125.4201a Legislative findings.

Sec. 201a.

The legislature finds all of the following:

(a) That there exists in this state conditions of property value deterioration detrimental to the state economy and the economic growth of the state and its local units of government.

(b) That government programs are desirable and necessary to eliminate the causes of property value deterioration thereby benefiting the economic growth of the state.

(c) That it is appropriate to finance these government programs by means available to the state and local units of government in the state, including tax increment financing.

(d) That tax increment financing is a government financing program that contributes to economic growth and development by dedicating a portion of the increase in the tax base resulting from economic growth and development to facilities, structures, or improvements within a development area thereby facilitating economic growth and development.

(e) That it is necessary for the legislature to exercise its power to legislate tax increment financing as authorized in this part and in the exercise of this power to mandate the transfer of tax increment revenues by city, village, township, school district, and county treasurers to authorities created under this part in order to effectuate the legislative government programs to eliminate property value deterioration and to promote economic growth.

(f) That halting property value deterioration and promoting economic growth in the state are essential governmental functions and constitute essential public purposes.

(g) That economic development strengthens the tax base upon which local units of government rely and that government programs to eliminate property value deterioration benefit local units of government and are for the use of the local units of government.

(h) That the provisions of this part are enacted to provide a means for local units of government to eliminate property value deterioration and to promote economic growth in the communities served by those local units of government.

History: 2018, Act 57, Eff. Jan. 1, 2019

125.4203 Resolution of intent to create and provide for operation of authority; public hearing on proposed ordinance creating authority and designating boundaries of downtown district; notice; exemption of taxes from capture; action by library board or commission; adoption, filing, and publication of ordinance; altering or amending boundaries; agreement with adjoining municipality; agreement with qualified township.

Sec. 203.

(1) When the governing body of a municipality determines that it is necessary for the best interests of the public to halt property value deterioration and increase property tax valuation where possible in its business district, to eliminate the causes of that deterioration, and to promote economic growth, the governing body may, by resolution, declare its intention to create and provide for the operation of an authority.

(2) In the resolution of intent, the governing body shall set a date for the holding of a public hearing on the adoption of a proposed ordinance creating the authority and designating the boundaries of the downtown district. Notice of the public hearing shall be published twice in a newspaper of general circulation in the municipality, not less than 20 or more than 40 days before the date of the hearing. Not less than 20 days before the hearing, the governing body proposing to create the authority shall also mail notice of the hearing to the property taxpayers of record in the proposed district and for a public hearing to be held after February 15, 1994 to the governing body of each taxing jurisdiction levying taxes that would be subject to capture if the authority is established and a tax increment financing plan is approved. Beginning June 1, 2005, the notice of hearing within the time frame described in this subsection shall be mailed by certified mail to the governing body of each taxing jurisdiction levying taxes that would be subject to capture if the authority is established and a tax increment financing plan is approved. Failure of a property taxpayer to receive the notice shall not invalidate these proceedings. Notice of the hearing shall be posted in at least 20 conspicuous and public places in the proposed downtown district not less than 20 days before the hearing. The notice shall state the date, time, and place of the hearing, and shall describe the boundaries of the proposed downtown district. A citizen, taxpayer, or property owner of the municipality or an official from a taxing jurisdiction with millage that would be subject to capture has the right to be heard in regard to the establishment of the authority and the boundaries of the proposed downtown district. The governing body of the municipality shall not incorporate land into the downtown district not included in the description contained in the notice of public hearing, but it may eliminate described lands from the downtown district in the final determination of the boundaries.

