

MICHIGAN ELECTION LAW (EXCERPT)
Act 116 of 1954

168.794a Electronic voting system; authorization; acquisition; abandonment; use; accuracy test; applicability of subsections (1) and (2).

Sec. 794a.

(1) Subject to this section, the board of commissioners of a county, the legislative body of a city or village, the township board of a township, or the school board of a school district, by a majority vote, may authorize, acquire by purchase, lease, or otherwise, adopt, experiment with, or abandon an electronic voting system approved for use in this state in an election, and may use the system in all or a part of the precincts within its boundaries, or in combination with other approved voting systems.

(2) A new electronic voting system shall not be used at a general election in a county, city, or township unless, in addition to the other requirements of this act, all of the following requirements are met:

(a) The county, city, or township purchases or otherwise acquires the electronic voting system 6 months or more before the next general election to be held in that county, city, or township.

(b) The county, city, or township uses the electronic voting system at a primary, special, or other local election held in the county, city, or township before the general election.

(3) The appropriate board of election commissioners shall provide for an accuracy test of an electronic voting system in the manner prescribed in rules promulgated by the secretary of state. The secretary of state shall prescribe procedures for preparing test decks and conducting accuracy tests for electronic voting systems in this state.

(4) Before an election held in a county, city, township, village, or school district, the secretary of state may randomly select and test for accuracy an electronic voting system to be used by the county, city, township, village, or school district in that election. The secretary of state shall use the test decks prepared by the secretary of state to conduct the random tests allowed under this subsection.

(5) A board of election commissioners shall not use in an election an electronic voting system that has failed the most recent accuracy test performed on that voting system under this act. An electronic voting system may be used after any necessary corrections are made and an accuracy test is passed on the system.

(6) Subsection (1) does not apply to a county, city, village, township, or school district after the county, city, village, township, or school district receives the secretary of state's notice under section 37. Subsection (2) shall apply to a county, city, village, township, or school district after it receives the secretary of state's notice under section 37 if, at the time of the notice, the county, city, village, township, or school district is using an electronic voting system that is the same type as the uniform voting system.
