and Immigration Services, in partnership with the Social Security Administration.

(b) The status of all work project accounts, including amounts expended, amounts encumbered, and available balances for each account.

(c) The amount of funds that lapsed from any previously designated work project accounts, the name and description of the work project account, and the funds that received the lapsed amounts.

Sec. 236. Total authorized appropriations from all sources under part 1 for legacy costs for the fiscal year ending September 30, 2026 are estimated at $11,475,400.00. From this amount, total appropriations for pension-related legacy costs for the department are estimated at $10,350,100.00. Total appropriations for retiree health care legacy costs for the department are estimated at $1,125,300.00.

Sec. 237. Not later than November 15, the department shall disclose on a publicly accessible website private and other third-party funds received by the department in the previous fiscal year. The report must include the amount of funding received, the specific source of funding received, the purpose for which funding was expended, and the amount of any remaining funds. The department shall submit the report to the standard report recipients and to the chairpersons of the senate and house appropriations committees.

Sec. 239. The department shall provide an annual report to the standard report recipients detailing federal policy changes that do, or are expected to do, any of the following:

(a) Affect the operations of the department, including reductions in federal revenue.

(b) Affect an industry, community, population, or other group regulated or served by, or that otherwise engages with, the department.

(c) Create a regulatory gap that could negatively impact the public.

Sec. 240. The department shall report on any court settlement that may require further legislative review of state statutory programs or regulations.

(2) Upon the department being granted a request for an additional unclassified employee position from the civil service commission, or for any substantive changes to the duties of an existing unclassified employee position, the department shall report on these changes within 15 days.

Sec. 302. (1) The department shall operate and maintain National Guard armories and implement a system to measure the condition and adequacy of those armories.

(2) Not later than January 15, the department shall evaluate armories and submit an annual report on the status of the armories that includes the following information:

(a) An assessment of the grounds and facilities of each armory to objectively measure and determine the current facility condition and capability to support authorized manpower, unit training, and operations.

(b) Recommendations for the placement of new armories, the relocation or consolidation of existing armories, or a change in the mission of units assigned to armories to ideally position the National Guard in current or projected population centers.

(2) The department may verify this information directly or may require contractors and subcontractors to verify the information and submit a certification to the department. The department shall submit a report to the standard report recipients not later than March 1 that describes the processes it has developed and implemented under this section.

A department or agency required to submit a report under this part shall make each report readily accessible to the public and conspicuously post each required report in a single archivable location on the department's or agency's Michigan.gov website not later than the due date required for each report. In addition to placing all reports required in the current fiscal year on the department's or agency's website, the department or agency shall maintain on its website all reports placed on the website from previous fiscal years posted by fiscal year in the same single archivable location.

Sec. 227. The department shall report on any court settlement that may require further legislative review of state statutory programs or regulations.

Sec. 228. Not later than November 15, the department must disclose on a publicly accessible website private and other third-party funds received by the department in the previous fiscal year. The list must include all information and documents pertaining to the funded items as publicly disclosed in accordance with the house or senate rules and this section.

(2) Notwithstanding any other conditions or requirements for direct appropriation grants, the department shall perform, at a minimum, at least all of the following activities to administer the grants described in subsection (1):

(c) Review and verify all necessary information to ensure the grant recipient is reasonably able to execute the grant agreement, perform its fiduciary duty, and comply with all applicable state and federal statutes. The department may deduct the cost of background checks and any other efforts performed as part of this verification from the amount of the designated grant award.

(d) Disburse the grant money per the grant disbursement schedule in the executed grant agreement on a reimbursement basis after the grantee has provided sufficient documentation, as determined by the department, to verify that expenditures were made in accordance with the project purpose.

(e) If the state budget director determines that information provided by the grantee does not meet the disclosure requirements, that the grant will be used to pay a tax lien, delinquent tax, or other obligation owed to this state, or that the grant will create a conflict of interest, the department shall not release the grant money to the grantee. Money that is not released under this subdivision lapses at the end of the fiscal year. There is not a conflict of interest if the sponsoring legislator certifies that the sponsoring legislator's immediate family members, legislative staff members that have worked for the sponsoring legislator within the past 2 years, and the sponsoring legislator do not have a direct or indirect pecuniary interest in the legislatively directed spending item.