(3) Not more than 60 days after a public hearing held after February 15, 1994, the governing body of a taxing jurisdiction levying ad valorem property taxes that would otherwise be subject to capture may exempt its taxes from capture by adopting a resolution to that effect and filing a copy with the clerk of the municipality proposing to create the authority. The resolution takes effect when filed with that clerk and remains effective until a copy of a resolution rescinding that resolution is filed with that clerk. If a separate millage for public library purposes was levied before January 1, 2017, and all obligations and other protected obligations of the authority are paid, then the levy is exempt from capture under this part, unless the library board or commission allows all or a portion of its taxes levied to be included as tax increment revenues and subject to capture under this part under the terms of a written agreement between the library board or commission and the authority. The written agreement shall be filed with the clerk of the municipality. However, if a separate millage for public library purposes was levied before

January 1, 2017, and the authority alters or amends the boundaries of a downtown district or extends the duration of the existing finance plan, then the library board or commission may, not later than 60 days after a public hearing is held under this subsection, exempt all or a portion of its taxes from capture by adopting a resolution to that effect and filing a copy with the clerk of the municipality that created the authority. For ad valorem property taxes or specific local taxes attributable to those ad valorem property taxes levied for a separate millage for public library purposes approved by the electors after December 31, 2016, a library board or commission may allow all or a portion of its taxes levied to be included as tax increment revenues and subject to capture under this part under the terms of a written agreement between the library board or commission and the authority. The written agreement shall be filed with the clerk of the municipality. However, if the library was created under section 1 or 10a of 1877 PA 164, MCL 397.201 and 397.210a, or established under 1869 LA 233, then any action of the library board or commission under this subsection shall have the concurrence of the chief executive officer of the city that created the library to be effective, and, if the action of the library board or commission involves any bond issued by this state or a state agency, the concurrence of the state treasurer.

(4) Not less than 60 days after the public hearing, if the governing body of the municipality intends to proceed with the establishment of the authority, it shall adopt, by majority vote of its members, an ordinance establishing the authority and designating the boundaries of the downtown district within which the authority shall exercise its powers. The adoption of the ordinance is subject to any applicable statutory or charter provisions in respect to the approval or disapproval by the chief executive or other officer of the municipality and the adoption of an ordinance over his or her veto. This ordinance shall be filed with the secretary of state promptly after its adoption and shall be published at least once in a newspaper of general circulation in the municipality.

(5) The governing body of the municipality may alter or amend the boundaries of the downtown district to include or exclude lands from the downtown district pursuant to the same requirements for adopting the ordinance creating the authority.

(6) A municipality that has created an authority may enter into an agreement with an adjoining municipality that has created an authority to jointly operate and administer those authorities under an interlocal agreement under the urban cooperation act of 1967, 1967 (Ex Sess) PA 7, MCL 124.501 to 124.512.

(7) A municipality that has created an authority may enter into an agreement with a qualified township to operate its authority in a downtown district in the qualified township under an interlocal agreement under the urban cooperation act of 1967, 1967 (Ex Sess) PA 7, MCL 124.501 to 124.512. The interlocal agreement between the municipality and the qualified township shall provide for, but is not limited to, all of the following:

- (a) Size and makeup of the board.
- (b) Determination and modification of downtown district, business district, and development area.
- (c) Modification of development area and development plan.
- (d) Issuance and repayment of obligations.

125.4213b Insufficient tax increment revenues to repay advance or pay obligation; contents, time, and payment of claim; appropriation and distribution of aggregate amount; limitations; distribution subject to lien; obligation as debt or liability; certification of distribution amount; basis for calculation of distributions and claim reports.

Sec. 213b.

(1) If the amount of tax increment revenues lost as a result of the reduction of taxes levied by local school districts for school operating purposes required by the millage limitations under section 1211 of the school code of 1976, 1976 PA 451, MCL 380.1211, reduced by the amount of tax increment revenues received from the capture of taxes levied under or attributable to the state education tax act, 1993 PA 331, MCL 211.901 to 211.906, will cause the tax increment revenues received in a fiscal year by an authority under section 215 to be insufficient to repay an eligible advance or to pay an eligible obligation, the legislature shall appropriate and distribute to the authority the amount described in subsection (5).

