

PREVAILING WAGES ON STATE PROJECTS (EXCERPT)
Act 10 of 2023

408.1104 Prevailing wages and fringe benefit rates; establishment; public hearings.

Sec. 4.

The commissioner shall establish prevailing wages and fringe benefits at the same rate that prevails on projects of a similar character in the locality under collective agreements or understandings between bona fide organizations of construction mechanics and their employers. Such agreements and understandings, to meet the requirements of this section, shall not be controlled in any way by either an employee or employer organization. If the prevailing rates of wages and fringe benefits cannot reasonably and fairly be applied in any locality because no such agreements or understandings exist, the commissioner shall determine the rates and fringe benefits for the same or most similar employment in the nearest and most similar neighboring locality in which such agreements or understandings do exist. The commissioner may hold public hearings in the locality in which the work is to be performed to determine the prevailing wage and fringe benefit rates. All prevailing wage and fringe benefit rates determined under this section shall be filed with the commissioner and made available to the public.
