Not more than 3% of the total amount specified in this section shall be available for appropriation to the department to pay department costs directly associated with the completion of a project described in subsection (1)(a), (b), or (c) for which bonds are issued as provided under this part. 324.72115 Pack and saddle animals; access to pack and saddle trails on public land; restrictions.

Sec. 72115.

(1) Subject to subsections (2) and (3), pack and saddle animals shall be allowed to access pack and saddle trails on public land managed by the department as follows:

(a) Access on land of the state forest system is allowed unless restricted by statute, deed restriction, land use order, or other legal mechanism, in effect on April 2, 2010.

(b) Access on land of the state park system or state game area system is prohibited unless authorized by land use order or other legal mechanism in effect on April 2, 2010.

(c) Access on other land managed by the department is allowed according to the specific authorization or restriction applicable to the land.

(2) Access by pack and saddle animals may only be restricted on lands described in subsection (1) after April 2, 2010 if conditions are not suitable for pack and saddle animals because of public safety concerns, necessary maintenance, or for reasons related to the mission of the department. Restrictions related to the mission of the department shall be supported, to the greatest extent practicable, by a written science-based rationale that is supported with documentation that is made available to the public. Prior to determining that access by pack and saddle animals be restricted, the department shall make every effort to resolve any public safety or maintenance concerns. Subject to subsection (3), the department shall not restrict pack and saddle animals from lands described in subsection (1) unless all of the following conditions are met:

(a) The department holds a public meeting on a proposal to restrict access by pack and saddle animals on pack and saddle trails to receive testimony from the general public. The department shall invite the advisory council and the equine trails subcommittee created in section 72110a to attend the meeting.

(b) The department, after considering testimony at the meeting under subdivision (a), provides a specific rationale for its determination to restrict access by pack and saddle animals.

(c) Any decision by the department to restrict access by pack and saddle animals shall not take effect for a period of time set by the department, but not less than 60 days. However, if the director determines that a restriction must be imposed because of user conflicts or due to an imminent threat to public health, safety, welfare, or to natural resources or the environment, the director may issue a temporary order restricting access by pack and saddle animals for 30 days or until the threat or user conflict is abated. A temporary order under this subdivision may be reissued if the threat or user conflict persists.

(d) A written statement shall be posted at the trailhead in which the restriction is imposed stating the cause and estimated duration of the closure.

(e) A list of pack and saddle trails on which the department has restricted access for pack and saddle animals, including temporary orders, shall be posted on the department's website and notification shall be provided to the equine trails subcommittee created in section 72110a.

(3) Any restrictions described in subsection (1) on access by pack and saddle animals that were in effect on April 2, 2010 shall remain in effect until those restrictions are reviewed using the process under subsection (2).

(4) An individual shall not use pack and saddle animals on state-owned land except on pack and saddle trails that are open for access by pack and saddle animals. However, an individual may use a pack and saddle animal in an area in which public hunting is permitted to retrieve legally harvested deer, bear, or elk using the most direct route that does not enter a stream, river, or wetland except over a bridge, culvert, or similar structure.

(1) If the state owns the land on which a rail-trail is located or if the land is under the long-term control of the state or a state governmental agency through a lease, easement, or other arrangement, the department shall, upon application of a telecommunication provider and payment of not more than \$500.00 in application fees, authorize the installation of telecommunication facilities on that land unless the installation is inconsistent with or prohibited by the lease, easement, or other arrangement. The authorization granted under this subsection shall be granted within 45 days and shall require all of the following:

(a) All telecommunication facilities shall be installed underground or shall be attached to existing aboveground

structures consistent with subdivision (c).

(b) The telecommunication provider shall notify the department, in writing, of the installation of the facilities and the anticipated completion date of the installation not less than 30 days prior to beginning the installation. Within 5 days after its receipt of the notification, the department shall notify the telecommunication provider, in writing, of any use of the rail-trail for which a permit has been issued by the department.

(c) The use of the land for telecommunication facilities and the installation of the facilities or any repairs to the facilities shall not unreasonably interfere with the use or uses of the rail-trail.

(d) Following installation of the telecommunication facilities or any repairs to the facilities, the land shall be reasonably restored to its condition prior to the installation or repair.

(e) The telecommunication provider shall pay to the department a 1-time use fee of 5 cents per longitudinal linear foot of the space to be occupied by the telecommunication facilities. The fee required under this subdivision shall not be required beginning 6 years after the effective date of the amendatory act that added this section. At no time during or after this 6-year time period shall a telecommunications provider that pays the fee be charged with any additional fee for the use of the land for telecommunication facilities.

(2) The department shall forward use fees collected under this section to the state treasurer for deposit as follows:

(a) If the land or rights in land on which the telecommunications facilities are installed was purchased with money from the Michigan natural resources trust fund, money received under subsection (1)(e) shall be deposited into the Michigan natural resources trust fund.

(3) Notwithstanding any other provision of this part, money from the fund that is collected under this section shall be expended, upon appropriation, as follows:

(a) Money collected from application fees under subsection (1) shall be used by the department for the administrative costs of implementing this section.

(b) In each county in which money is collected under subsection (1)(e) for the installation of telecommunication facilities on rail-trails that are used for motorized use, the department shall expend the money for grants to organizations operating in that county that are involved with the motorized use of rail-trails if such organizations exist. Money provided under this subdivision to organizations involved with the motorized use of rail-trails shall be used for the development and maintenance of rail-trails located within the county for motorized recreational uses.

(c) In each county in which money is collected under subsection (1)(e) for the installation of telecommunication facilities, but which is not expended pursuant to subdivision (b), the department shall expend the money for grants to local units of government or other organizations operating in that county that are involved with the use of rail-trails. Money provided under this subdivision to local units of government or organizations involved with the use of rail-trails shall be used for the development and maintenance of rail-trails located within the county for motorized and nonmotorized recreational uses.

(4) This section does not affect the rights and duties set forth in any arrangements or agreements for the installation of telecommunication facilities in a rail-trail described in subsection (1) between the department and a telecommunication provider entered before the effective date of the amendatory act that added this section. This section does not create a right for either the department or a telecommunication provider to terminate any preexisting arrangements or agreements.

(2) Subject to subsection (4), the operator of a resident motor vehicle shall not enter a state park with the resident motor vehicle unless the recreation passport fee has been paid for that motor vehicle. Payment of the recreation passport fee authorizes entry into all state parks and recreation areas and designated state-operated public boating access sites until expiration of the motor vehicle registration.

Sec. 74117.

(1) This subsection and subsections (2) to (9) apply beginning October 1, 2010. The department shall prepare and distribute park permits as necessary to implement this part.

(2) Except as otherwise provided in this section, the department shall issue an annual nonresident motor vehicle park permit that authorizes the entry of a nonresident motor vehicle to which it is originally attached within any state park during the calendar year for which it is issued. The fee for the annual nonresident motor vehicle park permit for the owner of a nonresident motor vehicle is \$29.00. An annual park permit shall not be used for a commercial motor vehicle.

(3) The department shall issue a daily motor vehicle park permit, valid for 1 day only, that authorizes the entry of a nonresident motor vehicle or commercial motor vehicle to which it is originally attached within any state park during the day for which it is issued. The fee for a daily nonresident motor vehicle park permit is \$8.00. The fee for a daily commercial motor vehicle park permit is \$15.00.

(4) A person who has obtained an annual nonresident motor vehicle park permit under this section for a recreational vehicle to be used as a stationary primary camping shelter camped legally in and not moved from a state park campground during the period of the camping stay may obtain a duplicate nonresident motor vehicle park permit effective for the duration of the camping stay for a towed second motor vehicle present at the time of entry for a fee of \$6.00.

(5) The department may designate persons in this state authorized to sell park permits. The department shall require as a condition of the designation of a person other than a department employee that the person furnish a surety bond in an amount and form and with a surety acceptable to the department. (8) This section and section 74116 apply only to the entry of motor vehicles into state parks and do not obviate the necessity of obtaining additional permits for special services or park privileges as may be required by law or by rules promulgated by the department.

(9) For each calendar year, the state treasurer shall adjust the amounts set forth in subsections (2) to (4) by an amount determined by the state treasurer to reflect the cumulative percentage change in the consumer price index from October 1, 2010 to the October 1 immediately preceding that calendar year, using the most recent data available and rounded to the nearest dollar.

Sec. 76109.

(1) A person shall not recover abandoned property located on, in, or located in the immediate vicinity of and associated with a sunken aircraft or watercraft except as authorized by a permit issued by the department and the department of history, arts, and libraries pursuant to part 13.

(2) Notwithstanding section 1303(1), a person shall file an application for a permit with the department on a form prescribed by the department and approved by the department of history, arts, and libraries. The application shall contain all of the following information:

(a) The name and address of the applicant.

(b) The name, if known, of the watercraft or aircraft on or around which recovery operations are to occur and a current photograph or drawing of the watercraft or aircraft, if available.

(c) The location of the abandoned property to be recovered and the depth of water in which it may be found.

(d) A description of each item to be recovered.

(e) The method to be used in recovery operations.

(f) The proposed disposition of the abandoned property recovered, including the location at which it will be available for inspection by the department and the department of history, arts, and libraries.

(g) Other information which the department or the department of history, arts, and libraries considers necessary in evaluating the request for a permit.

(3) An application for a permit is not complete until all information requested on the application form and any other information requested by the department or the department of history, arts, and libraries has been received by the department. After receipt of an otherwise complete application, the department may request additional information or documents as are determined to be necessary to make a decision to grant or deny a permit.

(4) The department and the department of history, arts, and libraries shall approve or deny an application for a permit with the advice of the committee. A condition to the approval of an application shall be in writing on the face of the permit. The department and the department of history, arts, and libraries may impose such conditions as are considered reasonable and necessary to protect the public trust and general interests, including conditions that accomplish 1 or more of the following:

(a) Protect and preserve the abandoned property to be recovered, and the recreational value of the area in which recovery is being accomplished.

(b) Assure reasonable public access to the abandoned property after recovery.

(c) Conform with rules applying to activities within a Great Lakes bottomlands preserve.

(d) Prohibit injury, harm, and damage to a bottomlands site or abandoned property not authorized for removal during and after salvage operations by the permit holder.

(e) Prohibit or limit the amount of discharge of possible pollutants, such as floating timbers, planking, and other debris, which may emanate from the shipwreck, plane wreck, or salvage equipment.

(f) Require the permit holder to submit a specific removal plan prior to commencing any salvaging activities. Among other matters considered appropriate by either the department or the department of history, arts, and libraries, or both, the removal plan may be required to ensure the safety of those removing or assisting in the removal of the abandoned property and to address how the permit holder proposes to prevent, minimize, or

mitigate potential adverse effects upon the abandoned property to be removed, that portion of the abandoned property which is not to be removed, and the surrounding geographic features.

(5) The department shall approve an application for a permit unless the department determines that the abandoned property to be recovered has substantial recreational value in itself or in conjunction with other abandoned property in its vicinity underwater, or the recovery of abandoned property would not comply with rules applying to a Great Lakes bottomlands preserve.

(6) The department of history, arts, and libraries shall approve the application for a permit unless the department of history, arts, and libraries determines that the abandoned property to be recovered has substantial historical value in itself or in conjunction with other abandoned property in its vicinity. If the property has substantial historical value, the department of history, arts, and libraries, pursuant to subsection (4), may impose a condition on the permit requiring the permittee to turn over recovered property to the department of history, arts, and libraries for the purpose of preserving the property or permitting public access to the property. The department of history, arts, and libraries may authorize the display of the property in a public or private museum or by a local unit of government. In addition to the conditions authorized by subsection (4), the department of history, arts, and libraries may provide for payment of salvage costs in connection with the recovery of the abandoned property.

(7) A person shall not recover cargo situated on, in, or associated with an abandoned watercraft that is located outside of a Great Lakes bottomlands preserve except as authorized by a permit issued pursuant to this section and part 13. Subject to subsection (4), the permit shall be issued to the first person applying for the permit. However, only the person who discovered the abandoned watercraft may apply for a permit during the first 90 days after the discovery. When a watercraft containing cargo is simultaneously discovered by more than 1 person, a permit shall be approved with respect to the first person or persons jointly applying for a permit.