(2) Not less than 30 days before the first day of a fiscal year, an authority eligible to retain tax increment revenues from taxes levied by a local or intermediate school district or this state or to receive a distribution under this section for that fiscal year shall file a claim with the department of treasury. The claim shall include the following information:

(a) The property tax millage rates levied in 1993 by local school districts within the jurisdictional area of the authority for school operating purposes.

(b) The property tax millage rates expected to be levied by local school districts within the jurisdictional area of the authority for school operating purposes for that fiscal year.

(c) The tax increment revenues estimated to be received by the authority for that fiscal year based upon actual property tax levies of all taxing jurisdictions within the jurisdictional area of the authority.

(d) The tax increment revenues the authority estimates it would have received for that fiscal year if property taxes were levied by local school districts within the jurisdictional area of the authority for school operating purposes at the millage rates described in subdivision (a) and if no property taxes were levied by this state under the state education tax act, 1993 PA 331, MCL 211.901 to 211.906.

(e) A list and documentation of eligible obligations and eligible advances and the payments due on each of those eligible obligations or eligible advances in that fiscal year, and the total amount of all the payments due on those eligible obligations and eligible advances in that fiscal year.

(f) The amount of money, other than tax increment revenues, estimated to be received in that fiscal year by the

authority that is primarily pledged to, and to be used for, the payment of an eligible obligation or the repayment of an eligible advance. That amount shall not include excess tax increment revenues of the authority that are permitted by law to be retained by the authority for purposes that further the development program. However, that amount shall include money to be obtained from sources authorized by law, which law is enacted on or after December 1, 1993, for use by the municipality or authority to finance a development project.

(g) The amount of a distribution received pursuant to this part for a fiscal year in excess of or less than the distribution that would have been required if calculated upon actual tax increment revenues received for that fiscal year.

(h) A list and documentation of other protected obligations and the payments due on each of those other protected obligations in that fiscal year, and the total amount of all the payments due on those other protected obligations in that fiscal year.

(3) For the fiscal year that commences after September 30, 1993 and before October 1, 1994, an authority may make a claim with all information required by subsection (2) at any time after March 15, 1994.

(4) After review and verification of claims submitted pursuant to this section, amounts appropriated by the state in compliance with this part shall be distributed as 2 equal payments on March 1 and September 1 after receipt of a claim. An authority shall allocate a distribution it receives for an eligible obligation issued on behalf of a municipality to the municipality.

(5) Subject to subsections (6) and (7), the aggregate amount to be appropriated and distributed pursuant to this section to an authority shall be the sum of the amounts determined pursuant to subdivisions (a) and (b) minus the amount determined pursuant to subdivision (c), as follows:

(a) The amount by which the tax increment revenues the authority would have received for the fiscal year, excluding taxes exempt under section 7ff of the general property tax act, 1893 PA 206, MCL 211.7ff, if property taxes were levied by local school districts for school operating purposes at the millage rates described in subsection (2)(a) and if no property taxes were levied under the state education tax act, 1993 PA 331, MCL 211.901 to 211.906, exceed the tax increment revenues the authority actually received for the fiscal year.

(b) A shortfall required to be reported pursuant to subsection (2)(g) that had not previously increased a distribution.

(c) An excess amount required to be reported pursuant to subsection (2)(g) that had not previously decreased a distribution.

(6) The amount distributed under subsection (5) shall not exceed the difference between the amount described in subsection (2)(e) and the sum of the amounts described in subsection (2)(c) and (f).

(7) If, based upon the tax increment financing plan in effect on August 19, 1993, the payment due on eligible obligations or eligible advances anticipates the use of excess prior year tax increment revenues permitted by law to be retained by the authority, and if the sum of the amounts described in subsection (2)(c) and (f) plus the amount to be distributed under subsections (5) and (6) is less than the amount described in subsection (2)(e), the amount to be distributed under subsections (5) and (6) shall be increased by the amount of the shortfall. However, the amount authorized to be distributed pursuant to this section shall not exceed that portion of the cumulative difference, for each preceding fiscal year, between the amount that could have been distributed pursuant to subsection (5) and the amount actually distributed pursuant to subsections (5) and (6) and this subsection.