(3) An executed grant agreement under this section between the department and a grant recipient must include at least all of the following:

Project budget must include how all grant money will be used and must indicate if any grant money will be provided to a third party or subrecipient. The department shall not reimburse expenditures that are outside of the project purpose, as stated in the executed grant agreement, from appropriations in part 1. The grantee shall return to the state treasury any interest in excess of $1,000.00 earned on the grant money while unexpended and in possession of the grantee.

(c) Unless otherwise specified in department policy, a requirement that funds appropriated for the grants described in subsection (1) may be used only for expenditures that occur on or after the effective date of this act.

(d) A requirement for reporting by the grant recipient to the department and the legislative sponsor that provides the status of the project and an accounting of all money expended by the grant recipient, as determined by the department.

(e) A clawback provision that allows the department of treasury to recoup or otherwise collect any grant money that is declined, unspent, or otherwise misused.

(f) The documents publicly disclosed under subsection (1).

(4) If appropriate to improve the administration or oversight of a grant described in subsection (1), the department may adopt a memorandum of understanding with another state department to perform the required duties under this section.

(5) A grant recipient shall respond to all reasonable information requests from the department related to grant expenditures and retain grant records for not less than 7 years, and the grant may be subject to monitoring, site visits, and audit as determined by the department. The grant agreement required under this section must include signed assurance by the chief executive officer or other executive officer of the grant recipient authorized to bind the grant recipient that the requirements of this subsection will be met.

(6) The grant recipient shall expend all grant money awarded and complete all projects not later than September 30, 2030. If at that time any unexpended money remains, the grant recipient shall return that money to the state treasury. If a grant recipient does not provide information sufficient to execute a grant agreement not later than June 1, 2026, the department shall return money associated with the grant to the state treasury.

(7) Any grant money that is awarded to a state department is appropriated in that department for the purpose of the intended grant.

(8) Except as otherwise provided in subsection (9), beginning March 15 of the current fiscal year, the department shall post a report in a publicly accessible location on its website. The report must list the grant recipient, project purpose, and location of the project for each grant described in subsection (1), the status of money allocated and disbursed under the grant agreement, and the legislative sponsor, if applicable. The department shall update the report and post the updated report in a publicly accessible location on its website not later than June 15 of the current fiscal year and again not later than September 15 of the current fiscal year. The department shall include in the report the most comprehensive information the department has available at the time of posting for grants awarded.

(9) If the state budget office determines that it is more efficient for the state budget office to compile all affected departments' information and post a report of the compiled information rather than the report required under subsection (8) being posted by individual departments, the state budget office may compile that information across all affected departments and post the compiled report and any updates on the same time schedule as identified in subsection (8).

(10) If the department reasonably determines that the money allocated for an executed grant agreement under this section was misused or that use of the money was misrepresented by the grant recipient, the department shall not award any additional funds under the executed grant agreement and shall refer the grant for review following internal audit protocols, which may include referral for criminal investigation.

As used in this section, "geographically disadvantaged business enterprises" means that term as defined in Executive Directive No. 2023-01.

Sec. 215. (1) The department shall maximize utilization of its in-person state workforce. The department shall prioritize occupancy utilization of office space for each division within the department. The report must include reference to the public act that necessitates the policy change. The department shall submit the report to the standard report recipients, the senate and house appropriations committees, and the joint committee on administrative rules.

Sec. 221. A department or agency required to submit a report under this part shall make each report readily accessible to the public and conspicuously post each required report in a single archivable location on the department's or agency's Michigan.gov website not later than the due date required for each report. In addition to placing all reports required in the current fiscal year on the department's or agency's website, the department or agency shall maintain on its website all reports placed on the website from previous fiscal years posted by fiscal year in the same single archivable location.

Sec. 222. To the extent possible, the department shall not expend appropriations under part 1 until all existing authorized work project funds available for the same purposes are exhausted.

Sec. 223. Not later than 6 months after the state budget office issues work project letters, the department shall submit an annual report that summarizes all work project accounts. The report must include all of the following:

(a) A list of all work project accounts.

