Sec. 61b.

(1) From the state school aid fund money appropriated under section 11, there is allocated for 2024-2025 an amount not to exceed \$8,000,000.00 for CTE early middle college and CTE dual enrollment programs authorized under this section and for planning grants for the development or expansion of CTE early middle college programs. The purpose of these programs is to increase the number of Michigan residents with high-quality degrees or credentials, and to increase the number of students who are college and career ready upon high school graduation.

(2) From the funds allocated under subsection (1), the department shall allocate an amount as determined under this subsection to each intermediate district serving as a fiscal agent for state-approved CTE early middle college and CTE dual enrollment programs in each of the career education planning districts identified by the department. An intermediate district shall not use more than 5% of the funds allocated under this subsection for administrative costs for serving as the fiscal agent.

(3) To be an eligible fiscal agent, an intermediate district must agree to do all of the following in a form and manner determined by the department:

(a) Distribute funds to eligible CTE early middle college and CTE dual enrollment programs in a career education planning district as described in this section.

(b) Collaborate with the career and educational advisory council in the workforce development board service delivery area to develop 1 regional strategic plan under subsection (4) that aligns CTE programs and services into an efficient and effective delivery system for high school students. The department will align career education planning districts, workforce development board service delivery areas, and intermediate districts for the purpose of creating 1 regional strategic plan for each workforce development board service delivery area.

(c) Implement a regional process to rank career clusters in the workforce development board service delivery area as described under subsection (4). Regional processes must be approved by the department before the ranking of career clusters.

(d) Report CTE early middle college and CTE dual enrollment program and student data and information as prescribed by the department and the center.

(e) The local education agency responsible for student reporting in the Michigan student data system (MSDS) will report the total number of college credits the student earned, at the time of high school graduation, as determined by the department and the center.

(f) The local education agency will report each award outcome in the Michigan student data system (MSDS) that the CTE early middle college student attained. For purposes of this subsection, an on-track CTE early middle college graduate is a graduate who obtained their high school diploma and at least 1 of the following:

Standard occupational codes within high-ranking clusters also may be further ranked by median wage and annual job openings. The career and educational advisory council located in the workforce development board service delivery area shall review the rankings and modify them if necessary to accurately reflect employer demand for talent in the workforce development board service delivery area. A career and educational advisory council shall document that it has conducted this review and certify that it is accurate. These career cluster rankings must be determined and updated once every 4 years.

(b) An identification of educational entities in the workforce development board service delivery area that will provide eligible CTE early middle college and CTE dual enrollment programs including districts, intermediate districts, postsecondary institutions, and noncredit occupational training programs leading to an industry-recognized credential.

the workforce development board service delivery area.

(6) The department shall distribute funds to eligible CTE early middle college and CTE dual enrollment programs as follows:

(a) The department shall determine statewide average CTE costs per pupil for each CIP code program by calculating statewide average costs for each CIP code program for the 3 most recent fiscal years.

(b) The distribution to each eligible CTE early middle college or CTE dual enrollment program is the product of 50% of CTE costs per pupil times the pupil enrollment of each eligible CTE early middle college or CTE dual enrollment program in the immediately preceding school year.

Notwithstanding section 17b, the department shall make payments under this subsection in the manner determined by the department.

(9) Funds distributed under this section may be used to fund program expenditures that would otherwise be paid from foundation allowances. (10) If the allocation under subsection (1) is insufficient to fully fund payments as otherwise calculated under this section, the department shall prorate payments under this section on an equal percentage basis.

(11) If pupils enrolled in a career cluster in an eligible CTE early middle college or CTE dual enrollment program qualify to be reimbursed under this section, those pupils continue to qualify for reimbursement until graduation,