(8) A distribution under this section replacing tax increment revenues pledged by an authority or a municipality is subject to the lien of the pledge, whether or not there has been physical delivery of the distribution.

(9) Obligations for which distributions are made pursuant to this section are not a debt or liability of this state; do not create or constitute an indebtedness, liability, or obligation of this state; and are not and do not constitute a pledge of the faith and credit of this state.

(10) Not later than July 1 of each year, the authority shall certify to the local tax collecting treasurer the amount of the distribution required under subsection (5), calculated without regard to the receipt of tax increment revenues attributable to local or intermediate school district taxes or attributable to taxes levied under the state education tax act, 1993 PA 331, MCL 211.901 to 211.906.

(11) Calculations of distributions under this section and claims reports required to be made under subsection (2) shall be made on the basis of each development area of the authority.

(12) The state tax commission may provide that the reimbursement calculations under this section and the calculation of allowable capture of school taxes shall be made for each calendar year's tax increment revenues using a 12-month debt payment period used by the authority and approved by the state tax commission.

125.4213c Retention and payment of taxes levied under state education tax act; conditions; application by

authority for approval; information to be included; approval, modification, or denial of application by department of treasury; appropriation and distribution of amount; calculation of aggregate amount; lien; reimbursement calculations; legislative intent.

Sec. 213c.

(1) If the amount of tax increment revenues lost as a result of the personal property tax exemptions provided by section 1211(1) and (4) of the revised school code, 1976 PA 451, MCL 380.1211, section 3 of the state education tax act, 1993 PA 331, MCL 211.903, section 14(4) of 1974 PA 198, MCL 207.564, and section 9k of the general property tax act, 1893 PA 206, MCL 211.9k, will reduce the allowable school tax capture received in a fiscal year, then, notwithstanding any other provision of this part, the authority, with approval of the department of treasury under subsection (3), may request the local tax collecting treasurer to retain and pay to the authority taxes levied under the state education tax act, 1993 PA 331, MCL 211.901 to 211.906, to be used for the following:

- (a) To repay an eligible advance.
- (b) To repay an eligible obligation.
- (c) To repay an other protected obligation.

(2) Not later than June 15, 2008, not later than September 30, 2009, and not later than June 1 of each subsequent year, except for 2011, not later than June 15, an authority eligible under subsection (1) to have taxes levied under the state education tax act, 1993 PA 331, MCL 211.901 to 211.906, retained and paid to the authority under this section, shall apply for approval with the department of treasury. The application for approval shall include the following information:

(a) The property tax millage rates expected to be levied by local school districts within the jurisdictional area of the authority for school operating purposes for that fiscal year.

(b) The tax increment revenues estimated to be received by the authority for that fiscal year based upon actual property tax levies of all taxing jurisdictions within the jurisdictional area of the authority.

(c) The tax increment revenues the authority estimates it would have received for that fiscal year if the personal property tax exemptions described in subsection (1) were not in effect.

(d) A list of eligible obligations, eligible advances, and other protected obligations, the payments due on each of those in that fiscal year, and the total amount of all the payments due on all of those in that fiscal year.

(e) The amount of money, other than tax increment revenues, estimated to be received in that fiscal year by the authority that is primarily pledged to, and to be used for, the payment of an eligible obligation, the repayment of an eligible advance, or the payment of an other protected obligation. That amount shall not include excess tax increment revenues of the authority that are permitted by law to be retained by the authority for purposes that further the development program. However, that amount shall include money to be obtained from sources authorized by law, which law is enacted on or after December 1, 1993, for use by the municipality or authority to finance a development plan.

(f) The amount of a distribution received pursuant to this part for a fiscal year in excess of or less than the distribution that would have been required if calculated upon actual tax increment revenues received for that fiscal year.

