

REVISED MUNICIPAL FINANCE ACT (EXCERPT)
Act 34 of 2001

141.2403 Resolution authorizing municipal security; tax levy provision; operating expenditures; limitation; set aside of taxes collected; tax installments; capital improvements; debt service charges.

Sec. 403.

(1) If a municipality issues a municipal security in anticipation of the collection of the taxes for the next succeeding fiscal year, the resolution authorizing a municipal security shall contain an irrevocable provision for the levying of a tax in the next succeeding fiscal year for the purpose for which the municipal security is to be made and the repayment of the municipal security from the receipt of taxes.

(2) A municipality may issue the short-term municipal security described in subsection (1) to pay for operating expenditures. As used in this section, "operating expenditures" means 1 or more of the following:

(a) Necessary operating expenditures of the municipality that could not reasonably have been foreseen and adequately provided for in the tax levy for the then current fiscal year.

(b) Payment of an expenditure in the then current fiscal year that cannot be funded because of a delay in or failure of receipt of budgeted revenue.

(c) Payment of budgeted expenditures in the then current fiscal year that precede budgeted revenues.

(3) The amount of the municipal securities issued under this section to pay operating expenditures shall not exceed 50% of the operating tax levy for the current fiscal year, or if the operating tax levy for the next succeeding fiscal year is determined, then 50% of the levy for the next succeeding fiscal year. The authorizing resolution shall provide that from the first collections of the operating taxes for the next succeeding fiscal year, there shall be set aside in a special fund to be used for the payment of principal and interest on the tax anticipation municipal security, a portion of each dollar that is not less than 125% of the percentage that the principal amount of the municipal security bears to the amount of the operating taxes until the amount set aside is sufficient for the payment. If a municipality collects its taxes in installments and issues a municipal security in anticipation of more than 1 installment, the requirements of the preceding sentence shall apply to each installment of taxes. The collection of the taxes to be set aside shall not be used for any other purpose. If the municipality determines that issuing municipal securities for this purpose will result in a deficiency in the funds available to pay the necessary operating expenditures of the next succeeding fiscal year, the municipality shall levy additional taxes in the future from within constitutional, charter, and statutory limits to prevent a continuation of the deficiency from year to year.

(4) A municipality may issue a short-term municipal security described in subsection (1) to pay for 1 or more capital improvements that can be legally and properly provided for in the budget of the municipality for the fiscal year in which the municipality issues the short-term municipal security. The principal amount of the municipal security issued for this purpose shall not exceed the sum set forth in the authorizing resolution to be levied for the improvement. The authorizing resolution shall provide that from the first collection of taxes for the next succeeding fiscal year, there shall be set aside in a special fund to be used for the payment of principal and interest on the short-term municipal security that percentage of the collection that the tax levied for capital outlay bears to the total levy, and until the amount set aside is sufficient for the payment, collection of the taxes to be set aside shall not be used for any other purpose.

(5) A municipality may issue the short-term municipal security described in subsection (1) to pay debt service charges or obligations on municipal securities or agreements described in section 317(5).
