Act 94 of 1979

Sec. 20d.

In making the final determination required under former section 20a of a district's combined state and local revenue per membership pupil in 1993-94 and in making calculations under section 20 for 2024-2025, the department and the department of treasury shall comply with all of the following:

(a) For a district that had combined state and local revenue per membership pupil in the 1994-95 fiscal year of \$6,500.00 or more and served as a fiscal agent for a state board designated area vocational education center in the 1993-94 school year, total state school aid received by or paid on behalf of the district under this act in 1993-94 excludes payments made under former section 146 and under section 147 on behalf of the district's employees who provided direct services to the area vocational education center. Not later than June 30, 1996, the department shall make an adjustment under this subdivision to the district's combined state and local revenue per membership pupil in the 1994-95 fiscal year and the department of treasury shall make a final certification of the number of mills that may be levied by the district under section 1211 of the revised school code, MCL 380.1211, as a result of the adjustment under this subdivision.

(b) If a district had an adjustment made to its 1993-94 total state school aid that excluded payments made under former section 146 and under section 147 on behalf of the district's employees who provided direct services for intermediate district center programs operated by the district under former section 51 and sections 51a to 56, if nonresident pupils attending the center programs were included in the district's membership for purposes of calculating the combined state and local revenue per membership pupil for 1993-94, and if there is a signed agreement by all constituent districts of the intermediate district agreeing to an adjustment under this subdivision, the department shall calculate the foundation allowances for 1995-96 and 1996-97 of all districts that had pupils attending the intermediate district center program operated by the district that had the adjustment as if their combined state and local revenue per membership pupil for 1993-94 included resident pupils attending the center program and excluded nonresident pupils attending the center program.