(3) Not later than August 15, 2008; for 2009, not later than February 3, 2010; for 2011 only, not later than 30 days after the effective date of the amendatory act that amended this sentence; and not later than August 15 for 2010, 2012, and each subsequent year, based on the calculations under subsection (5), the department of treasury shall approve, modify, or deny the application for approval to have taxes levied under the state education tax act, 1993 PA 331, MCL 211.901 to 211.906, retained and paid to the authority under this section. If the application for approval contains the information required under subsection (2)(a) through (f) and appears to be in substantial compliance with the provisions of this section, then the department of treasury shall approve the application. If the application is denied by the department of treasury, then the department of treasury shall provide the opportunity for a representative of the authority to discuss the denial within 21 days after the denial occurs and shall sustain or modify its decision within 30 days after receiving information from the authority. If the application for approval is approved or modified by the department of treasury, the local tax collecting treasurer shall retain and pay to the authority the amount described in subsection (5) as approved by the department. If the department of treasury denies the authority's application for approval, the local tax collecting treasurer shall not retain or pay to the authority the taxes levied under the state education tax act, 1993 PA 331, MCL 211.901 to 211.906. An approval by the department does not prohibit a subsequent audit of taxes retained in accordance with the procedures currently authorized by law.

(4) Each year the legislature shall appropriate and distribute an amount sufficient to pay each authority the following:

(a) If the amount to be retained and paid under subsection (3) is less than the amount calculated under subsection (5), the difference between those amounts.

(b) If the application for approval is denied by the department of treasury, an amount verified by the department equal to the amount calculated under subsection (5).

(5) Subject to subsection (6), the aggregate amount under this section shall be the sum of the amounts determined under subdivisions (a) and (b) minus the amount determined under subdivision (c), as follows:

(a) The amount by which the tax increment revenues the authority would have received and retained for the fiscal year, excluding taxes exempt under section 7ff of the general property tax act, 1893 PA 206, MCL 211.7ff, if the personal property tax exemptions described in subsection (1) were not in effect, exceed the tax increment revenues the authority actually received for the fiscal year. For fiscal years beginning January 1, 2019 and thereafter, the amount under this subdivision shall be calculated using the greater of the following:

(i) The captured assessed value of industrial personal property, commercial personal property, and the personal property component of exemption certificates granted under 1974 PA 198, MCL 207.551 to 207.572, that are sited on property classified as either industrial or commercial, for the authority's fiscal year ending in the current year.

(ii) The 2013 captured assessed value of industrial personal property, commercial personal property, and the personal property component of exemption certificates granted under 1974 PA 198, MCL 207.551 to 207.572, that are sited on property classified as either industrial or commercial.

(b) A shortfall required to be reported under subsection (2)(f) that had not previously increased a distribution.

(c) An excess amount required to be reported under subsection (2)(f) that had not previously decreased a distribution.

(6) A distribution or taxes retained under this section replacing tax increment revenues pledged by an authority or a municipality are subject to any lien of the pledge described in subsection (1), whether or not there has been physical delivery of the distribution.

(7) Obligations for which distributions are made under this section are not a debt or liability of this state; do not create or constitute an indebtedness, liability, or obligation of this state; and are not and do not constitute a pledge of the faith and credit of this state.

(8) Not later than September 15 of each year, the authority shall provide a copy of the application for approval approved by the department of treasury to the local tax collecting treasurer and provide the amount of the taxes retained and paid to the authority under subsection (5).

(9) Calculations of amounts retained and paid and appropriations to be distributed under this section shall be made on the basis of each development area of the authority.

(10) The state tax commission may provide that the reimbursement calculations under this section and the calculation of allowable capture of school taxes shall be made for each calendar year's tax increment revenues using a 12-month debt payment period used by the authority and approved by the state tax commission.

