Sec. 20.

A project citizens district council shall not be required and, if formed, shall be dissolved in any of the following situations:

(a) On petition of not less than 20% of the adult resident population of the project district area by the last federal decennial or municipal census, a governing body, after public hearing with notice given in accordance with section 17, and by a 2/3 vote, may adopt a resolution for the project to eliminate the necessity of a project citizens district council.

(b) When there are less than 18 residents, real property owners, or representatives of establishments located in the project district area eligible to serve on the project citizens district council.

(c) When the governing body determines that the objectives of the project plan have been substantially achieved. If, within the 20-day period, the project citizens district council notifies the governing body, in writing, of its disapproval of the determination, the determination shall not become effective unless thereafter approved by a 2/3 majority of the governing body more than 30 days after receipt of the notice of disapproval. During that period, the governing body shall consult with the project citizens district council concerning the objections of the project citizens district council to the determination.

(d) Upon termination of a project by resolution of the governing body.

(e) When the project plan does not include a zoning change and the implementation of the project plan does not require the taking of private property pursuant to section 22.