(8) A person aggrieved by a condition contained on a permit or by the denial of an application for a permit may request an administrative review of the condition or the denial by the commission or the department of history, arts, and libraries, whichever disapproves the application or imposes the condition. A person shall file the request for review with the commission or the department of history, arts, and libraries, whichever is applicable, within 90 days after the permit application is submitted to the department. An administrative hearing conducted pursuant to this subsection shall be conducted under the procedures set forth in chapter 4 of the administrative procedures act of 1969, 1969 PA 306, MCL 24.271 to 24.287. If neither the department nor the department of history, arts, and libraries approves the application and an administrative review is requested from both the commission and the department of history, arts, and libraries, the appeals shall be combined upon request of the appellant or either the commission or the department of history, arts, and libraries and a single administrative hearing shall be conducted. The commission and the department of history, arts, and libraries shall issue jointly the final decision and order in the case.

(9) A permit issued under this section is valid until December 31 of the year in which the application for the permit was filed and is not renewable. If an item designated in a permit for recovery is not recovered, a permit holder may, upon request following the expiration of the permit, be issued a new permit to remove the same abandoned property if the permit holder demonstrates that diligence in attempting recovery was exercised under the previously issued permit.

(10) A permit issued under this section shall not be transferred or assigned unless the assignment is approved in writing by both the department and the department of history, arts, and libraries.

Sec. 76111.

(1) Subject to subsection (7), the department of environmental quality shall establish Great Lakes bottomlands preserves by rule. A Great Lakes bottomlands preserve shall be established by emergency rule if it is determined by the department that this action is necessary to immediately protect an object or area of historical or recreational value.

(2) A Great Lakes bottomlands preserve may be established whenever a bottomlands area includes a single watercraft of significant historical value, includes 2 or more abandoned watercraft, or contains other features of archaeological, historical, recreational, geological, or environmental significance. Bottomlands areas containing few or no watercraft or other features directly related to the character of a preserve may be excluded from preserves.

(3) In establishing a Great Lakes bottomlands preserve, the department of environmental quality shall consider all of the following factors:

(a) Whether creating the preserve is necessary to protect either abandoned property possessing historical or recreational value, or significant underwater geological or environmental features.

(b) The extent of local public and private support for creation of the preserve.

(c) Whether a preserve development plan has been prepared by a state or local agency.

(d) The extent to which preserve support facilities such as roads, marinas, charter services, hotels, medical hyperbaric facilities, and rescue agencies have been developed in or are planned for the area.

(4) The department of environmental quality and the department of history, arts, and libraries shall not grant a permit to recover abandoned artifacts within a Great Lakes bottomlands preserve except for historical or scientific purposes or when the recovery will not adversely affect the historical, cultural, or recreational integrity of the preserve area as a whole.

(5) An individual Great Lakes bottomlands preserve shall not exceed 400 square miles in area. Great Lakes bottomlands preserves shall be limited in total area to not more than 10% of the Great Lakes bottomlands within this state. However, the limitations provided in this subsection do not apply to the Thunder Bay Great Lakes bottomland preserve established in subsection (7).

(6) Upon the approval of the committee, not more than 1 vessel associated with Great Lakes maritime history may be sunk intentionally within a Great Lakes bottomlands preserve. However, state money shall not be expended to purchase, transport, or sink the vessel.

(7) The Thunder Bay Great Lakes state bottomland preserve established under R 299.6001 of the Michigan administrative code shall have boundaries identical with those described in 15 C.F.R. 922.190 for the Thunder Bay national marine sanctuary and underwater preserve. As long as the Thunder Bay national marine sanctuary and underwater preserve remains a designated national marine sanctuary, the right and privilege to explore, survey, excavate, and regulate abandoned property of historical or recreational value found upon or within the lands owned by or under control of the state within those boundaries shall be jointly managed and regulated by the department of environmental quality and the national oceanic and atmospheric administration. However, this subsection shall not be construed to convey any ownership right or interest from the state to the federal government of abandoned property of historical or recreational value found upon or within the lands owned by or under control of the state.

Sec. 76702.

The Mackinac Island state park commission may, in addition to the powers already conferred on it by law, exercise the following powers: (a) To acquire, construct, improve, repair, maintain, restore, equip, furnish, use, and operate all property, real or personal, necessary or convenient to the exercise of the powers or the performance of the duties conferred upon it by law, including, but not limited to, property that in the judgment of the commission will increase the beauty and utility of the state park facilities and provide recreational, historical, or other facilities for the benefit and enjoyment of the public and landscaping, driveways, streets, or walkways for such property.

(b) To employ consulting architects, engineers, museum technicians, landscape architects, supervisors, managers, lawyers, fiscal agents, and other agents and employees as it considers necessary, and to establish their compensation.

(e) To accept gifts, grants, and donations.

(f) To acquire, construct, develop, improve, repair, maintain, and operate, but not to extend the runway beyond 3,600 feet, an airport or landing field on property under its jurisdiction, and to lease to any governmental unit any real or personal property under its jurisdiction for use as an airport or landing field on the terms and conditions approved by the commission and the department of management and budget. The exercise of any power granted by this subdivision is subject to determination by the proper federal authority that such exercise will not affect the title of the state to the land involved. (g) To sell real or personal property that is under the control of the commission if all of the following requirements are met:

Furthermore, if the property is sold to a person who donated labor or materials for the improvement, repair, maintenance, or restoration of the property, the price may be reduced by an amount not greater than the portion of the fair market value attributable to the donation of labor or materials.

(ii) The commission determines that the property is not of current or potential value to the purposes of the commission as set forth in this subchapter.

(iii) The commission determines that the sale of the property is in the best interests of the state.

- (iv) The sale of the property is not otherwise prohibited by law.

324.76703 Mackinac Island state park commission; gross revenue bonds; purpose; cost; interim receipts or certificates; maximum rate of interest; sale and award of notes; notice; resolution; contents; trust indenture; money received as trust funds; disposition; gross revenue refunding bonds; powers of commission; annual audit; signature on bonds; attestation; electronic format; issuance of bonds subject to agency financing reporting act; interest rate agreement.

Sec. 76703.

(1) The commission may issue its gross revenue bonds in anticipation of the collection of all or any part of its revenues, for the purpose of acquiring, constructing, reconstructing, improving, bettering, extending, restoring, refurbishing, renovating, repairing, equipping, furnishing, any or all, the properties and facilities that it is authorized to acquire, construct, reconstruct, maintain, or operate under this part, including properties and facilities owned by it, and shall pledge to the payment of the interest on and principal of the bonds, all or any part of the revenues derived from the operation of the properties and facilities controlled and operated by the commission. There may be included in the cost for which bonds are to be issued, reasonable allowances for legal, engineering, or fiscal services, interest during construction or reconstruction and for 6 months after the estimated date of completion of the construction or reconstruction or until full revenues are being received from the operation of the facility, and other incidental expenses. The bonds shall be authorized by resolution of the commission and may be issued in 1 or more series, may bear the date or dates, may mature at the time or times not exceeding 30 years from their respective dates, may bear interest at the rate or rates, may be in the form, either coupon or registered, may be executed in the manner, may be payable at the place or places, may be subject to the terms of redemption, with or without premium, and may contain the terms, covenants, and conditions as the resolution or subsequent resolution may provide. Pending preparation of the definitive bonds, interim receipts, or certificates in the form and with the provisions as the commission may determine may be issued to the purchaser or purchasers of the bonds sold pursuant to this part. The bonds and interim receipts and certificates shall be fully negotiable within the meaning of and for all purposes of the negotiable instruments law of this state. The maximum rate of interest on such bonds shall be that set forth for bonds issued under the revised municipal finance act, 2001 PA 34, MCL 141.2101 to 141.2821. The sale and award of notes shall be conducted and made by the commission at a public or private sale. If a public sale is held, the notes shall be advertised for sale once not less than 7 days before sale in a publication printed in the English language and circulated in this state, which carries as a part of its regular service notices of the sales of municipal bonds and which has been designated in the resolution as a publication complying with these qualifications. The notice of sale shall be in the form as designated by the commission. Bonds may be sold at a discount as provided in the bond resolution. Bonds issued under this section are not subject to the revised municipal finance act, 2001 PA 34, MCL 141.2101 to 141.2821.

(2) Any resolution authorizing the issuance of bonds under this part or any instrument of trust entered into as authorized by this part may contain covenants, including, but not limited to, any of the following:

- (a) The purpose or purposes to which the proceeds of the sale of the bonds may be applied, and the deposit, use, and disposition of the proceeds.
- (b) The use, deposit, securing of deposits, and disposition of the revenues of the commission, including the creation and maintenance of reserves.
- (c) The issuance of additional bonds payable from the revenues of the commission.
- (d) The operation and maintenance of properties of the commission.
- (e) The insurance to be carried thereon, and the use, deposit, and disposition of insurance money.
- (f) Books of account and the inspection and audit of the books of account and the accounting methods of the commission.
- (g) The nonrendering of any free service by the commission.
- (h) The preservation of the properties of the commission, so long as any of the bonds remain outstanding, from any mortgage, sale, lease, or other encumbrance not specifically permitted by the terms of the resolution.

(i) The employment of sufficient personnel for the collection of fees and charges incident to the operation of the facility and for the payment of compensation to the personnel out of the fees and charges.

(3) In the discretion of the commission, any bonds issued under this part may be secured by a trust indenture by and between the commission and a corporate trustee, which may be any bank having the right to exercise the powers of a trust company within this state. Any trust indenture described in this subsection may pledge or assign the revenues from the operation of properties of the commission, but shall not convey or mortgage any properties, except the revenues. Any trust indenture or any resolution providing for the issuance of bonds may contain the provisions for protecting and enforcing the rights and remedies of the bondholders as may be reasonable and proper and not in violation of law, including covenants setting forth the duties of the commission in relation to the acquisition of property and the construction, improvement, maintenance, repair, operation, and insurance of the improvements in connection with which the bonds have been authorized, and the custody, safeguarding, and application of all money, and provisions for the employment of consulting engineers, architects, and landscape architects in connection with the planning, construction, or operation of the improvements. Any trust indenture may set forth the rights and remedies of the bondholders and of the trustee, and may restrict the individual right of action by bondholders as is customary in trust agreements or trust indentures securing bonds and debentures of corporations. In addition to the foregoing, any trust indenture or resolution may contain other provisions as the commission considers reasonable and proper for the security of the bondholders. The holder of any bond issued under this part or a trustee in his or her behalf may bring suit against the commission and its members, officers, and agents to enforce the provisions and covenants contained in any trust indenture or resolution. All expenses incurred in carrying out the provisions of any trust indenture may be treated as a part of the cost of operation of the improvements for which the bonds are authorized.

(4) Money received pursuant to this part, whether as proceeds from the sale of bonds or as revenues from the operations of properties, or otherwise received by the commission, shall be considered to be trust funds, to be held and applied solely as provided in this part and in the resolution authorizing, or trust indenture securing, its bonds. All money received may be deposited in as received and paid out by any bank or banks selected for the purpose and eligible to hold public money under the laws of this state, the deposits and paying out to be in the manner provided in the resolution or trust indenture. None of the money need be paid into the state treasury.