(11) It is the intent of the legislature that, to the extent that the total amount of taxes levied under the state education tax act, 1993 PA 331, MCL 211.901 to 211.906, that are allowed to be retained under this section and section 411b, section 15a of the brownfield redevelopment financing act, 1996 PA 381, MCL 125.2665a, and section 312b, exceeds the difference of the total school aid fund revenue for the tax year minus the estimated amount of revenue the school aid fund would have received for the tax year had the tax exemptions described in subsection (1) and the earmark created by section 515 of the Michigan business tax act, 2007 PA 36, MCL 208.1515, not taken effect, the general fund shall reimburse the school aid fund the difference.

125.4214 Tax increment financing plan; preparation and contents; limitation; public hearing; fiscal and economic implications; recommendations; agreements; modification of plan; catalyst development project.

Sec. 214.

(1) When the authority determines that it is necessary for the achievement of the purposes of this part, the authority shall prepare and submit a tax increment financing plan to the governing body of the municipality. The plan shall include a development plan as provided in section 217, a detailed explanation of the tax increment procedure, the maximum amount of bonded indebtedness to be incurred, and the duration of the program, and shall be in compliance with section 215. The plan shall contain a statement of the estimated impact of tax increment financing on the assessed values of all taxing jurisdictions in which the development area is located. The plan may provide for the use of part or all of the captured assessed value, but the portion intended to be used by the authority shall be clearly stated in the tax increment financing plan. The authority or municipality may exclude from captured assessed value growth in property value resulting solely from inflation. The plan shall set forth the method for excluding growth in property value resulting solely from inflation.

(2) The percentage of taxes levied for school operating purposes that is captured and used by the tax increment financing plan shall not be greater than the plan's percentage capture and use of taxes levied by a municipality or

county for operating purposes. For purposes of the previous sentence, taxes levied by a county for operating purposes include only millage allocated for county or charter county purposes under the property tax limitation act, 1933 PA 62, MCL 211.201 to 211.217a. For purposes of this subsection, tax increment revenues used to pay bonds issued by a municipality under section 216(1) shall be considered to be used by the tax increment financing plan rather than shared with the municipality. The limitation of this subsection does not apply to the portion of the captured assessed value shared pursuant to an agreement entered into before 1989 with a county or with a city in which an enterprise zone is approved under section 13 of the enterprise zone act, 1985 PA 224, MCL 125.2113.

(3) Approval of the tax increment financing plan shall be pursuant to the notice, hearing, and disclosure provisions of section 218. If the development plan is part of the tax increment financing plan, only 1 hearing and approval procedure is required for the 2 plans together.

(4) Before the public hearing on the tax increment financing plan, the governing body shall provide a reasonable opportunity to the taxing jurisdictions levying taxes subject to capture to meet with the governing body. The authority shall fully inform the taxing jurisdictions of the fiscal and economic implications of the proposed development area. The taxing jurisdictions may present their recommendations at the public hearing on the tax increment financing plan. The authority may enter into agreements with the taxing jurisdictions and the governing body of the municipality in which the development area is located to share a portion of the captured assessed value of the district.

(5) A tax increment financing plan may be modified if the modification is approved by the governing body upon notice and after public hearings and agreements as are required for approval of the original plan.

(6) Under a tax increment financing plan that includes a catalyst development project, an authority may pledge available tax increment revenues of the authority as security for any bonds issued to develop and construct a catalyst development project.

125.4215 Transmitting and expending tax increments revenues; reversion of surplus funds; abolishment of tax increment financing plan; conditions.

Sec. 215.

(1) The municipal and county treasurers shall transmit to the authority tax increment revenues.

(2) The authority shall expend the tax increment revenues received for the development program only pursuant to the tax increment financing plan. Surplus funds shall revert proportionately to the respective taxing bodies. These revenues shall not be used to circumvent existing property tax limitations. The governing body of the municipality may abolish the tax increment financing plan when it finds that the purposes for which it was established are accomplished. However, the tax increment financing plan shall not be abolished, allowed to expire, or otherwise terminate until the principal of, and interest on, bonds issued pursuant to section 216 have been paid or funds sufficient to make the payment have been segregated.

