It is the intent of the legislature to further this policy by the provisions of this act and annual appropriations to administer this act and adequately fund the agriculture and equine industry programs established by this section.

However, if the average purse offered for maiden overnight races of the same breed at any licensed race meeting in this state during the previous year as calculated by the department of agriculture and rural development was less than \$1,000.00, purse supplements for overnight races at fairs paid under this subdivision must not exceed that average purse.

A foal that is born on or after January 1, 2002 of a mare owned by a nonresident of this state and that is conceived outside of this state from transported semen of a stallion registered with the department of agriculture and rural development is eligible for Michigan tax-supported races only if, in the year that the foal is conceived, the department of agriculture and rural development's agent for receiving funds as the holding agent for stakes and futurities is paid a transport fee as determined by the department of agriculture and rural development and administered by the Michigan Harness Horsemen's Association.