(5) If the commission has issued any bonds under this part, the commission may subsequently issue and negotiate new bonds under this part for the purpose of providing for the retirement of those outstanding bonds, in whole or in part. The new bonds shall be designated "gross revenue refunding bonds", and except as otherwise provided in the refunding resolution, shall be secured to the same extent and shall have the same source of payment as the bonds that have been refunded, or may be payable from earnings on investments held in trust to pay refunded bonds for the period of time specified in the ordinance authorizing the bonds. The refunding bonds may be issued to include the amount of any premium to be paid upon the calling of the callable bonds to be refunded or any premium necessary to be paid in order to secure the surrender of the noncallable bonds to be refunded, interest to the maturity or redemption date of the bonds to be refunded, and the cost of issuing the refunding bonds. This section shall not be construed as providing for the redemption of noncallable unmatured bonds without the consent of the holder or holders of the bonds. The refunding bonds may be sold at public sale, may be privately negotiated, or may be exchanged for the obligations to be refunded by the obligations, and if sold, the proceeds shall be deposited in a bank and credited to a special trust account to be used only for the redemption or purchase of the outstanding bonds. If refunding bonds are to be issued and sold for the purpose of refunding noncallable unmatured bonds, those bonds shall be surrendered and canceled at the time of delivery to the purchaser of the refunding bonds, or sufficient funds shall be deposited in trust to pay principal and interest to maturity on noncallable bonds. If refunding bonds are to be issued for the purpose of refunding callable bonds, those bonds shall be surrendered and canceled at the time of delivery to the purchaser of the refunding bonds, or sufficient funds shall be deposited in trust to pay principal, interest, and redemption premium to the earliest redemption date on callable bonds. When the resolution authorizing the bonds to be refunded permits, the borrower may deposit in trust direct obligations of, or obligations the principal and interest of which are unconditionally guaranteed by, the United States and which do not permit redemption at the option of the issuer, the principal and interest on which when due, without reinvestment, will provide funds sufficient to pay principal, interest, and call premium, when due, on the bonds being refunded.

(6) Notwithstanding the other provisions of this section:

(a) Interest on the bonds may be payable at any time provided in the resolution, and may be set, reset or calculated, or both, as provided in the resolution.

(b) If so authorized in the resolution bonds may be:

(i) Made the subject of a put or agreement to repurchase by the commission.

(ii) Secured by a letter of credit issued by a bank pursuant to an agreement entered into by the commission or secured by any other collateral.

(iii) Callable.

(iv) Reissued by the commission once reacquired by the commission pursuant to any put or repurchase agreement.

- (c) The commission may by resolution do any of the following:
 - (i) Authorize the issuance of renewal bonds.
 - (ii) Refund, or refund in advance, bonds by the issuance of new bonds, whether the bonds to be refunded have or have not matured.
 - (iii) Issue bonds partly to refund bonds and partly for any other purposes authorized by this part.
 - (iv) Buy and sell any bonds issued under this part.
- (d) Renewal, refunding, or advance refunding bonds are subject to all of the following:
 - (i) Shall be sold and the proceeds applied to the purchase redemption or payment of the bonds to be renewed or refunded.
 - (ii) May be sold or resold at a public or private sale upon such terms and conditions as the commission may establish in the order.
 - (iii) May pledge the revenues pledged in the issue to be refunded in advance effective when a defeasance has occurred with respect to the original issue.
- (e) If authorized by the commission in the resolution authorizing the bonds, any bonds issued may be secured in whole or in part pursuant to a trust or escrow agreement, which agreement may also govern the issuance of renewal bonds, refunding bonds, and advance refunding bonds. The agreement may authorize the trustee or escrow agent to make investments of any type authorized in the agreement.
- (f) Powers specified in this subsection shall be in addition to those set forth in all other subsections and sections of this part.
- (7) The commission shall hire an independent certified public accountant approved by the legislative auditor general to perform an annual audit of all of its operations which are required by, or in any way relate to, any covenants made in connection with any bonds issued pursuant to this part.
- (8) The bonds may be issued in electronic format only or, if issued in paper copies, shall be signed by the chairperson or vice-chairperson of the commission and attested to by any other officer of the commission authorized to do so by resolution of the commission. The signature of either officer, but not both, may be affixed by facsimile or electronically.
- (9) The issuance of bonds and notes under this section is subject to the agency financing reporting act.
- (10) For the purpose of more effectively managing its debt service, the commission may enter into an interest rate exchange or swap, hedge, or similar agreement with respect to its bonds or notes on the terms and payable from the sources and with the security, if any, as determined by a resolution of the commission.

(2) An application for a temporary ordinance under this section must contain all of the following information:

(a) The resolution and a copy of the public notice that lists the adoption of the resolution on the agenda.

(b) The information required under section 80110(2).

(c) The circumstances that justify a temporary ordinance rather than a special rule under section 80110.

(d) A complete list of all local ordinances, regulations, and rules concerning the water body and how the ordinances, regulations, and rules are enforced.

(6) If the department determines there is a need for a temporary ordinance, the department shall submit to the political subdivision a proposed temporary ordinance. Notwithstanding any charter provision or other provision of law, the proposed temporary ordinance takes effect when both of the following requirements are met, which must occur within 30 days after the department submits the proposed temporary ordinance to the political subdivision:

(a) The governing body of the political subdivision adopts the ordinance at a public meeting.

(b) The political subdivision notifies the department of the adoption.

(7) If the political subdivision fails to notify the department of the adoption of the proposed temporary ordinance, the proposed temporary ordinance is considered disapproved and no further action shall be taken.

324.80117 Marine safety program; state aid; formula; limitation on determination; use; statement of expenditures.

Sec. 80117.

(1) Each county of the state is entitled to receive state aid as provided in this part. A county board of commissioners desiring to conduct a marine safety program shall submit to the department by December 31 of each year an estimate of authorized expenditures for the following calendar year, in the form and containing the information the department requires. The department shall review the entire request and may approve the county request for state aid. The department shall annually survey the marine safety program of each county to assist in determining the amount of state aid to be allocated to a county for its marine safety program. In making its annual determination of the amount of state aid to be allocated to a county, the department shall develop and employ a formula which shall include such factors as:

- (a) The number of students to be trained in boating safety in any United States coast guard auxiliary, United States power squadron, or department-sponsored marine safety classes.
- (b) The number of boat user days.
- (c) The number of livery boats.
- (d) Program effectiveness measured by comparing the existing rate of compliance with current statutes to the acceptable rate of compliance determined by the department.
- (e) The number and type of boat access areas requiring a county marine safety program.
- (f) The water area of the county.

(2) A determination of the amount of state aid allocated to a county under this part shall not be based, wholly or in part, upon the number of vessels within that county that are stopped or inspected under section 80166.

(3) State aid allocated to a county under this part shall be used exclusively for the conduct of the county marine safety program as provided by this part and rules promulgated under this part. Within 90 days after the close of each calendar year, a county board of commissioners shall submit to the department a statement of authorized expenditures actually incurred, in the form and containing the information that the department requires. Sec. 80118.

The amount of state aid to be allocated to a county pursuant to this part shall be determined by the department in the manner the department determines is appropriate. The department shall review the county's statement of authorized expenditures actually incurred and if satisfied shall provide state aid in an amount not to exceed 3/4 of the county's estimated authorized expenditures for the past calendar year. If the county's authorized expenditures actually incurred for the past calendar year exceed the county's estimated authorized expenditures for that calendar year, the department, if it considers it to be in the best interests of the state and adequate funds have been appropriated by the legislature for state aid to counties, may provide state aid in excess of 3/4 of the county's estimated authorized expenditures for that calendar year, but not in excess of 3/4 of the county's authorized expenditures actually incurred. If the amount appropriated by the legislature for state aid to counties is insufficient to pay the full amount to which the counties are entitled, the department shall reduce the allocations proportionate to the shortfall of revenue among all state and local programs for which waterways account money was

appropriated.

Sec. 80124.

(1) Except as otherwise provided in this section, the owner of a vessel required, pursuant to sections 80122 and 80123, to be numbered and to display a decal shall file an application for a certificate of number with the secretary of state. The secretary of state shall prescribe and furnish certificate of title application forms. If a vessel requiring a certificate of title under part 803 is sold by a dealer, that dealer shall combine the application for a certificate of number that is signed by the vessel owner with the application for a certificate of title. The dealer shall obtain the certificate of number in the name of the owner. The application for a certificate of number shall include a certification. The owner of the vessel shall sign the application or, if the application is filed electronically, provide information requested by the secretary of state to verify the owner's identity. A person shall not file an application for a certificate of number that contains false information. A dealer who fails to submit an application as required by this section is guilty of a misdemeanor, punishable by imprisonment for not more than 90 days, or a fine of not more than \$100.00, or both.

(2) A dealer who submits an application for a certificate of number as provided in subsection (1) may issue to the owner of the vessel a 15-day permit, on forms prescribed by the secretary of state, for the use of the vessel while the certificate of number is being issued.

(3) A dealer may issue a 15-day permit, on a form prescribed by the secretary of state, for the use of a vessel purchased in this state and delivered to the purchaser for removal to a place outside of this state, if the purchaser certifies by his or her signature that the vessel will be registered and primarily used and stored outside of this state and will not be returned to this state by the purchaser for use or storage. A certificate of number shall not be issued for a vessel holding a permit under this subsection.

(4) A 15-day permit issued under subsection (2) or (3) shall not be renewed or extended.

(5) A person shall operate or permit the operation of a vessel for which a 15-day permit has been issued under this section only if the permit is valid and displayed on the vessel as prescribed by rule promulgated by the department under this part.

(6) Except as otherwise provided in this section, an applicant shall pay the following fee at the time of application:

(a) A 15-day permit issued under subsection (3)	\$ 10.00
(b) Nonpowered vessels, other than nonmotorized canoes or kayaks	9.00
(c) Nonmotorized canoes or kayaks	5.00
(d) Motorboats less than 12 feet in length	14.00

(8) Payment of the fee specified in this section exempts the vessel from the tax imposed under the general

property tax act, 1893 PA 206, MCL 211.1 to 211.155.

(9) Upon receipt of an initial application for a certificate of number in approved form and payment of the required fee, the secretary of state shall enter the information upon the official records and issue to the applicant a certificate of number containing the number awarded to the vessel, the name and address of the owner, and other information that the secretary of state determines necessary. The secretary of state shall issue a certificate of number that is pocket size and legible. Except as provided in subsection (13), a person operating a vessel shall present that vessel's certificate of number to a peace officer upon the peace officer's request.

(10) If a check or draft payable to the secretary of state under this part is not paid on its first presentation, the fee or tax is delinquent as of the date the draft or check was tendered. The person tendering the check or draft remains liable for the payment of the fee or tax and a penalty.

(11) Upon determining that a fee or tax required by this part has not been paid and remains unpaid after reasonable notice and demand, the secretary of state may suspend a certificate of number.

Upon the demand of a peace officer, the operator shall produce for inspection either the certificate of number or a copy of the lease or rental agreement for that vessel. The lease or rental agreement shall contain each of the following:

The secretary of state shall assign to the owner of vessels for rent or lease a block of numbers sufficient to number consecutively all of that owner's rental or lease vessels. The owner shall maintain the numbers in a legible condition. A vessel documented by the United States coast guard or a federal agency that is the successor to the United States coast guard is not required to display numbers under this part but shall display a decal indicating payment of the fee prescribed in subsection (6), and shall otherwise be in compliance with this part. This subsection does not apply to a nonpowered vessel 12 feet or less in length.

(15) Upon receipt of an application for a certificate of number in an approved form and payment of the fee required by this part, the secretary of state shall issue a decal that indicates that the vessel is numbered in compliance with this part. The decal shall be color-coded and dated to identify the year of its expiration. The department shall promulgate a rule or rules to establish the manner in which the decal is to be displayed. A person who operates a vessel in violation of a rule promulgated to implement this subsection is responsible for a state civil infraction and may be ordered to pay a civil fine of not more than \$500.00.

A numbering renewal decal or other renewal device may be issued up to 90 days before the expiration of a certificate.

(17) Upon receipt of a request for renewal of a decal and payment of the fee prescribed in subsection (6), the secretary of state shall issue to the applicant a decal as provided in subsection (15). A person who operates a vessel for which no decal was issued as required under this section or for which a decal has expired is responsible for a state civil infraction and may be ordered to pay a civil fine of not more than \$500.00.

The secretary of state shall make available to the public application forms for certificates of number for historic vessels and, upon receipt of a completed application form

and fee, shall number a historic vessel as a historic vessel. The fee for the numbering of a historic vessel is 1/3 of the otherwise applicable fee specified in subsection (6).