(b) The status of all work project accounts, including amounts expended, amounts encumbered, and available balances for each account.

(c) The amount of funds that lapsed from any previously designated work project accounts, the name and description of the work project account, and the funds that received the lapsed amounts.

From this amount, total appropriations for pension-related legacy costs for the department are estimated at $130,016,600.00. Total appropriations for retiree health care legacy costs for the department are estimated at $40,349,200.00.

Sec. 225. Not later than April 1, the department shall provide to the standard report recipients a copy of its annual strategic plan prepared in compliance with section 363 of the management and budget act, 1984 PA 431, MCL 18.1363. The plan must include the mission, vision, goals, strategies, and performance measures of the department.

Sec. 226. The department shall report on any court settlement that may require further legislative review of state statutory programs or regulations.

Sec. 227. Not later than November 15, the department shall disclose on a publicly accessible website private and other third-party funds received by the department in the previous fiscal year. The report must include the amount of funding received, the specific source of funding received, the purpose for which funding was expended, and the amount of any remaining funds. The report must be submitted to the standard report recipients and to the chairpersons of the senate and house appropriations committees.

Sec. 228. The department shall submit a biannual report on the performance metrics cited or information required to be reported in this part, reasons for nonachievement of metric targets, and proposed corrective actions.

Sec. 229. (1) It is the intent of the legislature that the department shall take all steps necessary to protect the data and privacy of citizens who are not the focus of a departmental investigation and to protect personal information from unauthorized access or misuse. The protection required under this subsection includes, but is not limited to, all of the following:

(a) Requiring vendors or service providers to protect data shared with them.

(b) Ensuring that when personal data is collected, but no longer utilized by the department, that reasonable steps be taken to securely destroy records containing personal information when it is to be discarded so that the information is rendered indecipherable and is not sold for marketing or other purposes.

(2) The department shall provide written notification to any data subject whose sensitive personal information is accessed or acquired by an unauthorized person.

Sec. 230. (1) Not later than 30 days after enactment of this act, the legislature shall provide to the department and the state budget director a list of legislatively directed spending items, which may be referred to in this section as grants or direct appropriation grants, funded in part 1 consistent with the house or senate rules and this section. The list must include all information and documents pertaining to the funded items as publicly disclosed in accordance with the house or senate rules and this section.

(2) Notwithstanding any other conditions or requirements for direct appropriation grants, the department shall perform, at a minimum, at least all of the following activities to administer the grants described in subsection (1):

(a) Establish a process to review, complete, and execute a grant agreement with a grant recipient. The department shall not execute a grant agreement unless all necessary documentation has been submitted and reviewed.

(b) Verify to the extent possible that a grant recipient is a not-for-profit entity and will use funds as publicly disclosed and for a public purpose that serves the economic prosperity, health, safety, or general welfare of the residents of this state.

(c) Review and verify all necessary information to ensure the grant recipient is reasonably able to execute the grant agreement, perform its fiduciary duty, and comply with all applicable state and federal statutes. The department may deduct the cost of background checks and any other efforts performed as part of this verification from the amount of the designated grant award.

(d) Disburse the grant money per the grant disbursement schedule in the executed grant agreement on a reimbursement basis after the grantee has provided sufficient documentation, as determined by the department, to verify that expenditures were made in accordance with the project purpose.

(e) If the state budget director determines that information provided by the grantee does not meet the disclosure requirements, that the grant will be used to pay a tax lien, delinquent tax, or other obligation owed to this state, or that the grant will create a conflict of interest, the department shall not release the grant money to the grantee. Money that is not released under this subdivision lapses at the end of the fiscal year. There is not a conflict of interest if the sponsoring legislator certifies that the sponsoring legislator's immediate family members, legislative staff members that have worked for the sponsoring legislator within the past 2 years, and the sponsoring legislator do not have a direct or indirect pecuniary interest in the legislatively directed spending item.

(3) An executed grant agreement under this section between the department and a grant recipient must include at least all of the following:

(a) All necessary identifying information for the grant recipient, including any tax and financial information necessary for the department to administer grant money under this section.