125.4216 General obligation bonds and tax increment bonds; qualified refunding obligation.

Sec. 216.

(1) The municipality may by resolution of its governing body authorize, issue, and sell general obligation bonds subject to the limitations set forth in this subsection to finance the development program of the tax increment financing plan and shall pledge its full faith and credit for the payment of the bonds. The municipality may pledge as additional security for the bonds any money received by the authority or the municipality pursuant to section 211. The bonds are subject to the revised municipal finance act, 2001 PA 34, MCL 141.2101 to 141.2821. Before the municipality may authorize the borrowing, the authority shall submit an estimate of the anticipated tax increment revenues and other revenue available under section 211 to be available for payment of principal and interest on the bonds, to the governing body of the municipality. This estimate shall be approved by the governing body of the

municipality by resolution adopted by majority vote of the members of the governing body in the resolution authorizing the bonds. If the governing body of the municipality adopts the resolution authorizing the bonds, the estimate of the anticipated tax increment revenues and other revenue available under section 211 to be available for payment of principal and interest on the bonds shall be conclusive for purposes of this section. The bonds issued under this subsection shall be considered a single series for the purposes of the revised municipal finance act, 2001 PA 34, MCL 141.2101 to 141.2801.

(2) By resolution of its governing body, the authority may authorize, issue, and sell tax increment bonds subject to the limitations set forth in this subsection to finance the development program of the tax increment financing plan. The tax increment bonds issued by the authority under this subsection shall pledge solely the tax increment revenues of a development area in which the project is located or a development area from which tax increment revenues may be used for this project, or both. In addition or in the alternative, the bonds issued by the authority pursuant to this subsection may be secured by any other revenues identified in section 211 as sources of financing for activities of the authority that the authority shall specifically pledge in the resolution. However, the full faith and credit of the municipality shall not be pledged to secure bonds issued pursuant to this subsection. The bond issue may include a sum sufficient to pay interest on the tax increment bonds until full development of tax increment revenues from the project and also a sum to provide a reasonable reserve for payment of principal and interest on the bonds. The resolution authorizing the bonds shall create a lien on the tax increment revenues and other revenues pledged by the resolution that shall be a statutory lien and shall be a first lien subject only to liens previously created. The resolution may provide the terms upon which additional bonds may be issued of equal standing and parity of lien as to the tax increment revenues and other revenues pledged under the resolution. Bonds issued under this subsection that pledge revenue received under section 211 for repayment of the bonds are subject to the revised municipal finance act, 2001 PA 34, MCL 141.2101 to 141.2821.

(3) Notwithstanding any other provision of this part, if the state treasurer determines that an authority or municipality can issue a qualified refunding obligation and the authority or municipality does not make a good-faith effort to issue the qualified refunding obligation as determined by the state treasurer, the state treasurer may reduce the amount claimed by the authority or municipality under section 213b by an amount equal to the net present value saving that would have been realized had the authority or municipality refunded the obligation or the state treasurer may require a reduction in the capture of tax increment revenues from taxes levied by a local or intermediate school district or this state by an amount equal to the net present value savings that would have been realized had the authority or municipality refunded the obligation. This subsection does not authorize the state treasurer to require the authority or municipality to pledge security greater than the security pledged for the obligation being refunded.

- (l) Estimates of the number of persons residing in the development area and the number of families and individuals to be displaced. If occupied residences are designated for acquisition and clearance by the authority, a development plan shall include a survey of the families and individuals to be displaced, including their income and racial composition, a statistical description of the housing supply in the community, including the number of private and public units in existence or under construction, the condition of those units in existence, the number of owner-occupied and renter-occupied units, the annual rate of turnover of the various types of housing and the range of rents and sale prices, an estimate of the total demand for housing in the community, and the estimated capacity of private and public housing available to displaced families and individuals.