(22) The secretary of state shall refund to the owner of a vessel registered under this part all of the registration fee paid for that vessel under this section if all of the following conditions are met during the period for which the registration fee was paid:

Sec. 80156.

(1) Subject to subsection (2), a person shall not operate a motorboat on the waters of this state unless the motorboat is equipped and maintained with an effective muffler or underwater exhaust system that does not produce sound levels in excess of 90 dB(A) when subjected to a stationary sound level test as prescribed by SAE J2005 or a sound level in excess of 75 dB(A) when subjected to a shoreline sound level measurement procedure as described by SAE J1970. The operator of a motorboat shall present the motorboat for a sound level test as prescribed by SAE J2005 upon the request of a peace officer. If a motorboat is equipped with more than 1 motor or engine, the test shall be performed with all motors or engines operating. (b) The operator of a motorboat shall present the motorboat for the sound level test established pursuant to this subsection upon the request of a peace officer.

(c) A motorboat equipped with more than 1 motor or engine shall be tested with all motors or engines operating.

(3) A person shall not manufacture, sell, or offer for sale a motorboat for use on the waters of this state unless

that motorboat is equipped and maintained with an effective muffler or underwater exhaust system that complies with the applicable sound levels permitted under subsection (1) or (2).

(4) Subsections (1) and (2) do not apply to any of the following:

(a) A motorboat tuning up or testing for or participating in official trials for speed records or a sanctioned race conducted pursuant to a permit issued by an appropriate unit of government.

(b) A motorboat being operated by a boat or marine engine manufacturer for the purpose of testing or development.

(c) A motorboat that qualifies as an historic vessel.

(5) As used in this section, "dB(A)" means decibels on the "A" scale on a sound meter having characteristics of a general purpose sound meter as defined by American national standards institute S1.4-1983.

(6) A person who violates this section is responsible for a state civil infraction and may be ordered to pay a civil fine of not more than \$150.00. A person who violates this section a second or subsequent time is guilty of a misdemeanor, punishable by imprisonment for not more than 90 days and a fine of not less than \$100.00 or more than \$500.00. Additionally, before putting the motorboat back in use, a person who violates this section is required to install an effective muffler or underwater exhaust system that meets the requirements of this section on the motorboat in violation at his or her expense.

324.80175 Nonresidents; secretary of state as attorney for service of summons; service; procedure; sufficiency; death; appointment of secretary of state as attorney; abatement of actions; costs; applicability to all courts.

Sec. 80175.

(1) The operation by a nonresident of a vessel upon the waters of this state, or the operation on the waters of this state of a vessel owned by a nonresident if operated with his or her consent, expressed or implied, is the appointment by the nonresident of the secretary of state as his or her true and lawful attorney, upon whom may be served the summons in any action against him or her, growing out of any accident or collision in which the nonresident may be involved while operating a vessel on the waters of this state, or in which the vessel may be involved while being so operated. The operation is a signification of his or her agreement that any summons against him or her that is so served has the same legal force and validity as if served on him or her personally within this state. Service of summons shall be made by leaving a copy of the summons with the secretary of state, or his or her deputy, who shall keep a record of each process and the day and hour of service. Service shall be sufficient service upon the nonresident, if notice of the service and a copy of the summons are forthwith either served upon the defendant personally by the sheriff or constable of the county in which he or she resides or sent by certified mail by the plaintiff or his or her attorney to the defendant. If personal service of the notice and copy of summons is had upon the defendant, the officer making the service shall so certify in his or her return, which shall be filed with the court having jurisdiction of the cause. If service is made by certified mail, then the plaintiff or his or her attorney shall make an affidavit showing that he or she has made service of the notice and summons upon the defendant by certified mail, and the affiant shall attach to the affidavit a true copy of the summons and notice so served and the return receipt of the defendant and shall file the affidavit and attached papers with the court having jurisdiction of the cause. The court in which the action is pending may order such extension of time as is necessary to afford the defendant reasonable opportunity to defend the action.

(2) The death of a nonresident does not revoke the appointment by him or her of the secretary of state as his or her true and lawful attorney upon whom may be served the summons in an action against him or her growing out of any such accident or collision, and any action growing out of such accident or collision may be commenced or prosecuted against his or her executor or administrator duly appointed by the state, territory, or district of the United States or foreign country in which the nonresident was domiciled at the time of his or her death. Service of the summons shall be made upon the secretary of state, and personal service of such notice and the copy of the summons be upon his or her executor or administrator, in like manner, with the same force and effect as service upon the nonresident during his or her lifetime.

(3) Any action or proceeding pending in any court of this state, in which the court has obtained jurisdiction of

the nonresident pursuant to this section, shall not abate by reason of the death of the nonresident, but his or her executor or administrator duly appointed in the state, territory, or district of the United States or foreign country in which he or she was domiciled at the time of his or her death, upon the application of the plaintiff in the action and upon such notice as the court may prescribe, shall be brought in and substituted in the place of the decedent, and the action or proceeding shall continue.

(4) The court shall include as taxable costs, in addition to other legal costs against the plaintiff in case the defendant prevails in the action, the actual traveling expenses of the defendant from his or her residence to the place of trial and return, not to exceed the sum of \$100.00.

(5) This section applies to actions commenced in all courts of this state having civil jurisdiction, including justice courts.

Sec. 80181.

(1) The following apply with respect to a chemical test and analysis of a person's blood, urine, or breath, other than a preliminary chemical breath analysis:

(a) The amount of alcohol or presence of a controlled substance, or both, in an operator's blood at the time alleged as shown by chemical analysis of the person's blood, urine, or breath is admissible into evidence in any civil or criminal proceeding.

(b) A person arrested for a crime described in section 80187(1) shall be advised of all of the following:

(i) That if the person takes a chemical test of his or her blood, urine, or breath administered at the request of a peace officer, the person has the right to demand that someone of the person's own choosing administer 1 of the chemical tests; that the results of the test are admissible in a judicial proceeding as provided under this part and shall be considered with other competent evidence in determining the innocence or guilt of the defendant; and that the person is responsible for obtaining a chemical analysis of a test sample obtained pursuant to the person's own request.

(ii) That if the person refuses the request of a peace officer to take a test described in subparagraph (i), the test shall not be given without a court order, but the peace officer may seek to obtain such a court order.

(iii) That the person's refusal of the request of a peace officer to take a test described in subparagraph (i) will result in issuance of an order that the person not operate a vessel on the waters of this state for at least 6 months.

(2) A sample or specimen of urine or breath shall be taken and collected in a reasonable manner. Only a licensed physician, or a licensed nurse or medical technician under the direction of a licensed physician, qualified to withdraw blood and acting in a medical environment, may withdraw blood at the request of a peace officer for the purpose of determining the amount of alcohol or presence of a controlled substance, or both, in a person's blood, as provided in this subsection. A qualified person who withdraws or analyzes blood, or assists in the withdrawal or analysis, in accordance with this part is not liable for a crime or civil damages predicated on the act of withdrawing or analyzing blood and related procedures unless the withdrawal or analysis is performed in a negligent manner.

Sec. 80182.

If the person charged is administered a chemical test by someone of the person's own choosing, the person charged is responsible for obtaining a chemical analysis of the test sample.

(2) If, after an accident, the operator of a vessel involved in the accident is transported to a medical facility and a sample of the operator's blood is withdrawn at that time for the purpose of medical treatment, the results of a chemical analysis of that sample are admissible in any civil or criminal proceeding to show the amount of alcohol or presence of a controlled substance, or both, in the person's blood at the time alleged, regardless of whether the person had been offered or had refused a chemical test. The medical facility or person performing the chemical analysis shall disclose the results of the analysis to a prosecuting attorney who requests the results for use in a criminal prosecution as provided in this subsection. A medical facility or person disclosing information in compliance with this subsection is not civilly or criminally liable for making the disclosure.

The application shall be filed with the secretary of state within 15 days after the date of purchase or transfer. At the request of the applicant, an application shall be processed on an expedited basis. The application shall be accompanied by the fee or fees prescribed in section 80311, and if a certificate of title was previously issued for the watercraft, it shall be accompanied by the certificate of title duly assigned, unless otherwise provided in this part. Unless otherwise provided in this part, if a certificate of title was not previously issued for the watercraft in this state, the application shall be accompanied by a manufacturer's or importer's certificate, by a certificate of ownership, or a certificate of number issued under part 801 or former 1967 PA 303, if purchased by the applicant on or before July 1, 1976, or by a certificate of title, bill of sale, or other evidence of ownership required by the law of another state from which the watercraft is brought into this state. Evidence of ownership of a watercraft for which a Michigan certificate of title was not previously issued, and that does not have permanently affixed to it a hull identification number, shall be accompanied by the certificate of hull identification number assigned by the secretary of state as provided in section 80308. Subject to section 80320(4), if satisfied that the applicant is the owner of the watercraft and that the application is in the proper form, the secretary of state shall issue a certificate of title.

(2) If the secretary of state is not satisfied as to the ownership of a watercraft having a value of more than \$2,500.00, before registering the watercraft and issuing a certificate of title, the secretary of state may require the applicant to file a properly executed surety bond in a form prescribed by the secretary of state and executed by the applicant and a company authorized to conduct a surety business in this state. An interested person has a right of action to recover on the bond for a breach of the conditions of the bond, but the aggregate liability of the surety to all persons shall not exceed the amount of the bond. The bond shall be returned at the end of 3 years, or before 3 years if the watercraft is no longer registered in this state and the currently valid certificate of title is surrendered to the secretary of state, unless the secretary of state has received notification of the pendency of an action to recover on the bond. 324.80314 Loss, mutilation, or illegibility of certificate of title; application and fee for duplicate copy; issuance and contents of duplicate copy; rights and indemnification of purchaser; surrender and cancellation of original certificate; conditions not requiring duplicate of lost watercraft certificate of title at time of transfer; record; definitions.

Sec. 80314.

(1) If a certificate of title is lost, mutilated, or becomes illegible, the person to whom that certificate of title was issued may apply to the secretary of state for a duplicate copy of the certificate of title upon a form prescribed by the secretary of state and accompanied by the fee prescribed by section 80311. The applicant shall certify the application. Upon an applicant's compliance with this section, the secretary of state shall issue to that applicant a duplicate copy of the certificate of title that contains the legend, "This is a duplicate certificate and may be subject to the rights of a person under the original certificate.". As provided under section 80320(4), the department of state is not required to issue a duplicate certificate of title to the owner of a watercraft if the title is subject to a security interest. A purchaser of watercraft who obtains title to the watercraft through a duplicate copy of the watercraft's certificate of title acquires only those rights in the watercraft that the holder of the duplicate certificate of title had. At the time of purchase, a watercraft purchaser may require the seller to indemnify the purchaser and subsequent purchasers of the watercraft against a loss that the purchaser or subsequent purchasers may suffer by reason of a claim presented upon the original certificate of title. If the original certificate of title is recovered by the owner, the owner shall immediately surrender it to the secretary of state for cancellation.

(2) The secretary of state is not required to issue a duplicate of a lost watercraft certificate of title when ownership of the watercraft is being transferred if all of the following conditions are met:

(a) The transferor personally appears before an authorized representative of the secretary of state and does all of the following:

(i) Provides evidence of the transferor's identity and ownership interest in the watercraft that is satisfactory to the authorized representative of the secretary of state.

(ii) Pays the fee required under section 80311.

(b) The transferee or the transferee's representative accompanies the transferor in appearing before the authorized agent of the secretary of state and does all of the following:

(i) Applies for an original certificate of title for the watercraft.

(ii) Provides evidence of the transferee's identity that is satisfactory to the authorized representative of the secretary of state.

(iii) Pays the fee required under section 80311.

(3) If a duplicate certificate of title is not required for the transfer of a watercraft under subsection (2), the secretary of state shall maintain a record specifying that ownership of the watercraft was transferred without a surrender of the watercraft's certificate of title.

(4) As used in this section, "transfer" or "transferred" includes a conveyance, assignment, and gift.

Sec. 80315c.