(b) A description of the project for which the grant money will be expended, including tentative timelines and the estimated budget. Project budget must include how all grant money will be used and must indicate if any grant money will be provided to a third party or subrecipient. The department shall not reimburse expenditures that are outside of the project purpose, as stated in the executed grant agreement, from appropriations in part 1. The grantee shall return to the state treasury any interest in excess of $1,000.00 earned on the grant money while unexpended and in possession of the grantee.

(c) Unless otherwise specified in department policy, a requirement that funds appropriated for the grants described in subsection (1) may be used only for expenditures that occur on or after the effective date of this act.

(d) A requirement for reporting by the grant recipient to the department and the legislative sponsor that provides the status of the project and an accounting of all money expended by the grant recipient, as determined by the department.

(e) A clawback provision that allows the department of treasury to recoup or otherwise collect any grant money that is declined, unspent, or otherwise misused.

(f) The documents publicly disclosed under subsection (1).

(4) If appropriate to improve the administration or oversight of a grant described in subsection (1), the department may adopt a memorandum of understanding with another state department to perform the required duties under this section.

(5) A grant recipient shall respond to all reasonable information requests from the department related to grant expenditures and retain grant records for not less than 7 years, and the grant may be subject to monitoring, site visits, and audit as determined by the department. The grant agreement required under this section must include signed assurance by the chief executive officer or other executive officer of the grant recipient authorized to bind the grant recipient that the requirements of this subsection will be met.

(6) The grant recipient shall expend all grant money awarded and complete all projects not later than September 30, 2030. If at that time any unexpended money remains, the grant recipient shall return that money to the state treasury. If a grant recipient does not provide information sufficient to execute a grant agreement not later than June 1, 2026, the department shall return money associated with the grant to the state treasury.

(7) Any grant money that is awarded to a state department is appropriated in that department for the purpose of the intended grant.

(8) Except as otherwise provided in subsection (9), beginning March 15 of the current fiscal year, the department shall post a report in a publicly accessible location on its website. The report must list the grant recipient, project purpose, and location of the project for each grant described in subsection (1), the status of money allocated and disbursed under the grant agreement, and the legislative sponsor, if applicable. The department shall update the report and post the updated report in a publicly accessible location on its website not later than June 15 of the current fiscal year and again not later than September 15 of the current fiscal year. The department shall include in the report the most comprehensive information the department has available at the time of posting for grants awarded.

(9) If the state budget office determines that it is more efficient for the state budget office to compile all affected departments' information and post a report of the compiled information rather than the report required under subsection (8) being posted by individual departments, the state budget office may compile that information across all affected departments and post the compiled report and any updates on the same time schedule as identified in subsection (8).

(10) If the department reasonably determines that the money allocated for an executed grant agreement under this section was misused or that use of the money was misrepresented by the grant recipient, the department shall not award any additional funds under the executed grant agreement and shall refer the grant for review following internal audit protocols, which may include referral for criminal investigation.

Sec. 231. (1) The department may accept monetary and nonmonetary gifts, bequests, donations, contributions, or grants from any private or public source to support, in whole or in part, a departmental function or program. The department shall expend or use the gifts, bequests, donations, contributions, or grants accepted under this subsection for the purposes designated by the private or public source, if the purpose is specified.

(1) Not later than 30 days after enactment of this act, the legislature shall provide to the department and the state budget director a list of legislatively directed spending items, which may be referred to in this section as grants or direct appropriation grants, funded in part 1 consistent with the house or senate rules and this section. The list must include all information and documents pertaining to the funded items as publicly disclosed in accordance with the house or senate rules and this section.

(2) Notwithstanding any other conditions or requirements for direct appropriation grants, the department shall perform, at a minimum, at least all of the following activities to administer the grants described in subsection (1):

(a) Establish a process to review, complete, and execute a grant agreement with a grant recipient. The department shall not execute a grant agreement unless all necessary documentation has been submitted and reviewed.

(b) Verify to the extent possible that a grant recipient is a not-for-profit entity and will use funds as publicly disclosed and for a public purpose that serves the economic prosperity, health, safety, or general welfare of the residents of this state.

