

INTERGOVERNMENTAL CONDITIONAL TRANSFER OF PROPERTY BY CONTRACT (EXCERPT)
Act 425 of 1984

124.23 Formulation of contract; factors.

Sec. 3.

When formulating a contract under this act, the local units shall consider the following factors:

(a) Composition of the population; population density; land area and land uses; assessed valuation; topography, natural boundaries, and drainage basins; and the past and probable future growth, including population increase and business, commercial, and industrial development in the area to be transferred. Comparative data for the transferring local unit and the portion of the local unit remaining after transfer of the property shall be considered.

(b) The need for organized community services; the present cost and adequacy of governmental services in the area to be transferred; the probable future needs for services; the practicability of supplying such services in the area to be transferred; the probable effect of the proposed transfer and of alternative courses of action on the cost and adequacy of services in the area to be transferred and on the remaining portion of the local unit from which the area will be transferred; the probable change in taxes and tax rates in the area to be transferred in relation to the benefits expected to accrue from the transfer; and the financial ability of the local unit responsible for services in the area to provide and maintain those services.

(c) The general effect upon the local units of the proposed action; and the relationship of the proposed action to any established city, village, township, county, or regional land use plan.