(1) Upon request, the secretary of state may furnish a list of information from the records of the department maintained under this part to a federal, state, or local governmental agency for use in carrying out the agency's functions, or to a private person or entity acting on behalf of a governmental agency for use in carrying out the agency's functions. Unless otherwise prohibited by law, the secretary of state may charge the requesting agency a preparation fee to cover the cost of preparing and furnishing a list provided under this subsection if the cost of preparation exceeds \$25.00, and use the revenues received from the service to defray necessary expenses. If the secretary of state sells a list of information under this subsection to a member of the state legislature, the secretary of state shall charge the same fee as the fee for the sale of information under subsection (2) unless the list of information is requested by the member of the legislature to carry out a legislative function. The secretary of state may require the requesting agency to furnish 1 or more blank computer tapes, cartridges, or other electronic media, and may require the agency to execute a written memorandum of agreement as a condition of obtaining a list of information under this subsection.

(2) The secretary of state may contract for the sale of lists of records maintained under this part in bulk, in addition to those lists distributed at cost or at no cost under this section, for purposes defined in section 80315a(3) as well as for surveys, marketing, and solicitations. The secretary of state shall require each purchaser of information in bulk to execute a written purchase contract. The secretary of state shall fix a market-based price for the sale of lists of bulk information, which may include personal information. The proceeds from each sale shall be used by the secretary of state to defray the costs of list preparation and for other necessary or related expenses.

(3) The secretary of state or any other state agency shall not sell or furnish any list of information under subsection (2) for the purpose of surveys, marketing, and solicitations. Sec. 80315f.

(1) The secretary of state may enter into 1 or more contracts under this section to establish, implement, and operate an electronic lien title system to process the notification and release of security interests in watercraft through electronic file transfers, or as otherwise determined by the secretary of state, in lieu of the issuance and maintenance of paper documents otherwise required by law. Any such contract shall require the protection of proprietary information in the electronic lien title system and provide for the protection of a competitive free

market.

(2) Except for persons who are not normally engaged in the business or practice of financing watercraft, all secured parties are required to participate in the electronic lien title system.

(3) For the purposes of this part, any requirement that a security interest or other information appear on a certificate of title is satisfied by the inclusion of that information in an electronic file maintained in an electronic lien title system. The satisfaction of a security interest may be electronically transmitted to the secretary of state. A secured party shall execute a release of its security interest in a watercraft in a manner prescribed by the department not more than 14 days after the secured party receives the payment in satisfaction of the security interest. If the certificate of title is in the possession of the watercraft owner, the secured party shall deliver the release to the watercraft owner or as otherwise directed by the owner. However, if the certificate of title is held electronically as provided under section 80320(4), the secured party shall deliver the release of security interest to the department of state, and the department of state shall cancel the security interest. If the secured party fails to comply with these requirements for the release of a secured interest, the secured party is liable to the watercraft owner for all damages sustained by the owner because of the failure to comply. The electronic lien title system shall provide a mechanism by which a watercraft dealer may assign ownership of a watercraft without proof that the prior security interest was satisfied existing on the electronic lien title system. However, in the event of such an assignment, the dealer warrants that the title is free and clear of all liens and assumes responsibility for the satisfaction of the security interest.

(4) A certified copy of the secretary of state's electronic record of a security interest is admissible in any civil, criminal, or administrative proceeding in this state as evidence of the existence of the security interest. If a certificate of title is maintained in the electronic lien title system, a certified copy of the secretary of state's electronic record of the certificate of title is admissible in any civil, criminal, or administrative proceeding in this state as evidence of the existence and contents of the certificate of title.

(5) The secretary of state may determine any requirements necessary to carry out this section, including, but not limited to, 1 or more of the following:

(a) Monitoring the reasonable fees charged by service providers or a contractor for the establishment and maintenance of the electronic lien title system.

(b) The qualifications of service providers for participation in the electronic lien title system.

(c) The qualifications for a contractor to enter into a contract with the secretary of state to establish, implement, and operate the electronic lien title system.

(d) Program specifications that a contractor must adhere to in establishing, implementing, and operating the electronic lien title system.

(6) The electronic lien title system under this section shall be established, implemented, and operational by February 16, 2021.

(7) By February 16, 2021, the department shall require a person to enter evidence of security interests and any related information into the electronic lien title system in lieu of paper documents.

(8) As used in this section:

(a) "Contractor" means a person who enters into a contract with the secretary of state to establish, implement, and operate the electronic lien title system described in this section.

(b) "Electronic lien title system" means a system to process the notification and release of security interests through electronic file transfers that is established and implemented under this section.

(c) "Service provider" means a person who provides secured parties with software to manage electronic lien and title data as provided under this section.

324.80320 Secured interest in watercraft; notation; discharge; perfection; electronic transactions; requirements.

Sec. 80320.

(1) A party with a secured interest in a watercraft, upon presentation of a properly completed application for certificate of title to the secretary of state, together with the fee prescribed by section 80311, may have a notation of the security interest made on the face of the certificate of title to be issued by the secretary of state. The secretary of state shall enter the notation and the date and shall note the security interest and the date in his or her files. However, as provided in subsection (5), the secretary of state is not required to issue a certificate of title to the owner of a vehicle if the title is subject to a security interest.

(2) When the security interest is discharged, the holder shall note the discharge on the certificate of title over his or her signature.

(3) Receipt by the secretary of state of a properly tendered application for a certificate of title on which a security interest in a watercraft is to be indicated is a condition of perfection of a security interest in the watercraft, unless, under subsection (4), the department of state does not issue certificates of title for watercraft subject to a security interest, and is equivalent to filing a financing statement under the uniform commercial code, 1962 PA 174, MCL 440.1101 to 440.9994, with respect to the watercraft. (4) The department of state may require that all transactions concerning watercraft title liens and security interests be conducted by electronic means, as determined by the department of state. In that case, if a watercraft is subject to a security interest, the department of state is not required to issue a certificate of title to the owner of the watercraft or a lienholder if it maintains a record of title electronically. resale or redisclosure of information; disclosure of list based on ORV operation or sanctions to nongovernmental agency.

Sec. 81114c.

(1) Upon request, the secretary of state may furnish a list of information from the records of the department maintained under this part to a federal, state, or local governmental agency for use in carrying out the agency's functions, or to a private person or entity acting on behalf of a governmental agency for use in carrying out the agency's functions. Unless otherwise prohibited by law, the secretary of state may charge the requesting agency a preparation fee to cover the cost of preparing and furnishing a list provided under this subsection if the cost of preparation exceeds \$25.00, and use the revenues received from the service to defray necessary expenses. If the secretary of state sells a list of information under this subsection to a member of the state legislature, the secretary of state shall charge the same fee as the fee for the sale of information under subsection (2) unless the list of information is requested by the member of the legislature to carry out a legislative function. The secretary of state shall require each purchaser of information in bulk to execute a written purchase contract. 324.81114f Electronic lien title system; notification and release of security interests in ORVs; participation required; electronic transfers; admissibility in civil, criminal, or administrative proceedings; requirements; definitions.

Sec. 81114f.

(1) The secretary of state may enter into 1 or more contracts under this section to establish, implement, and operate an electronic lien title system to process the notification and release of security interests in ORVs through electronic file transfers, or as otherwise determined by the secretary of state, in lieu of the issuance and maintenance of paper documents otherwise required by law. Any such contract shall require the protection of proprietary information in the electronic lien title system and provide for the protection of a competitive free market.

(2) Except for persons who are not normally engaged in the business or practice of financing ORVs, all secured

parties are required to participate in the electronic lien title system.

(3) For the purposes of this part, any requirement that a security interest or other information appear on a certificate of title is satisfied by the inclusion of that information in an electronic file maintained in an electronic lien title system. The satisfaction of a security interest may be electronically transmitted to the secretary of state. A secured party shall execute a release of its security interest in an ORV in a manner prescribed by the department not more than 14 days after the secured party receives the payment in satisfaction of the security interest. If the certificate of title is in the possession of the ORV owner, the secured party shall deliver the release to the ORV owner or as otherwise directed by the owner. However, if the certificate of title is held electronically as provided under section 81109(5), the secured party shall deliver the release of security interest to the department of state, and the department of state shall cancel the security interest. If the secured party fails to comply with these requirements for the release of a secured interest, the secured party is liable to the ORV owner for all damages sustained by the owner because of the failure to comply. The electronic lien title system shall provide a mechanism by which an ORV dealer may assign ownership of an ORV without proof that the prior security interest was satisfied existing on the electronic lien title system. However, in the event of such an assignment, the dealer warrants that the title is free and clear of all liens and assumes responsibility for the satisfaction of the security interest.

(4) A certified copy of the secretary of state's electronic record of a security interest is admissible in any civil, criminal, or administrative proceeding in this state as evidence of the existence of the security interest. If a certificate of title is maintained in the electronic lien title system, a certified copy of the secretary of state's electronic record of the certificate of title is admissible in any civil, criminal, or administrative proceeding in this state as evidence of the existence and contents of the certificate of title.

(5) The secretary of state may determine any requirements necessary to carry out this section, including, but not limited to, 1 or more of the following:

(a) Monitoring the reasonable fees charged by service providers or a contractor for the establishment and maintenance of the electronic lien title system.

(b) The qualifications of service providers for participation in the electronic lien title system.

(c) The qualifications for a contractor to enter into a contract with the secretary of state to establish, implement, and operate the electronic lien title system.

(d) Program specifications that a contractor must adhere to in establishing, implementing, and operating the electronic lien title system.

(6) The electronic lien title system under this section shall be established, implemented, and operational by February 16, 2021.

(7) By February 16, 2021, the department shall require a person to enter evidence of security interests and any related information into the electronic lien title system in lieu of paper documents.

(8) As used in this section:

(a) "Contractor" means a person who enters into a contract with the secretary of state to establish, implement, and operate the electronic lien title system described in this section.

(b) "Electronic lien title system" means a system to process the notification and release of security interests through electronic file transfers that is established and implemented under this section.

(c) "Service provider" means a person who provides secured parties with software to manage electronic lien and title data as provided under this section.

A person operating an unlicensed ORV during a free ORV-riding day has the same privileges and is subject to the same rules and regulations as a person operating an ORV licensed as required under subsection (1).

(a) The operator of a vehicle may cross a street, county road, or highway, other than a limited access highway, at right angles, for the purpose of getting from 1 area to another, if the operation can be done in safety. The operator shall bring the vehicle to a complete stop before proceeding across a street, county road, or highway, and shall yield the right-of-way to oncoming traffic.

(b) A vehicle may be operated on a street, county road, or highway for a special event of limited duration and conducted according to a prearranged schedule only under permit from the governmental unit having jurisdiction. Subject to subsection (2), a special event involving ORVs may be conducted on the frozen surface of public waters only under permit from the department.

(3) In a court action in this state if competent evidence demonstrates that a vehicle that is permitted to operate on a highway pursuant to the code is in a collision on a roadway with an ORV that is not registered under the code, the operator of the ORV involved in the collision shall be considered prima facie negligent.

324.81131 Ordinance allowing disabled person to operate ORV; notice of public hearing; closure of county road to operation of ORVs; operation of ORVs on highway; operation of ORV with flow of traffic; maintaining county road or street or highway not required; immunity from tort liability; "gross negligence" defined; operator of ORV as prima facie negligent; violation as municipal civil infraction; deposit of fines; violation as state civil infraction.

Sec. 81131.

(1) A municipality may pass an ordinance allowing a permanently disabled person to operate an ORV in that municipality.

(2) Subject to subsection (4), a county board of commissioners may adopt an ordinance authorizing the operation of ORVs on 1 or more county roads located within the county. Not less than 45 days before a public hearing on the ordinance, the county clerk shall send notice of the public hearing, by certified mail, to the county road commission, to the legislative body of each township and municipality located within the county, to the state transportation department if the road intersects a highway, and, if state forestland is located within the county, to the department. If the county is a southern county, before adopting an ordinance under this subsection, the county board of commissioners shall consult with the board of county road commissioners.