(c) Review and verify all necessary information to ensure the grant recipient is reasonably able to execute the grant agreement, perform its fiduciary duty, and comply with all applicable state and federal statutes. The department may deduct the cost of background checks and any other efforts performed as part of this verification from the amount of the designated grant award.

(d) Disburse the grant money per the grant disbursement schedule in the executed grant agreement on a reimbursement basis after the grantee has provided sufficient documentation, as determined by the department, to verify that expenditures were made in accordance with the project purpose.

(e) If the state budget director determines that information provided by the grantee does not meet the disclosure requirements, that the grant will be used to pay a tax lien, delinquent tax, or other obligation owed to this state, or that the grant will create a conflict of interest, the department shall not release the grant money to the grantee. Money that is not released under this subdivision lapses at the end of the fiscal year. There is not a conflict of interest if the sponsoring legislator certifies that the sponsoring legislator's immediate family members, legislative staff members that have worked for the sponsoring legislator within the past 2 years, and the sponsoring legislator do not have a direct or indirect pecuniary interest in the legislatively directed spending item.

(3) An executed grant agreement under this section between the department and a grant recipient must include at least all of the following:

(a) All necessary identifying information for the grant recipient, including any tax and financial information necessary for the department to administer grant money under this section.

(b) A description of the project for which the grant money will be expended, including tentative timelines and the estimated budget. Project budget must include how all grant money will be used and must indicate if any grant money will be provided to a third party or subrecipient. The department shall not reimburse expenditures that are outside of the project purpose, as stated in the executed grant agreement, from appropriations in part 1. The grantee shall return to the state treasury any interest in excess of $1,000.00 earned on the grant money while unexpended and in possession of the grantee.

(c) Unless otherwise specified in department policy, a requirement that funds appropriated for the grants described in subsection (1) may be used only for expenditures that occur on or after the effective date of this act.

(d) A requirement for reporting by the grant recipient to the department and the legislative sponsor that provides the status of the project and an accounting of all money expended by the grant recipient, as determined by the department.

(e) A clawback provision that allows the department of treasury to recoup or otherwise collect any grant money that is declined, unspent, or otherwise misused.

(f) The documents publicly disclosed under subsection (1).

(4) If appropriate to improve the administration or oversight of a grant described in subsection (1), the department may adopt a memorandum of understanding with another state department to perform the required duties under this section.

(5) A grant recipient shall respond to all reasonable information requests from the department related to grant expenditures and retain grant records for not less than 7 years, and the grant may be subject to monitoring, site visits, and audit as determined by the department. The grant agreement required under this section must include signed assurance by the chief executive officer or other executive officer of the grant recipient authorized to bind the grant recipient that the requirements of this subsection will be met.

(6) The grant recipient shall expend all grant money awarded and complete all projects not later than September 30, 2030. If at that time any unexpended money remains, the grant recipient shall return that money to the state treasury. If a grant recipient does not provide information sufficient to execute a grant agreement not later than June 1, 2026, the department shall return money associated with the grant to the state treasury.

(7) Any grant money that is awarded to a state department is appropriated in that department for the purpose of the intended grant.

(8) Except as otherwise provided in subsection (9), beginning March 15 of the current fiscal year, the department shall post a report in a publicly accessible location on its website. The report must list the grant recipient, project purpose, and location of the project for each grant described in subsection (1), the status of money allocated and disbursed under the grant agreement, and the legislative sponsor, if applicable. The department shall update the report and post the updated report in a publicly accessible location on its website not later than June 15 of the current fiscal year and again not later than September 15 of the current fiscal year. The department shall include in the report the most comprehensive information the department has available at the time of posting for grants awarded.

(9) If the state budget office determines that it is more efficient for the state budget office to compile all affected departments' information and post a report of the compiled information rather than the report required under subsection (8) being posted by individual departments, the state budget office may compile that information across all affected departments and post the compiled report and any updates on the same time schedule as identified in subsection (8).

(10) If the department reasonably determines that the money allocated for an executed grant agreement under this section was misused or that use of the money was misrepresented by the grant recipient, the department shall not award any additional funds under the executed grant agreement and shall refer the grant for review following internal audit protocols, which may include referral for criminal investigation.

