In addition, the department may determine and define the boundaries of the areas. Areas or parts of areas may be closed throughout the year. The department, in furtherance of safety, may designate areas where hunting is permitted only by prescribed methods and weapons that are not inconsistent with law. Whenever the governing body of any political subdivision determines that the safety and well-being of persons or property are endangered by hunters or discharge of firearms or bow and arrows, by resolution it may request the department to recommend closure of the area as may be required to relieve the problem. Upon receipt of a certified resolution, the department shall establish a date for a public hearing in the political subdivision, and the requesting political authority shall arrange for suitable quarters for the hearing. (2) Upon completion of the public hearing, the department shall cause such investigations and studies to be made of the area as it considers appropriate and shall then make a statement of the facts of the situation as found at the hearing and as a result of its investigations. The department shall then prescribe regulations as are necessary to alleviate or correct the problems found.