(3) Subject to subsection (4), the legislative body of a township or municipality may adopt an ordinance authorizing the operation of ORVs on 1 or more county roads located within the township or municipality, respectively. Not less than 28 days before a public hearing on the ordinance, the clerk of the township or municipality shall send notice of the public hearing, by certified mail, to the county road commission, to the county board of commissioners, to the legislative body of every other township and municipality located within the county, to the state transportation department if the road intersects a highway, and, if state forestland is located within the township or municipality, to the department. If the township or municipality is located in a southern county, before adopting an ordinance under this subsection, the legislative body of the township or municipality shall consult with

the board of county road commissioners. This subsection does not apply to a township or municipality until 1 year after the effective date of the amendatory act that first authorized the county in which that township or municipality is located to adopt an ordinance under subsection (2).

(4) The board of county road commissioners may close a county road to the operation of ORVs otherwise authorized pursuant to subsection (2) or (3). A county road commission shall not under this subsection close more than 30% of the linear miles of county roads located within the county to the operation of ORVs otherwise authorized pursuant to subsection (2) or (3). The legislative body of a township or municipality may adopt an ordinance to close a county road located in the township or municipality to the operation of ORVs otherwise authorized pursuant to subsection (2). The legislative body of a village may adopt an ordinance to close a county road located in the village to the operation of ORVs otherwise authorized by the township pursuant to subsection (3). A county road may be closed to the operation of ORVs under this subsection only to protect the environment or if the operation of ORVs poses a particular and demonstrable threat to public safety.

(5) The legislative body of a municipality may adopt an ordinance authorizing the operation of ORVs on 1 or more streets within the municipality.

(6) The legislative body of a local unit of government may request the state transportation department to authorize the local unit of government to adopt an ordinance authorizing the operation of ORVs on a highway, other than an interstate highway, located within the local unit of government. The request shall describe how the authorization would meet the requirements of subsection (7). The state transportation department shall solicit comment on the request from the department, ORV clubs, and local units of government where the highway is located. The state transportation department shall consider comments received on the request before making a decision on the request. The state transportation department shall grant the request in whole or in part or deny the request not more than 60 days after the request is received. If the state transportation department grants a request in whole or in part under this subsection, the local unit of government that submitted the request may adopt an ordinance authorizing the operation of ORVs on the highway that was the subject of the request. A county may submit a request for authorization under this subsection on behalf of 1 or more local units of government located within that county if requested by those local units of government. Before January 1, 2015, the state transportation department may authorize the operation of ORVs on a highway as provided in this subsection and subsection (7) on the department's initiative and without having received a request from a local unit of government.

(7) The state transportation department shall authorize operation of an ORV under subsection (6) only on a highway that is not an interstate highway and that meets 1 or more of the following requirements:

(a) Serves as a connector between ORV areas, routes, or trails designated by the department or an ORV user group.

(b) Provides access to tourist attractions, food service establishments, fuel, motels, or other services.

(c) Serves as a connector between 2 segments of the same county road that run along discontinuous town lines and on which ORV use is authorized pursuant to subsection (2) or (3).

(d) Includes a bridge or culvert that allows an ORV to cross a river, stream, wetland, or gully that is not crossed by a street or county road on which ORVs are authorized to operate under subsection (2), (3), or (5).

(8) The state transportation department may close a highway to the operation of ORVs otherwise authorized pursuant to subsection (6) after written notice to the clerk of each local unit of government where the highway is located and the senate and house committees with primary responsibility for natural resources, recreation, and transportation. The notice shall be in writing and sent by first-class United States mail or personally delivered not less than 30 days before the adoption of the rule or order closing the highway. The notice shall set forth specific reasons for the closure.

(9) Subject to subsection (4), if a local unit of government adopts an ordinance pursuant to subsection (2), (3), or (5), a person may operate an ORV with the flow of traffic on the far right of the maintained portion of the street or county road covered by the ordinance. If the operation of ORVs on a highway is authorized pursuant to subsection (6), a person may operate an ORV with the flow of traffic as follows:

(a) On the right shoulder of the highway.

(b) If there is not a right shoulder or the right shoulder is not of adequate width, on the right unmaintained portion of the highway.

(c) On the far right of the right traffic lane of the highway, if necessary to cross a bridge or culvert and if the operator brings the ORV to a complete stop before entering and yields the right-of-way to an approaching vehicle on that traffic lane.

(10) A person shall not operate an ORV as authorized pursuant to subsection (2), (3), (5), or (6) at a speed greater than 25 miles per hour or a lower posted ORV speed limit or in a manner that interferes with traffic on the street, county road, or highway.

(11) Unless the person possesses a license as defined in section 25 of the Michigan vehicle code, 1949 PA 300, MCL 257.25, a person shall not operate an ORV as authorized pursuant to subsection (2), (3), (5), or (6) if the ORV is registered as a motor vehicle under chapter II of the Michigan vehicle code, 1949 PA 300, MCL 257.201 to 257.259, and either is more than 65 inches wide or has 3 wheels. ORVs operated as authorized pursuant to subsection (2), (3), (5), or (6) shall travel single file, except that an ORV may travel abreast of another ORV when

it is overtaking and passing, or being overtaken and passed by, another ORV.

(12) A person shall not operate an ORV as authorized pursuant to this section without displaying a lighted headlight and lighted taillight.

(13) A person under 18 years of age shall not operate an ORV as authorized pursuant to this section unless the person is in possession of a valid driver license or under the direct supervision of a parent or guardian and the person has in his or her immediate possession an ORV safety certificate issued pursuant to this part or a comparable ORV safety certificate issued under the authority of another state or a province of Canada. A person under 12 years of age shall not operate an ORV as authorized pursuant to this section. The requirements of this subsection are in addition to any applicable requirements of section 81129.

(14) A township that has authorized the operation of ORVs on a county road under subsection (3) does not have a duty to maintain the maintained portion or unmaintained portion of the county road in a condition reasonably safe and convenient for the operation of ORVs. This state does not have a duty to maintain a highway in reasonable repair so that it is reasonably safe and convenient for the operation of ORVs except ORVs registered and operated as motor vehicles as provided in the code. A board of county road commissioners, a county board of commissioners, or a municipality does not have a duty to maintain the maintained portion or unmaintained portion of a county road or street under its jurisdiction in a condition reasonably safe and convenient for the operation of ORVs, except the following ORVs:

(a) ORVs registered and operated as motor vehicles as provided in the code.

(b) ORVs operated as authorized pursuant to subsection (1).

(15) Subject to section 5 of 1964 PA 170, MCL 691.1405, this state, a board of county road commissioners, a county board of commissioners, and a local unit of government are immune from tort liability for injuries or damages sustained by any person arising in any way out of the operation or use, on the maintained portion or unmaintained portion of a highway, road, or street, of an ORV that is not registered under the code or that is registered under the code but is operated as authorized pursuant to subsection (2), (3), (5), or (6). The immunity provided by this subsection does not apply to actions of an employee of this state, an employee of a board of county road commissioners, an employee of a county board of commissioners, or an employee of a local unit of government that constitute gross negligence. As used in this subsection, "gross negligence" means conduct so reckless as to demonstrate a substantial lack of concern for whether an injury results.

(16) In a court action in this state, if competent evidence demonstrates that a vehicle that is permitted to operate on a road, street, or highway pursuant to the code was in a collision on a roadway with an ORV that is not registered under the code, the operator of the ORV shall be considered prima facie negligent.

(17) A violation of an ordinance described in this section is a municipal civil infraction. The ordinance may provide for a fine of not more than \$500.00 for a violation of the ordinance. In addition, the court shall order the defendant to pay the cost of repairing any damage to the environment, a street, county road, or highway, or public property as a result of the violation.

(18) The treasurer of the local unit of government shall deposit fines collected by that local unit of government under section 8379 of the revised judicature act of 1961, 1961 PA 236, MCL 600.8379, and subsection (17) and damages collected under subsection (17) into a fund to be designated as the "ORV fund". The legislative body of the local unit of government shall appropriate revenue in the ORV fund as follows:

(a) Fifty percent to the county sheriff or police department responsible for law enforcement in the local unit of government for ORV enforcement and training.

(b) Fifty percent to the board of county road commissioners or, in the case of a city or village, to the department responsible for street maintenance in the city or village. However, if a fine was collected for a violation of an ordinance adopted under subsection (6), 50% of the fine revenue shall be appropriated to the state transportation department. Revenue appropriated under this subdivision shall be used for repairing damage to streets, county roads, or highways and the environment that may have been caused by ORVs and for posting signs indicating ORV speed limits or indicating whether streets, county roads, or highways are open or closed to the operation of ORVs under this section.

(19) A person who violates a rule promulgated or order issued under subsection (6) is responsible for a state civil infraction and may be ordered to pay a civil fine of not more than \$500.00. 324.81132 Rules; ordinance enacted under authority of rule; enforcement.

Sec. 81132.

(1) The department may promulgate rules governing the operation and conduct of ORVs, vehicle speed limits, use of vehicles by day and hour, and the establishment and designation of areas within which vehicles may be used in a manner compatible with, and that will best protect, the public safety and general welfare on the frozen surface of public waters, and that will preserve the submerged marshlands adjacent to the borders of the Great Lakes, Lake St. Clair, and the navigable inland waters of the state.

(2) The department, on its own initiative or on receipt of a certified resolution of the governing body of a local unit of government may initiate investigations into the need for special rules governing the operation of vehicles on the frozen surface of public waters and the submerged marshlands adjacent to the borders of the Great Lakes, Lake St. Clair, and the navigable inland waters of the state. If controls for that activity are considered necessary, or when the amendment or rescission of an existing rule is required, a rule must be prepared. Notice of a public hearing must be made not less than 10 days prior to the hearing, in a newspaper of general circulation in the area within which the rules are to be imposed, amended, or rescinded.

(3) The proposed rule must then be submitted to the governing body of the political subdivision in which the affected frozen waters or marshes lie. Within 30 calendar days, the governing body shall inform the department that it approves or disapproves of the proposed rule. If the governing body disapproves the proposed rule, further action must not be taken. If the governing body approves the proposed rule, a local ordinance may be enacted which must be identical to the rule, and which ordinance must not be effective until the rule is in effect in accordance with law. The department shall then promulgate the rule.

(4) When an ordinance is enacted under the authority of a rule, and that rule is subsequently suspended by the legislature, or amended or rescinded by the department, the ordinance must also be suspended, amended, or repealed.

(5) A local peace officer may enforce an ordinance enacted pursuant to this section, and a state peace officer shall enforce a rule promulgated under this section.

324.81133 Operation of ORV; prohibited acts; crash helmet and protective eyewear required; exception; assumption of risk.

Sec. 81133.

(1) An individual shall not operate an ORV:

(a) At a rate of speed greater than is reasonable and proper, or in a careless manner, having due regard for conditions then existing.

(b) During the hours of 1/2 hour after sunset to 1/2 hour before sunrise without displaying a lighted headlight and lighted taillight. The requirements of this subdivision are in addition to any applicable requirements of section 81131(12).

(c) Unless the vehicle is equipped with a braking system that may be operated by hand or foot, capable of producing deceleration at 14 feet per second on level ground at a speed of 20 miles per hour; a brake light, brighter than the taillight, visible from behind the vehicle when the brake is activated, if the vehicle is operated during the hours of 1/2 hour after sunset and 1/2 hour before sunrise; and a throttle so designed that when the pressure used to advance the throttle is removed, the engine speed will immediately and automatically return to idle.

(d) In a state game area or state park or recreation area, except on roads, trails, or areas designated for this purpose, notwithstanding section 72118; on other state-owned lands under the control of the department where the operation would be in violation of rules promulgated by the department; in a forest nursery or planting area; on

public lands posted or reasonably identifiable as an area of forest reproduction, and when growing stock may be damaged; in a dedicated natural area of the department; or in any area in such a manner as to create an erosive condition, or to injure, damage, or destroy trees or growing crops. However, the department may permit an owner and guests of the owner to use an ORV within the boundaries of a state forest in order to access the owner's property.