DEPARTMENTAL ADMINISTRATION AND SUPPORT

Sec. 301. The department may establish a fee schedule and collect fees sufficient to cover the costs to issue the permits that the department is authorized by law to issue on request, unless otherwise stipulated by law. (2) In addition to funds provided in subsection (1), money received by this state as federal grants, repayment of state infrastructure bank loans, or other reimbursement or revenue received by this state as a result of projects funded by the program and interest earned on that money must be deposited in the revolving state infrastructure bank fund and must be available for transportation infrastructure projects. At the close of the fiscal year, any unencumbered funds remaining in the state infrastructure bank fund remain in the fund and carry forward into the succeeding fiscal year.

Sec. 202. The appropriations under this part and part 1 are subject to the management and budget act, 1984 PA 431, MCL 18.1101 to 18.1594.

Sec. 203. If the state administrative board, acting under section 3 of 1921 PA 2, MCL 17.3, transfers funds from an amount appropriated under this article, the legislature may, by a concurrent resolution adopted by a majority of the members elected to and serving in each house, intertransfer funds for the particular department, board, commission, officer, or institution.

Sec. 204. As a condition of receiving funds under section 358, 463, 464, 465, 466, 467, 468, 469, 470, or 526, a grant recipient must agree to decline, not apply for, or not in any other way receive any funds the grant recipient may otherwise qualify for under section 517, 1019, 1050a, 1050b, 1051, 1053a, 1053b, or 1054 of article 9 of 2024 PA 121, if the funds appropriated under those sections of 2024 PA 121 were appropriated for a substantially similar purpose as the purposes described under section 358, 463, 464, 465, 466, 467, 468, 469, 470, or 526.

Sec. 205. (1) Not later than 30 days after enactment of this act, the legislature shall provide to each department for which appropriations are made under this act and the state budget director a list of legislatively directed spending items related to that department, which may be referred to in this section as grants or direct appropriation grants, funded in part 1 consistent with the house or senate rules and this section. The list must include all information and documents pertaining to the funded items as publicly disclosed in accordance with the house or senate rules and this section.

(2) Notwithstanding any other conditions or requirements for direct appropriation grants, the applicable department shall perform, at a minimum, at least all of the following activities to administer the grants described in subsection (1):

(a) Establish a process to review, complete, and execute a grant agreement with a grant recipient. The applicable department shall not execute a grant agreement unless all necessary documentation has been submitted and reviewed.

(b) Verify to the extent possible that a grant recipient is a not-for-profit entity and will use funds as publicly disclosed and for a public purpose that serves the economic prosperity, health, safety, or general welfare of the residents of this state.

(c) Review and verify all necessary information to ensure the grant recipient is reasonably able to execute the grant agreement, perform its fiduciary duty, and comply with all applicable state and federal statutes. The applicable department may deduct the cost of background checks and any other efforts performed as part of this verification from the amount of the designated grant award.

(d) Disburse the grant money per the grant disbursement schedule in the executed grant agreement on a reimbursement basis after the grantee has provided sufficient documentation, as determined by the applicable department, to verify that expenditures were made in accordance with the project purpose.

(e) If the state budget director determines that information provided by the grantee does not meet the disclosure requirements, that the grant will be used to pay a tax lien, delinquent tax, or other obligation owed to this state, or that the grant will create a conflict of interest, the applicable department shall not release the grant money to the grantee. Money that is not released under this subdivision lapses at the end of the fiscal year. There is not a conflict of interest if the sponsoring legislator certifies that the sponsoring legislator's immediate family members, legislative staff members that have worked for the sponsoring legislator within the past 2 years, and the sponsoring legislator do not have a direct or indirect pecuniary interest in the legislatively directed spending item.

(3) An executed grant agreement under this section between the applicable department and a grant recipient must include at least all of the following:

(a) All necessary identifying information for the grant recipient, including any tax and financial information necessary for the applicable department to administer grant money under this section.

(b) A description of the project for which the grant money will be expended, including tentative timelines and the estimated budget. Project budget must include how all grant money will be used and must indicate if any grant money will be provided to a third party or subrecipient. The applicable department shall not reimburse expenditures that are outside of the project purpose, as stated in the executed grant agreement, from appropriations in part 1. The grantee shall return to the state treasury any interest in excess of $1,000.00 earned on the grant money while unexpended and in possession of the grantee.