(e) On the frozen surface of public waters within 100 feet of an individual not in or upon a vehicle, or within 100 feet of a fishing shanty or shelter or an area that is cleared of snow for skating purposes, except at the minimum speed required to maintain controlled forward movement of the vehicle, or as may be authorized by permit in special events.

(f) Unless the vehicle is equipped with a spark arrester type United States Forest Service approved muffler, in good working order and in constant operation. Exhaust noise emission shall not exceed 86 Db(A) or 82 Db(A) on a vehicle manufactured after January 1, 1986, when the vehicle is under full throttle, traveling in second gear, and measured 50 feet at right angles from the vehicle path with a sound level meter that meets the requirement of ANSI S1.4 1983, using procedure and ancillary equipment therein described; or 99 Db(A) or 94 Db(A) on a vehicle manufactured after January 1, 1986, or that level comparable to the current sound level as provided for by the United States Environmental Protection Agency when tested according to the provisions of the current SAE J1287, June 86 test procedure for exhaust levels of stationary motorcycles, using sound level meters and ancillary equipment therein described. A vehicle subject to this part, manufactured or assembled after December 31, 1972 and used, sold, or offered for sale in this state, shall conform to the noise emission levels established by the United States Environmental Protection Agency under the noise control act of 1972, 42 USC 4901 to 4918.

(g) Within 100 feet of a dwelling at a speed greater than the minimum required to maintain controlled forward movement of the vehicle, except under any of the following circumstances:

(h) In or upon the lands of another without the written consent of the owner, the owner's agent, or a lessee, when required by part 731. The operator of the vehicle is liable for damage to private property caused by operation of the vehicle, including, but not limited to, damage to trees, shrubs, or growing crops, injury to other living creatures, or erosive or other ecological damage. The owner of the private property may recover from the individual responsible nominal damages of not less than the amount of damage or injury. Failure to post private property or fence or otherwise enclose in a manner to exclude intruders or of the private property owner or other authorized person to personally communicate against trespass does not imply consent to ORV use.

(i) In an area on which public hunting is permitted during the regular November firearm deer season, from 7 a.m. to 11 a.m. and from 2 p.m. to 5 p.m., except as follows:

(i) During an emergency.

An individual holding a valid permit to hunt from a standing vehicle issued under part 401, or a person with a disability using an ORV to access public lands for purposes of hunting or fishing, may display a flag, the color of which the department shall determine, to identify himself or herself as a person with a disability or an individual holding a permit to hunt from a standing vehicle under part 401.

(j) Except as otherwise provided in section 40111, while transporting on the vehicle a bow unless unstrung or encased, or a firearm unless unloaded and securely encased, or equipped with and made inoperative by a manufactured keylocked trigger housing mechanism.

(k) On or across a cemetery or burial ground, or land used as an airport.

(m) On an operating or nonabandoned railroad or railroad right-of-way, or public utility right-of-way, other than

(ii) If the vehicle does not have a trunk or compartment separate from the passenger compartment, the container is encased or enclosed.

(s) While transporting any passenger in or upon an ORV unless the manufacturing standards for the vehicle make provisions for transporting passengers.

(t) On adjacent private land, in an area zoned residential, within 300 feet of a dwelling at a speed greater than the minimum required to maintain controlled forward movement of the vehicle except under any of the following circumstances:

(i) On a forest road or forest trail if the forest road or forest trail is maintained by or under the jurisdiction of the department.

(ii) On a street, county road, or highway on which ORV use is authorized under section 81131(2), (3), (5), or (6).

(u) On a forest trail if the ORV is greater than 50 inches in width.

(2) An individual who is operating or is a passenger on an ORV shall wear a crash helmet and protective eyewear that are approved by the United States Department of Transportation. This subsection does not apply to any of the following:

(a) An individual who owns the property on which the ORV is operating, is a family member of the owner and resides at that property, or is an invited guest of an individual who owns the property. An exception under this subdivision does not apply to any of the following:

(c) An ORV operated on a state-licensed game bird hunting preserve at a speed of not greater than 10 miles per hour.

(d) An ORV operated for the purpose of towing a fishing shanty or supply shed over the frozen surface of public waters at the minimum speed required to maintain controlled forward movement of the vehicle or while traveling to and from a fishing shanty at a speed of not greater than 10 miles per hour. An owner of private property is not liable for personal injuries, including death, to an individual who operates an ORV as described in this subdivision without wearing a helmet while traveling on the owner's property.

(3) Each person who participates in the sport of ORV riding accepts the risks associated with that sport insofar as the dangers are inherent. Those risks include, but are not limited to, injuries to persons or property that can result from variations in terrain; defects in traffic lanes; surface or subsurface snow or ice conditions; bare spots; rocks, trees, and other forms of natural growth or debris; and collisions with fill material, decks, bridges, signs, fences, trail maintenance equipment, or other ORVs. Those risks do not include injuries to persons or property that result from the use of an ORV by another person in a careless or negligent manner likely to endanger person or property. When an ORV is operated in the vicinity of a railroad right-of-way, each person who participates in the sport of ORV riding additionally assumes risks including, but not limited to, entanglement with railroad tracks, switches, and ties and collisions with trains and train-related equipment and facilities.

Sec. 81136.

(1) In a criminal prosecution for violating section 81134 or a local ordinance substantially corresponding to section 81134(1), (3), or (6) or in a criminal prosecution for negligent homicide, manslaughter, or murder resulting from the operation of an ORV while the operator is alleged to have been impaired by or under the influence of alcoholic liquor or a controlled substance or a combination of alcoholic liquor and a controlled substance, or to have had a blood alcohol content of 0.08 grams or more per 100 milliliters of blood, per 210 liters of breath, or per 67 milliliters of urine, or to have had in his or her body any amount of a controlled substance listed in schedule 1 under section 7212 of the public health code, 1978 PA 368, MCL 333.7212, or a rule promulgated under that section, or of a controlled substance described in section 7214(a)(iv) of the public health code, 1978 PA 368, MCL 333.7214, the amount of alcohol or controlled substance in the operator's blood at the time alleged as shown by chemical analysis of the operator's blood, urine, or breath is admissible into evidence.

(2) If a chemical test of an operator's blood, urine, or breath is given, the results of the test shall be made available to the person charged with an offense enumerated in subsection (1) or the person's attorney upon written request to the prosecution, with a copy of the request filed with the court. The prosecution shall furnish the report at least 2 days before the day of the trial and the results shall be offered as evidence by the prosecution in a criminal proceeding. Failure to fully comply with the request shall bar the admission of the results into evidence by the prosecution.

(3) A sample or specimen of urine or breath shall be taken and collected in a reasonable manner. Only a licensed physician, or a licensed nurse or medical technician under the direction of a licensed physician and qualified to withdraw blood acting in a medical environment, at the request of a peace officer, may withdraw blood for the purpose of determining the alcoholic content of the blood under this part. Liability for a crime or civil damages predicated on the act of withdrawing blood and related procedures shall not attach to a qualified person who withdraws blood or assists in the withdrawal in accordance with this part unless the withdrawal is performed in a negligent manner.

(4) A person arrested for a crime enumerated in subsection (1) who takes a chemical test administered at the request of a peace officer as provided in this part shall be given a reasonable opportunity to have a person of his or her own choosing administer 1 of the chemical tests described in this section within a reasonable time after his or her detention, and the results of the test shall be admissible and shall be considered with other competent evidence in determining the defendant's innocence or guilt of a crime enumerated in subsection (1). If the person arrested is administered a chemical test by a person of his or her own choosing, the person arrested shall be responsible for obtaining a chemical analysis of the test sample. The person shall be informed that he or she has the right to demand that a person of his or her own choosing administer 1 of the chemical tests described in this section, that the results of the test shall be admissible and shall be considered with other competent evidence in determining the innocence or guilt of the defendant, and that the person arrested shall be responsible for obtaining a chemical analysis of the test sample.

(5) A person arrested shall be advised that if the person refuses the request of a peace officer to take a test described in this section, a test shall not be given without a court order. The person arrested shall also be advised that the person's refusal of the request of a peace officer to take a test described in this section shall result in the suspension of the person's right to operate an ORV.

(6) This section shall not be construed as limiting the introduction of any other competent evidence bearing upon the question of whether or not the defendant was impaired by or under the influence of alcoholic liquor or a

controlled substance, or a combination of alcoholic liquor and a controlled substance, or whether the person had a blood alcohol content of 0.08 grams or more per 100 milliliters of blood, per 210 liters of breath, or per 67 milliliters of urine or had in his or her body any amount of a controlled substance listed in schedule 1 under section 7212 of the public health code, 1978 PA 368, MCL 333.7212, or a rule promulgated under that section, or of a controlled substance described in section 7214(a)(iv) of the public health code, 1978 PA 368, MCL 333.7214.

(7) If a jury instruction regarding a defendant's refusal to submit to a chemical test under this section is requested by the prosecution or the defendant, the jury instruction shall be given as follows:

"Evidence was admitted in this case which, if believed by the jury, could prove that the defendant had exercised his or her right to refuse a chemical test. You are instructed that such a refusal is within the statutory rights of the defendant and is not evidence of the defendant's guilt. You are not to consider such a refusal in determining the guilt or innocence of the defendant."

(8) If after an accident the operator of an ORV involved in the accident is transported to a medical facility and a sample of the operator's blood is withdrawn at that time for the purpose of medical treatment, the results of a chemical analysis of that sample shall be admissible in a criminal prosecution for a crime described in subsection (1) to show the amount of alcohol or presence of a controlled substance, or both, in the person's blood at the time alleged, regardless of whether the person had been offered or had refused a chemical test. The medical facility or person performing the chemical analysis shall disclose the results of the analysis to a prosecuting attorney who requests the results for use in a criminal prosecution as provided in this subsection. A medical facility or person disclosing information in compliance with this subsection shall not be civilly or criminally liable for making the disclosure.

(9) If after an accident the operator of an ORV involved in the accident is deceased, a sample of the decedent's blood shall be withdrawn in a manner directed by the medical examiner for the purpose of determining blood alcohol content or presence of a controlled substance, or both. The medical examiner shall give the results of the chemical analysis to the law enforcement agency investigating the accident, and that agency shall forward the results to the department of state police.

Sec. 82106.

(1) Except as otherwise provided in this part, revenue received from the registration fees under this part shall be deposited as follows:

(a) Twenty-two dollars of each registration fee for a snowmobile and \$8.00 of each registration fee for a historic snowmobile shall be deposited into the snowmobile registration fee subaccount. However, if the balance of the snowmobile registration fee subaccount exceeds \$1,600,000.00 at any time, the state treasurer shall transfer all amounts in excess of \$1,600,000.00 to the recreational snowmobile trail improvement subaccount. From the revenue deposited in the snowmobile registration fee subaccount under this part, the legislature shall make an annual appropriation as follows:

(i) Not more than \$3.00 of each registration fee for a snowmobile and not more than \$3.00 for each registration fee for a historic snowmobile collected during each fiscal year shall be appropriated to the department of state for administration of the registration provisions of this part. At the close of each state fiscal year, any money appropriated under this subparagraph but not expended shall be credited to the recreational snowmobile trail improvement subaccount. Additionally, if less than \$3.00 of each registration fee is appropriated to the department of state, the state treasurer shall transfer the difference between \$3.00 and the amount appropriated from each registration fee to the recreational snowmobile trail improvement subaccount.

(ii) Fourteen dollars of each fee for a registration for a snowmobile paid before July 1, 2009, or \$19.00 of each fee for a registration for a snowmobile paid on or after July 1, 2009, and \$5.00 of each fee for a registration for a historic snowmobile shall be appropriated to the department for purposes set forth in section 82107, including financial assistance to county sheriff departments and local law enforcement agencies for local snowmobile programs. Any money appropriated but not expended under this subparagraph shall be credited each year to the snowmobile registration fee subaccount.

(b) Five dollars of each fee for a registration for a snowmobile paid before July 1, 2009, and \$42.00 of each fee for registration of a historic snowmobile shall be deposited in the recreational snowmobile trail improvement subaccount and shall be administered by the department for the purposes of planning, construction, maintenance, and acquisition of trails and areas for the use of snowmobiles, or access to those trails and areas, and basic snowmobile facilities.