(c) Unless otherwise specified in department policy, a requirement that funds appropriated for the grants described in subsection (1) may be used only for expenditures that occur on or after the effective date of this act.

(d) A requirement for reporting by the grant recipient to the applicable department and the legislative sponsor that provides the status of the project and an accounting of all money expended by the grant recipient, as determined by the applicable department.

(e) A clawback provision that allows the department of treasury to recoup or otherwise collect any grant money that is declined, unspent, or otherwise misused.

(f) The documents publicly disclosed under subsection (1).

(4) If appropriate to improve the administration or oversight of a grant described in subsection (1), the applicable department may adopt a memorandum of understanding with another state department to perform the required duties under this section.

(5) A grant recipient shall respond to all reasonable information requests from the applicable department related to grant expenditures and retain grant records for not less than 7 years, and the grant may be subject to monitoring, site visits, and audit as determined by the applicable department. The grant agreement required under this section must include signed assurance by the chief executive officer or other executive officer of the grant recipient authorized to bind the grant recipient that the requirements of this subsection will be met.

(6) The grant recipient shall expend all grant money awarded and complete all projects not later than September 30, 2030. If at that time any unexpended money remains, the grant recipient shall return that money to the state treasury. If a grant recipient does not provide information sufficient to execute a grant agreement not later than June 1, 2026, the applicable department shall return money associated with the grant to the state treasury.

(7) Any grant money that is awarded to a state department is appropriated in that department for the purpose of the intended grant.

(8) Except as otherwise provided in subsection (9), beginning March 15 of the current fiscal year, the applicable department shall post a report in a publicly accessible location on its website. The report must list the grant recipient, project purpose, and location of the project for each grant described in subsection (1), the status of money allocated and disbursed under the grant agreement, and the legislative sponsor, if applicable. The applicable department shall update the report and post the updated report in a publicly accessible location on its website not later than June 15 of the current fiscal year and again not later than September 15 of the current fiscal year. The applicable department shall include in the report the most comprehensive information the applicable department has available at the time of posting for grants awarded.

(9) If the state budget office determines that it is more efficient for the state budget office to compile all affected departments' information and post a report of the compiled information rather than the report required under subsection (8) being posted by individual departments, the state budget office may compile that information across all affected departments and post the compiled report and any updates on the same time schedule as identified in subsection (8).

(10) If the applicable department reasonably determines that the money allocated for an executed grant agreement under this section was misused or that use of the money was misrepresented by the grant recipient, the applicable department shall not award any additional funds under the executed grant agreement and shall refer the grant for review following internal audit protocols, which may include referral for criminal investigation.

(11) As used in this section, "applicable department" means the department responsible for administering a legislatively directed spending item funded under part 1.

A county that has issued a municipal security under section 518 of the revised municipal finance act, 2001 PA 34, MCL 141.2518, is exempt from this requirement.

Sec. 804. (1) The funds appropriated in part 1 for county revenue sharing are for grants to counties and must be distributed as provided in this section.

(2) From the first $261,069,700.00 appropriated in part 1, each county shall receive an amount equal to 100% of the revenue sharing payment for which the county would have been eligible to receive under section 952(3) and section 955 of article 5 of 2023 PA 119, rounded to the nearest dollar, regardless of whether any limitation or eligibility criteria under sections 952 and 955 of article 5 of 2023 PA 119 was satisfied.

(3) From the remaining amount appropriated in part 1 for county revenue sharing after the distributions under subsection (2), a taxable value payment must be made to each county, determined as follows:

(a) Determine the per capita taxable value for each county by dividing the taxable value of that county by the population of that county.

(b) Determine the statewide per capita taxable value by dividing the total taxable value of all counties by the total population of all counties.

(c) Determine the per capita taxable value ratio for each county by dividing the statewide per capita taxable value by the per capita taxable value for that county.

(d) Determine the adjusted taxable value population for each county by multiplying the per capita taxable value ratio as determined under subdivision (c) for that county by the population of that county.

(e) Determine the total statewide adjusted taxable value population, which is the sum of all adjusted taxable value population for all counties.

(f) Determine the taxable value payment rate by dividing the amount to be distributed under this subsection by the total statewide adjusted taxable value population as determined under subdivision (e).

(g) Determine the taxable value payment for each county by multiplying the result under subdivision (f) by the adjusted taxable value population for that county.

Sec. 805. (1) From the funds appropriated in part 1 for local prosecutor support grants, the department of treasury shall award grants to eligible offices of county prosecutors to reduce the average caseloads per attorney. An office of a county prosecutor is eligible for a grant if the office meets all of the following requirements:

(a) The office receives, at a minimum, the same amount of funding from the county in fiscal year 2024-2025 as the office received from the county in fiscal year 2023-2024.

(b) The county in which the office is located is 1 of the 15 counties with the highest violent crime rate per 1,000 residents as determined for each county by dividing subparagraph (*i*) by subparagraph (*ii*) and then multiplying the result by 1,000:

(*i*) The total violent crime incidents reported for the county, as determined by the most recent annual crime report published by the department of state police that is available as of April 1 of the previous state fiscal year.

(*ii*) The total population of the county according to the most recent federal decennial census.

(c) The office applies for a grant in a form and manner determined by the department of treasury and includes with its application a proposed budget designating that grant proceeds will be used to support only costs that reduce the average caseload per attorney.

(d) The office submits a report that includes, at a minimum, the current number of staff, the average caseload per attorney, and the local funding that supports the office.

(2) Grants must be awarded to each qualifying office. The amount of the grant award to an office under subsection (1) must be the greater of the following, adjusted in accordance with subsection (3) or (4) if applicable:

(a) The amount received under section 991 of article 5 of 2023 PA 119.

(b) An amount equal to the product of $7.50 multiplied by the population of the county in which the office is located according to the most recent federal decennial census.

(3) If any grant money remains after determining the initial grant award amounts under subsection (2), each qualifying office must be awarded an additional amount determined by dividing the remaining amount of money available by the sum of the populations of each county in which a qualifying office is located and then multiplying the result by the population of the individual county in which the qualifying office is located.

(4) If the total amount appropriated for the local prosecutor support grants does not support the full grant amounts determined under subsection (2), then the grant amount determined under subsection (2) for each qualifying office must be reduced. The amount of the reduction must be determined by dividing the total amount determined under subsection (2) that exceeds the available appropriation by the sum of the populations of each county in which a qualifying office is located and then multiplying the result by the population of the individual county in which the qualifying office is located.

(5) The department of treasury shall not use any of the funds appropriated under this section for administration. The department of treasury shall submit a report to the senate and house appropriations subcommittees on general government, the senate and house fiscal agencies, the senate and house policy offices, and the state budget office by August 31 that includes all of the following information:

(a) A list of all of the counties in which an office that received a grant under this section is located.

(b) The information required under subsection (1)(d).

(c) If an additional amount is awarded under subsection (3), the additional amount awarded to each qualifying office under subsection (3).

(d) If a reduction occurs under subsection (4), the amount of the reduction under subsection (4) for each qualifying office.

(e) The total amount awarded to each qualifying office under this section.

(6) As used in this section:

(a) "Office" means an office of a county prosecutor.

(b) "Qualifying office" means an office that meets all of the requirements of subsection (1).

Sec. 806. A term that is defined in the Glenn Steil state revenue sharing act of 1971, 1971 PA 140, MCL 141.901 to 141.921, has the same meaning when used in sections 802, 803, and 804 of this part.

Rep. Phil Green, having reserved the right to explain his nay vote, made the following statement:

"Mr. Speaker and members of the House:

As a firm believer in responsible budgeting, I understand the importance of fiscal discipline and ensuring that every dollar is spent wisely. However, I also serve as a representative of the people of the 67th State House District, and with that responsibility comes the duty to stand up for their interests. I cannot in good conscience vote to approve a budget that disproportionately harms my district. The proposed cuts to local revenue sharing and the elimination of vital grants would directly impact communities across the 67th District—communities that pay their fair share in taxes and deserve equitable support in return. We are taxpayers too, and our families, businesses, and local governments deserve the same opportunities and resources as any other district in the state."