(c) From each fee for a registration for a snowmobile other than a historic snowmobile paid on or after July 1, 2009, \$8.00 shall be deposited into the permanent snowmobile trail easement subaccount under section 82110a. This money is intended to supplement other money expended for snowmobile-related activities of the department and not as a replacement for those expenditures.

(2) The department shall designate a state recreational trail coordinator and shall maintain a comprehensive plan for implementing a statewide recreational and snowmobile trails system. The comprehensive plan shall be reviewed and updated each year by the department.

(3) The money appropriated under this section to the department for snowmobile trails and areas, for access to those trails or areas, and for basic snowmobile facilities may be expended for the acquisition, development, and maintenance on any land in the state. This money may be used to purchase lands or secure easements, leases, permits, or other appropriate agreements permitting use of private property for snowmobile trails, basic facilities, and areas which may be used by bicyclists, hikers, equestrians, and other nonconflicting off-season recreational trail users, if the easements, leases, permits, or other agreements provide public access to the trail, use areas, and support facilities.

(4) Recreational trail facilities or major improvements shall not be constructed on private land unless a written agreement in the form of an easement, lease, or permit for a public trail right-of-way having a term of not less than 5 years is made between the owner of the land and the department.

(5) The money appropriated under this section shall be expended in a manner and as part of the overall plan of the department for an interconnecting network of statewide snowmobile trails and use areas giving consideration to expected snowfall and availability for use with adequate snow cover. 324.82119 Operation of snowmobiles prohibited; exceptions; permanent prohibition; requirements; rules.

Sec. 82119.

(1) A person shall not operate a snowmobile upon a public highway, land used as an airport or street, or on a public or private parking lot not specifically designated for the use of snowmobiles except under the following conditions and circumstances:

(a) Subject to subsection (2), a snowmobile may be operated on the right-of-way of a public highway, except a limited access highway, if it is operated at the extreme right of the open portion of the right-of-way and with the flow of traffic on the highway. However, a snowmobile may be operated on the right-of-way of a public highway against the flow of traffic if the right-of-way is a snowmobile trail that is designated by the department in the plan developed pursuant to section 82106(2) and that is approved by the state transportation department. Snowmobiles operated on the right-of-way of a public highway, as provided in this subdivision, shall travel single file and shall not be operated abreast except when overtaking and passing another snowmobile. In the absence of a posted snowmobile speed limit, a snowmobile operated on the right-of-way of a public highway, as provided in this subdivision, shall not exceed the speed limit posted on the public highway.

(b) Subject to subsection (2), a snowmobile may be operated on the right-of-way of a limited access public highway if it is operated on a snowmobile trail that is designated by the department in the plan developed pursuant to section 82106(2) and that is approved by the state transportation department. A snowmobile shall only be operated on that right-of-way in the manner provided in that plan. In addition, a snowmobile operated on the right-of-way of a public highway, as provided in this subdivision, shall travel single file and shall not be operated abreast except when overtaking and passing another snowmobile. In the absence of a posted snowmobile speed limit, a

snowmobile operated on the right-of-way of a public highway, as provided in this subdivision, shall not exceed the speed limit posted on the public highway.

(c) A snowmobile may be operated on the roadway or shoulder when necessary to cross a bridge or culvert if the snowmobile is brought to a complete stop before entering onto the roadway or shoulder and the driver yields the right-of-way to an approaching vehicle on the highway.

(d) In a court action in this state where competent evidence demonstrates that a vehicle that is permitted to be operated on a highway pursuant to the Michigan vehicle code, 1949 PA 300, MCL 257.1 to 257.923, collided with a snowmobile on a roadway, the driver of the snowmobile involved in the collision shall be considered prima facie negligent.

(e) A snowmobile may be operated across a public highway other than a limited access highway, at right angles to the highway, for the purpose of getting from 1 area to another when the operation can be done in safety and another vehicle is not crossing the highway at the same time in the same general area. An operator shall bring his or her snowmobile to a complete stop before proceeding across the public highway and shall yield the right-of-way to all oncoming traffic.

(f) Snowmobiles may be operated on a highway in a county road system that is not normally snowplowed for vehicular traffic and on the plowed right-of-way or shoulder when no right-of-way exists on a snowplowed highway in the county road system, outside the corporate limits of a city or village, that is designated and marked for snowmobile use by the county road commission having jurisdiction. Upon the request of a county road commission that has designated all county roads outside the corporate limits of a city or village for snowmobile use, the state transportation department shall erect at county road commission expense and shall maintain, in accordance with the Michigan manual of uniform traffic control devices standards, the basic snowmobile sign unit together with a supplemental panel stating "permitted on right-of-way or shoulder of all (county name) roads — MCL 324.82119" at the county line on all state trunk line highways and county roads. A sign erected before the effective date of the 2005 amendatory act that amended this section may cite 1968 PA 74 instead of citing this section.

(g) A law enforcement officer of a local unit of government or the state may authorize use of a snowmobile on a public highway or street within his or her jurisdiction when an emergency occurs and conventional motor vehicles cannot be used for transportation due to snow or other extreme highway conditions.

(h) A snowmobile may be operated on a highway or street for a special event of limited duration conducted according to a prearranged schedule only under permit from the governmental unit having jurisdiction. The event may be conducted on the frozen surface of public waters only under permit from the department.

(i) A city or village by ordinance may designate 1 or more specific public highways or streets within its jurisdiction as egress and ingress routes for the use of snowmobiles. A city or village acting under the authority of this subdivision shall erect and maintain, in accordance with the Michigan manual of uniform traffic control devices standards, a sign unit giving proper notice of the designation.

(2) The state transportation department and the department of natural resources may permanently prohibit snowmobile use as described in subsection (1)(a) or (b) in a highway right-of-way if, within 10 years after the effective date of the amendatory act that added this subsection, all of the following requirements are met:

(a) The right-of-way is designated in a closure plan developed by the state transportation department and the department of natural resources and approved by the state transportation commission and the commission of natural resources.

(b) The state transportation department and the department of natural resources have held a public hearing on the proposed prohibition in the county where the prohibition is to apply. The state transportation department and the department of natural resources shall give notice of the hearing by publication in a newspaper of general circulation in the county not more than 21 or less than 7 days before the hearing.

(c) The state transportation department and the department have consulted on the proposed prohibition with the snowmobile advisory committee created under section 82102a.

(d) Snowmobile use in that right-of-way poses a particular and demonstrable threat to public safety.

(e) The department has designated and, if required under subsection (1)(a) or (b), the state transportation department has approved an alternative snowmobile trail that meets all of the following requirements:

(i) Is open for use and functional during snowmobile season.

(ii) Bypasses the highway right-of-way on which snowmobile use is to be prohibited.

(iii) Provides access to any qualified business that, when the alternative snowmobile trail is designated, is located along the highway right-of-way on which snowmobile use is to be prohibited. As used in this subparagraph, "qualified business" means a gas station, restaurant, hotel, motel, convenience store, or grocery store or any other business that relies on snowmobile-based commerce.

(3) The state transportation department and the department of natural resources may promulgate rules to implement subsections (1)(b) and (2).

324.82124 Ordinances; duty to maintain highway; immunity from liability; “gross negligence” defined.

Sec. 82124.

(1) Any municipality may pass an ordinance regulating the operation of snowmobiles if the ordinance meets substantially the minimum requirements of this part. A local unit of government may not adopt an ordinance that:

(a) Imposes a fee for a license.

(b) Specifies accessory equipment to be carried on the snowmobile.

(c) Requires a snowmobile operator to possess a motor vehicle driver license.

(d) Restricts operation of a snowmobile on the frozen surface of public waters or on lands owned by or under the control of the state except pursuant to section 82125.

(2) A board of county road commissioners, a county board of commissioners, and a county have no duty to maintain any highway under their jurisdiction in a condition reasonably safe and convenient for the operation of snowmobiles.

324.82125 Rules governing operation and conduct of snowmobiles; special rules; hearing; notice; corresponding ordinances; suspension, amendment, or repeal; enforcement.

Sec. 82125.

(1) The department may promulgate rules to govern the operation and conduct of snowmobiles, speed limits, and the times when a snowmobile may be used and to establish and designate areas where snowmobiles may be used in a manner that will ensure compatible use and best protection of the safety and general welfare of the public on the frozen surface of public waters.

(2) The department, on its own initiative or upon receipt of a certified resolution of the governing body of a political subdivision, may initiate investigations into the need for special rules to govern the operation of snowmobiles on the frozen surface of public waters. If controls for an activity are considered necessary, or amendment or repeal of an existing rule is required, the department shall prepare a rule for consideration at a public hearing. Notice of the public hearing shall be published in a newspaper of general circulation in the area where the rules are to be imposed, amended, or repealed, at least 10 days before the hearing.

(3) After a hearing is held pursuant to subsection (2), the proposed rule shall be submitted to the governing body of the political subdivision in which the affected frozen waters lie. The governing body shall inform the department that it approves or disapproves of the proposed rule within 30 days after receiving the rule from the department. If the governing body disapproves the proposed rule, further action shall not be taken. If the governing body approves the proposed rule, it may enact an ordinance that is identical to the proposed rule and the department shall promulgate the rule. An ordinance enacted pursuant to this subsection is not effective until the proposed rule is promulgated and effective.

(4) An ordinance that is the same as a rule that is suspended by the legislature or amended or repealed by the department shall likewise be suspended, amended, or repealed. The governing body, by majority vote, may repeal the ordinance at any time.

(5) Local law enforcement officers may enforce ordinances enacted pursuant to this section, and state and county enforcement officers shall enforce rules that are promulgated pursuant to this section.

A snowmobile may enter such an area for the purpose of servicing the area or for medical emergencies.
 - (i) On a railroad or railroad right-of-way. This prohibition does not apply to railroad personnel, public utility personnel, law enforcement personnel while in the performance of their duties, or persons using a snowmobile trail located on or along a railroad right-of-way, or an at-grade snowmobile trail crossing of a railroad right-of-way, that has been expressly approved in writing by the owner of the right-of-way and each railroad company using the tracks and that meets the conditions imposed in subsections (4) and (5). - (5) A snowmobile trail shall be clearly demarcated by signing constructed and maintained at the sole cost and expense of the grant program sponsor. The signing shall be placed at the outer edge of the railroad right-of-way, as far from the edge of the railroad tracks as possible, and not closer than 20 feet from the edge of the railroad tracks unless topography or other natural or manmade features require the trail to lie within 20 feet of the edge of the railroad tracks. The at-grade snowmobile trail crossing of a railroad right-of-way shall be aligned at 90 degrees or as close to 90 degrees as possible to the railroad track being crossed, and shall be located where approach grades to the crossing are minimal and where the vision of a person operating a snowmobile will be unobstructed as he or she approaches the railroad tracks. The design of the snowmobile trail, including the location of signing, shall be included upon plan sheets by the person constructing, operating, and maintaining the trail, and shall be approved in writing by the person owning the right-of-way and the person operating the railroad. Signing shall conform to specifications issued by the department to its snowmobile trail grant program sponsors.

(7) A person shall not alter, deface, damage, or remove a snowmobile trail sign or control device.

(8) Each person who participates in the sport of snowmobiling accepts the risks associated with that sport insofar as the dangers are obvious and inherent. Those risks include, but are not limited to, injuries to persons or property that can result from variations in terrain; surface or subsurface snow or ice conditions; bare spots; rocks, trees, and other forms of natural growth or debris; and collisions with signs, fences, or other snowmobiles or snow-grooming equipment. Those risks do not include injuries to persons or property that can result from the use of a snowmobile by another person in a careless or negligent manner likely to endanger person or property. When a snowmobile is operated in the vicinity of a railroad right-of-way, each person who participates in the sport of snowmobiling additionally assumes risks including, but not limited to, entanglement with tracks, switches, and ties and collisions with trains and other equipment and facilities.
